

# C4S Nursing Services Tip Sheet

Services may be provided in an individual or group setting by qualified providers who meet the requirements of, and in accordance with, 42 CFR 440.50 through 440.60(a) and other applicable state and federal laws or regulations.

Eligible Medicaid Billing Staff Include:

- Registered Nurse
- Licensed Practical Nurse
- Qualified School Nurse (as defined by PA269 of 1955 as amended)
- Certified Nurse Practitioner
- Certified Clinical Nurse Specialist

## General Information:

- Enter C4S Services in CompuClaim.
- Consult services are an integral part or an extension of a direct medical service but are not separately reimbursable.
- Service comments must include enough detail to allow reconstruction of what transpired for each service.
- C4S treatment services are reportable only if the student has a Plan of Care with services indicated.

BILLING CODES		
RN's, Qualified School Nurse, CNP, CCNS:		Monthly Summary Required?
Service Type	Description	
T1001 HA	<b>C4S Nursing Assessment</b> Nursing Assessment/Evaluation and report.	NO
T1002 HA	<b>C4S RN Service</b> Direct service interventions must be medically based services provided during a face-to-face encounter, and provided on a one-to-one basis. Such services include: Catheterizations or catheter care; maintenance of tracheotomies; medication administration; oxygen administration; tube feeding; suctioning; and ventilator care. Services considered observation or stand-by in nature are not covered.	YES
<b>LPN's ONLY:</b>		
T1003 HA	<b>LPN Service</b> Direct service interventions must be medically based services provided during a face-to-face encounter, and provided on a one-to-one basis. Such services include: Catheterizations or catheter care; maintenance of tracheotomies; medication administration; oxygen administration; tube feeding; suctioning; and ventilator care. Services considered observation or stand-by in nature are not covered.	YES

### Service Documentation:

The Michigan Department of Health & Human Services (MDHHS) has emphasized the importance of thoroughly documenting all services provided to students. For direct services, documentation must include a progress entry for each direct service describing the service rendered and the student's response to that day's service or treatment. S.O.A.P. notes are best practice! If not using the S.O.A.P. format ensure enough data is in your comment to support the service you are entering.

### Service Documentation Example:

RN Service (T1002 HA): "Administered breathing treatment per nebulizer per doctor's orders without difficulty."

Your documentation must indicate not only WHAT services are being rendered to meet the student's needs, but HOW the student responded to each service.

### Monthly Progress Summary Example:

"Breathing treatments ordered due to history of asthma and abnormal trachea. Treatment delivered via nebulizer without difficulty." Monthly Progress Summaries are REQUIRED for each month that services are reported for Medicaid eligible students for codes indicated above. A monthly progress summary summarizes all services provided to the student throughout a month.
