¹ Many of the board operating policies are also required by the Charter Contract, and are generally contained in the bylaws in the Charter Contract. The bylaws enshrined the Charter Contract always take precedence over these board operating policies. Each contract should be reviewed to consider whether these policies are required by contract, even if not required by law.

GLOSSARY OF EDUCATIONAL TERMS AND ACRONYMS

The following terms and acronyms are used in the Academy policy and Administrative Guidelines and in communications with parents, students, and the public.

ASSESSMENT

The comparison made between what should have been accomplished and what has been actually accomplished. Concerning student learning, assessments make comparisons between what has been learned and what should have been learned.

ATTITUDE

One (1) of the five (5) major types of learning contained in courses of study, along with facts, concepts, principles, and skills. For example, students develop attitudes toward "doing quality work," "maintaining a clean environment," "participating in civic affairs," "not using drugs," etc.

CONCEPT

One (1) of the five (5) major types of learning involved in a course of study, along with attitudes, facts, principles, and skills. Students form an abstract idea by understanding the characteristics that are generally true of it. For example, triangle is the name for the concept of any plane, closed, geometric figure that has three (3) sides that form three (3) internal angles.

CONTENT

The name used to refer to all of the facts, concepts, principles, attitudes, and skills students are expected to learn in any course of study.

COURSE OF STUDY

An organized sequence of learning activities designed for students to acquire a body of knowledge, attitudes, and skills associated with a particular academic or vocational field. Course of Study activities may be scheduled over a semester, a school year, or several school years. Examples are a K-6 math program, 11th grade American History, or High School Science.

CRITERION (CRITERIA)

A feature or characteristic by which something or someone is measured or judged. For example, in judging a student's writing ability, some criteria that might be used are "organization," "originality of thought," "clarity of expression," "grammar," etc.

CURRICULUM

All the planned activities - formal and informal, individual and group, in and outside of the classroom – necessary to accomplish the educational goals of the Academy. (See Policy 2210)
DIAGNOSIS

A determination of the causes for a particular condition, usually based on an assessment or evaluation. Diagnosis deals with the question “What are the reasons for ....?” For example, a diagnosis might deal with the reasons students are or are not meeting expected learning goals.

EDUCATIONAL SERVICE PROVIDER

A Provider that manages or operates an Academy or provides administrative, managerial or instructional staff to the Academy.

EMPLOYEE

A direct employee of the Academy or of a third-party Educational Service Provider, as the case may be.

EVALUATION

A value judgment made about an assessment. For example, if an assessment shows a student has satisfactorily achieved 90% of the objectives of a course, the evaluation (judgment) might be that the student's achievement is "excellent" or "better-than-average "or" superior."

FACT

One (1) of the five (5) major types of learning involved in a course of study, along with attitudes, concepts, principles, and skills. Facts are verified, specific pieces of information about an event, procedure, place, person, or object.

GOAL

An intention or expectation, stated or written, that requires several tasks to produce the desired result. Most goals involve the accomplishment of two or more related objectives.

IDEA

The Federal law that defines how states and local school systems will provide education for disabled children. IDEA (Individuals with Disabilities Act) usually referred to as special education or "special ed." Enforced by the Department of Education (DOE).

IEP

The acronym for Individualized Education Plan. An IEP is required for every student who is classified as eligible for special education by Federal and State criteria.

INSTRUCTION

The information, questions, and/or directions provided to students by teachers, books, computers, etc., so students may gain a particular skill, knowledge, attitude, or understanding.

LEADERSHIP
A five-step process of working with people, using certain knowledge, skills, and attitudes, combined with risk-taking, 1.) to envision a desired or needed outcome; 2.) to communicate to others so they participate willingly in the necessary tasks; 3.) to monitor progress toward the outcome; 4.) to reinforce and/or remediate actions; 5.) to evaluate the results.

**MANAGEMENT**

The process of organizing and maintaining needed resources (people, things, time, and money) and ensuring they are utilized appropriately for their intended purpose.

**MEASUREMENT**

A determination of the quantity and/or quality of something. In education, measurement is usually a determination (often by testing) of how much has been learned and/or how well it has been learned. Measurement is the necessary first step of an assessment and evaluation.

**MISSION**

The stated purpose or intent of a school or school system. A mission statement provides reasons for the school's existence.

**MODEL**

A program or project designed to demonstrate unique educational activities, structures, and/or organizations.

**NORMS**

A set of achievement levels attained by a given number or percentage of students from representative populations or areas of a state or the nation.

**OBJECTIVE**

An intended action or result in the process of achieving a goal. For students, learning objectives are usually the initial level of accomplishment toward the Academy’s Educational Goals for Students. The next level is the achievement of Course of Study objectives, followed by the accomplishment of additional Courses of Study objectives, ultimately leading to the accomplishment of one (1) or more of the Academy’s Educational Goals for Students.

**OUTCOME**

The situation that exists when one (1) or more goals have been achieved. In instructional plans, outcomes are usually stated in terms of expected accomplishment, while goals are usually stated in terms of intended actions. Both emanate from the Mission Statement.

**PARENT**

The natural or adoptive parents, or individuals with a valid power of attorney for the care and custody of the student for purposes other than educational placement. Parent also refers to any individual appointed by the State or court as a legal guardian or custodian for the student. Both parents will have equal access to records and rights regarding the student's education absent a court order restricting such rights.
PILOT

A tryout or trial run of a new or innovative program or activity before making a major, long-term commitment.

PLACEMENT

The assignment of a student to another group, grade, program, or course, for reasons other than educational achievement.

PROGRAM

A series of related, planned activities designed to accomplish one or more stated purposes.

PROMOTION

The advancement of a student from one level of learning to a higher level of learning usually by assignment to a higher group, grade, program, or course.

RELIABILITY

In education, the consistent measurement of the same learning among different students on test questions or a test as a whole.

RETENTION

The decision to have a student remain at his/her current level for an additional semester or school year, because the student lacks knowledge or skills needed for further learning and/or exhibits emotional or social immaturity.

SCHOOL LEADER

The educational leader and head administrator of one (1) or more schools or programs, as designated by the Educational Service Provider/Board of Directors. The School Leader is responsible for the supervision of the school or program consistent with Board policy and directives of the Educational Service Provider/Board of Directors and may delegate responsibility to subordinates as appropriate. In a Public School Academy, the School Leader is often, but not always, equivalent to the position Superintendent of a school district.

SKILL

One (1) of the five (5) major types of learning involved in a course of study, along with attitudes, facts, concepts, and principles. A skill involves taking certain actions and producing a particular result at a given standard of quality. A skill is acquired through repeated practice, interspersed with clear, concise feedback on what to change and what to maintain in order to improve the result.

STANDARDIZED TEST

A test containing questions and/or problems designed by educators outside of the district rather than by the students' teachers. A standardized test has State or national norms by which to judge the level of each student's achievement.

STANINE

A term used in reporting standardized test results. Stanine refers to one (1) of nine (9) possible levels of performance on the test.

TEST

Questions, problems, or activity directions, designed to determine what students have learned in the way of attitudes, facts, concepts, principles, and/or skills. A test may also be used to determine how much or how well students can apply what they have learned.

UNDERSTANDING

A level of knowledge beyond memorization or rote that enables a student to explain what s/he has learned and/or to apply knowledge in new and unfamiliar situations.

VALIDITY

Many of the board operating policies are also required by the Charter Contract, and are generally contained in the bylaws in the Charter Contract. The bylaws enshrined the Charter Contract always take precedence over these board operating policies. Each contract should be reviewed to consider whether these policies are required by contract, even if not required by law.

Academy
The Public School Academy

Administrative Procedure
A policy-based statement, usually written, outlining and/or describing the means by which a policy should be implemented and providing for the management cycle of plan, act, and assess or evaluate.

Apps and Services

0144.2 **Board Member Ethics**

Reference: Board of Directors, National School Boards Association

Members of the Board of Directors will strive to improve public education. To that end, Board members will do the following:

A. attend all regularly scheduled and special Board meetings, insofar as possible, and stay informed concerning the issues to be considered at those meetings;

B. endeavor to make policy decisions only after full discussion at publicly held Board meetings;

C. render all decisions based on the available facts and independent judgment, refusing to surrender that judgment to individuals or special interest groups;

D. encourage the free expression of opinion by all Board members and seek systematic communications among the Board and students, staff, and all elements of the community;

E. work with the other Board members to establish effective Board policies and delegate authority for the administration of the Academy;

F. communicate to other Board members and the, School Leader expressions of public reaction to Board policies and Academy programs;
G. inform themselves concerning current educational issues through individual study and participation in programs which provide relevant information;

H. support the employment of persons best qualified to serve as staff, and insist on regular and impartial evaluations of all staff;

I. avoid conflict of interest and refrain from using their Board positions for personal or partisan gain;

J. take no private action that may compromise the Board or administration and respect the confidentiality of information that is privileged under applicable law;

K. remember that their first and greatest concern must be for the educational welfare of the students attending the Academy.

L. observe all applicable statutory limitations and duties regarding conflicts of interest.

0144.3 Conflict of Interest
MCL 15.323; 380.1203, 450.2545a

Board members shall perform their official duties free from any conflict of interest. To this end, no Board member shall use his/her position as a Board member to benefit either himself/herself or any other individual or agency, apart from the total interest of the Academy.

When a member of the Board suspects the possibility of a personal interest conflict, he/she should disclose his/her interest (such disclosure shall become a matter of record in the minutes of the Board) and thereafter abstain from any participation in both the discussion of the matter and the vote thereon.

If a Board member’s financial interest pertains to a proposed contract with the Academy, the following requirements must be met:

A. The Board member shall disclose the financial interest in the contract to the Board with such disclosure made a part of the official Board minutes. If his/her direct financial interest amounts to $250 or more, or five percent (5%) or more of the contract cost to the Academy, the Board member shall make the disclosure in one of two (2) ways:

1. In writing, to the Board President (or, if the member is the Board President, to the Board Secretary) at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board’s notices of its public meetings. (See Board Operating Policy 0165.)

2. By verbal announcement at a meeting at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The Board member must use this method of disclosure if his/her financial interest amounts to $5,000 or more.
B. Any contract in which there is a conflict of interest, as defined by this Policy and the related statute (MCL 15.321 et seq.), must be approved by a vote of not less than two-thirds (2/3) of the full Board (excluding the vote of any Board member with a financial interest).

However, if a majority of the members of the Board are required to abstain from voting on a contract or other financial transaction due to a financial interest, then for the purposes of that contract or other financial transaction, the members who are not required to abstain constitute a quorum of the board and only a majority of those members eligible to vote is required for approval of the contract or financial transaction.

C. A member of the Board is presumed to have a conflict of interest if the member or his/her family member has a financial interest, or a competing financial interest, in the contract or other financial transaction or is an employee of or at the Academy.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

“Family member” means a person’s spouse or spouse’s sibling or child; a person’s sibling or sibling’s spouse or child; a person’s child or child’s spouse; or a person’s parent or parent’s spouse, and includes these relationships as created by adoption or marriage.

A Board member is not considered to have a financial interest in any of the following instances:

1. A contract or other financial transaction between the Academy and any of the following:
   a. A corporation in which the individual is a stockholder owning 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owning stock that has a present market value of $25,000.00 or less if the stock is listed on a stock exchange.
   b. A corporation in which a trust, if the individual is a beneficiary under the trust, owns 1% or less of the total stock outstanding in any class if the stock is not listed on a stock exchange or owns stock that has a present market value of $25,000.00 or less if the stock is listed on a stock exchange.
   c. A professional limited liability company organized pursuant to the Michigan limited liability company act, if the individual is an employee but not a member of the company.
2. A contract or other financial transaction between the Academy and any of the following:

   a. A corporation in which the individual is not a director, officer, or employee.

   b. A firm, partnership, or other unincorporated association, in which the individual is not a partner, member, or employee.

   c. A corporation or firm that has an indebtedness owed to the individual.

3. A contract awarded to the lowest qualified bidder, upon receipt of sealed bids pursuant to a published notice for bids if the notice does not bar, except as authorized by law, any qualified person, firm, corporation, or trust from bidding. This does not apply to any amendments or renegotiations of a contract or to additional payments under the contract that were not authorized by the contract at the time of award.

D. The official minutes of the Board must disclose the name of each party involved in the contract, the nature of the financial interest, and the terms of the contract, including the duration; financial consideration between the parties; facilities or services of the Academy included in the contract; and the nature and degree of assignment of school staff needed to fulfill the contract.

E. A Board member with a conflict of interest in a contract may not participate in the discussion of, nor vote, on the contract.

Board members shall not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with Federal grant funds, except that a Board member may accept an unsolicited gift of nominal value.

A Board member may serve as a volunteer coach or supervisor of a student extra-curricular activity if ALL of the following conditions are present:

1. The Board member receives no compensation as a volunteer coach or supervisor;

2. The Board member abstains from voting on issues before the Board concerning the program in which he is involved during the period of time s/he serves as a volunteer coach or supervisor; and

The Board may hold Directors and Officers harmless and may indemnify, pay, settle, or compromise a judgment against a Board member to the extent allowed under the law. The Board may also purchase Errors and Omissions insurance coverage for the Board of Directors.

0145 **Discriminatory Harassment**
MCL 37.1101 et seq., 37.2101 et seq.

The intent of the Board of Directors is to provide an environment that fosters the respect and dignity of each person. To this end, the Board is committed to the maintenance of an environment free of harassment and intimidation.

Harassment of students, persons providing services to the Academy, and employees on the basis of their race, color, national origin, sex, disability, age, religion, or any other legally protected characteristic in its educational programs or activities is prohibited and will not be tolerated. The Board President and School Leader shall prepare and submit to each Board member a written agenda prior to each regular meeting and each special meeting, unless otherwise directed by the Board. The agenda shall list the various matters to come before the Board and shall serve as a guide for the order of procedure for the meeting. Individual Board members may include items on the agenda upon the concurrence of the Board President.

Each agenda shall contain the following statement:

"This meeting is a meeting of the Board of Directors in public for the purpose of conducting the Academy's business and is not to be considered a public community meeting. There is a time for public participation during the meeting as indicated in agenda item _____."

Any person or group wishing to place an item on the agenda shall register their intent with the Board President no later than seven (10) days prior to the meeting and include:

A. name and address of the participant;

B. group affiliation, if and when appropriate;

C. topic to be addressed.

Such requests shall be subject to the final approval of the School Leader or the Board President.

Denial of the opportunity to have an item placed on the agenda will not preclude an individual or group from the opportunity to speak during the public participation portion of the meeting.

The agenda for each regular meeting shall be mailed or delivered to each Board member so as to provide proper time for the member to study the agenda. Generally, the agenda should be mailed no later than two (2) days

The Board shall transact business according to the agenda submitted to all Board members in advance of the meeting. The order of business may be altered and items added to the agenda at any meeting by a majority vote of the members present.

A member of the Board may request any item to be removed from the consent resolution and defer it for a specific action and more discussion. No vote of the Board will be required to remove an item from the consent agenda. A single member’s request shall cause it to be relocated as an action item eligible for discussion. Any item on the consent agenda may be removed and discussed as a nonaction item or be deferred for further study and discussion at a subsequent Board meeting if the School Leader or any Board member thinks the item requires further discussion.

0167 Conduct

0167.1 Voting

All regular and those special meetings of the Board at which the Board is authorized to perform business shall be conducted in public. No act shall be valid unless approved at a meeting of the Board by a majority vote of the members elected or appointed to and serving on the Board who are authorized to vote (see Voting as defined in Bylaw 0100) and a proper record made of the vote. Meetings of the Board shall be public and no person shall be excluded therefrom.

Unless specifically authorized by Michigan conflict of interest laws, any Board member's decision to abstain shall be recorded and be deemed to acquiesce in the action taken by the majority. Failure to vote, absent a statutory exception or other reasonable ethical basis, constitutes a breach.
of the Board member's duty as a public official. In situations in which a specified number of affirmative votes are required and abstentions have been noted, the motion shall fail if the specified number of affirmative votes have not been cast. In situations in which there is a tie vote and the abstention represents the deciding vote, the motion shall fail for lack of a majority. 184 Mich App 681, 684 (1990)

All actions requiring a vote may be conducted by voice, show of hands, or roll call provided that the vote of each member be recorded. Proxy voting shall not be permitted. If a vote is not conducted by roll call, any member may request a roll call vote.

0167.2

Closed Session

The Board shall by means of a roll call vote meet in a closed session, one closed to the public, for the following purposes:

A. to consider the dismissal, suspension, or disciplining of, or to hear complaints or charges brought against, or to consider a periodic evaluation of a public officer, the Board of Directors, staff member, or individual agent, if the named person requests a closed hearing (a majority vote is required)

B. to consider the dismissal, suspension, or disciplining of a student only if the student or student's parents request a closed hearing (a majority vote is required) (Also see Bylaw 0169, Student Disciplinary Hearings)

E. to consider materials exempt from discussion or disclosure under State or Federal statute, including by way of example only, written opinions of legal counsel, and school safety plans (a two-thirds (2/3's) vote is required)

F. to consider security planning to address existing threats or prevent potential threats to the safety of the students or staff. (a majority vote is required)

0167.3

Public Participation at Board Meetings

In keeping with the confidential nature of closed sessions, no member of the Board shall disclose the content of discussions that take place during such sessions. The only exceptions will be discussions with the Academy's legal counsel or as directed by an order of a court with proper jurisdiction.
It is expected that Board members shall not record nor communicate by any means, electronic or otherwise, with party or parties outside such meetings regarding the substance of such meetings either during or after the course of such meetings.

The Board recognizes the value of public comment on educational issues and the importance of allowing members of the public to express themselves on Academy matters.

MCL 15.267, 15.268

To permit fair and orderly public expression, the Board shall provide a period for public participation at public meetings of the Board and publish rules to govern such participation in Board meetings and in Board committee meetings. The rules shall be administered and enforced by the presiding officer of the meeting.

The presiding officer shall be guided by the following rules:

A. Public participation shall be permitted as indicated on the order of business.

B. Anyone with concerns related to the operation of the school or to matters within the authority of the Board may participate during the designated public participation portion(s) of a meeting.

C. Attendees must register their intention to participate in the public participation portion of the meeting upon their arrival at the meeting.

D. Individuals may not register others to speak during public participation.

E. Participants must first be recognized by the presiding officer and will be requested to preface their comments by an announcement of their name; address; and group affiliation, if and when appropriate.

F. Each statement made by a participant shall be limited to five (5) minutes duration.

G. During the portion of the meeting designated for public participation, no participant may speak more than once on the same topic.

H. Participants shall direct all comments to the Board and not to staff or other participants.

I. The presiding officer may:

1. interrupt, warn, or terminate a participant’s session when they make comments that are repetitive, obscene, and/or comments that constitute a true threat (i.e., statements meant to frighten or intimidate one (1) or more specified persons into believing that they will be seriously harmed by the speaker or someone acting at the speaker’s behest);
2. request any individual to stop speaking and/or leave the meeting when that person behaves in a manner that is disruptive of the orderly conduct and/or orderly progress of the meeting;

3. request the assistance of law enforcement officers in the removal of a disorderly person when that person’s conduct interferes with the orderly progress of the meeting;

4. call for a recess or an adjournment to another time when the lack of public decorum so interferes with the conduct and/or orderly conduct of the meeting as to warrant such action;

J. The portion of the meeting during which the participation of the public is invited shall be limited to 30 minutes, but the timeframe will be extended, if necessary, so that no one’s right to address the Board will be denied.

K. The Board may permit individuals to attend meetings remotely through live broadcast; however, public participation will be limited to those who are in attendance at the meeting site only. The Board is not responsible for any technology failures that prevent or disrupt any individual from attending remotely.

L. Audio or video recordings are permitted subject to the following conditions:

1. No obstructions are created between the Board and the audience.

2. No interviews are conducted in the meeting room while the Board is in session.

3. No commentary, adjustment of equipment, or positioning of operators is made that would distract either the Board or members of the audience while the Board is in session.

The person operating the recorder should contact the School Leader prior to the Board meeting to review possible placement of the equipment.

MCL 15.263(4)(5)(6), 380.1808

0167.4 Administrative Participation

The School Leader and those administrators directed by the School Leader shall attend all meetings, when feasible. Administrative participation shall be by professional counsel, guidance, and recommendation - as distinct from deliberation, debate, and voting of Board members.

0167.5 Use of Electronic Mail

Since E-mail is a form of communication that could conflict with the Open-Meetings Law, it will be used to conduct business of the Board only for the
purposes of communicating:

A. possible agenda items between the School Leader and the Board President;

B. times, dates, and places of regular or special Board meetings;

C. a Board meeting agenda or public record information concerning items on the agenda;

Under no circumstances shall Board members use E-mail to discuss among themselves Board business that is only to be discussed in an open meeting of the Board, is part of an executive session, or could be considered an invasion of privacy if the message were to be monitored by another party.

There should be no expectation of privacy for any messages sent by E-mail. Messages that have been deleted may still be accessible on the hard drive, if the space has not been occupied by other messages. Messages, deleted or otherwise, may be subject to disclosure under the Freedom of Information Act, unless an exemption would apply.

0167.6 Use of Social Media

Social Media, as defined in Bylaw 0100, shall not be used to conduct any form of Board business.

0168 Minutes

0168.1 Open Meeting

The Secretary, or a temporary secretary appointed by the presiding officer, shall designate a person to keep minutes of each meeting showing the date, time, place, members present, members absent, any decisions made at a meeting open to the public, and the purpose or purposes for which a closed session is called. These minutes must be approved by the Board and endorsed by the Secretary at the next meeting. The minutes shall include all roll-call votes taken at the meeting. Proposed minutes shall be available for public inspection not later than eight (8) business days after the meeting to which the minutes refer. Approved minutes shall be available for public inspection not later than five (5) business days after the meeting at which the minutes are approved. The minutes shall be available for inspection at the School Leader's office and shall be available for purchase at a fee estimated by the business office to cover the cost of printing and copying.

The Board Secretary shall not include in or with its minutes any personally identifiable information on any student of the Academy which if released, would prevent the public body from complying with the Family Educational Rights and Privacy Act of 1974.

The official minutes shall be bound together by years and kept in the office of the Board of Directors, or kept by reasonably-appropriate electronic means.
Minutes of the preceding meetings shall be approved by the Board as its first order of business at its next meeting.

The minutes shall show only action taken.

MCL 15.269, 380.1201

0168.2 Closed Meeting

The Board shall designate a person to keep separate minutes of each closed meeting of the Board. These minutes shall be retained by the Secretary of the Board, but shall not be available to the public. These minutes may be destroyed one (1) year and one (1) day after approval of the minutes of the regular meeting at which the closed session was approved.

MCL 15.267, 15.269, 15.270-71, 15.273

0168.3 Committee Meetings

Any Board committee, whether standing or appointed ad hoc, which exercises governmental or proprietary authority must comply with the Open Meetings provisions in 0168.1 and 0168.2, and Public Participation provisions in 0167.3. Committees that are empowered to take action, make recommendations or otherwise deliberate in place of the Board are subject to this requirement.

0169 Student Disciplinary Hearings

0169.1 Closed Session Requested

If a parent or student requests a closed hearing, a vote must be taken. The purpose of the closed session should be announced: “To consider a student disciplinary matter, pursuant to the request of the parent/guardian” (NOTE: Do not use the name since that could identify the student). A majority vote is required to go into a closed session for this purpose.

Those invited into closed session should include the student, parent(s) and/or representative(s) and school administrator(s) bringing charges. Others may be admitted at Board discretion, if needed for the proceeding or at the request of student/parents.

Witnesses should be admitted when needed to testify. They should be asked to leave the closed session after testifying. Witnesses may be required to affirm that they will tell the truth.

The Administration should present a summary of the requested discipline and an overview of the incident(s) supporting discipline. The Administration may call and question witnesses as it determines appropriate. An administrator may testify as a witness to the results of his/her investigation of the incident and the student’s past record.

The student, parent, or representative (only one (1)) should be allowed to
ask the witness(es) questions related to issues reasonably related to the
discipline. Additional questioning by the Administration, the
student/representative and/or the Board may be allowed at the Board’s
discretion.

The student, parent/guardian, or representative may then present witnesses
or statements to the Board. The Administration and/or the Board may ask
questions of these individuals. The Board may allow additional questioning
at its discretion.

When the presentation of evidence is concluded, the Board will deliberate.
It may exclude both the Administration and the student and representatives,
or allow both sides to remain. If the Board desires clarification of any
testimony during its deliberation, it shall assure that both the Administration
and the student and representatives are present to hear the information.

The Board shall not take any action in the closed session. To act on the
discipline the Board must return to open session. This requires a majority
vote.

During the open session the name of the student shall not be used in voting
on the discipline, to protect student privacy under the Federal Family
Educational Rights and Privacy Act. The student may be referred to by a
Code Number or Pseudonym (i.e. Student A). Only the reference code
shall be indicated in the Board minutes, NOT the student’s actual name.
The reference code shall be listed in the student’s discipline file.

If, at any time during the hearing, the student, parent or authorized
representative withdraws the request for a closed hearing, the matter shall
proceed under the open hearing provisions.

**Open Hearing**

If the student, parent or authorized representative does not request a closed
hearing, the Board must still assure that the Family Educational Rights and
Privacy Act is not violated.

The parents (or student if eighteen (18) or older) should sign an
authorization to release student record information to allow discussion of the
student’s information in the public forum (Form 8330 F4). If the parents
refuse to sign the authorization or information relating to other students
must be presented at the hearing, it should be done anonymously by
referring to students by Code Numbers or Pseudonyms. If this is not
possible, then the Board may go into closed session to receive student
identifiable information pursuant to a two-thirds (2/3’s) roll call vote for the
announced purpose of “Considering material exempt from discussion or
disclosure by State or Federal law.”

In all other respects the hearing shall proceed as outlined under the Closed
Hearing.

The Board must deliberate and act on the discipline in open session. The
student, parents, administration and public will be allowed to be present.
Students/parents who have not authorized disclosure to the public will not be mentioned by name during deliberations, but only by anonymous reference code. Any action must be by a vote of the Board in open session. If the student/parents have signed an authorization for public disclosure, then the student’s name may be used in the motion and recorded in the Board minutes.

ACADEMY ADMINISTRATOR AND SCHOOL LEADER EVALUATION

Reference: MCL 380.1249(3); 380.1249b

The Board of Directors is responsible for the employment and discharge of all personnel. To carry out this responsibility, it shall establish and implement a rigorous, transparent, and fair performance evaluation system that does all of the following:

A. Evaluates the School Leader and all other academy administrator's job performances at least annually in a year-end evaluation, while providing timely and constructive feedback.

   The School Leader shall perform the academy administrators’ evaluations. The Board shall perform the School Leader's evaluation. A School Leader or academy administrator rated highly effective on three (3) consecutive year-evaluations may be evaluated every other year at the Board's discretion.

B. Establishes clear approaches to measuring student growth and assessment data and provides the School Leader or academy administrators with relevant data on student growth.

C. Evaluates a School Leader or academy administrator's job performance as highly effective, effective, minimally effective or ineffective, using multiple rating categories that take into account student growth and assessment data. For the 2018-2019 school year twenty-five (25) percent of the annual year-end evaluation shall be based on student growth and assessment data. Beginning with the 2019-2020 school year, forty (40) percent of the annual year-end evaluation shall be based on student growth and assessment data.

D. Uses the evaluations, at a minimum, to inform decisions regarding all of the following:

   1. The effectiveness of the School Leader or academy administrators, so that they are given ample opportunities for improvement;
   2. Promotion, retention, and development of the School Leader or academy administrators, including providing relevant coaching, instruction support, or professional development.
   3. Removing ineffective School Leaders or academy administrators after they have had ample opportunities to improve, and providing that these decisions are made using rigorous standards and streamlined, transparent, and fair procedures.

E. The portion of the annual year-end evaluation that is not based on student growth and assessment data shall be based on at least the following:

   1. The School Leader or academy administrator's training and proficiency in conducting teacher performance evaluations if s/he does so or his/her designee's proficiency and training if the administrator designates such duties.

© National Charter Schools Institute
2. The progress made by the academy in meeting the goals established in the academy improvement plan.

3. Student attendance.

4. Student, parent and teacher feedback and other information considered pertinent by the Board.

F. For the purposes of conducting annual year-end evaluations under the performance evaluation system, the Board shall adopt and implement one (1) or more of the evaluation tools for teachers, or administrators, if available, that are included on the list established and maintained by the Michigan Department of Education. However, if the Board has one (1) or more local evaluation tools for administrators or modifications of an evaluation tool on the list, and the academy complies with G., below, the academy may conduct annual year-end evaluations for School Leaders or academy administrators using one (1) or more local evaluation tools or modifications. The evaluation tools shall be used consistently among the schools operated by the Academy so that all similarly situated academy administrators are evaluated using the same measures.

G. The Board shall post on its public website all of the following information about the measures it uses for its performance evaluation system for school administrators:

1. The research base for the evaluation framework, instrument, and process or, if the Board adapts or modifies an evaluation tool from the MDOE list, the research base for the listed evaluation tool and an assurance that the adaptations or modifications do not compromise the validity of that research base.

2. The identity and qualifications of the author or authors or, if the Board adapts or modifies an evaluation tool from the MDOE list, the identity and qualifications of a person with expertise in teacher evaluations who has reviewed the adapted or modified evaluation tool.

3. Either evidence of reliability, validity, and efficacy or a plan for developing that evidence or, if the Board adapts or modifies an evaluation tool from the MDOE list, an assurance that the adaptations or modifications do not compromise the reliability, validity, or efficacy of the evaluation tool or the evaluation process.

4. The evaluation frameworks and rubrics with detailed descriptors for each performance level on key summative indicators.

5. A description of the processes for conducting classroom observations, collecting evidence, conducting evaluation conferences, developing performance ratings, and developing performance improvement plans.

6. A description of the plan for providing evaluators and observers with training.
H. The Board shall also:

1. Provide training to school administrators on the measures used by the Academy in its performance evaluation system and on how each of the measures is used. This training may be provided by the Board or by a consortium consisting of 2 or more public school academies.

2. Ensure that training is provided to all evaluators and observers. The training shall be provided by an individual who has expertise in the evaluation tool or tools used by the Board, which may include either a consultant on that evaluation tool or framework or an individual who has been trained to train others in the use of the evaluation tool or tools. The Board may provide the training in the use of the evaluation tool or tools if the trainer has expertise in the evaluation tool or tools.

The evaluation system shall ensure that if the School Leader or academy administrator is rated as minimally effective or ineffective, the person(s) conducting the evaluation shall develop and require the School Leader or academy administrator to implement an improvement plan to correct the deficiencies. The improvement plan shall recommend professional development opportunities and other measures designed to improve the rating of the School Leader or academy administrator on his/her next annual year-end evaluation. A School Leader or academy administrator rated as "ineffective" on three (3) consecutive year-end evaluations must be dismissed from employment with the academy.

The evaluation program shall aim at the early identification of specific areas in which the individual administrator needs help so that appropriate assistance may be provided or arranged for. A supervisor offering suggestions for improvement to an administrator shall not release that professional staff member from the responsibility to improve. If a School Leader or academy administrator, after receiving a reasonable degree of assistance, fails to perform his/her assigned responsibilities in a satisfactory manner, dismissal procedures may be invoked. In such an instance, all relevant evaluation documents may be used in the proceedings.

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI"). Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

A. the record check has been requested;

B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and

C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

---

1 Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.
Individuals working in multiple Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Academy receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the School Leader shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must provide, at the Academy’s expense, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to $10,000.
Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Academy Compliance Officers

The Board designates the following individuals to serve as the Academy’s “Compliance Officers” (also known as “Civil Rights Coordinators”) (hereinafter referred to as the “COs”)

Administrator
310 Thomas Street
Allegan, Michigan 49010
(269) 512-7880

Student Liaison
310 Thomas Street
Allegan, Michigan 49010
(269) 512-7880

The names, titles, and contact information of these individuals will be published annually on the Academy’s web site.

The COs are responsible for coordinating the Academy’s efforts to comply with applicable Federal and State laws and regulations, including the Academy’s duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination/retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members and the general public. A copy of each of the Acts and regulations on which this notice is available upon request from the CO.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are required to report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy official so that the Board may address the conduct. Any administrator, supervisor, or other Academy official or official who receives such a report shall file it with the CO within two (2) days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant’s employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Academy community or a Third Party, or received reports that are initially filed with another Board employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant’s request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the School Leader or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of
discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the Complainant within two (2) business days to advise of the Board's intent to investigate the wrongdoing.

Investigation and Complaint Procedure (See Form 1422 F2)

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual’s claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission (“EEOC”).

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/reitaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene
on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the School Leader or other Academy official.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate concerns to the Respondent.

B. Distributing a copy of Policy 1422—Non-Discrimination and Equal Employment Opportunity to the individuals in the school building or office where the Respondent works.

C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

A Complainant may file a formal complaint, either orally or in writing, with a principal, the CO, School Leader, or other Academy official. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a principal, School Leader, or other Academy official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) business days.
Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 1422 - Non-Discrimination and Equal Employment Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. Interviews with the Complainant;

B. Interviews with the Respondent;

C. Interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. Consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful harassment/retaliation of the Complainant. The CO’s recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used.
The CO may consult with the Board’s legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the School Leader must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

If the School Leader determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the School Leader must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of the party’s receipt of the School Leader's decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.
Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or School Leader shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and
electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);

G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;

H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;

I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

J. documentation of any supportive measures offered and/or provided the Complainant and/or Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;

K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;

L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board’s expectations to students and staff with respect to the subject of this policy (e.g., Student Codes of Conduct and/or Employee Handbooks);
M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;

N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy’s records retention schedule.

DRUG-FREE WORKPLACE

Reference: P.L. 101-126
20 U.S.C. 3224A

The Board of Directors believes that quality education is not possible in an environment affected by drugs. It will seek, therefore, to establish and maintain an educational setting, which meets the requirements in the Drug-Free Workplace Act and the Drug-Free Schools and Communities Act.

In compliance with the Act, the Board prohibits the manufacture, possession, use, distribution, or dispensing of any controlled substance, including alcohol, by any member of the Academy's administration at any time while on Academy property or while involved in any Academy-related activity or event. Any administrator who violates this policy shall be subject to disciplinary action in accordance with Academy guidelines.

The School Leader shall establish whatever programs and procedures are necessary to meet the Federal certification requirements.

NONDISCRIMINATION BASED ON GENETIC INFORMATION OF THE EMPLOYEE

Reference: 42 U.S.C. 2000ff et seq., The Genetic Information Nondiscrimination Act
29 C.F.R. Part 1635

The Board of Directors prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. Further the Board does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited and/or in accordance with the Genetic Information Act (GINA).

The Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with this Act, employees are directed not to provide any genetic information, including the individual’s family medical history, in response to necessary requests for medical information, with the exception that family medical history may be acquired as part of the certification process for FMLA leave, when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual’s family medical history, in response to requests for medical information as part of the Academy’s application process.

The Academy recognizes that genetic information may be acquired through commercially and publicly available documents like newspapers, books, magazines, periodicals, television shows or the Internet. The Academy prohibits, however, its employees from searching such sources with the intent of finding or obtaining genetic information, or accessing sources from which they are likely to acquire genetic information.

"Genetic information," as defined by GINA, means information about: (a) an individual’s genetic tests; (b) the genetic tests of that individual’s family members; (c) the manifestation of disease or disorder in family members of the individual (i.e., family medical history); (d) an individual’s request for, or receipt of, genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or (e) the genetic information of a fetus carried by an individual or a pregnant woman who is a family member of the individual and the genetic information of an embryo legally held by an individual or family member using assistive reproductive technology.

If the Academy either legally and/or inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment or a medical provider it shall be treated as a confidential medical record in accordance with law. The School Leader shall appoint a compliance officer who shall be responsible for overseeing the Academy’s compliance with Federal regulations and promptly dealing with any inquiries or complaints. S/He shall also verify that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members, and that all Academy requests for health-related information (e.g., to support an employee’s request for reasonable accommodation under the ADA or a request for sick leave) is accompanied by a written warning that directs the employee or health care provider not to collect or provide genetic information. The warning shall read as follows:
The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board of Directors, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). “Genetic information,” as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic test, the fact that an individual or an individual’s family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

The School Leader (employed by the Board) shall ensure the proper implementation of this policy.

Adopted 6/10/15
ADMINISTRATOR DISCIPLINE

Whenever it becomes necessary to discipline an Administrator, the School Leader (employed by the Board) shall utilize the following principles and procedures. The Board, or its designee, shall utilize the following principles and procedures if the School Leader is the subject of the disciplinary action.

The Board shall conduct an investigation of any alleged act or omission by an Administrator that could result in disciplinary action. The Administrator shall be provided with oral or written notice of the issue or incident being investigated.

The investigation shall include, at a minimum, interviews of appropriate persons and a meeting with the subject Administrator to allow the Administrator an opportunity to respond to the complaint. Prior notice of this meeting shall be provided to the Administrator for any discipline that may result in a suspension or loss of pay.

After completion of the investigation, if discipline is to be imposed, the Administrator shall receive written notice of the discipline and this notice shall also be placed in the Administrator's file.

Discipline may include, but is not limited to:

A. written warning;
B. written reprimand;
C. suspension (paid or unpaid);
D. discharge;
E. financial penalty in accordance with Michigan law.

The Academy does not have to apply discipline in a progressive manner, but, rather, may impose discipline consistent with seriousness of the Administrator's conduct, as determined by the Academy. Additionally, nothing in this policy limits the Academy's right to take other appropriate action, such as placing an Administrator on administrative leave during the pendency of an investigation or issuing a counseling memorandum, which is considered instructional, not disciplinary.

If it appears that disciplinary action beyond written reprimand may be necessary, the Board should contact the Board to discuss the disciplinary action that is to be taken.

Discharge, demotion or non-renewal of an Administrator may only be imposed by the Board in adherence with the requirements of the Revised School Code.

PHYSICAL EXAMINATION

Reference: 29 C.F.R. Part 1630
29 C.F.R. Part 1635
42 U.S.C. 2000ff et seq., The Genetic Information Nondiscrimination Act

The Board or School Leader reserves the right to require any employee or candidate, after a conditional offer of employment, to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. Such examinations shall be done in accordance with the School Leader's procedures and/or the terms of the negotiated, collectively bargained agreements.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. 'Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."

Reports of all such examinations or evaluations shall be delivered to the School Leader, who shall protect their confidentiality. Reports will be discussed with the employee or candidate. Any and all reports of such examination will be maintained in a separate confidential personnel file in accordance with the Americans with Disabilities Act, as amended ("ADA") and the Genetic Information Nondiscrimination Act (GINA).

In the event of a report of a condition that could influence job performance, the School Leader shall base a non-employment recommendation to the Board upon a conference with a physician and substantiation that the condition is directly correlated to defined job responsibilities and reasonable accommodation will not allow the employee or prospective employee to adequately fulfill those responsibilities.

The Board shall assume any uninsured fees for required examinations.

UNREQUESTED LEAVES OF ABSENCE/FITNESS FOR DUTY

Reference: Americans with Disabilities Act of 1990, as amended
42 U.S.C. 12101 et seq.
29 C.F.R. Part 1630
29 C.F.R. Part 1635

It is the policy of the Board of Directors to protect students and employees from professional staff members who are unable to perform essential job functions with or without accommodation.

The Board may place a professional staff member on unrequested leave of absence when the staff member is unable to perform assigned duties in conformance with statute and the negotiated, collectively-bargained agreement with or without accommodation.

If the School Leader believes the staff member is unable to perform essential job functions, the professional staff member will be offered the opportunity for a meeting to discuss these issues.

If a professional staff member refuses to attend the meeting, the Board may order the professional staff member to submit to an appropriate examination by a physician designated and compensated by the Board.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. `Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.

If, as a result of such examination, the professional staff member is found to be unable to perform assigned duties with or without accommodation, the professional staff member may be placed on leave of absence for a reasonable time to heal or until the staff member is able to perform the essential job function, but only for a period not to exceed one (1) year.

Should a professional staff member refuse to submit to the examination requested by the Board and the professional staff member has exercised his/her rights under the provisions hereinabove set forth, such refusal shall subject the professional staff member to disciplinary action.

STUDENT SUPERVISION AND WELFARE

Reference: MCL 722.621 et seq., 750.520b, 750.520c, 750.520d, 750.520e

Administrators shall maintain a standard of care for the supervision, control, and protection of students commensurate with their assigned duties and responsibilities and are expected to establish and maintain professional staff/student boundaries that are consistent with their legal, professional and ethical duty of care for students.

The School Leader shall maintain and enforce the following standards:

A. Each administrator shall report immediately to the School Leader any accident, safety hazard, or other potentially harmful condition or situation s/he detects.

B. Each administrator shall immediately report to the School Leader any knowledge of threats or violence by students.

C. An administrator shall not send students on any personal errands.

D. An administrator shall not associate or fraternize with students at any time in a manner that may give the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity that could be considered abusive or sexually suggestive or involve harmful substances such as illegal drugs, alcohol or tobacco. Any sexual or other inappropriate conduct with a student by any administrator will subject the offender to potential criminal prosecution and disciplinary action by the Board up to and including termination of employment.

E. If a student approaches an administrator to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, etc., the administrator may attempt to assist the student by facilitating contact with certified or licensed individuals in the Academy or community who specialize in the assessment, diagnosis, and treatment of the student’s stated problem. However, under no circumstances should an administrator attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose, or treat the student’s problem or behavior, nor should such administrator inappropriately disclose personally identifiable information concerning the student to third persons not specifically authorized by law.

F. An administrator shall not transport students in a private vehicle without due cause and the lack of any other means of transportation as the situation may require.

G. A student shall not be required to perform work or services that may be detrimental to his/her health.
H. Administrators shall only engage in electronic communication with students via email, texting, social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., when such communication is directly related to curricular matters or co-curricular/extracurricular events or activities with prior approval of the School Leader.

I. Administrators are prohibited from electronically transmitting any personally identifiable image of a student(s), including video, photographs, streaming video, etc. via email, text message, or through the use of social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., unless such transmission has been made as part of a pre-approved curricular matter or co-curricular/extracurricular event or activity such as a school-sponsored publication or production in accordance with Policy 5722.

Since most information concerning a child in school, other than directory information described in Policy 8330, is confidential under Federal and State laws, any administrator who shares confidential information with another person not authorized to receive the information may be subject to discipline and/or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Pursuant to the laws of the State and Board Policy 8462, each administrator shall report to the proper legal authorities, immediately, any sign of suspected child abuse or neglect.

USE OF TOBACCO BY ADMINISTRATORS

Reference: M.C.L. 333.12601 et seq
M.C.L. 750.473

The Board of Directors recognizes that the use of tobacco presents a health hazard which can have serious consequences both for the user and the nonuser and is, therefore, of concern to the Board.

In order to protect students and employees who choose not to use tobacco from an environment noxious to them and potentially damaging to their health, the Board prohibits the use of tobacco on Academy premises, in Academy vehicles, and in all Academy buildings owned and/or operated by the Academy.

The Board prohibits the use of a tobacco product by administrators in Academy buildings, on Academy property (owned or leased), on Academy buses, and at any Academy-related event at all times within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or operated vehicles used to transport students and to all other Board-owned and/or operated vehicles. Such prohibition also applies to:

A. academy grounds,
B. athletic facilities,
C. any academy-related event, and
D. on or off Board premises

   1. the carrying by a person of a lighted cigar, cigarette, pipe, or other lighted smoking device;
   2. the inhaling or chewing of a tobacco product;
   3. the placing of a tobacco product within a person's mouth;
   4. the use or smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes or other lighted smoking devices for burning tobacco or any other substance.

The term "tobacco" includes any product that contains tobacco, is derived from tobacco, contains nicotine, or e-cigarettes and other electronic smoking devices (including but not limited to "JUUL's"), but does not include any cessation product approved by the United States Food and Drug Administration for use as a medical treatment to reduce or eliminate nicotine or tobacco dependence.
The Board shall require the posting of signs as required.

The Board has elected to provide minimum value health coverage for some or all of its eligible employees. The terms and conditions of the health coverage are set forth in the appropriate plan documents.

Eligible employees who have coverage through the employer of a working spouse may receive additional compensation if they waive the Academy’s medical coverage. Eligible employees who waive the medical coverage will be paid an additional compensation with the understanding that this additional compensation is subject to FICA and Federal, State and local income tax. To receive this compensation, the eligible employee must provide the Academy with proof of medical coverage provided by the spouse’s employer.

SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

Reference: 29 C.F.R. Part 1630
29 U.S.C. 794, Section 504 Rehabilitation Act of 1973, as amended,
34 C.F.R. Part 104

The Board of Directors prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board of Directors will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board of Directors will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or “auxiliary aides or services,” learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board of Directors will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the Academy's program and/or activities. A
reasonable accommodation is not necessarily required for an individual who is merely regarded as having a disability.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3,
1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with an Academy Compliance Officer within the time limits specified below. The Academy's Compliance Officer is available to assist individuals in filing a complaint.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. This complaint procedure is not available to unsuccessful applicants. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the Academy Compliance Officer.

B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the Academy Compliance Officer. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the Academy Compliance Officer of the nature and date of the alleged violation, and propose a resolution. The complaint must be filed within thirty (30) days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the Academy.
Compliance Officer for good cause.

C. The Academy Compliance Officer will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The Academy Compliance Officer will provide the complainant with a written disposition of the complaint within ten (10) days. If no decision is rendered within ten (10) days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the School Leader. The Academy Compliance Officer shall maintain the Academy’s files and records relating to the complaint.

D. The School Leader will, within ten (10) days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The School Leader will render his/her decision within ten (10) days of the hearing.

E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.

F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the Complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education’s Office for Civil Rights (“OCR”). The OCR can be reached at:

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

General Policy Statement

It is the policy of the Board of Directors to maintain an education and work environment that is free from all forms of unlawful harassment, including sexual harassment. This commitment applies to all Academy operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of unlawful harassment. This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, or genetic information (collectively, “Protected Classes”) that are protected by Federal civil rights laws (hereinafter referred to as “unlawful harassment”), and encourages those within the Academy community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. The Board will investigate or cause to be investigated all allegations of harassment and in those cases where unlawful harassment is substantiated, the Board will take or cause to be taken immediate steps to end the harassment, prevent its reoccurrence, and remedy its effects. Individuals who are found to have engaged in unlawful harassment will be subject to appropriate disciplinary action.

The Academy will offer counseling services to any person found to have been subjected to unlawful harassment, and, where appropriate, the person(s) who committed the unlawful harassment.

Other Violations of the Anti-Harassment Policy

The Board will also take or cause to be taken immediate steps to impose disciplinary action on individuals engaging in any of the following prohibited acts:

A. Retaliating against a person who has made a report or filed a complaint alleging unlawful harassment, or who has participated as a witness in a harassment investigation.

B. Filing a malicious or knowingly false report or complaint of unlawful harassment.
C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating unlawful harassment charges comprises part of one's supervisory duties.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Academy community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

Third Parties include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means a business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

A. teasing;
B. threats;
C. intimidation;
D. stalking;
E. cyberstalking;
F. cyberbullying;
G. physical violence;
H. theft;
I. sexual, religious, or racial harassment;
J. public humiliation; or
K. destruction of property.

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity.
B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual.
C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.
Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.

B. Unwanted physical and/or sexual contact.

C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.

D. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals.

F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.

G. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities;

H. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;

I. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship;

J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;

K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.

L. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.

M. Inappropriate boundary invasions by an Academy employee or other adult
member of the Academy community into a student's personal space and personal life.

N. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

**Race/Color Harassment**

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

**Religious (Creed) Harassment**

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

**National Origin/Ancestry Harassment**

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

**Disability Harassment**

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical...
impairments or defects/apparances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

**Anti-Harassment Compliance Officers**

The following individual(s) shall serve as the Academy’s Anti-Harassment Compliance Officer(s) (hereinafter, “the Compliance Officer(s)”):

Don Ivers  
Administrator  
310 Thomas Street  
Allegan, Michigan 49010  
(269) 512-7880  
don.ivers@outlookacademy.net

Shelby Bill  
Human Resources  
310 Thomas Street  
Allegan, Michigan 49010  
(269) 512-7880  
Shelby.bill@alleganaesa.org

The names, titles, and contact information of these individuals will be published annually on the Academy’s web site and in the staff handbooks.

The Compliance Officer(s) are responsible for coordinating the Academy’s efforts to comply with applicable Federal and State laws and regulations, including the Academy’s duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the School Leader or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Board employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention
dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant’s parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the A cademy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy’s Anti-Harassment Compliance Officer so that the Academy’s Anti-Harassment Compliance Officer may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the School Leader shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the School Leader informed of the status of the 1662 investigation and provide School Leader with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the School Leader with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure (See Form 1662 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Academy community or Third Party (e.g., visitor to the Academy) who believes that they have has been subjected to unlawful harassment may seek resolution of the complaint through either the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and
potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights and/or Equal Employment Opportunity Commission (“EEOC”).

**Informal Complaint Procedure**

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the Academy community, or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Board employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the allegedly inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) directly to one of the Compliance Officers; and/or (3) to the School Leader.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board’s informal complaint procedure is designed to provide employees, other members of the Academy community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within fifteen (15) days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant, may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

**Formal Complaint Procedure**

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, School Leader, or other Academy official. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, School Leader, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change,
the Compliance Officer may still take whatever actions deemed appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;
B. interviews with the Respondent;
C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the School Leader must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of the party’s receipt of the date of the School Leader’s decision.
In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representative within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to cause a complaint or report of unlawful harassment/retaliation to be investigate regardless of whether the member of the Academy community or third party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the Compliance Officer or designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action by the Board up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or School Leader shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.
Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the Academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy. This policy shall also apply to employees of an Educational Service Provider.

Any reports made to a county children’s services agency or to local law enforcement shall not terminate the Compliance Officer or a designee’s obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the School Leader.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader shall provide appropriate information to all members of the Academy community related to the implementation of this policy shall provide training for Academy students and staff where appropriate. H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;

I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

J. documentation of any supportive measures offered and/or provided to the Complainant and/or the Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;

K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board's expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);

PARENT AND FAMILY ENGAGEMENT

The Board of Directors recognizes and values parents and families as children’s first teachers and decision-makers in education. The Board believes that student learning is more likely to occur when there is an effective partnership between the school and the student's parents and family. Such a partnership between the home and school and greater involvement of parents and family members in the education of their children generally result in higher academic achievement, improved student behavior, and reduced absenteeism. This policy shall serve as the Academy policy.

The Elementary and Secondary Education Act (ESEA), as amended by the Every Student Succeeds Act of 2015 (ESSA), defines the term "parent" to include a legal guardian or other person standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the child's welfare).

The term "family" is used in order to include a child’s primary caregivers, who are not the biological parents, such as foster caregivers, grandparents, other family members and responsible adults who play significant roles in providing for the well-being of the child.

Family engagement is a collaborative relationship between families, educators, providers, and partners to support and improve the learning, development and health of every learner. The principles of family engagement include: relationships as the cornerstone; positive learning environments; efforts tailored to address all families, so all learners are successful; purposeful and intentional efforts that clearly identify learner outcomes; and engaging and supporting families as partners in their child's education.

Through this policy, the Board directs the establishment of a Parental and Family Engagement Plan by which a school-partnership can be established and provided to the parent of each child in the Academy. The plan must encompass parent participation, through meetings and other forms of communication. The Parental and Family Engagement Plan shall reflect the Board's commitment to the following:

A. **Relationships with Families**

1. cultivating school environments that are welcoming, supportive, and student-centered;

2. providing professional development for school staff that helps build partnerships between families and schools;¹²

3. providing family activities that relate to various cultures, languages, practices, and customs, and bridge economic and cultural barriers;¹²

4. providing coordination, technical support and other support to assist schools in planning and implementing family engagement activities.²
B. Effective Communication

1. providing information to families to support the proper health, safety, and well-being of their children;

2. providing information to families about school policies, procedures, programs, and activities; \(^1,2\)

3. promoting regular and open communication between school personnel and students’ family members;

4. communicating with families in a format and language that is understandable, to the extent practicable; \(^1,2\)

5. providing information and involving families in monitoring student progress; \(^2\)

6. providing families with timely and meaningful information regarding Michigan’s academic standards, State and local assessments, and pertinent legal provisions; \(^1,2\)

7. preparing families to be involved in meaningful discussions and meetings with school staff. \(^1,2\)

C. Volunteer Opportunities

1. providing volunteer opportunities for families to support their children’s school activities; \(^2\)

2. supporting other needs, such as transportation and child care, to enable families to participate in school-sponsored family engagement events. \(^2\)

D. Learning at Home

1. offering training and resources to help families learn strategies and skills to support at-home learning and success in school; \(^1,2\)

2. working with families to establish learning goals and help their children accomplish these goals;

3. helping families to provide a school and home environment that encourages learning and extends learning at home. \(^1\)

E. Engaging Families in Decision Making and Advocacy

1. engaging families as partners in the process of school review and continuous improvement planning; \(^2\)

2. engaging families in the development of its Academy-wide parent and family engagement policy and plan, and distributing the policy and plan to families. \(^1,2\)
F. **Collaborating with the Community**

1. building constructive partnerships and connecting families with community-based programs and other community resources; \(^1,^2\)

2. coordinating and integrating parent and family engagement programs and activities with Academy initiatives and community-based programs that encourage and support families' participation in their children's education, growth, and development. \(^1,^2\)

**Implementation**

The School Leader (employed by the Board), will provide for a comprehensive plan to engage parents, families, and community members in a partnership in support of each student's academic achievement, the Academy's continuous improvement, and individual school improvement plans. The Academy's plan will be distributed to all parents and students through publication in the Student Handbook or other suitable means. The plan will provide for annual evaluation, with the involvement of parents and families, of the plan's content, effectiveness and identification of barriers to participation by parents and families with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background; the needs of parents and family members to assist with the learning of their children (including engaging with school personnel and teachers); and the strategies to support successful school and family interaction. Each school plan will include the development of a written school-parent compact jointly with parents for all children participating in Title I, part A activities, services, and programs. The compact will outline how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the State’s high standards. Evaluation findings will be used in the annual review of the Parent and Family Engagement policy and to improve the effectiveness of the Academy plan. This policy will be updated periodically to meet the changing needs of parents, families, and the schools.

This policy shall not supersede any rights under the Family Education Rights and Privacy Act.

Adopted 6/10/15
ADOPTION OF COURSES OF STUDY

The Board shall provide a comprehensive instructional program to serve the educational needs of the students of the Academy. In furtherance of this goal and pursuant to law, the Board shall periodically adopt courses of study.

No course of study shall be taught in the Academy unless it has been adopted by the Board. The Board shall determine which units of the instructional program constitute courses of study and are thereby subject to the adoption procedures of the Board.

The School Leader (employed by the Board) shall recommend to the Board such courses of study as are deemed to be in the best interests of the students. The School Leader (employed by the Board) recommendation shall include the following information about each course of study:

A. its applicability to students and an enumeration of those groups of students to be affected by it;
B. the intended learning objective(s), defined in terms of how the learning is applied;
C. its scope and sequence and a statement of the rationale used to determine the amount and type of instructional time needed to accomplish the objectives at each level;
D. its justification in terms of the goals of this Academy, especially when it is proposed to take the place of an existing course of study;
E. its instructional methods and learning strategy including the manner in which the learning of democratic principles and ethics is provided for, if appropriate to the content of the course;
F. the resources that its implementation will require, including instructional materials, equipment, specially-trained personnel, etc.;
G. the plan for its continuous assessment which includes criteria and standards; or,
H. its developmental and operational history as well as data on results, where available

The learning that results from each course of study should be durable, significant, and transferable and require a high level of student achievement of clearly-defined, cumulative performance objectives.

The plan for student assessment for each course of study should include the criteria and standards that will be used to determine when students may need to participate in remedial, supplemental, or accelerated activities in order to ensure that each student has been provided the opportunity to achieve at his/her optimum level.
Each course of study is intended to provide a basic framework for instruction and learning. Within this framework, each teacher shall use the course of study in a manner best designed to meet the needs of the students for whom s/he is responsible. Deviation from its content must be approved in accordance with the School Leader (employed by the Board) Administrative Procedures (if applicable).

Since one of the Academy's goals is to prepare students to enter the world of work, the Board directs that each course of study include as part of its learning accomplishments that students can demonstrate their willingness and ability to be punctual, to be present at the learning site each day unless absent for a legitimate reason, and to complete assignments on time and as directed. The School Leader (employed by the Board) procedures should include recommendations to staff on how to instruct students in these important work ethics and how to include these learnings in the grades that students receive.

The School Leader (employed by the Board) shall develop Administrative Procedures which provide for the development of individual learning plans that contain pre and post assessment activities as well as instructional activities for implementing each course of study. Such plans should also provide for proper record keeping and periodic reporting of student performance. As required for State certification, the School Leader (employed by the Board) shall ensure that the appropriate amount of instruction time is allocated to each course of study that comprises the program of the school. The allocation of time is to be determined by the School Leader (employed by the Board) and appropriate members of staff and shall be justified in terms of the amount of time needed for students to accomplish the curriculum objectives of the core curriculum as well as the Academy's educational outcomes.

In keeping with the Board's commitment to the school improvement process, such procedures shall also provide for the appropriate participation of staff, parents/guardians, students, and relevant community organizations in the review of the Academy's courses of study.

The School Leader (employed by the Board) shall maintain a current list of all courses of study offered by the Academy.

The list shall include the data on each furnished with the recommendation for its adoption.

Reference: 20 USC 1701 et seq.
42 USC 2000d

The policy of the Board holds that all students be provided a meaningful education and access to the programs provided by the Academy. Limited proficiency in the English language shall not be a barrier to equal participation in the instructional or extra-curricular programs of the Academy. Therefore, the policy of the Academy holds that those students identified as having limited proficiency in English will be provided additional support and instruction to assist them in gaining English proficiency and access to the educational and extra-curricular programs offered by the Academy.

CURRICULUM

Reference: MCL 380.1204(a) 380.1278

The Board shall adopt and maintain a core curriculum based on the Model Core Curriculum developed by the Michigan State Department of Education. The School Leader (employed by the Board) shall prepare Administrative Procedures to describe the core curriculum and the sequence, in grade clusters, in which courses will be taught.

Should the core curriculum vary from the Michigan Curriculum Framework, the description of the core curriculum is to be accompanied by an explanation of the Academy's variations from the model and shall verify that no attitudes, beliefs, or value systems are included in the curriculum that are not essential in the legal, economic, and social structure of our society and to the personal and social responsibility of citizens of our society.

The Administrative Procedures shall explain the means by which the core curriculum will be implemented and evaluated, based on the K - 12 Program Standards of Quality established by the State Department of Education.

The Administrative Procedures shall also assure each student a fair opportunity to achieve the academic outcomes established for the core curriculum. Such procedures should ensure that instruction in each area of the core curriculum focuses on the learning processes students need to achieve the academic outcomes and should provide procedures for special assistance to students who are not achieving the outcomes.

CONTROVERSIAL ISSUES

The Board believes the consideration of controversial issues has a legitimate place in the instructional program of the Academy.

Properly introduced and conducted, the consideration of such issues can help students learn to identify important issues, explore fully and fairly all sides of an issue, weigh carefully the values and factors involved, and develop techniques for formulating and evaluating positions.

For purposes of this policy, a controversial issue is a topic on which opposing points of view have been declared by responsible opinion and likely to arouse both support and opposition in the community.

The Board will permit the introduction and proper educational use of controversial issues, provided their use in the instructional program is related to the instructional goals of the course of study and level of maturity of the students; does not tend to indoctrinate or persuade students to a particular point of view; and encourages students to develop an open-minded attitude and a spirit of scholarly inquiry.

Controversial issues related to the program may be initiated by the students themselves, provided the issues are presented in the ordinary course of classroom instruction and are not substantially disruptive to the educational setting.

Controversial issues may not be initiated by a source outside the Academy unless prior approval has been given by the School Leader (employed by the Board).

When controversial issues have not been specified in the course of study, the Board will permit the instructional use of only those issues which have been approved by the School Leader (employed by the Board) who shall report such approval to the Board for their review.

In the discussion of any issue, a teacher may express a personal opinion, but shall identify it as such, and must not express such an opinion for the purpose of persuading students to his/her point of view.

The Board recognizes that a course of study or certain instructional materials may contain content and/or activities that some parents/guardians may find objectionable. If a parent/guardian first makes a careful, personal review of the program lessons and/or materials, then indicates to the Academy that either content or activities conflicts with his/her religious beliefs or value system, the Academy will honor a written request for his/her child to be excused from particular classes or classroom units, for specified reasons. The student, however, will not be excused from participating in the course or activities mandated by the State and will be provided alternative learning activities during times of parent/guardian-requested absences.

The School Leader (employed by the Board) shall develop Administrative Procedures for dealing with controversial issues.

This language does not prohibit the Academy from establishing and maintaining a single-gender school, class, or program within a school if a comparable school, class, or program is made available to students of each gender.

D. Academy Support

verify that like aspects of the entire Academy program receive like support as to staff size and compensation, purchase and maintenance of facilities and equipment, access to such facilities and equipment, and related matters;

E. Student Evaluation

Third Parties include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact

Shelby Bill  
Human Resources

(269) 512-7880  
Shelby.bill@alleganaesa.org

The names, titles, and contact information of these individuals will be published annually on the Academy’s web site.

The Academy will accommodate the use of certified service animals when there is an established need for such supportive aid in the school environment. Certain restrictions may be applied when necessary due to allergies, health, safety, disability or other issues of those in the classroom or school environment. The goal shall be to provide all students with the same access and participation opportunities provided to other students in school. Confirmation of disability, need for a service animal to access the school programming, and current certification/training of the service animal may be required.

The COs are responsible for coordinating the Academy’s efforts to comply with applicable Federal and State laws and regulations, including the Academy’s duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. The School Leader shall annually attempt to identify children with disabilities, ages 0-25, who do not receive a public education.

The Board is committed to educating (or providing for the education of) each qualified person with a disability with persons who are not disabled to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational
environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

In addition, School Leader shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in Academy programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this program, the Academy will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (also see Policy 2225). The School Leader is responsible for verifying that a concentration of students who are Limited English Proficient (LEP) in one or more programs is not the result of discrimination.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and Board employees are required, and all other members of the Academy community and third parties are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other Academy official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) days.

Members of the Academy community, which includes students or Third Parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant’s employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO’s written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the Academy community or Third Party, or received reports that are initially filed with another Board employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare
recommendations for the School Leader or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant, if age eighteen (18) or older, or the Complainant parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

**Investigation and Complaint Procedure**

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any employee who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights (“OCR”). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: http://www.ed.gov/ocr.

**Informal Complaint Procedure**

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.
All complaints involving an Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the School Leader or other Academy-level employee; and/or (3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy’s informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the Complainant’s wishes, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate concerns to the Respondent.
B. Distributing a copy of Policy 2260 – Non-Discrimination and Access to Equal Educational Opportunity to the individuals in the school building or office where the Respondent works or attends.
C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint, and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one (1) of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.
The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other official at the student’s school, the CO, School Leader, or another official who works at another academy or at the Academy level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, Principal, or other official at the student’s school, School Leader, or other employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deemed appropriate in consultation with the School Leader.

Within two (2) days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. The Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;
B. interviews with the Respondent;
C. interviews with any other witnesses who may reasonably be expected to
have any information relevant to the allegations;

D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful discrimination/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the School Leader must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the School Leader shall issue a final written decision as described above.

If the School Leader determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the School Leader must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) days of the party's receipt of the School Leader's decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.
Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or School Leader shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participate or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.
The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

**Education and Training**

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

The Academy will endeavor to assist the student and/or his/her parents in their access to Academy programs by providing notices to the parents and students in a language and format that they are likely to understand.

Materials approved by the State Department of Education describing the benefits of instruction in Braille reading and writing shall be provided to each blind student's individualized planning committee. The Academy shall not deny a student the opportunity for instruction in Braille, reading, and writing solely because the student has some remaining vision.

**Retention of Investigatory Records and Materials**

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

C. any documentation that memorializes the actions taken by Academy personnel or individuals contracted or appointed by the Board to fulfill its responsibilities related to the investigation and/or the Academy's response to the alleged violation of this policy;

D. written witness statements;

E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;

F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);

SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Reference: 29 USC 794, Section 504 Rehabilitation Act of 1973, as amended
34 C.F.R. Part 104
42 USC 12101 et seq., Americans with Disabilities Act of 1990, as amended

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA") and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Directors does not discriminate in admission or access to, or participation in, or treatment, in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities, and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the Academy.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

A. who is of an age during which nondisabled persons are provided educational services;

B. who is of any age during which it is mandatory under Michigan law to provide educational services to disabled persons; or

C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).
With respect to vocational education services, a qualified person with a disability means a
person with a disability who meets the academic and technical standards requisite to
admission or participation in the vocational program or activity. The Board will not deny a
student with disabilities access to its vocational education programs or courses due to
architectural and/or equipment barriers, or because the student needs related aids or services
to receive an appropriate education.

**Compliance Officer(s)**

The Board designates the following individual(s) to serve as the Academy’s 504 Compliance
Officer(s)/ADA Coordinator(s) (hereinafter referred to as the “Compliance Officer(s)”).

The names, titles, and contact information of these individuals will be published annually on
the Academy’s web site and in the staff handbooks.

The Compliance Officer(s) is/are responsible for coordinating the Academy’s efforts to comply
with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section
504 and the ADA, including copies of the implementing regulations, may be obtained from the
Compliance Officer.

The Compliance Officer(s) will oversee the investigation of any complaints of discrimination
based on disability, which may be filed pursuant to the Board’s adopted internal complaint
procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging
violations of Section 504/ADA. (See below) The Board will further establish and implement a
system of procedural safeguards in accordance with Section 504, including the right to an
impartial due process hearing. (See AG 2260.01B)

**Training**

The Compliance Officer(s) will also oversee the training of employees in the Academy so that
all employees understand their rights and responsibilities under Section 504 and the ADA,
and are informed of the Board’s policies, Administrative Procedures and practices with
respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the
education of persons with disabilities, as necessary and appropriate.
Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEIA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians (“parents”) are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan. The quality of education services provided to students with disabilities will be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who is enrolled by the Academy to the maximum extent appropriate. Generally, the Academy will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Academy places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

The Academy will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the Compliance Officer(s) will be on the Academy’s website and posted throughout the Academy, and included in the Academy's recruitment statements or general information publications.
Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations (“Section 504”), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, including the right to participation by the student's parents or guardian and representation of counsel, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with the Compliance Officer within specified time limits. The Compliance Officer is available to assist individuals in filing a complaint or request.

Unless expressly stated otherwise, the term “day” or “days” as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1 Investigation by the Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) days after disclosure of the facts giving rise to the complaint. The Compliance Officer shall conduct an impartial investigation of the complaint. As part of the investigation, the Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) days of the written complaint being filed. The Compliance Officer will notify the complainant in writing of his/her decision.

Step 2 If the complaint is not resolved satisfactorily at Step 1, the student or parent
may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Compliance Officers must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

TITLE I SERVICES

Reference: 20 USC 6301 et seq.
34 C.F.R. Part 200, et seq.

The Board of Directors elects to augment the educational program of educationally disadvantaged students by the use of Federal funds and in accordance with Title I of the Elementary and Secondary Education Act of 1965, as amended.

The School Leader (employed by the Board) shall prepare and present to the State Department of Education a plan for the delivery of services that meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents/guardians of students who will be served by the plan. The Academy will periodically review and revise the plan, as necessary.

Assessment

The Academy shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. This assessment shall include performance measures mandated by the Department of Education as well as those determined by the Academy's professional staff to assist in the diagnosis, teaching, and learning of the participating students.

Scope

The Academy shall determine if the funds will be used to upgrade the educational program of the entire Academy in Title I Academies that qualify as schoolwide schools and/or to establish or improve programs that provide services only for eligible students in greatest need of assistance. The schoolwide program, for the entire Academy and/or the Targeted Assistance Academy, shall include the components required by law as well as those agreed upon by participating staff and parents.

Participation

The Title I program shall be developed and evaluated in consultation with parents and professional staff members, including teachers, School Leaders, paraprofessionals, specialized instructional support personnel, administrators and other appropriate academy personnel involved in its implementation. Appropriate training will be provided to staff members who provide Title I services. Parent participation shall be in accord with Board Policy 2261.01 and shall meet the requirements of Section 1116 of the Act.

Comparability of Services

Title I funds will be used only to augment, not to replace, State and local funds. The Academy will document its compliance with the supplement not supplant provisions by using a written methodology that ensures State and local funds are allocated to each academy on the same basis, regardless of whether an academy receives Title I funding. The School Leader shall use State and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in academies that are not receiving Title I assistance. The determination of the comparability of services may exclude State and local funds expended for language instruction educational
programs and the excess costs of providing services to children with disabilities as determined by the Academy.

The determination of comparability of services will not take into account unpredictable changes in student enrollments or personnel assignments that occur after the beginning of the school year.

To achieve comparability of services, the School Leader (employed by the Board) shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in such a manner as to ensure equivalence throughout the Academy.

**Professional Development**

Members of the professional staff may participate in the design and implementation of staff development activities that:

A. combine and consolidate other available Federal and public school funds;

B. foster cooperative training with institutions of higher learning and other educational organizations, including other schools;

C. include in the staff development curriculum the following strategies:

1. creating and using performance-based student assessments;
2. using technology in teaching and learning;
3. working effectively with parents;
4. meeting children's special needs by using differentiated instruction;
5. fostering gender-equitable education;
6. (for paraprofessionals) working toward certification as professional educators.

The compact must:

D. to the extent feasible and appropriate, coordination and integration of parent involvement programs and activities with other Federal, State and local programs (including public preschool programs), and conducting other activities that encourage and support parents more fully participating in the education of their children (e.g., parent resource centers);

E. providing information related to academy and parent programs, meetings, and other activities to parents of participating children in a format, and, to the extent practicable, in a language the parents can understand;

F. providing such reasonable support for parent involvement activities as parents may request.

H. whether the school was identified for comprehensive support and improvement or targeted support and improvement, and the reason(s) for such identification.
The overview section must include disaggregated data for specific student subgroups as required by the United States Department of Education (e.g., each major racial and ethnic group; children with disabilities; English learners; and economically disadvantaged students).

Report cards must include student achievement data overall and by grade, including the percentage of students at each level of achievement as determined by the State for all students and disaggregated by each major racial and ethnic group, gender, disability status, migrant status, English proficiency status, status as economically disadvantaged, status as a homeless student/youth, status as a child in foster care, and status as a student with a parent who is a member of the Armed Forces on active duty (which includes full-time National Guard duty). Data for these subgroups must be included in the detail section of report cards if it is not included in the overview section.

The details section of the School report card must include the remaining information required in the statute and applicable regulations. An Academy need not include information in the detail section of the report if it includes such information in the overview section. The annual report detail section must include, if appropriate:

A. student achievement data (i.e., the number and percentage of students at each level of achievement on the State mathematics, reading/language arts, and science assessments), including how achievement in the Academy compares to State as a whole and, for each school in the Academy, how that school compares to the Academy and the State as a whole;

B. percentages of students assessed and not assessed in each subject (i.e. participation rates on required assessments);

D. as applicable, number and percentage of recently arrived English learners exempted from one administration of the reading/language arts assessments or whose results are excluded from certain State indicators;

E. high school graduation rates, including the four (4) year adjusted cohort, and the extended-year adjusted cohort;

I. level of performance on each indicator included in State accountability system including, as applicable, results on each individual measure within each indicator not already included in the school overview section;

J. information on educator qualifications;
K. information on per-pupil expenditures (i.e., actual personnel and actual non-
personnel; for the Academy as a whole and each school);

[Note: The Academy and school report cards must include per-pupil expenditures of Federal, and State/local funds, disaggregated by source of funds; Academy expenditures not allocated to public schools; and the web address to the procedures for calculation.]

L. State performance on the National Assessment of Educational Progress (NAEP) – math and reading, grades 4 and 8;

M. description and Results of State accountability system (the Academy may provide the web address or URL of, or a direct link to, a State plan or other location on the Michigan Department of Education’s web site to meet this requirement);

N. additional information best-suited to convey the progress of each school;

[Note: School report cards must include the following NAEP data: 1) the percentage of students at each NAEP achievement level (below basic, basic, proficient, and advanced) in the aggregate; 2) participation rate for students with disabilities; and 3) participation rate for English learners.]

O. other information as required by the State Department of Education.

When presenting data on a report card, the Academy shall protect the privacy of individuals and the privacy of personally identifiable information contained in students’ education records in accordance with the Family Educational Rights and Privacy Act (FERPA) and R.C. Section 3319.321.

The Academy’s annual report card information must be made publicly available through such means as posting on the Academy’s web site and distribution to local media and public agencies. [Note: If the Academy does not operate a web site, the Academy must make report available to the public in another manner determined by the Board.]

The Board will provide the school level overview directly to all parents in each school served by the Academy annually. [Note: The Academy may send the report card overview to the parents of students enrolled in each school in the Academy directly through the U.S. mail, via email, or through other means such as sending the report card overview home to parents in the child’s backpack or distribute the report card during parent-teacher conferences.]

The data from the local report card is to be used by each of the schools and the Academy as a whole in revising and upgrading school and Academy improvement plans.

Introduction

The Board of Directors of the Outlook Strict Discipline Academy (hereinafter referred to as “the Board” or “the Academy”) does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Board is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

The Board prohibits Sexual Harassment that occurs within its education programs and activities. When the Academy has actual knowledge of Sexual Harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, the Board is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible for violating this policy. Board employees, students, third-party vendors and contractors, guests, and other members of the Academy community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the Academy’s education programs and activities.

Coverage

This policy applies to Sexual Harassment that occurs within the Academy’s education programs and activities and that is committed by a member of the Academy community or a Third Party.

This policy does not apply to Sexual Harassment that occurs off school grounds, in a private setting, and outside the scope of the Academy’s education programs and activities; such Sexual Misconduct/Sexual Activity may be prohibited by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws and/or Employee/Administrator Handbook(s) if committed by a Board employee.

Consistent with the U.S. Department of Education’s implementing regulations for Title IX, this policy does not apply to Sexual Harassment that occurs outside the geographic boundaries of the United States, even if the Sexual Harassment occurs in the Academy’s education programs or activities. Sexual Harassment that occurs outside the geographic boundaries of the United States is governed by the Student Code of Conduct if committed by a student, or by Board policies and
administrative guidelines, applicable State and/or Federal laws and/or Employee/Administrator Handbook(s) if committed by a Board employee.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Sexual Harassment: “Sexual Harassment” means conduct on the basis of sex that satisfies one or more of the following:

A. A Board employee conditioning the provision of an aid, benefit, or service of the Academy on an individual’s participation in unwelcome sexual conduct (often called “quid pro quo” harassment);

B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the Academy’s education program or activity; or

“Sexual assault” means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent, and the “nonforcible” sex offenses of Incest and Statutory Rape. Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape.

1. Rape is the carnal knowledge of a person (i.e., penetration, no matter how slight, of the genita or anal opening of a person), without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. (Effective upon retirement the Summary Reporting System, which is scheduled for January 2021)

2. Sodomy is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.

3. Sexual Assault with an Object is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. An “object” or “instrument” is anything used by the offender other than the offender’s genitalia.

4. Fondling is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
5. **Incest** is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by State law.

6. **Statutory Rape** is sexual intercourse with a person who is under the statutory age of consent as defined by State law.

7. **Consent** refers to words or actions that a reasonable person would understand as agreement to engage in the sexual conduct at issue. A person may be incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. A person who is incapacitated is not capable of giving consent.

8. **Incapacitated** refers to the state where a person does not understand and/or appreciate the nature or fact of sexual activity due to the effect of drugs or alcohol consumption, medical condition, disability, or due to a state of unconsciousness or sleep.

D. “Domestic violence” includes felony or misdemeanor crimes of violence committed by:

1. a current or former spouse or intimate partner of the victim;
2. a person with whom the victim shares a child in common;
3. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
4. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime occurred; or
5. any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.

E. “Dating violence” means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

F. “Stalking” means engaging in a course of conduct directed at a specific person that would cause a reasonable person to – (1) fear for the person’s safety or the safety of others; or (2) suffer substantial emotional distress.

Complainant: “Complainant” means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent: “Respondent” means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint: “Formal Complaint” means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the Academy investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the Academy, a Complainant must be participating in or attempting to participate in the Academy’s education program or activity. A “document filed by a complainant” means a
document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant’s physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: “Actual knowledge” means notice of Sexual Harassment or allegations of Sexual Harassment to the Academy’s Title IX Coordinator, or any Academy official who has authority to institute corrective measures on behalf of the Board, or any Board employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the Academy. “Notice” includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only Academy official with actual knowledge is the Respondent.

Supportive Measures: “Supportive measures” means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the Academy’s education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the Academy’s educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations), leaves of absence, increased security and monitoring of certain areas of the campus (including academy buildings and facilities), and other similar measures.

Education Program or Activity: “Education program or activity” refers to all operations of the Academy, including but not limited to in-person and online educational instruction, employment, extracurricular activities, athletics, performances, and community engagement and outreach programs. The term applies to all activity that occurs on academy grounds or on other property owned or occupied by the Board. It also includes locations, events and circumstances that take place off-academy property/grounds over which the Board exercises substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

Academy community: “Academy community” refers to students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: “Third Parties” include, but are not limited to, guests and/or visitors on Academy property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the Academy community at academy-related events/activities (whether on or off Academy property).

Inculpatory Evidence: “Inculpatory evidence” is evidence that tends to establish a Respondent’s responsibility for alleged Sexual Harassment.

Exculpatory Evidence: “Exculpatory evidence” is evidence that tends to clear or excuse a Respondent from allegations of Sexual Harassment.
Day(s): Unless expressly stated otherwise, the term “day” or “days” as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Eligible Student: “Eligible Student” means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

Title IX Coordinator(s)

The Board of Directors designates and authorizes the following individual(s) to oversee and coordinate its efforts to comply with Title IX and its implementing regulations:

The Title IX Coordinator shall report directly to the School Leader. Questions about this policy should be directed to the Title IX Coordinator.

The School Leader shall notify applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements with the Board of the following information:

The Board of Directors of the Outlook Strict Discipline Academy does not discriminate on the basis of sex in its education program or activity, and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment.

The Academy’s Title IX Coordinator(s) is/are:

Connie Brenner       Frank Videmos
Business Manager       Social Worker
(269) 512-7000      (269) 512-7880
310 Thomas Street       310 Thomas Street
Allegan, MI 49010      Allegan, MI 49010

Any inquiries about the application of Title IX and its implementing regulations to the Academy may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education’s Office for Civil Rights, or both.

The Board has adopted a grievance process that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: https://www.alleganaesa.org/outlook. The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the Academy will respond.

The School Leader shall also prominently display the Title IX Coordinator’s(s’) contact information – including name(s) and/or title(s), phone number(s), office address(es), and e-mail address(es)
– and this policy on the Academy’s website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements.

**Grievance Process**

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The Academy’s response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant or Respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the Academy’s education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

**Report of Sexual Discrimination/Harassment**

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator’s(s’) contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person’s oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s).

Students, Board members, and Board employees are required, and other members of the Academy community, and Third Parties) are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Board employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the School Leader, or another Board employee who, in turn, will notify the School Leader of the report. The School Leader will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

The Board does business with various vendors, contractors, and other third-parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or third-party Respondent may have under this policy, the Board retains the right to limit any vendor’s, contractor’s, or third-party’s access to school grounds for any reason. The Board further
retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a Formal Complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education’s Office for Civil Rights at any time.

Any allegations of Sexual Misconduct/Sexual Activity not involving Sexual Harassment will be addressed through the procedures outlined in Board policies the applicable Student Code of Conduct, applicable collective bargaining agreement, and/or Employee/Administrator Handbook.

Because the Board is considered to have actual knowledge of Sexual Harassment or allegations of Sexual Harassment if any Board employee has such knowledge, and because the Board must take specific actions when it has notice of Sexual Harassment or allegations of Sexual Harassment, a Board employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or Sexual Harassment must notify the/a Title IX Coordinator within two (2) days of learning the information or receiving the report. The Board employee must also comply with mandatory reporting responsibilities pursuant to M.C.L. 722.623 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Board employee’s knowledge is based on another individual bringing the information to the Board employee’s attention and the reporting individual submitted a written complaint to the Board employee, the Board employee must provide the written complaint to the Title IX Coordinator.

If a Board employee fails to report an incident of Sexual Harassment of which the Board employee is aware, the Board employee may be subject to disciplinary action, up to and including termination.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly (i.e., within two (2) days of the Title IX Coordinator’s receipt of the report of Sexual Harassment) contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant’s wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the Academy to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the Academy may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the Academy determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students and Policy 5611 – Due Process Rights.

If the Respondent is a non-student employee, the Academy may place the Respondent on administrative leave during the pendency of the grievance process.
For all other Respondents, including other members of the Academy community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its academy grounds and other properties at any time and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

**Formal Complaint of Sexual Harassment**

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the School Leader, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the Academy will follow its Grievance Process, as set forth herein. Specifically, the Academy will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or submitting a false Formal Complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

**Timeline**

The Academy will seek to conclude the grievance process, including resolving any appeals, within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

A. Notice of the Board’s grievance process, including any informal resolution processes;

B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice
must:

1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;

2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.

3. inform the parties of any provision in the Student Code of Conduct, this policy, that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The Academy shall investigate the allegations in a Formal Complaint, unless the conduct alleged in the Formal Complaint:

A. would not constitute Sexual Harassment (as defined in this policy) even if proved;

B. did not occur in the Academy's education program or activity; or

C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator shall dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the Academy may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator may dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;

B. the Respondent is no longer enrolled in the Academy or employed by the Board; or

C. specific circumstances prevent the Academy from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints
The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one Complainant or more than one Respondent, references in this policy to the singular “party,” “Complainant,” or “Respondent” include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

A. the allegations;

B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and

C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur have stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations that a Board employee sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment
In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the Academy, not the parties.

In making the determination of responsibility, the decision-maker(s) is(are) directed to use the clear and convincing evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The Academy is not permitted to access, consider, disclose, or otherwise use a party’s records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional’s or paraprofessional’s capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the Academy with voluntary, written consent to do so; if a student party is not an Eligible Student, the Academy must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and

B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The Academy may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The Academy will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate. The investigator(s) and decision-maker(s) must provide a minimum of three (3) days’ notice with respect to investigative interviews and other meetings and one (1) days’ notice with respect to hearings.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the Academy does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the investigator will send to each party and the party’s advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.
At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party’s advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

**Determination of Responsibility**

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Questions and evidence about the Complainant’s sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant’s prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant’s prior sexual behavior with respect to the Respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

**Determination regarding responsibility:** The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the clear and convincing evidence standard.

The written determination will include the following content:

A. identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;

B. a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence;

C. findings of fact supporting the determination;

D. Conclusions regarding the application of the applicable code of conduct to the facts;

E. a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the Academy impose on the Respondent(s), and whether remedies designed to restore or preserve equal access to the Academy’s education program or activity should be provided by the Academy to the Complainant(s); and

F. the procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.
The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. Informal Discipline
   1. in-school discipline;

B. Formal Discipline
   1. suspension of bus riding/transportation privileges;
   2. removal from co-curricular and/or extra-curricular activity(ies), including athletics;
   3. emergency removal;
   4. suspension for up to ten (10) school days;
   5. long-term suspension or expulsion;
   6. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the School Leader of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Emergency Removal, Suspension, and Expulsion of Students, Policy 5610.02 - In-School Discipline, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

The following disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. oral or written warning;
B. written reprimands;
C. performance improvement plan;
D. required training or education;
E. demotion;
F. suspension with pay;
G. suspension without pay;
H. termination, and any other sanction authorized by any applicable Employee/Administrator Handbook.
If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the School Leader of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual.

Discipline of an employee will be implemented in accordance with Federal and State law, Board policy, and applicable provisions of any relevant collective bargaining agreement.

The following disciplinary sanctions/consequences may be imposed on a non-student/non-employee member of the Academy community or Third Party who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. oral or written warning;
B. suspension or termination/cancellation of the Board’s contract with the third-party vendor or contractor;
C. restriction/prohibition on the third-party’s ability to be on academy property; and
D. any combination of the same.

If the decision-maker(s) determines the third-party Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies. The Title IX Coordinator will notify the School Leader of the recommended remedies, so appropriate action can be taken.

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the School Leader will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The Academy’s resolution of a Formal Complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process, the School Leader may involve local law enforcement and/or file criminal charges related to allegations of Sexual Harassment that involve a sexual assault.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator’s dismissal of a Formal Complaint or any allegations therein, on the following bases:

A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator’s dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within five (5) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator’s dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the School Leader from implementing appropriate remedies, however, excluding disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome. The decision-maker(s) for the appeal shall determine when each party’s written statement is due.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-makers(s’) determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within sixty (60) days of when the parties’ written statements were submitted.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations,
or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation, is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The Academy will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the Academy’s obligation to maintain confidentiality shall not impair or otherwise affect the Complainant’s and Respondent’s receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment.

Training

The Academy’s Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

A. the definition of Sexual Harassment (as that term is used in this policy);

B. the scope of the Academy’s education program or activity;

C. how to conduct an investigation and implement the grievance process, appeals and informal resolution processes, as applicable; and

D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

All Board employees will be trained concerning their legal obligation to report Sexual Harassment to the Title IX Coordinator. This training will include practical information about how to identify and report Sexual Harassment.
Recordkeeping

As part of its response to alleged violations of this policy, the Academy shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or Formal Complaint of Sexual Harassment. In each instance, the Academy shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the Academy’s education program or activity. If the Academy does not provide a Complainant with supportive measures, then the Academy will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the Academy in the future from providing additional explanations or detailing additional measures taken.

The Academy shall maintain for a period of seven (7) calendar years the following records:

A. each Sexual Harassment investigation including any determination regarding responsibility, any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or preserve equal access to the Academy’s education program or activity

B. any appeal and the result therefrom

C. any informal resolution and the result therefrom, and

D. all materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.

The Academy will make its training materials publicly available on its website.

Outside Appointments, Dual Appointments, and Delegations

The Board retains discretion to appoint suitably qualified persons who are not Board employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains discretion to appoint two or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The School Leader may delegate functions assigned to a specific Board employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation may be rescinded by the School Leader at any time.

RELIGION IN THE CURRICULUM

Reference: U.S. Constitutional Amendment 1
           M.C.L. 380.1187

Based on the First Amendment protection against the establishment of religion in the schools, no Board employee will promote religion in the classroom or in the Academy's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum may be developed to include instruction about the religions of the world, as appropriate to the various ages and attainment of the students.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the Academy frequently contain religious references or concern moral issues traditionally the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use by the Academy. The Board directs that such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the Academy's students, not for its conformity to religious principles. Students should receive unbiased instruction in the Academy, so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets.

Accordingly, no student shall be exempted from attendance in a required course of study on the grounds that the instruction therein interferes with the free exercise of his/her religion. However, if after careful, personal review of the program's lessons and/or materials, a parent/guardian indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from particular class periods for specified reasons. The student will be provided with alternate learning activities during the times of such parent/guardian requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

The Board acknowledges that it may not adopt any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when students are free to associate.

POSTSECONDARY (DUAL) ENROLLMENT OPTION PROGRAM

Reference: MCL 380.1279g, 380.1473, 380.1481, 388.1621(b), 388.513, 388.513a, 388.514, 388.1930a

The Board of Directors recognizes the value to students and to the Academy for students to participate in courses offered by accredited and degree-granting colleges and universities. Eligible postsecondary institutions shall include state universities, community colleges, and independent nonprofit degree-granting colleges or universities located in Michigan and that choose to comply with the Postsecondary Enrollment Options Act and out-of-state colleges satisfying the requirements of M.C.L. 388.513 that choose to comply with the Postsecondary Enrollment Options Act.

The Board will allow eligible high school students who meet the criteria established in guidelines/procedures to enroll in eligible postsecondary courses while in attendance at the Academy. The School Leader shall allow a student, upon written request of his/her parent to take approved readiness assessment(s) in order to establish eligibility for postsecondary enrollment. Any tests are to be administered free of charge in accordance with the Academy’s testing schedule. Students will be eligible to receive appropriate credit for completing any of these courses providing they meet all requirements for the type of credit they wish to earn.

The School Leader shall establish the necessary administrative procedures to ensure that such courses are in accord with State law and are properly communicated to both the students and their parents. The School Leader shall also establish procedures/guidelines for the awarding of credit and the proper entry on a student's transcript and other records of his/her participation in a postsecondary program.

Upon receipt of a bill from the postsecondary institution itemizing the charges for a student's participation in a particular course, the Academy shall either pay the bill or the prorated percentage of the State portion of the foundation allowance for that student, whichever is lower. If charges exceed such payment, the student and his/her parents are responsible for the remaining charges.

If a student participating in the postsecondary (dual) enrollment program fails to successfully complete an eligible course, the student and his/her parents are responsible for reimbursing the Academy for such charges incurred by the Academy for such enrollment. In the event reimbursement is not made in a reasonable period of time, the School Leader is authorized to file claim against the student and/or his/her parents in Small Claims Court for collection.

The School Leader is to submit annually to the Board the following information:

A. the amount of money paid to postsecondary institutions for this program

B. the number of students in the high school and the number who participated in at least one (1) postsecondary program and received payment for all or part of the eligible charges under this program both in the aggregate and by grade level

C. the percentage of the Academy’s enrollment represented by eligible students both in the aggregate and by grade level
D. the total number of postsecondary courses for which the Academy made payment, the number of courses for which postsecondary credit was granted, the number of courses for which high school credit was granted, and the number of courses that were not completed by eligible students

PHYSICAL EDUCATION

Ref: Michigan State Board of Education Policy on Quality Physical Education

The Board recognizes the value of physical education to the maintenance of the health and vitality of all students, as well as to the development of life-long habits that will enhance personal fitness and wellness. Quality physical education programs positively impact students' physical, social, and mental health. It is the unique role of quality physical education programs to provide opportunities for children to understand the importance of physical activity and to acquire skills to combat a sedentary lifestyle.

Curriculum

The Academy's physical education program shall:

A. have a curriculum aligned with the Michigan’s required standards for physical education;
B. equip students with the knowledge, skills, and attitudes necessary for lifelong physical activity;
C. influence personal and social skill development.

Instruction and Assessment

The Academy's physical education program shall:

A. be taught by a certified physical education teacher trained in best practice physical education methods;
B. align curriculum, instruction, and assessment;
C. engage students in curriculum choices that prepare them for a wide variety of lifetime activities;
D. involve all students in purposeful activity for a majority of the class period;
E. build students’ confidence and competence in physical abilities;
F. include students of all abilities.

Opportunity to Learn

The Academy's physical education program shall:

A. offer instructional periods totaling 150 minutes per week (elementary) and 225 minutes per week (middle and high school);
B. maintain a teacher to student ratio consistent with those of other subject areas and/or classrooms;
C. provide facilities to implement the curriculum for the number of students served;

D. provide sufficient functional equipment for each student to actively participate;

E. build students’ confidence and competence in physical abilities;

F. include students of all abilities.

The Academy shall provide daily opportunities for unstructured physical activity, commonly referred to as recess, for all students in Pre-K through grade six. Recess should be in addition to physical education class time and not be a substitute for physical education. Each school shall provide proper equipment and a safe area designated for supervised recess in the elementary setting. School staff should not withhold participation in recess from students or cancel recess to make up for missed instructional time. Schools should provide opportunities for some type of physical activity for students in grades seven through twelve apart from physical education class and organized sports.

Provision shall be made at all levels to excuse individual students from specific activities if direction to do so is received, in writing, from the student's physician.

Students may be excused from specific activities if those activities are contrary to their religious beliefs. A request to excuse a student from such activities must be received in writing from the student's parent or from the eligible student.

HOMEWORK

The Board acknowledges the educational validity of assignments outside the classroom as adjuncts to and extensions of the instructional program of the Academy.

"Homework" shall refer to those assignments to be prepared outside of the classroom by the student or independently while in attendance at the Academy.

The School Leader (employed by the Board) shall develop Administrative Procedures for the assignment of homework to meet the following criteria:

A. Homework should be a properly planned part of the curriculum to extend and reinforce the learning experiences of the Academy.

B. Homework should help students learn by providing practice in the mastery of skills, experience in data gathering, integration of knowledge, and opportunity to remediate learning problems.

C. Homework should help develop the student's sense of responsibility by providing an opportunity for the exercise of independent work and judgment.

D. The number, frequency, and degree of difficulty of homework assignments should be based on the ability and needs of the student and should take into account other activities, which make a legitimate claim on the student's time.

E. As a valid educational tool, homework should be assigned with clear direction and its product carefully evaluated.

F. The Academy should recognize the role of parents by suggesting ways in which parents can assist the Academy in helping a student carry out assigned responsibilities.

G. Homework should always serve a valid learning purpose; it should never be used as a punitive measure.

FIELD AND OTHER ACADEMY-SPONSORED TRIPS

Reference: MCL 380.502, 380.503

The Board of Directors recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the Academy. Properly planned and executed field trips should accomplish the following:

A. supplement and enrich classroom procedures by providing learning experiences in an environment outside the classroom;

B. arouse new interests among students;

C. help students relate classroom experiences to the reality of the world outside of school;

D. bring the resources of the community - natural, artistic, industrial, commercial, governmental, and educational - within the student's learning experience;

E. afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from the Academy premises that is under the supervision of a staff member and is an integral part of a course of study. Other Academy-sponsored trips shall be defined as any planned, student travel activity that is approved as part of the Academy's total educational program.

The Board shall approve those field trips and other Academy-sponsored trips which take students more than 200 miles from the Academy.

All other trips must be approved by the School Leader (employed by the Board).

The Board shall assume the costs of field trips; no regularly enrolled student shall be charged a fee for participation in field trips. Students may be charged fees, however, for other Academy-sponsored trips not part of a course of study.

Students may be charged fees for Academy-sponsored trips, but no student shall be denied participation for financial inability. Nonparticipation shall not be penalized academically.

Students on all Academy-sponsored trips remain under the supervision of this Board and are subject to the Administrative Procedures.

The Board does not endorse, support, or assume liability in any way for any staff member, volunteer, or parent/guardian of the Academy who takes students on trips not approved by the Board or the School Leader (employed by the Board). No staff member may solicit students of the Academy for such trips within the facilities or on the school grounds of the Academy without permission from the School Leader. Permission to solicit neither grants nor implies approval of the trip. Such approval must be obtained in accordance with the Administrative Procedures for Extended Trips.
The School Leader (employed by the Board) shall prepare Administrative Procedures for the operation of both field and other Academy-sponsored trips, including athletic trips, which shall ensure the following:

A. the safety and well-being of students is secure;

B. parental permission is sought and obtained before any student leaves the Academy on a trip;

C. each trip is properly planned and, if a field trip, is integrated with the curriculum, evaluated, and followed up by appropriate activities to enhance its usefulness;

D. the effectiveness of field trip activities is judged in terms of demonstrated learning outcomes;

E. each trip is properly monitored;

F. student behavior while on all field trips complies with the Student Code of Conduct and on all other trips complies with an approved code of conduct for the trip;

G. a copy of each student's Emergency Medical Authorization Form is in the possession of the staff member in charge.

A professional staff member shall not change a planned itinerary while the trip is in progress, except where the health, safety, or welfare of the students in his/her charge is imperiled or where changes or substitutions beyond his/her control have frustrated the purpose of the trip.

In any instance in which the itinerary of a trip is altered, the professional staff member in charge shall notify the administrative superior immediately.

EDUCATIONAL OPTIONS

Reference: MCL 388.1621(b)

The Board recognizes the need to provide alternative means by which students achieve the goals of the Academy.

An optional plan to meet the recognized educational needs of a student shall be approved by the School Leader (employed by the Board). The School Leader (employed by the Board) shall prepare a plan of educational options for use in meeting special needs.

Such options may include, but not be limited to, tutorial programs, independent study, correspondence courses, educational travel, mentorship programs, summer school, early college entrance, etc.

Credit may be granted to the student upon complete evaluation of the program.

The credit shall be placed on the student's transcript. The amount of credit counting toward graduation shall comply with the Academy graduation requirements.

The School Leader (employed by the Board) shall establish Administrative Procedures whereby each educational option is properly analyzed, planned, and implemented and complies with all applicable requirements of the State.

ON-LINE/BLENDED LEARNING PROGRAM

Reference: M.C.L. 388.1621
Michigan Department of Education Guidance on Best Practices as Defined in M.C.L. 388.1622f

The Academy shall provide eligible students the option of participating in on-line or blended learning courses. The purpose of the program is to make instruction available to eligible students using on-line and distance education technology in both traditional and nontraditional classroom settings. The Academy must make all eligible students and their parents or guardians aware of this program.

A. Definitions

1. On-Line Learning- Means a course of study that is capable of generating a credit or a grade, that is provided in an interactive internet-connected learning environment, in which students and their teachers are separated by time or location, or both, and in which the teacher is responsible for determining appropriate instructional methods for each student, diagnosing learning needs, assessing student learning, prescribing intervention strategies, reporting outcomes, and evaluating the effects of instruction and support strategies.

2. Blended Learning- A hybrid instructional delivery model where students are provided content, instruction, and assessment in part at the classroom, with a teacher, and in part through internet-connected learning environments with some degree of student control over time, location, and pace of instruction.

B. Program Eligibility

The Academy shall offer a program for students in Grades 6-12.

C. Student Eligibility

1. Students eligible for the Academy on-line/blended learning program must meet at least one of the following conditions:

   a. The student has spent the prior school year in attendance at a public school in this State and was enrolled and reported by a public school district.

   b. The student is a dependent child of a member of the United States Armed Forces who was transferred within the last twelve (12) months to Michigan from another state or foreign country pursuant to the parent's permanent change of station orders.

2. Only students enrolled in grades 6 to 12 are eligible to enroll in an On-Line Learning course. Students in grades K-5 are only eligible to participate in Blended Learning Courses.
D. Course Availability and Access

1. The Academy shall provide access to enroll and participate in the available courses and shall award credit, as may be appropriate, for successful completion. Access shall be available to eligible students during or after the school day and during summer school enrollment. The Academy will provide at least one of the following:
   a. On-Line Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-D.
   b. Virtual Learning, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.
   c. Independent Study, pursuant to the requirements set forth in Pupil Accounting Manual 5-O-A.

2. The Academy shall enroll an eligible student in up to two (2) on-line courses as requested by the student during an academic term, semester, or trimester. Consent from the student’s parent or legal guardian must be obtained for students under the age of eighteen (18).

3. The Academy will provide two or fewer courses per semester in Grades K-5 and one or more courses per semester in Grades 6-12. If students are taking more than two courses per semester, the guidance found in the Pupil Accounting Manual 5-O-B shall be followed and seat time waivers obtained.

4. An eligible student may enroll in an on-line course published in the Academy on-line course syllabus, as described in section 8 below, or the statewide catalog of on-line courses maintained by the Michigan virtual university.

5. The Academy may deny a student enrollment in an on-line course if any of the following apply, as determined by the Academy:
   a. The student has previously gained the credits provided from the completion of the on-line course.
   b. The on-line course is not capable of generating academic credit.
   c. The on-line course is inconsistent with the remaining graduation requirements or career interests of the student.
   d. The student does not possess the prerequisite knowledge and skills to be successful in the on-line course or has demonstrated failure in previous on-line coursework in the same subject.
   e. The on-line course is of insufficient quality or rigor. If the Academy denies a student enrollment for this reason, the Academy shall make a reasonable effort to assist the
student to find an alternative course in the same or a similar subject that is of acceptable rigor and quality.

f. If a student is denied enrollment in an on-line course by the Academy, the student may appeal the denial by submitting a letter to the Board of Directors. The appeal must include the reason provided by the Academy for not enrolling the student and the reason why the student is claiming that the enrollment should be approved.

The Board of Directors shall respond to the appeal within five (5) days after it is received. If the Board of Directors determines that the denial of enrollment does not meet one (1) or more of the reasons specified in subsection 4(E)i.-vi., the Academy shall allow the student to enroll in the on-line course.

g. An on-line learning student shall have the same rights and access to technology in his or her Academy’s facilities as all other students enrolled in that Academy.

h. If a student successfully completes an on-line course, as determined by the Academy, the Academy shall grant appropriate academic credit for completion of the course and shall count that credit toward completion of graduation and subject area requirements. A student’s school record and transcript shall identify the on-line course title as it appears in the on-line course syllabus.

i. The enrollment of a student in one (1) or more on-line courses shall not result in a student being counted as more than 1.0 full-time equivalent students under this act.

E. Nonresident Applications

1. The Academy shall determine whether or not it has capacity to accept applications for enrollment from nonresident applications in on-line courses and may use that limit as the reason for refusal to enroll an applicant.

2. If the number of nonresident applicants eligible for acceptance in an on-line course does not exceed the capacity of the Academy to provide the on-line course, the Academy shall accept for enrollment all of the nonresident applicants eligible for acceptance.

3. If the number of nonresident applicants exceeds the Academy’s capacity to provide the on-line course, the Academy shall use a random draw system.

F. Requirements Specific to On-Line Learning Courses

No person shall dispense or otherwise distribute in an Academy or on Academy property a family planning drug or device. Additionally, any academy official, member of the Board, or employee of the Board who is not the parent or the legal guardian of the student involved is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

F. emphasize critical knowledge and skills that students need in order to obtain, understand, and use basic health information and services in ways that enhance healthy living;

G. focus on behaviors that have the greatest effect on health, especially those related to nutrition; physical activity; violence and injury; alcohol and other drug use; tobacco use; and sexual behaviors that lead to HIV, sexually transmitted disease, or unintended pregnancy, emphasizing their short-term and long-term consequences;

H. build functional knowledge and skills, from year to year, that are developmentally appropriate; and

I. include accurate and up-to-date information, and be appropriate to students’ developmental levels, personal behaviors, and cultural backgrounds.

Assessment

Student work in health education courses shall be regularly assessed and graded using performance-based items that are aligned with the health education content standards.
Course grades shall be determined in the same manner as other subject areas, and shall be included in calculations of grade point average, class rank, and academic recognition programs.

**Collaborative Approach**

Collaborative and integrative approaches shall be used in the teaching of health education. The health education program is one component of a coordinated school health program and shall be coordinated with other school health initiatives.

Health topics shall be integrated into the instruction of other subjects with the assistance of school health education professionals, in order to complement the health education program.

The Academy will collaborate with community organizations to provide student learning opportunities in both the classroom and the community. Participation in community opportunities for service learning related to health and utilization of community resources as a part of classroom instruction shall be in accordance with policies of the Board and relevant to course objectives.

The Academy shall partner with parents/guardians and families, who are recognized as the first and primary health educators of their children, in order to provide consistent messages regarding health behavior. Health education programs shall be consistent with school and community standards that support positive parent/child communications and guidance.

Teachers shall have received quality professional development in health education through their pre-service preparation or through in-service training.

In order to teach health in secondary health courses, a teacher must have an endorsement in health or family and consumer sciences on their secondary level teaching certificate.

The Academy supports ongoing professional development activities specifically related to health education, including practice using strategies designed to positively influence students' health behaviors and attitudes.

The Board shall evaluate its policies and implementation of Academy efforts that promote health literacy and healthy behaviors among all students. The Academy shall utilize available funds effectively in providing health education services and shall work with local partners in pursuit of additional resources to provide comprehensive school health education programming, professional development, and classroom materials.

SEX EDUCATION

In accordance with Michigan statute, the Board of Directors authorizes instruction in sex education. Such instruction may include family planning, human sexuality, and the emotional, physical, psychological, hygienic, economic, and social aspects of family life. Instruction may also include the subjects of reproductive health and the recognition, prevention, and treatment of sexually transmitted disease.

The instruction described in this policy shall stress that abstinence from sex is a responsible and effective method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease and is a positive lifestyle for unmarried young people.

Such instruction shall be elective and not a requirement for graduation.

A student shall not be enrolled in a class in which the subjects of family planning or reproductive health are discussed unless the student's parent or guardian is notified in advance of the course and the content of the course, is given a prior opportunity to review the materials to be used in the course and is notified in advance of his or her right to have the student excused from the class. The Michigan Board of Education shall determine the form and content of the notice required in this policy.

Upon the written request of a student or the student's parent or legal guardian, the student shall be excused, without penalty or loss of academic credit, from attending a class described in this policy. If a parent or guardian submits a continuing written notice, the student will not be enrolled in a class described in this policy unless the parent or guardian submits a written authorization for that enrollment.

The Academy shall provide the instruction by teachers qualified to teach health education. The Board shall establish a sex education advisory board and shall determine terms of service for the sex education advisory board, the number of members to serve on the advisory board, and a membership selection process that reasonably reflects the Academy's population. The Board shall appoint two (2) co-chairs for the advisory board, at least one (1) of whom is a parent of a child attending an Academy. At least (one-half) 1/2 of the members of the sex education advisory board shall be parents who have a child attending an Academy, and a majority of these parent members shall be individuals who are not employed by an Academy. The sex education advisory board shall include students of the Academy, educators, local clergy, and community health professionals. Written or electronic notice of a sex education advisory board meeting shall be sent to each member at least two (2) weeks before the date of the meeting.

The sex education advisory board shall:

A. Establish program goals and objectives for student knowledge and skills that are likely to reduce the rates of sex, pregnancy, and sexually transmitted diseases. Additional program goals and objectives may be established by the sex education advisory board that are not contrary to Michigan law.

B. Review the materials and methods of instruction used and make recommendations to the Board for implementation. The advisory board shall take into consideration the Academy's needs, demographics, and trends,
including, but not limited to, teenage pregnancy rates, sexually transmitted disease rates, and incidents of student sexual violence and harassment.

C. At least once every two (2) years, evaluate, measure, and report the attainment of program goals and objectives established by the advisory board. The Board shall make the resulting report available to parents in the Academy.

Before adopting any revisions in the materials or methods used in instruction under this policy, including, but not limited to, revisions to provide for the teaching of abstinence from sex as a method of preventing unplanned or out-of-wedlock pregnancy and sexually transmitted disease, the Board shall hold at least two (2) public hearings on the proposed revisions. The hearings shall be held at least one (1) week apart and public notice of the hearings shall be given in the manner required for Board meetings. A public hearing held pursuant to this section may be held in conjunction with a public hearing held pursuant to M.C.L. 380.1169.

Each person who provides instruction to K to 12 students in accordance with this policy shall receive training based on Academy approved standards and in accordance with training requirements of the Michigan Department of Education (MDE) and the Michigan Department of Health and Human Services (MDHHS).

No person shall dispense or otherwise distribute in an Academy or on Academy property a family planning drug or device. Additionally, any academy official, member of the Board, or employee of the Board who is not the parent or legal guardian of the student involved is prohibited from referring a student for an abortion or assisting a student in obtaining an abortion.

For purposes of this policy, “family planning” means the use of a range of methods of fertility regulation to help individuals or couples avoid unplanned pregnancies; bring about wanted births; regulate the intervals between pregnancies; and plan the time at which births occur in relation to the age of parents. It may include the study of fetology. It may include marital and genetic information. Clinical abortion shall not be considered a method of family planning, nor shall abortion be taught as a method of reproductive health.

LEAST RESTRICTIVE ENVIRONMENT POSITION STATEMENT

Reference: IDEA, 20 USC 1400, et. seq.

It is the philosophy and position of the Board that the primary responsibility for the administration and delivery of special education programs and services should be within the Academy and at the Academy a student would regularly attend, whenever appropriate.

Further, the Board endorses a commitment to the provision of a continuum of special education programs and services to disabled students in cooperation with the Allegan Area Educational Service Agency Intermediate School District. Placement options shall follow a continuum of services model to ensure that each disabled person is provided a Free and Appropriate Public Education (FAPE) in the Least Restrictive Environment (LRE). To that end, every attempt will be made to first serve disabled students in the context of a regular education classroom. Other more restrictive environments such as: resource rooms, self-contained categorical classrooms, or settings outside of the Academy will be considered only after consideration has been given by the I.E.P. as to the feasibility of placement in the regular classroom.

STATE AID INCENTIVES

Reference: State School-Aid Act

The Board of Directors, in its efforts to provide a quality education for the students of this Academy, shall review annually the State School Aid Act to determine any programs or incentives that offer additional revenues.

The School Leader shall examine the requirements for each of the programs or incentives to determine which are feasible for this Academy and provide the Board with the necessary resolutions for those selected.

At Risk Funding

The State School Aid Act provides Section 31a funding for instructional and pupil support services who meet the at-risk identification characteristics specified in Section 31a(20).

At-risk characteristics include low achievement on State- or local-administered assessments in mathematics, English language arts, social studies or science; failure to meet proficiency standards in reading by the end of 3rd grade or career and college readiness for high school students at the end of 12th grade; a victim of child abuse or neglect; is a pregnant teenager or teenage parent; has a family history of school failure, incarceration or substance abuse; is economically disadvantaged; is an English learner (EL); is chronically absent as defined and reported to the Center for Educational Performance and Information (CEPI); is an immigrant who has immigrated within the immediately-preceding three (3) years; and in the absence of State or local assessment data, meets at least two or more identified risk factors.

Section 31a funds are limited to instructional services, and direct non-instructional services to pupils. They may not be used for administration or other related costs. The Academy shall implement multi-tiered systems of support, as required, in order to access such funding.

Annually, the School Leader shall allocate such funding to appropriate programs and services based on Academy priorities. Section 31a funds may be used to provide an anti-bullying or crisis intervention program.

Reference: MCL 380.1204a(1)

The Academy must prepare and publicly disseminate the P.A. 25 Annual Report no later than the beginning of each school year to all parents of all students. Required information for the Academy and each individual building includes the following:

**Assessment Data**

A. Aggregate student achievement at each proficiency level on state assessments.

B. Student achievement at each proficiency level disaggregated by race, ethnicity, gender, disability status, migrant status, English proficiency, and economic status. C. Percentage of students not tested, disaggregated by each group (if statistically sound).

D. Most recent 2-year trend in achievement for each subject area and grade level.

**Academy Programs**

A. Accreditation status. Public Act 25 (PA 25) requires schools to report on state accreditation status, accreditation by the North Central Association Commission on Accreditation and School Improvement, or another specialized accreditation authority approved by the US Department of Education (PA 25).

B. Academy pupil retention data, in addition to the data on graduation rate referenced earlier. (PA 25)

C. Number and percentage of pupils enrolled in post-secondary programs and/or college level equivalent courses, if the Academy has a high school (dual enrollment) (PA 25).

D. The status of the core curriculum and the School Improvement Plan (PA 25).

**Staff**

A. The professional qualifications of teachers, the percentage of teachers teaching with emergency or provisional credentials, and the percentage of classes not taught by highly qualified teachers (disaggregated by high-poverty compared to low-poverty schools).
B. The annual progress toward meeting state objectives for percentage of highly qualified teachers.

**Parents**

A. Information on parent-teacher conference attendance rates, a requirement of PA 25.

B. Dissemination of the Academy’s parent and family engagement policy.

The Academy may include additional data if it chooses.

CONFLICT OF INTEREST

Reference: 2 CFR 200.318

Staff members, whether employed by the Board or Educational Service Provider, shall perform their official duties in a manner free from conflict of interest.

A. To accomplish this, the Board has adopted procedures to assure that conflicts of interest do not occur. The following are not intended to be all inclusive or to substitute for good judgment on the part of all personnel:

1. No staff member shall engage in or have a financial interest, directly or indirectly, in any activity that conflicts or raises a reasonable question of conflict with his/her duties and responsibilities. When a staff member determines that the possibility of a personal interest conflict exists, s/he should disclose her/his interest to the Board or administration.

2. No staff member shall use his/her position to benefit either himself/herself or any other individual or agency apart from the total interest of the Academy.

3. If the pecuniary interest pertains to a proposed contract with the Academy, the following requirements must be met:

   The staff member shall disclose the direct pecuniary interest in the contract to the Board, with such disclosure made a part of the official Board minutes. If his/her direct pecuniary interest amounts to $250 or more, or five percent (5%) or more of the contract cost to the Academy, the staff member shall make the disclosure in one (1) of two (2) ways:

   a. In writing, to the Board president, at least seven (7) days prior to the meeting at which the vote on the contract will be taken. The disclosure shall be made public in the same manner as the Board's notices of its public meetings. (See Bylaw 0165.)

   b. By announcement, at a meeting, at least seven (7) days prior to the meeting at which a vote on the contract is to be taken. The staff member must use this method of disclosure if his/her pecuniary interest amounts to $5,000 or more.

4. Staff members shall not engage in business, private practice of their profession, the rendering of services, or the sale of goods of any type where advantage is taken of any professional relationship they may have with any student, client, or parents of such students or clients in the course of their employment.
Included, by way of illustration rather than limitation, are the following:

a. the provision of any private lessons or services for a fee;

b. the use, sale, or improper divulgence of any privileged information about a student or client gained in the course of the employment or through access to Academy records;

c. the referral of any student or client for lessons or services to any private business or professional practitioner, if there is any expectation of reciprocal referrals, sharing of fees, or other remuneration for such referrals;

d. the requirement of students or clients to purchase any private goods or services provided by a staff member or any business or professional practitioner with whom the staff member has a financial or other relationship, as a condition of receiving any grades, credits, promotions, approvals, or recommendations.

5. Staff members shall not make use of materials, equipment, or facilities of the Academy in private practice. Examples include using facilities before, during, or after regular business hours for service to private practice clients or checking out items from an instructional materials center for the purpose of private practice.

6. Staff members may not participate in the selection, award, or administration of a contract supported by a Federal grant/award if the staff member has a real or apparent conflict of interest. Such a conflict of interest would arise when the staff member, any member of his/her immediate family, his/her partner, or an organization which employs or is about to employ the staff member, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract.

7. Staff members may not solicit or accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts involved with Federal grant funds.

B. Staff members must disclose any potential conflict of interest which may lead to a violation of this policy to the Board. Upon discovery of any potential conflict of interest, the Board will disclose, in writing, the potential conflict of interest to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

The Academy will also disclose, in a timely manner, all violations of Federal criminal law involving fraud, bribery or gratuity that affect a Federal award to the appropriate Federal awarding agency or, if applicable, the pass-through entity.

C. Should exceptions to this policy be necessary to provide services to students or clients of the Academy, all such exceptions will be made known to the immediate supervisor and will be disclosed to the School Leader (employed by the Board) before entering into any private relationship.
D. Staff members found to be in violation of this conflict of interest policy will be subject to disciplinary action up to and including termination, as permitted by applicable Board policy.

The School Leader (employed by the Board) shall prepare Administrative Procedures to ensure all staff members are fully aware of the requirements of this policy.

Adopted 6/10/15
Revised 3/9/16; 8/10/16
BOARD-STAFF COMMUNICATIONS

The Board of Directors desires to maintain open channels of communication between itself and the staff. However, the basic line of communication will be through the School Leader.

Staff Communications to the Board

All communications from staff members to the Board or its committees shall be submitted through the School Leader. This procedure allows any staff member the right to appeal to the Board on important matters through established procedures or to present information directly to the Board when it appears that the School Leader has not adequately communicated the concern(s) to the Board.

Board Communications to Staff

All official communications, policies, and directives of the Board of interest and concern to the staff will be communicated through the School Leader. The School Leader shall also keep staff members fully informed of the Board's problems, concerns, and actions.

Social Interaction

Both staff and Board members share a keen interest in the Academy and in education generally. Naturally, when they meet at social affairs and other functions, staff and Board members will informally discuss such matters as educational trends, issues, and innovations, and general activities of the Academy. However, since individual Board members have no special authority (except when they are convened at a legal meeting of the Board or vested with special authority by Board action) and since staff (other than the School Leader) do not normally report directly to the Board, official business should not be discussed in such settings. Care should be taken by all staff in such settings to avoid discussions which would violate the privacy rights of students.

EMPLOYMENT OF TEACHERS AND ADMINISTRATORS

Reference: MCL 37.2101 et seq., 333.17901, 380.1229, 1230, 1230b, 1231, 1233, 380.1233b, 1237, 380.623

The Board recognizes it is vital to the successful operation of the Academy that the School Leader fill positions created by the Board with highly-qualified, competent personnel who meet all current state and federal certification, training, and education requirements.

The School Leader shall provide the Board with a list of the proposed staff that shows all current qualifications and licensing.

This section applies to teachers and administrators working at the Academy.

All staff are subject to a criminal history record check. See Policy 3121.

Neither the Board nor the Educational Service Provider may employ immediate family members of Board members to work in any capacity within the Academy.

If a Board member wishes to apply for a position within the Academy, her/his resignation must be accepted by the Board prior to submission of an application, and such employment shall conflict with the Academy's Charter.

A person employed as a School Leader or administrator must confirm that s/he has met, or is in the process of fulfilling, the appropriate educational or certification requirements established by the Revised School Code, Michigan Department of Education and applicable law.

Prior to hiring an applicant, the School Leader shall obtain from the applicant a signed Consent to Obtain Records (Form 3120-F2 or 3120-F4, as applicable) and shall obtain any records from the applicant's current or immediately-previous employer, including the applicant's personnel file (particularly any records relating to unprofessional conduct in which the applicant may have engaged). Any such records are to be reviewed prior to a recommendation for employment and may be disclosed to those individuals directly involved in evaluating the applicant's qualifications.

JOB SHARING

The Board recognizes the value to the Academy of obtaining the services of highly qualified staff members who may not be available on a full-time basis, but wish to offer their knowledge and skills part-time through a job-sharing process.

The Board may consider job-sharing requests. However, the Board retains the right to reject job-sharing requests.

Adopted 6/10/15
The Board of Directors recognizes the need to procure the services of substitutes to continue the operation of the Academy when regular personnel are absent. Substitutes shall be provided by the Board.

Substitute personnel are subject to a criminal history record check. See Policy 3121.

The Board shall employ substitutes, as required, to replace regular staff members temporarily absent and to fill new positions. Such assignment of substitutes may be terminated when their services are no longer required.

Substitute teachers must possess a valid Michigan professional certificate or a permit, if substitute teaching in a subject for which he/she is not certified, except under the following circumstances:

A. In grades 9-12, the School Leader may employ non-certificated, unendorsed substitutes to teach a course in computer science, foreign language, mathematics, biology, chemistry, engineering, physics, robotics, or any other course approved by the State Board, providing the substitutes meet all of the conditions established by state and federal law and regulation and by the Board.

B. The Board may also employ a substitute without a valid teaching certificate if the person has at least sixty (60) semester hours of college credit or an associate degree from a college or university or community college. The sixty (60) semester hours do not need to be from the same college, university or community college.

C. The Board may hire an individual, who does not hold a valid teaching certificate, to serve in a counseling or speech pathologist role, provided he/she meets all the requirements established by state and federal law and regulations. Policy 3120 and Policy 3121 shall apply, with respect to that individual, in the same manner required for employing a person with a teaching certificate.

D. The Board may employ noncertificated, substitutes to teach in an industrial technology education program or career and technical education program providing they meet all of the conditions established by law and by the Board.

The Board may enter into a contract with a person or entity (a partnership, nonprofit or Business Corporation, labor organization, limited liability company, or any other association, corporation, trust, or other legal entity) to furnish substitute teachers to the Academy, as necessary, to carry out the operations of the Academy. A contract entered into under this section shall include the following provisions:

A. Assurance that the person or entity will furnish the Academy with qualified teachers, in accordance with the Academy Code and any implementing rules and regulations as specified above.
B. Assurance that the person or entity will not furnish to the Academy any teacher who, if employed directly by the Academy, would be ineligible for employment by the district as a substitute teacher under the Academy Code.

C. A description of the level of compensation and fringe benefits to be provided for the employees of the person or entity who are to be assigned to the district as substitute teachers.

D. A description of the type and amounts of insurance coverage to be secured and maintained by the person or entity and the Academy.

E. Assurance that the person or entity, before assigning an individual to serve as a substitute teacher in the Academy, will comply with, and provide to, the Board the criminal history record information obtained under section 1230 and with the results of the criminal records check under section 1230a of the Academy Code.

The Board that contracts with a person or entity to furnish substitute teachers under this section may purchase liability insurance to indemnify and protect the Academy and the person or entity against losses or liabilities incurred by the Academy and person or entity arising out of any claim for personal injury or property damage caused by the Academy, its officers, personnel, or agents. The Academy may pay premiums for the insurance out of its operating funds.

EMPLOYMENT OF CASUAL RESOURCE PERSONNEL

The purpose of this policy is to allow the casual employment of personnel in a consulting capacity for administration, in service, or instruction.

In the general fund of the Board, money is appropriated annually for special services. This might include resource persons in specialized fields of education, who could offer consulting advice on the administration or instructional processes. The Board shall negotiate a reasonable payment with the resource person(s); however, the funds may not be expended without approval from the Board, based on the present need for the specific special services.

Specialists from industry, business, agriculture, or health occupation fields may be employed in a consulting capacity to assist with program planning, in-services, or directly in the instructional program. Staff members employed by the Board may be used as casual resource personnel, outside of their regular assignment, at the discretion of the Board.

The School Leader shall prepare Administrative Procedures to ensure proper implementation of this policy.

CRIMINAL HISTORY RECORD CHECK

Reference: MCL 380.1230, et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Board hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Board or with a third party vendor, management company, or similar contracting entity to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI"). Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work in the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the Board may contract on a provisional basis until the report is received. Any such provisional hire requires that:

A. the record check has been requested;
B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another school, public school academy or non-public school in the State, the Board may use a report received from the State Police by such school to confirm, that the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

1 Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.
Individuals working in multiple Schools/Academies or districts may authorize the release of a prior criminal history records check with another Academy or district in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school, Intermediate School District, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Board in lieu of submitting to a new criminal background check. If this method is used, the Board must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school, Intermediate School District, public school academy or non-public school within the State.

All CHRI received from the State Police or produced by the State Police and received by the Academy from another proper source, will be maintained pursuant to Policy 8321.

When the Board receives a report that shows an individual has been convicted of a listed offense under State statutes or any felony, the Board shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in MCL 28.722. The Board will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the Board provides written approval.

The Board must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Board with regard to such conviction. Such report shall be filed within sixty (60) days of receipt of the original report of the conviction.

All those employed by the Board, either directly or under contract to regularly and continuously work in the schools prior to January 1, 2006, must undergo a criminal history records check, regardless of whether they have previously had such a check prior to 2006. The School Leader shall determine a schedule that assures that all such required checks are completed prior to July 1, 2008. Alternatively, substitute teachers within this category may authorize release to the Board of a valid criminal history check conducted by another school after January 1, 2006.

The School Leader may confirm with the Department of Education from results it maintains that the current regular substitute teacher does not have a criminal history.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, the Board shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.
An applicant must provide, at the Board’s expense, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Any employee on staff must provide, at the Board’s expense, a set of fingerprints, prepared by an entity approved by the Michigan State Police, as part of his/her employment application or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have not been given access to CHRI by the School Leader or the Board. Violation of confidentiality is considered a misdemeanor punishable by a fine up to $10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Board employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a Freedom of Information Act request.

CHRI may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school, Intermediate School District, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

The School Leader shall develop Administrative Procedures to ensure full compliance with this policy.

CRIMINAL CONVICTION REVIEW

Reference: MCL 28.722, 380.1230 et seq., 308.1535a, 38.74

In an effort to maintain a safe environment for students, staff and visitors, the Board will review the criminal records of those individuals who apply to or work for the Board or are contracted to work on a regular and continuous basis in the Academy.

Individuals convicted of crimes listed in Section 2 of the Sex Offender Registry Act, MCL 28.722, shall not be allowed to work in the Academy.

Individuals convicted of a felony not listed in the Sex Offender Registry Act may not continue to work in the Academy, unless or until they have received written approval from the Board. Pending such approval employees shall be placed on administrative leave. Such leave shall be with pay.

Individuals convicted of a misdemeanor related to sexual abuse, child abuse or controlled substances shall require the written approval of the Board to continue employment.

All other criminal convictions shall require the written approval from the Board to obtain or maintain employment in the Academy.

Except for felony convictions, the Board shall determine whether the individual will be allowed to work pending review of the criminal convictions and a determination of whether the individual should be allowed to work in the Academy.

The Board shall suspend consideration of any applicant and shall determine whether an employee or person contracted to work in the Academy will be allowed to work while felony charges are pending against the individual.

In making the determination regarding whether to accept an applicant or allow an individual to continue working with pending felony charges or after a conviction, the Board will consider the following factors:

A. the nature of the offense does relate or is related to children, sex, drugs, or violence, etc.

B. how long ago did the incident occur

The COs are responsible for coordinating the Academy’s efforts to comply with applicable Federal and State laws and regulations, including the Academy’s duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II, of the Americans with Disabilities Act (as amended), Title VI and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, and Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination in Employment Act of 1975 is provided to staff members, and the general public. Any sections of the Academy’s collective bargaining agreements dealing with hiring, promotion, and tenure need to contain a statement of nondiscrimination similar to that in the Board's statement above. In addition, any gender-
specific terms should be eliminated from such contracts. A copy of each of the Acts and regulations on which this notice is based may be found in the CO’s office.

Reports and Complaints of Unlawful Discrimination and Retaliation

Employees are encouraged to promptly report incidents of unlawful discrimination and/or retaliation to an administrator, supervisor, or other Academy Official so that the Board may address the conduct. Any administrator, supervisor, or other Academy employee or official who receives such a complaint shall file it with the CO within two (2) school days.

Employees who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual’s employment. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept complaints of unlawful discrimination/retaliation directly from any member of the Academy community or a visitor to the Academy, or receive complaints that are initially filed with a school building administrator. Upon receipt of a complaint, either directly or through a school building administrator, a CO will begin either an informal or formal process (depending on the request of the person alleging the discrimination/retaliation or the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to any person who files a complaint. In the case of a formal complaint, the CO will prepare recommendations for the School Leader or oversee the preparation of such recommendations by a designee. All members of the Academy community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) business days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO or designee must contact the employee within two (2) business days to advise him/her of the Board’s intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure (See Form 3122 F2)

Any employee who believes that s/he has been subjected to unlawful discrimination or retaliation may seek resolution of his/her complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual’s claims and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).
The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights or Equal Employment Opportunity Commission (“EEOC”).

Informal Complaint Procedure

The goal of the informal complaint procedure is to quickly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for an employee who believes s/he has been unlawfully discriminated or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the parties (the alleged target of the discrimination/retaliation and individual(s) alleged to have engaged in the discrimination) agree to participate in it.

Employees who believe that they have been unlawfully discriminated/retaliated against may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving an Academy employee or any other adult member of the School District community against a student will be formally investigated.

As an initial course of action, if an individual feels that s/he is being unlawfully discriminated/retaliated against and s/he is able and feels safe doing so, the individual should tell or otherwise inform the person who engaged in the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The complaining individual should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. An individual who is uncomfortable or unwilling to inform the person who allegedly engaged in the unlawful misconduct of his/her concerns is not prohibited from otherwise filing an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination, such as sexual discrimination, the CO may advise against the use of the informal complaint process.

An individual who believes s/he has been unlawfully discriminated/retaliated against may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the School Leader or other Academy employee.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy’s informal complaint procedure is designed to provide employees who believe they are being unlawfully discriminated/retaliated against with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the individual claiming unlawful discrimination/retaliation, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the individual about how to communicate his/her concern to the person who allegedly engaged in the discriminatory/retaliatory behavior.

B. Distributing a copy of Policy 3122 – Non-Discrimination as a reminder to the individuals in the school building or office where the individual whose behavior is being questioned works.
C. If both parties agree, the CO may arrange and facilitate a meeting between the individual claiming discrimination/retaliation and the individual accused of engaging in the misconduct to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee will exercise his/her authority to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. Parties who are dissatisfied with the results of the informal complaint process may proceed to file a formal complaint. And, as stated above, parties may request that the informal process be terminated at any time to move to the formal complaint process.

**Formal Complaint Procedure**

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the individual elects to file a formal complaint initially, the formal complaint process shall be implemented.

An individual who believes s/he has been subjected to unlawful discrimination/retaliation (hereinafter referred to as the "Complainant"), may file a formal complaint, either orally or in writing, with a School Leader, the CO, School Leader, or other Academy employee. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) calendar days after the conduct occurs. If a Complainant informs a School Leader, or other Academy employee, either orally or in writing, about any complaint of discrimination or retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent it is available: the identity of the individual believed to have engaged in, or be engaging in; the discriminatory/retaliatory conduct; a detailed description of the facts upon which the complaint is based; a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the person who allegedly engaged in the misconduct. In making such a determination, the CO should consult the Complainant to assess his/her agreement to the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions s/he deem appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.
Simultaneously, the CO will inform the individual alleged to have engaged in the discriminatory or retaliatory conduct (hereinafter referred to as the "Respondent"), that a complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3122 Non Discrimination. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;
B. interviews with the Respondent;
C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or the designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provide recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Complainant has been subjected to unlawful discrimination/retaliation. The CO’s recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board’s legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the School Leader must either issue a final decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader’s final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

If the School Leader determines the Complainant was subjected to unlawful discrimination/retaliation, she/he must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation. A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of his/her receipt of the School Leader’s final decision. In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board’s disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.
The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. All Complainants proceeding through the formal investigation process will be advised that their identities may be disclosed to the Respondent(s).

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that s/he learns and/or provides during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or School Leader shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation, or participates as a witness in an investigation is prohibited. Specifically, the Board will not retaliate against, coerce, intimidate, threaten or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a charge, testified, assisted or participated in any manner in an investigation, proceeding, or hearing under those laws, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws.
Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader or designee shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board’s expectations to students and staff with respect to the subject of this policy (e.g., Student and/or Employee Handbooks or Codes of Conduct);

**Reports and Complaints of Unlawful Discrimination and Retaliation**

Employees are required to report incidents of unlawful discrimination and/or retaliation to an
administrator, supervisor, or other Academy official so that the Board may address the
conduct. Any administrator, supervisor, or other Academy official who receives such a report
shall file it with the CO within two (2) days.

Employees who believe they have been unlawfully discriminated/retaliated against are

are no time limits for initiating complaints under this policy, individuals should make every

The COs will be available during regular school/work hours to discuss concerns related to
unlawful discrimination/retaliation. COs shall accept reports of unlawful
discrimination/retaliation directly from any member of the Academy community or Third Party,
or received reports that are initially filed with another Board employee. Upon receipt of a
The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.
All complaints involving an Academy employee or any other adult member of the Academy community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the allegedly discriminatory/retaliatory conduct that it is inappropriate and must stop. The Complainant should address the alleged misconduct as soon after it occurs as possible. The COs are available to support and counsel the Complainant when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful discrimination (e.g., sex discrimination), the CO may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: (1) to a building administrator; (2) directly to one of the COs; and/or (3) to the School Leader or other Academy official.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Academy's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate his/her concerns to the Respondent.

B. Distributing a copy of Policy 3122—Non-Discrimination and Equal Employment Opportunity to the individuals in the school building or office where the Respondent works.

C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.
A Complainant may file a formal complaint, either orally or in writing, with a principal, the CO, School Leader, or other Academy official. Due to the sensitivity surrounding complaints of unlawful discrimination and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a principal, School Leader, or other Academy official, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO/designee within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 3122 - Non-Discrimination and Equal Employment Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the CO or a designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. Interviews with the Complainant;

B. Interviews with the Respondent;

C. Interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
D. Consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO/ designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful harassment/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board’s legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or the designee, the School Leader must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a final written decision as described above.

If the School Leader determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the School Leader must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of the party's receipt of the School Leader's decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the employee alleging the misconduct pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.
Privacy/Confidentiality

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to third parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against an employee, all subsequent sanctions imposed by the Board and/or School Leader shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effect.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.
Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;

H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;

I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;
J. documentation of any supportive measures offered and/or provided the Complainant and/or Respondent, including no contact orders issued to both parties, the dates the no contact orders were issued, and the dates the parties acknowledged receipt of the no contact orders;

K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;

L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board’s expectations to students and staff with respect to the subject of this policy (e.g., Student Codes of Conduct and/or Employee Handbooks);

M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;

N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) created or received as part of an investigation shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy’s records retention schedule.

Nondiscrimination Based on Genetic Information of the Employee

Reference: 29 C.F.R. Part 1635  
42 USC 2000ff et seq., The Genetic Information Nondiscrimination Act

The Board prohibits discrimination on the basis of genetic information in all aspects of employment, including hiring, firing, compensation, job assignments, promotions, layoffs, training, fringe benefits, or any other terms, conditions, or privileges of employment. Further the Board does not limit, segregate, or classify employees in any way that would deprive or tend to deprive them of employment opportunities or otherwise adversely affect the status of an employee as an employee, based on genetic information. Harassment of a person because of his/her genetic information is also prohibited. Likewise, retaliation against an applicant or employee for engaging in protected activity is prohibited and/or in accordance with the Genetic Information Act (GINA).

In accordance with the Genetic Information Act (GINA), the Board shall not request, require or purchase genetic information of employees, their family members or applicants for employment. Further, in compliance with this Act, employees are directed not to provide any genetic information, including the individual's family medical history, in response to necessary requests for medical information, with the exception that family medical history may be acquired as part of the certification process for FMLA leave, when an employee is asking for leave to care for an immediate family member with a serious health condition. Applicants for employment are directed not to provide any genetic information, including the individual's family medical history, in response to requests for medical information as part of the Academy's application process.

The Board recognizes that genetic information may be acquired through commercially and publicly available documents like newspapers, books, magazines, periodicals, television shows or the Internet. The Board prohibits, however, its personnel from searching such sources with the intent of finding or obtaining genetic information, or accessing sources from which they are likely to acquire genetic information.

"Genetic information," as defined by GINA, means information about: (a) an individual's genetic tests; (b) the genetic tests of that individual's family members; (c) the manifestation of disease or disorder in family members of the individual (i.e., family medical history); (d) an individual's request for, or receipt of, genetic services, or the participation in clinical research that includes genetic services by the individual or a family member of the individual; or (e) the genetic information of a fetus carried by an individual or a pregnant woman who is a family member of the individual and the genetic information of an embryo legally held by an individual or family member using assistive reproductive technology.

If the Academy either legally and/or inadvertently receives genetic information about an employee or applicant for employment from the employee, applicant for employment or a medical provider it shall be treated as a confidential medical record in accordance with law.

The School Leader shall appoint a compliance officer who shall be responsible for overseeing the Academy's compliance with Federal regulations and promptly dealing with any inquiries or complaints. S/he shall also verify that proper notice of nondiscrimination for Title II of the Genetic Information Nondiscrimination Act of 2008 is provided to staff members, and that all Academy requests for health-related information (e.g., to support an employee's request for reasonable accommodation under the ADA or a request for sick leave) is accompanied by a written warning that directs the employee or health care provider not to collect or provide genetic information. The warning shall read as follows:

© National Charter Schools Institute
“The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II, including the Board, from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by law. To comply with this law, do not provide any genetic information when responding to this request for medical information (unless the request pertains to a request for FMLA leave for purposes of caring for an immediate family member with a serious health condition). "Genetic information," as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic test, the fact that an individual or an individual's family member sought or received genetic services or participated in clinical research that includes genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.”

The School Leader shall ensure the proper implementation of this policy.

The Board shall not adopt or implement a policy or practice, or to make or issue any public statement or directive, that has the effect of any of the following:

A. Denies to a student of a particular state university access to the Academy for student teaching purposes solely because the student is enrolled in that state university.

B. Prevents the hiring of a graduate of a particular state university solely because the individual graduated from that state university.

C. Discourages or prohibits a counselor employed by the Academy from recommending a particular state university to a pupil of the Academy for reasons other than the suitability of the state university's educational offerings for the particular pupil.

SECTION 504/ADA PROHIBITION AGAINST DISABILITY DISCRIMINATION IN EMPLOYMENT

Reference: 29 C.F.R. Part 1630
29 U.S.C. 794, Section 504 Rehabilitation Act of 1973, as amended,
34 C.F.R. Part 104

The Board of Directors prohibits discrimination against any employee or applicant based upon his/her disability. As such, the Board of Directors will not engage in employment practices or adopt policies that discriminate on the basis of disability, or otherwise discriminate against qualified individuals with disabilities in regard to job application procedures, the hiring, advancement or discharge of employees, employee compensation, job training, or other terms, conditions and privileges of employment. The Board further will not limit, segregate or classify applicants or employees in any way that adversely affects their opportunities or status because of disability. Additionally, the Board of Directors will not participate in any contractual or other relationships that have the effect of subjecting qualified individuals with disabilities who are applicants or employees to discrimination on the basis of disability.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one’s self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, sitting, reaching, interacting with others, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, special sense organs and skin, normal cell growth, and digestive, genitourinary, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, hemic, lymphatic, musculoskeletal and reproductive functions. The operation of a major bodily function includes the operation of an individual organ within a body system.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (defined as devices that magnify, enhance, or otherwise augment a visual image, but not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aid(s) and cochlear implant(s) or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, use of assistive technology, reasonable accommodations or “auxiliary aides or services,” learned behavioral or adaptive neurological modifications, psychotherapy, behavioral therapy, or physical therapy.

A qualified person with a disability means the individual satisfies the requisite skill, experience, education and other job-related requirements of the employment position such individual holds or desires and, with or without reasonable accommodation, can perform the essential functions of the job in question.

The Board of Directors will provide a reasonable accommodation to a qualified individual who has an actual disability or who has a record of a disability, unless the accommodation would impose an undue hardship on the operation of the Academy’s program and/or activities. A
reasonable accommodation is not required for an individual who is merely regarded as having a disability.

The Compliance Officer(s) [is] [are] responsible for coordinating the Academy's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the Americans with Disabilities Act, as amended (“ADA”). A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the Academy Compliance Officer(s).

The Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints. The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. See below.

Training

The Compliance Officer(s) will also oversee the training of employees in the Academy so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board’s policies, administrative procedures and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board of Directors will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the Academy's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.
For facilities constructed or altered after June 3, 1977, the Academy will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the Academy is committed to operating its programs and activities so that they are readily accessible to persons with disabilities.

Notice

Notice of the Board's policy on nondiscrimination in employment practices and the identity of the Academy's Compliance Officer(s) will be published on the Academy's website and posted throughout the Academy, and included in the Academy's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), employees will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, employees will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights.

Internal complaints must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint, and offer possible solutions to the dispute. The complaint must be filed with an Academy Compliance Officer within the time limits specified below. The Academy's Compliance Officer is available to assist individuals in filing a complaint.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday - Friday, excluding State-recognized holidays).

Internal Complaint Procedure

The following internal complaint procedure is available to employees for the prompt and equitable resolution of complaints alleging discrimination based upon disability. This complaint procedure is not available to unsuccessful applicants. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights.

A. An employee with a complaint based on alleged discrimination on the basis of disability may first discuss the problem with the Academy Compliance Officer.

B. If the informal discussion does not resolve the matter, or if the employee skips Step A, the individual may file a formal written complaint with the Academy Compliance Officer. The written complaint must contain the name and address of the individual or representative filing the complaint, be signed by the complainant or someone authorized to sign for the complainant, describe the alleged discriminatory action in sufficient detail to inform the Academy Compliance Officer of the nature and date of the
alleged violation, and propose a resolution. The complaint must be filed within thirty (30) days of the circumstances or event giving rise to the complaint, unless the time for filing is extended by the Academy Compliance Officer for good cause.

C. The Academy Compliance Officer will conduct an independent investigation of the matter (which may or may not include a hearing). This complaint procedure contemplates informal, but thorough investigations, affording all interested persons and their representatives, if any, an opportunity to present witnesses and other evidence relevant to the complaint. The Academy Compliance Officer will provide the complainant with a written disposition of the complaint within ten (10) days. If no decision is rendered within ten (10) days, or the decision is unsatisfactory in the opinion of the complainant, the employee may file, in writing, an appeal with the School Leader. The Academy Compliance Officer shall maintain the Academy’s files and records relating to the complaint.

D. The School Leader will, within ten (10) days of receiving the written appeal, conduct a hearing with all parties involved in an attempt to resolve the complaint.

The School Leader will render his/her decision within ten (10) days of the hearing.

E. The employee may be represented, at his/her own cost, at any of the above-described meetings/hearings.

F. The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights or the filing of a court case. Use of this internal complaint procedure is not a prerequisite to the pursuit of other remedies.

If it is determined that the Complainant was subjected to unlawful discrimination, the CO must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if an employee believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education’s Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education
Office for Civil Rights

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

ASSIGNMENT AND TRANSFER

References: M.C.L. 380.1231, 1233, 1233b

The Board of Directors believes that the appropriate placement of qualified and competent staff is essential to the successful functioning of the Academy.

The School Leader shall be responsible for the proper assignment and transfer of all staff members and shall attempt to effect the optimum assignment of the staff in conformance with any applicable contractual or legal requirements, State certification requirements, and Federal requirements. S/He shall establish an audit procedure to ensure that each instructional staff member’s teaching certificate is currently in compliance with appropriate State certification criteria and has not been nullified or, if applicable, that the staff member is otherwise qualified to teach as allowed by law.

Adopted 1/18/19
STAFF DISCIPLINE

Whenever it becomes necessary to discipline a member of the staff, the School Leader (employed by the Board) shall utilize the following principles and procedures.

A teacher may only be discharged, demoted or otherwise disciplined for a reason that is not arbitrary or capricious. In all instances, discipline, discharge and demotion shall occur in accordance with the statutory requirements under the Revised School Code.

The administrator/School Leader shall conduct an investigation of any alleged act or omission by a teacher that could result in disciplinary action. The teacher shall be provided with oral or written notice of the issue or incident being investigated. The investigation shall include, at a minimum, interviews of appropriate persons and a meeting with the subject teacher and, if requested or if required by the bargaining agreement, his/her designated representative (either another employee or a union representative if part of a bargaining unit) to allow the teacher an opportunity to respond to the complaint. Prior notice of this meeting shall be provided to the teacher for any discipline that may result in a suspension or loss of pay. The meeting shall not proceed without the teacher's designated representative; however, the meeting shall not be unduly delayed to secure the attendance of the teacher's preferred representative.

After completion of the investigation, if discipline is to be imposed, the teacher shall receive written notice of the discipline and this notice shall also be placed in the teacher's file.

Discipline may include, but is not limited to:

A. written warning;
B. written reprimand;
C. suspension (paid or unpaid);
D. discharge
E. financial penalty in accordance with Michigan law.

The Academy does not have to apply discipline in a progressive manner, but, rather, may impose discipline consistent with the seriousness of the teacher's conduct, as determined by the Academy. Additionally, nothing in this policy limits the Academy's right to take other appropriate action, such as placing a teacher on administrative leave during the pendency of an investigation or issuing a counseling memorandum, which is considered instructional, not disciplinary.

If it appears that disciplinary action beyond written reprimand may be necessary, the administrator should contact the School Leader (employed by the Board) and the Board to discuss the disciplinary action that is to be taken.

Employees and those under individual contract to work regularly and continuously in the Academy, whether part-time or full-time, may not continue employment within the Academy if a criminal history records check or other authoritative source reveals a conviction of a "listed" offense under MCL 28.722.

Individuals convicted of a non-listed felony may not continue to work unless the Academy Board gives written approval. Such conviction(s) may subject staff to discharge or demotion. The State Board of Education will be notified of the report of conviction(s) as required by law.

The Board may reserve the right to require any employee or candidate, after a conditional offer of employment, to submit to an examination in order to determine the physical and/or mental capacity to perform assigned duties. Such examinations shall be done in accordance with the School Leader’s procedures.

All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. `Genetic information' as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services."

If the School Leader believes a staff member is unable to perform essential job functions, the staff member will be offered the opportunity for a meeting to discuss these issues.

If a staff member refuses to attend the meeting, the Board may order the staff member to submit to an appropriate examination by a physician designated and compensated by the Board. All such requests for examination shall include the following notice to the examiner:

"The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as specifically allowed by this law. To comply with this law, do not provide any genetic information when responding to this request for medical information. ‘Genetic information’ as defined by GINA, includes an individual's family medical history, the results of an individual's or family member's genetic tests, the fact that an individual or an individual's family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual's family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.”

Should a staff member refuse to submit to the examination requested by the Board and the staff member has exercised his/her rights under the provisions hereinabove set forth, such refusal shall subject the staff member to disciplinary action.

WHISTLEBLOWER PROTECTION

Reference: MCLA 15.361 et seq.

The Board expects all its employees to be honest and ethical in their conduct, and to comply with applicable State and Federal law, Board policies and administrative guidelines. The Board encourages and requires staff to report possible violations of these Board expectations. Parents/guardians, volunteers, contractors, and concerned citizens are encouraged to report possible violations, when done in good faith belief.

It is the responsibility of an employee who is aware of conduct on the part of any Board member or employee that possibly violates Federal or State law, or Board policy, to call this conduct to the attention of his/her immediate supervisor. If the employee's immediate supervisor is not responsive or is the employee whose behavior is in question, the employee may report to the School Leader. If the reported conduct relates to the School Leader, the report may be filed directly with the Board President.

After such a report is made, the employee will be asked to put the report in writing. Any employee making such a report shall be protected from discipline, retaliation, or reprisal for making such report as long as the employee had a good faith belief as to the accuracy of any information reported. Employees are subject to disciplinary action, up to and including termination, for knowingly making a false report under this policy. Employees may also be subject to disciplinary action, up to and including termination, if they are aware of a violation of Federal, State, or local law involving or relating to the business of the Academy and they do not make a report confirmed in writing to a supervisor in accordance with this policy.

The School Leader shall develop administrative guidelines necessary for implementation of this policy, including the development of forms upon which such reports may be made.

STUDENT SUPERVISION AND WELFARE

Reference: MCL 722.621 et seq., 750.520b, 750.520c, 750.520d, 750.520e

Staff members because of their proximity to students are frequently confronted with situations which, if handled incorrectly, could result in liability to the Academy and personal liability to the staff member. It is the intent of the Board of Directors to direct the preparation of Administrative Procedures that would minimize that.

The School Leader shall maintain and enforce the following standards:

A. Each staff member shall maintain a standard of care for supervision, control, and protection of students commensurate with assigned duties and responsibilities.

B. A staff member should not volunteer to assume responsibility for duties s/he cannot reasonably perform. Such assumption carries the same responsibilities as assigned duties.

C. A staff member shall provide proper instruction in the safety matters presented in assigned course guides.

D. Each staff member shall immediately report to the School Leader any accident or safety hazard s/he detects.

E. Each staff member shall immediately report to the School Leader any knowledge of threats of violence by students.

F. A staff member shall not send students on any personal errands.

G. A staff member shall not associate or fraternize with students at any time in a manner which may give the appearance of impropriety, including, but not limited to, the creation or participation in any situation or activity which could be considered abusive or sexually suggestive or involve harmful substances such as illegal drugs, alcohol, or tobacco. Any sexual or other inappropriate conduct with a student by any staff member will subject the offender to potential criminal prosecution and disciplinary action by the Board up to and including termination of employment. This provision should not be construed as precluding a staff member from associating with students in private for legitimate or proper reasons. However, dating, romantic and/or sexual relationships with students, regardless of their age and regardless of consent are absolutely prohibited, unless the staff member and student are legally married.

H. If a student approaches a staff member to seek advice or to ask questions regarding a personal problem related to sexual behavior, substance abuse, mental or physical health, and/or family relationships, the staff member may attempt to assist the student by facilitating contact with certified or licensed individuals in the Academy or community who specialize in the assessment, diagnosis, and treatment of the student’s problem. Under no circumstances should a staff member attempt, unless properly licensed and authorized to do so, to counsel, assess, diagnose, or treat the student’s problem or behavior, nor should such staff member inappropriately disclose personally identifiable
information concerning the student to third persons not specifically authorized by law.

I. A staff member shall not transport students in a private vehicle without the approval of the School Leader.

J. A student shall not be required to perform work or services that may be detrimental to his/her health.

K. Staff members shall only engage in electronic communication with students via email, texting, social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., when such communication is directly related to curricular matters or co-curricular/extracurricular events or activities with prior approval of the School Leader.

L. Staff members are prohibited from electronically transmitting any personally identifiable image of a student(s), including video, photographs, streaming video, etc. via email, text message, or through the use of social media and/or online networking media, such as Facebook, Twitter, YouTube, MySpace, Skype, blogs, etc., unless such transmission has been made as part of a pre-approved curricular matter or co-curricular/extracurricular event or activity such as a school-sponsored publication or production in accordance with Policy 5722.

Most information concerning a child in school other than directory information described in Policy 8330, is confidential under Federal and State laws. Any staff member who shares confidential information with another person not authorized to receive the information may be subject to discipline or civil liability. This includes, but is not limited to, information concerning assessments, grades, behavior, family background, and alleged child abuse.

Pursuant to the laws of the State and Board Policy 8462, each staff member shall report to the proper legal authorities immediately, any sign of suspected child abuse or neglect.

Adopted 6/10/15
STAFF GIFTS

The Board considers the presentation of gifts to staff members by students and their parents/guardians an undesirable practice because it tends to embarrass students with limited means and gives the appearance of currying favor.

Based on the foregoing premise, the policy of the Board directs that staff members may accept gifts of nominal value from students or parents/guardians.

Individual gifts from the staff member to each student are strongly discouraged. If a staff member wishes to give gifts, s/he may give a gift to the whole class (e.g., library books, magazine subscriptions, educational games, or other educational resources for the class).

The Board prohibits the use or possession of tobacco product by staff members in Academy buildings, on Academy property (owned or leased), on Academy buses, and at any Academy-related event at all times within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or operated vehicles used to transport students and to all other Board-owned and/or operated vehicles with the exception that tobacco may be used in designated outdoor areas on academy property on Saturdays, Sundays, and after 6 p.m. on days during which there are regularly-scheduled academy hours.

Student growth also may be measured by student learning objectives or nationally normed or locally adopted assessments that are aligned to state standards, or based on achievement of individualized education program goals.

3. The portion of a teacher's evaluation that is not measured using student growth and assessment data or using the evaluation tool developed or adopted by the Board shall incorporate criteria enumerated in section M.C.L. 380.1248(1)(b)(i) to (iii) that are not otherwise evaluated under the tool.

H. The Board will post on its public website all of the following information about the measures it uses for its performance evaluation system for teachers:

K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.
Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

Prohibited acts that constitute sexual harassment under this policy may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.

B. Unwanted physical and/or sexual contact.

C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.

D. Unwelcome verbal expressions, including graphic sexual commentaries about a person's body, dress, appearance, or sexual activities; the unwelcome use of sexually degrading language, profanity, jokes or innuendoes; unwelcome suggestive or insulting sounds or whistles; obscene telephone calls.

E. Sexually suggestive objects, pictures, graffiti, videos, posters, audio recordings or literature, placed in the work or educational environment, that may reasonably embarrass or offend individuals.

F. Unwelcome and inappropriate touching, patting, or pinching; obscene gestures.

G. Asking about, or telling about, sexual fantasies, sexual preferences, or sexual activities;

H. Speculations about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history;

I. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship;

J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;

K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.

L. In the context of employees, consensual sexual relationships where such relationship leads to favoritism of a subordinate employee with whom the superior is sexually involved and where such favoritism adversely affects other employees or otherwise creates a hostile work environment.

M. Inappropriate boundary invasions by an Academy employee or other adult
member of the Academy community into a student's personal space and personal life.

N. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

**Race/Color Harassment**

Prohibited racial harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's race or color and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's race or color, such as racial slurs, nicknames implying stereotypes, epithets, and/or negative references relative to racial customs.

**Religious (Creed) Harassment**

Prohibited religious harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's religion or creed and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's religious tradition, clothing, or surnames, and/or involves religious slurs.

**National Origin Harassment**

Prohibited national origin/ancestry harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's national origin or ancestry and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's national origin or ancestry, such as negative comments regarding customs, manner of speaking, language, surnames, or ethnic slurs.

**Disability Harassment**

Prohibited disability harassment occurs when unwelcome physical, verbal, or nonverbal conduct is based upon an individual's disability and when the conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity. Such harassment may occur where conduct is directed at the characteristics of a person's disability, such as negative comments about speech patterns, movement, physical
impairments or defects/appearances, or the like. Such harassment may further occur where conduct is directed at or pertains to a person's genetic information.

**Anti-Harassment Compliance Officers**

The following individual(s) shall serve as the Academy's Anti-Harassment Compliance Officer(s) (hereinafter, “the Compliance Officer(s)”):

Don Ivers  
Administrator  
310 Thomas Street  
Allegan, Michigan 49010  
(269) 512-7880  
don.ivers@outlookacademy.net

Shelby Bill  
Human Resources  
310 Thomas Street  
Allegan, Michigan 49010  
(269) 512-7880  
Shelby.bill@alleganaesa.org

The names, titles, and contact information of these individuals will be published annually on the Academy's web site.

The Compliance Officer(s) are responsible for coordinating the Academy’s efforts to comply with applicable Federal and State laws and regulations, including the Academy’s duty to address in a prompt and equitable manner any inquiries or complaints regarding harassment.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. In the case of a formal complaint, the Compliance Officer(s) will prepare recommendations for the School Leader or will oversee the preparation of such recommendations by a designee. All Board employees must report incidents of harassment that are reported to them to the Compliance Officer within two (2) days of learning of the incident.

Any Board employee who directly observes unlawful harassment is obligated, in accordance with this policy, to report such observations to the Compliance Officer(s) within two (2) days. Additionally, any Board employee who observes an act of unlawful harassment is expected to intervene to stop the harassment, unless circumstances make such an intervention
dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the harassment. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, the School Leader shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the School Leader informed of the status of the investigation and provide with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the School Leader with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure (See Form 3362 F1)

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any employee or other member of the Academy community or Third Party (e.g., visitor to the Academy) who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and
potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of any individual to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights and/or Equal Employment Opportunity Commission ("EEOC").

**Informal Complaint Procedure**

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, other member of the Academy community, or Third Party who alleges unlawful harassment or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Board employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the individual if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator; (2) directly to one of the Compliance Officers; and/or (3) to the School Leader.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board’s informal complaint procedure is designed to provide employees, other members of the Academy community, or third parties who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
B. Distributing a copy of this policy as a reminder to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant, may proceed to file a formal complaint. And, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, the Compliance Officer, School Leader, or other Academy official. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, Principal, School Leader, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change,
the Compliance Officer may still take whatever actions deemed appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the Compliance Officer/designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The Principal will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or Administrative Guidelines, including the Board's Anti-Harassment Policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;
B. interviews with the Respondent;
C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within five (5) business days of receiving the report of the Compliance Officer/designee, the School Leader must either issue a final decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the School Leader's written decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) business days. At the conclusion of the additional investigation, the School Leader must issue a written decision as described above.

A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of the party's receipt of the date of the School Leader's decision.
In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representative within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the member of the Academy community or Third Party alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person’s pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

**Privacy/Confidentiality**

The Academy will employ all reasonable efforts to protect the rights of the Complainant, the Respondent, and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and related administrative guidelines shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant’s identity.

During the course of a formal investigation, the Compliance Officer/ designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

**Sanctions and Monitoring**

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board shall be reasonably calculated to end such conduct, prevent its recurrence, and remedy its effects.
**Retaliation**

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

** Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct**

State law requires any Academy teacher or Academy employee who knows or suspects that a child under the age of eighteen (18) or that a person with a disability receiving services as a student from the Academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children's services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children's services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the School Leader.

**Education and Training**

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Board shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as all information provided regarding the Board's policy and harassment in general, will be age and content appropriate.
Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information (“ESI”), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

K. documentation of all actions taken, both individual and systemic, to stop the discrimination or harassment, prevent its recurrence, eliminate any hostile environment, and remedy its discriminatory effects;
L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board’s expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);

M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;

N. documentation of any training provided to Academy personnel related to this policy, including but not limited to, notification of the prohibitions and expectations of staff set forth in this policy and the role and responsibility of all Academy personnel involved in enforcing this policy, including their duty to report alleged violations of this policy and/or conducting an investigation of an alleged violation of this policy.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

THREATENING BEHAVIOR TOWARD STAFF MEMBERS

The Board directs the School Leader to create a work environment free of threatening speech or actions.

*Threatening behavior* is defined as behavior consisting of any words or deeds that intimidates a staff member or reasonably causes concern for his/her physical and/or psychological well-being. Such behavior is strictly forbidden. Examples of such behavior include: threats to cause bodily harm; stalking; bullying; threats to damage real or personal property at the workplace; unusual behavior that a reasonable person would consider threatening. Any student, parent, visitor, staff member, or agent of this Board found to have threatened a member of the staff will be subject to discipline, exclusion, and/or reported to the authorities.

The School Leader shall implement Administrative Procedures to establish procedures for prompt, effective action on any reported incidents and for notification of students, parents, employees, and others regarding this policy.

Adopted 6/10/15
Revised 6/11/20
WORKPLACE SAFETY

All members of the staff are responsible for maintaining a safe work environment and participating in investigations as necessary. Reasonable action will be taken to ensure persons involved in an investigation do not suffer any form of retaliation, because of their good faith participation. Steps to avoid retaliation may include placing a party to the investigation on administrative leave or other reasonable action. Additional steps may be taken to address workplace safety issues.

The Board desires to create and maintain an environment free from disruptive, threatening, and violent behavior. The Board will not tolerate inappropriate or intimidating behavior within the workplace.

The Board directs the School Leader to respond appropriately to every reported incident of disruptive, threatening, or violent behavior.

Examples of inappropriate behavior by staff members include, but are not limited to, the following:

A. Behavior that distracts, interferes with, or prevents normal work functions or activities. This behavior includes, but is not limited to the following: yelling; using profanity or vulgarity; verbally abusing others; making inappropriate demands for time and attention; making unreasonable demands for action (e.g., demanding an immediate appointment or a response to a complaint on the spot); or refusing a reasonable request for identification.

B. Behavior that includes physical actions, short of actual contact/injury (e.g., moving closer aggressively), and/or oral or written threats against a person or property, whether in person, over the telephone, or through other means of communication.

C. Behavior that includes physical assault, with or without weapons; behavior that a reasonable person would interpret as being violent (e.g., throwing things, pounding on a desk or door, or destroying property); and behavior that involves specific threats to inflict physical harm.

D. Behavior that interferes with an individual’s ability or a group’s capacity to effectively function in the educational/work environment.

Reporting

When appropriate, administrative representatives will report complaints under this policy to the local law enforcement agencies. All reports or complaints under this policy will be investigated and include confidentiality when possible. Once an investigation is complete, a recommendation for handling the complaint will be submitted to the School Leader for disposition. Behaviors prohibited under criminal law shall be reported to proper authorities, and the Board shall be informed.

Counseling for staff may be available through the Employee Assistance Program for both the victim and any others within the Academy affected by a violent traumatic incident.
Protective Orders

Members of the staff who have obtained a protective order should supply a copy of the order to the School Leader. Other parties may also be informed when deemed necessary for the safety of the Academy personnel.

Discipline/Corrective Steps

The Privacy Official shall verify that the policies and procedures are current and comply with Federal law.

The Board also acknowledges that the HIPAA Security Rule requires the group health plan(s) to implement various security measures with respect to electronic Protected Health Information. The Board hereby appoints the Business Manager to serve as the Security Official of the group health plans. The Security Official shall conduct a risk analysis and to develop, propose to the Board, and implement policies and procedures for the group health plan(s) relating to the security of electronic Protected Health Information, if applicable. The Security Official shall verify that the policies and procedures are current and comply with Federal law.

The Board further delegates authority to the Privacy Official and/or the Security Official to undertake such other actions as provided by the HIPAA Administrative Guidelines in effect from time to time. The Privacy Official and/or Security Official shall report his/her progress to the Board.

The Department of Health and Human Services (HHS) has the authority to impose civil monetary penalties upon Covered Entities. HHS has not historically imposed these penalties directly upon individuals. Notwithstanding the foregoing, the Board agrees to indemnify and hold harmless the Privacy Official and Security Official in connection with the performance of their delegated duties for the group health plans, except to the extent that any liability is imposed as the result of intentional misconduct or gross negligence by the Privacy Official or Security Official as defined by law.

The group health plans administrator(s) shall provide timely notifications of breaches of unsecured protected health information in accordance with the Health Information Technology for Economic and Clinical Health (HITECH) Act and accompanying regulations.
The Board reserves the right to revoke any or all appointments set forth in this policy at any time for any reason.

ADMISSION OF STUDENTS

Reference: MCL 380.502(3)(e)(iii); MCL 380.504

The Board of Directors will allow students who reside in Michigan, regardless of their citizenship or immigration status to enroll in the Academy in accordance with limits established by the Board of Directors. The Board shall meaningfully communicate material information about enrollment requirements and procedures with parents, including parents who have limited proficiency in English. Access to information regarding enrollment requirements and procedures shall be available on the Academy’s web site. Because space is limited, each student must enroll each year.

When maximum enrollment for a grade has been reached, applicants shall be placed on a waiting list and admitted on the basis of a lottery system.

The School Leader (employed by the Board) shall develop Administrative Procedures for the proper implementation of this policy.

HOMELESS STUDENTS

References: 42 U.S.C. 11431 et seq. (McKinney - Vento Homeless Act)

Definitions

Children who are identified as meeting the Federal definition of "homeless" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, homeless students will not be stigmatized or segregated on the basis of their status as homeless. The Academy shall establish safeguards that protect homeless students from discrimination on the basis of their homelessness. The Academy shall regularly review and revise its policies, including school discipline policies that may impact homeless students, including those who may be a member of any of the Protected Classes (Policy 2260).

Homeless children and youth are defined as individuals who lack a fixed, regular, and adequate nighttime residence, and include children and youth who meet any of the following criteria:

A. share the housing of other persons due to loss of housing, economic hardship, or similar reason
B. live in motels, hotels, trailer parks, or camping grounds due to a lack of alternative adequate accommodations
C. live in emergency or transitional shelters
D. are abandoned in hospitals
E. have a primary night time residence that is a public or private place not designed for, or ordinarily used as, a regular sleeping accommodation for human beings, or
F. live in a car, park, public space, abandoned building, substandard housing\(^1\), bus or train station, or similar setting

Pursuant to the McKinney-Vento Act, an unaccompanied youth includes a homeless child or youth not in the physical custody of a parent or guardian.

\(^1\) According to nonregulatory guidance from the U.S. Department of Education (ED), standards for adequate housing may vary by locality. Please see ED guidance for factors to consider when determining whether a child or youth is living in "substandard housing."

_Please note: This document is an excerpt from the Education for Homeless Children and Youth Programs, Non-Regulatory Guidance, U.S. Department of Education (ED), Title VII-B of the McKinney-Vento Homeless Assistance Act, as amended by the Every Student Succeeds Act, at A-3 (July 27, 2016)._
Services to Homeless Children and Youth

The Academy will provide services to homeless students that are comparable to other students in the Academy, including:

A. transportation services;

B. public preschool programs and other educational programs and services for which the homeless student meets eligibility criteria including:
   1. programs for children with disabilities;
   2. programs for English Learners (ELs) (i.e., students with Limited English Proficiency (LEP));
   3. programs in career and technical education;
   4. programs for gifted and talented students;
   5. school nutrition programs; and
   6. before - and after-school programs.

The Board will appoint a Liaison for Homeless Children who will perform the duties as assigned by the School Leader (employed by the Board). Additionally, the Liaison will coordinate and collaborate with the State Coordinator for the Education of Homeless Children and Youth as well as with community and school personnel responsible for the provision of education and related services to homeless children and youths. For more information on the role of the Liaison, refer to AG 5111.01.

School Stability

Maintaining a stable school environment is crucial to a homeless student’s success in school. To ensure stability, the Academy must make school placement determinations based on the “best interest” of the homeless child or youth based on student-centered factors. The Academy must:

A. continue the student’s education in the school of origin for the duration of homelessness when a family becomes homeless between academic years or during an academic year; and for the remainder of the academic year even if the child or youth becomes permanently housed during an academic year; or

B. enroll the student in any public school that non-homeless students who live in the attendance area in which the child or youth is actually living are eligible to attend.

When determining a child or youth’s best interest, the Academy must assume that keeping the homeless student in the school of origin is in that student’s best interest, except when doing so is contrary to the request of the student’s parent or guardian, or the student if he or she is an unaccompanied youth. The school of origin is the school the student attended or enrolled in when permanently housed, including a public preschool. The school of origin also includes the
When determining the student’s best interest, the Academy must also consider student-centered factors, including the impact of mobility on achievement, education, health, and safety of homeless students and give priority to the request of the student’s parent or guardian, or youth (if an unaccompanied youth). The Academy also considers the school placement of siblings when making this determination.

If the Academy finds that it is not in the student’s best interest to attend the school of origin or the school requested by the parent or guardian, or unaccompanied youth, the Academy must provide the individual with a written explanation and reason for the determination in a manner and form understandable to the parent, guardian or unaccompanied youth. This written explanation will include appeal rights and be provided in a timely manner.

Immediate Enrollment

The Academy has an obligation to remove barriers to the enrollment and retention of homeless students. A school chosen on the basis of a best interest determination must immediately enroll the homeless student, even if the student does not have the documentation typically necessary for enrollment, such as immunization and other required health records, proof of residency, proof of guardianship, birth certificate or previous academic records. The homeless student must also be enrolled immediately regardless of whether the student missed application or enrollment deadlines during the period of homelessness or has outstanding fines or fees.

The enrolling school must immediately contact the school last attended by the homeless student to obtain relevant academic or other records. If the student needs immunization or other health records, the enrolling school must immediately refer the parent, guardian or unaccompanied youth to the local liaison, who will help obtain the immunizations, screenings or other required health records. Records usually maintained by the school must be kept so that they are available in a timely fashion if the child enters a new school or Academy. These records include immunization or other required health records, academic records, birth certificates, guardianship records, and evaluations for special services or programs. Procedures for inter-State records transfer between schools should be taken into account in order to facilitate immediate enrollment.

In addition, the Academy will also make sure that, once identified for services, the homeless student is attending classes and not facing barriers to accessing academic and extracurricular activities, including magnet school, summer school, career and technical education, advanced placement, online learning, and charter school programs (if available). Additionally, the Academy should consider giving homeless children and youth’s priority if there is a waitlist for these schools, programs, and activities.

Transportation

The Academy provides homeless students with transportation services that are comparable to those available to non-homeless students. The Academy also provides or arranges for transportation to and from the school of origin at the parent or guardian’s request, or the liaison’s request in the case of an unaccompanied youth. Transportation is arranged promptly to allow for immediate enrollment and will not create barriers to a homeless student’s attendance, retention, and success. The following procedures also apply subject to a determination of the student’s best interest:
A. If the homeless student moves but continues to live within the area covered by the Academy's charter the Academy is considered the school of origin and the school of residence and, therefore, transportation will be provided or arranged for the student’s transportation to or from the school of origin by the Academy.

B. If the homeless student moves to an area outside of the Academy's charter, though continuing his/her education at the school of origin, the Academy and the public school district in which the student resides must agree upon a method to apportion responsibility and costs for transportation to the school of origin. If the Academy and the public school district cannot agree upon such a method, the responsibility and costs will be shared equally.

C. When the student obtains permanent housing, transportation shall be provided to and from the school of origin until the end of the school year.

The Academy determines the mode of transportation in consultation with the parent or guardian and based on the best interest of the student.

In accordance with Federal law, the above transportation requirements still apply during the resolution of any dispute. The Academy will work with the State to resolve transportation disputes with other Academies. If the disputing Academy is in another State, the Academy will turn to the State for assistance as Federal guidance says that both States should try to arrange an agreement for the Academies.

Dispute Resolution

Homeless families and youths have the right to challenge placement and enrollment decisions. If a dispute arises between a school and a parent, guardian or unaccompanied youth regarding eligibility, school selection, or enrollment of a homeless student, the Academy must follow its dispute resolution procedures, consistent with the State’s procedures. If such a dispute occurs, the Academy will immediately enroll the homeless student in the school in which enrollment is sought pending final resolution of the dispute, including all appeals. The student will receive all services for which they are eligible until all disputes and appeals are resolved.

Pursuant to State, Academy and Board of Directors policies, the Academy will provide the parent, guardian or unaccompanied youth with a written explanation of all decisions regarding school selection and enrollment made by the Academy or State, along with a written explanation of appeal rights.

The Academy’s notice and written explanation about the reason for its decision will include, at a minimum, an explanation of how the school reached its decision regarding eligibility, school selection, or enrollment, including 1) a description of the proposed or refused action by the school, 2) an explanation of why the action is proposed or refused, 3) a description of other options the school considered and why those options were rejected, 4) a description of any other relevant factors to the school’s decision and information related to the eligibility or best interest determination such as the facts, witnesses, and evidence relied upon and their sources, and 5) an appropriate timeline to ensure deadlines are not missed. The Academy must also include contact information for the Liaison and the State Coordinator, and a brief description of their roles. The Academy will also refer the parent, guardian or unaccompanied youth to the Liaison, who will carry out the dispute resolution process.

© National Charter Schools Institute
The Academy ensures that all decisions and notices are drafted in a language and format appropriate for low-literacy, limited vision readers, and individuals with disabilities. For children and youth and/or parents or guardians who are English learners or whose dominate language is not English, the Academy will provide translation and interpretation services in connection with all phases of the dispute resolution process pursuant to federal laws. The Academy will also provide electronic notices via email if the parent, guardian or unaccompanied youth has access to email followed by a written notice provided in person or sent by mail.

Public Notice

In addition to notifying the parent or guardian of the homeless student or the unaccompanied youth of the applicable rights described above, the Academy shall post public notice of educational rights of children and youth experiencing homelessness in each school. In addition, the Academy shall post public notice of the McKinney-Vento rights in places that homeless populations frequent, such as shelters, soup kitchens, and libraries in a manner and form understandable to the parents and guardians and unaccompanied youths.

Records

The local liaison will assist the homeless students and their parent(s) or guardian(s) or unaccompanied homeless students in their efforts to provide documentation to meet State and local requirements for entry into school.

All records for homeless students shall be maintained, subject to the protections of the Family Educational Rights and Privacy Act (FERPA) and Policy 8330, and in such a manner so that they are available in a timely fashion and can be transferred promptly to the appropriate parties, as required. Pursuant to the McKinney-Vento Act, information regarding a homeless student’s living situation is not considered directory information and must be provided the same protections as other non-directory personally identifiable information (PII) contained in student education records under FERPA. The Academy shall incorporate practices to protect student privacy as described in AG 5111.01, AG 8330, and in accordance with the provisions of the Violence Against Women Act (VAWA) and the Family Violence Prevention and Services Act (FVPSA).

No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or school success of homeless children.

EDUCATIONAL OPPORTUNITY FOR MILITARY CHILDREN

Reference: Interstate Compact on Educational Opportunity for Military Children
MCL 3.1041

Children of an active duty member of the United States armed services shall be entitled to all of the rights and protections afforded under the Interstate Compact on Educational Opportunity for Military Children (Compact).

The intent of this policy is to minimize the potential challenges to educational success for children of military families because of frequent moves and deployment of their parents by:

A. facilitating the timely enrollment and placement of children of military families in educational and other school programs and activities;

B. facilitating the on-time graduation of children of military families; and

C. providing for the uniform collection and sharing of information between and among schools and military families.

The School Leader (employed by the Board) shall develop Administrative Procedures for implementation of this policy which are consistent with the Compact and State law.

These procedures shall apply to children of military families within the state as well as between member states.

Adopted 6/10/15
CHILDREN AND YOUTH IN FOSTER CARE

The Board of Directors recognizes the importance of educational stability for children and youth in foster care. Further, the Board recognizes these children and youth as a vulnerable subgroup of students in need of safeguards and supports in order to facilitate a successful transition through elementary and secondary education and into college and/or careers. To that end, the Academy will collaborate with the Michigan Department of Education (MDE), other Academy’s, and the appropriate child welfare agencies to provide educational stability for children and youth in foster care.

Definitions

Children who meet the Federal definition of "in foster care" will be provided a free appropriate public education (FAPE) in the same manner as all other students of the Academy. To that end, students in foster care will not be stigmatized or segregated on the basis of their status. The Academy shall establish safeguards that protect foster care students from discrimination on the basis of their foster care status or other of the recognized Protected Classes (Policy 2260). The Academy shall regularly review and revise its policies, including academy discipline policies that may impact students in foster care.

Consistent with the Fostering Connections Act, “foster care” means 24-hour substitute care for children placed away from their parents or guardians and for whom the child welfare agency has placement and care responsibility. This includes, but is not limited to, placements in:

A. foster family homes;
B. foster homes of relatives;
C. group homes;
D. emergency shelters;
E. residential facilities;
F. child care institutions; and
G. preadoptive homes.

A child is in foster care in accordance with this definition regardless of whether the foster care facility is licensed and payments are made by the State, tribal or local agency for the care of the child, whether adoption subsidy payments are being made prior to the finalization of an adoption, or whether there is Federal matching of any payments that are made. (45 C.F.R. 1355.20 (a)).
Academy Stability

The Academy shall remove barriers to the enrollment and retention of children and youth in foster care in the Academy. Foster care students shall be enrolled immediately, even if they do not have the necessary enrollment documentation such as immunization and health records, proof of residency or guardianship, birth certificate, academy records, and other documentation.

The Academy shall meet the Title I requirements for educational stability for children and youth in foster care, including those awaiting foster care placement. The Academy shall identify which students are in foster care and shall collaborate with State and tribal child welfare agencies to provide educational stability for these children and youth. Academy staff will work closely with child welfare agency personnel to develop and implement processes and procedures that include these enrollment safeguards:

A. a child/youth in foster care shall remain in his/her academy of origin, unless it is determined that remaining in the academy of origin is not in that child’s best interest;

B. if it is not in the child’s best interest to stay in his/her academy of origin, the child shall be immediately enrolled in the determined new academy even if the child is unable to produce records normally required for enrollment; and

C. the new (enrolling) academy shall immediately contact the academy of origin to obtain relevant academic and other records, including the student’s Individualized Education Program (IEP) if applicable. (ESEA Section 1111(g)(1)(E)(i)-(iii)).

Academy of Origin

The Academy of origin is the academy in which a student is enrolled at the time of placement in foster care. If a student’s foster care placement changes, the academy of origin would then be considered the academy in which the child is enrolled at the time of the placement change. A student in foster care shall remain in his/her academy of origin, if it is determined to be in the student’s best interest, for the duration of the student’s placement in foster care.

When a student exits foster care, the Academy will continue to prioritize the student’s educational stability in determining placement, supports, and services deemed to be in the child’s best interests.

A student who has exited foster care shall be permitted to remain in the academy of origin until the end of the academy year.

Best Interest Determination

In making the best interest determination, the Academy will follow the guidelines established by MDE and the State or tribal custodial agencies. The Academy shall utilize the prescribed process in conjunction with local custodial agencies in making best interest determinations, and shall make such determination within five (5) academy days of the child’s placement in foster care or change in child’s living arrangement. Once a determination is made the Academy shall provide the decision in writing to all relevant parties, in collaboration with the
appropriate custodial agency. When making decisions regarding educational placement of students with disabilities under IDEA and Section 504, the Academy shall provide all required special educational and related services and supports provided in the least restrictive placement where the child’s unique needs, as described in the student’s IEP or Section 504 plan, can be met.

If there is a dispute regarding whether the educational placement of a child in foster care is in the best interest of that child, the dispute resolution process established by the Michigan Department of Education (MDE) shall be used.

The Academy’s representatives shall collaborate fully in this process, considering relevant information regarding academic programming and related service needs of the child, and advocating for what the Academy believes is in the best interest of the child.

To the extent feasible and appropriate, the child will remain in his/her academy of origin while disputes are being resolved in order to minimize disruption and reduce the possible number of moves between academies. (ESEA Section 1111(g)(1)(E)(i)).

Since the custodial agency holds ultimate legal responsibility for making the best interest determination for the foster child in their care, if the dispute cannot be resolved, the custodial agency will make the final determination. Such final determination will be made within five (5) academy days of the child’s placement in foster care or change in the child’s living arrangement.

All notifications and reports regarding foster care placement, changes in academy enrollment, transportation services, and changes in the child’s living arrangements shall be provided to the affected parties, in writing, in accordance with the forms, procedures, and requirements of the MDE and the State or tribal custodial agencies.

Local Point of Contact

The School Leader (employed by the Board) shall designate and make public a local point of contact who will perform the duties as assigned by the School Leader (employed by the Board). The point of contact shall serve as a liaison to coordinate with child protection agencies, lead the development of a process for making the best determination for a student, facilitate the transfer of records, and oversee the enrollment and regular academy attendance of students in foster care.

Records

The Academy shall provide privacy protections for children and families and shall facilitate appropriate data-sharing pertaining to children in foster care between child welfare and educational agencies, in accordance with the Family Educational Rights and Privacy Act (FERPA) and Policy 8330 – Student Records.

Services to Children and Youth in Foster Care

Foster care children and their families shall be provided equal access to the educational services for which they are eligible comparable to other students in the Academy including:

A. educational services for which the student in foster care meets eligibility
criteria including services provided under Title I of the Elementary and Secondary Education Act or similar State and local programs, educational programs for children with disabilities, and educational programs for students with limited English proficiency;

B. preschool programs;

C. programs in vocational and technical education;

D. programs for gifted and talented students;

E. academy nutrition programs; and

F. before - and after-academy programs.

Transportation Services

The Academy must ensure that transportation is provided for children in foster care consistent with the procedures developed by the Academy in collaboration with the State or local child welfare agency. These requirements apply whether or not the LEA already provides transportation for children who are not in foster care.

In order for a student in foster care in his/her academy of origin, when in his/her best interest, transportation services shall be provided, arranged, and funded for the duration of the child’s placement in foster care. The Academy’s transportation services will provide that:

A. Children in foster care needing transportation to their academies of origin will promptly receive that transportation in a cost effective manner and in accordance with Section 475(4)(A) of the Social Security Act; and

B. If there are additional costs incurred in providing transportation to the academy of origin, the Academy shall provide such transportation if 1) the local child welfare agency agrees to reimburse the Academy for the cost of such transportation; 2) the Academy agrees to pay for the cost; or 3) the Academy and the local child welfare agency agree to share the cost. (ESEA 1112(c)(5)(B)).

Additional costs incurred in providing transportation to the academy of origin should reflect the difference between what the Academy would otherwise spend to transport a student to his/her assigned academy and the cost of transporting the foster care student to the academy of origin. The Academy will collaborate with the State Education Agency (SEA), other LEAs, and child welfare agencies to pursue possible funding sources and arrangements to deal with transportation costs.

Since foster care placements may occur across Academy, county, or State boundary lines, coordination among multiple agencies may be necessary. The Academy will work with appropriate State and local agencies to address such placement and transportation issues that arise. The Academy shall provide or arrange for adequate and appropriate transportation to and from the academy of origin while any disputes are being resolved.
No Board policy, administrative procedure, or practice will be interpreted or applied in such a way as to inhibit the enrollment, attendance, or academy success of children and youth in foster care.

Adopted 8/9/17
WITHDRAWAL FROM THE ACADEMY

Reference: MCL 380.1561, 388.1705

Although Michigan law requires attendance of each student until sixteen (16) years of age, the Board affirms that the best interests of both students and the community are served when they complete the educational program that equips them with skills and increases their chances for a successful and fulfilling life.

Whenever a student wishes to withdraw from the Academy, the Board directs that efforts be made to determine the underlying reason for the desire to withdraw. The Board further directs that the resources of the Academy be used to assist the student in reaching his/her career goals while remaining in the Academy.

No student under the age of eighteen (18) will be permitted to withdraw without the written consent of a parent or the approval of the Board.

The School Leader (employed by the Board) shall develop Administrative Procedures for withdrawal from the Academy to accomplish the following:

A. make counseling services available to any student who wishes to withdraw;

B. make every effort to satisfy the student's future educational needs;

C. help the student define his/her own educational goals and help plan the realization of those goals; and

D. assure the timely return of all Academy-owned supplies and equipment in the possession of the student.

PERSONAL COMMUNICATION DEVICES

In order to avoid disruption of the educational environment and protect students’ right of privacy, student use of personal communication devices (PCDs) is prohibited on school grounds during school hours and during after school activities (e.g., extra-curricular activities).

For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads and similar devices), electronic readers ("e-readers"; e.g., Kindles and similar devices), cell phones (e.g., mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), telephone paging devices (e.g., beepers or pagers), and/or other web-enabled devices of any type. Students may not use PCDs on school property or at a school-sponsored activity to access and/or view Internet web sites that are otherwise blocked to students at school.

Also, during after school activities, PCDs shall be powered completely off (not just placed into vibrate or silent mode) and stored out of sight when directed by the administrator or sponsor.

Under certain circumstances, a student may keep his/her PCD "On" with prior approval from the building school leader.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using PCDs during the school day, including while off-campus on a field trip, to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted. Students who violate this provision and/or use a PCD to violate the privacy rights of another person shall have their PCD confiscated and held until the end of the school year or a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated-PCD may be turned-over to law enforcement.

The use of PCDs that contain built-in cameras (i.e., devices that take still or motion pictures, whether in a digital or other format) is prohibited in classrooms; gymnasiums, locker rooms, shower facilities, rest/bathrooms; and swimming pool.

Students shall have no expectation of confidentiality with respect to their use of PCDs on school premises/property.

Students may not use a PCD in any way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated. See Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior. In particular, students are prohibited from using PCDs to: (1) transmit material that is threatening, obscene, disruptive, or sexually explicit or that can be construed as harassment or disparagement of others based upon their race, color, national origin, sex, sexual orientation, disability, age, religion, ancestry, or political beliefs; and (2) engage in "sexting" - i.e., sending, receiving, sharing, viewing, or possessing pictures, text messages, e-mails or other materials of a sexual nature in electronic or any other form. Violation of these prohibitions shall result in disciplinary action. Furthermore, such actions will be reported to local law enforcement and child services as required by law.

Students are also prohibited from using a PCD to capture, record, and/or transmit test information or any other information in a manner constituting fraud, theft, cheating, or academic dishonesty. Likewise, students are prohibited from using PCDs to receive such information.
Possession of a PCD by a student at school during school hours is a privilege that may be forfeited by any student who fails to abide by the terms of this policy, or otherwise abuses this privilege.

Violations of this policy may result in disciplinary action and/or confiscation of the PCD. The building school leader will also refer the matter to law enforcement or child services if the violation involves an illegal activity (e.g., child pornography, sexting). Discipline will be imposed on an escalating scale ranging from a warning to an expulsion based on the number of previous violations and/or the nature of or circumstances surrounding a particular violation. If the PCD is confiscated, it will be released/returned to the student's parent/guardian after the student complies with any other disciplinary consequences that are imposed, unless the violation involves potentially illegal activity in which case the PCD may be turned-over to law enforcement. A confiscated device will be marked in a removable manner with the student's name and held in a secure location in the building's central office until it is retrieved by the parent/guardian or turned-over to law enforcement. School officials will not search or otherwise tamper with PCDs in Academy custody unless they reasonably suspect that the search is required to discover evidence of a violation of the law or other school rules. Any search will be conducted in accordance with Policy 5771 – Search and Seizure. If multiple offenses occur, a student may lose his/her privilege to bring a PCD to school for a designated length of time or on a permanent basis.

A person who discovers a student using a PCD in violation of this policy is required to report the violation to the building school leader.

Students are personally and solely responsible for the care and security of their PCDs. The Board assumes no responsibility for theft, loss, or damage to, or misuse or unauthorized use of, PCDs brought onto its property.

Parents/Guardians are advised that the best way to get in touch with their child during the school day is by calling the school office.

Students may use school phones to contact parents/guardians during the school day.

ATTENDANCE

Reference: MCL 380.1561, 380.1561(3a-3c), 380.1586(3)
Pupil Accounting Manual 2019-2020, Michigan Department of Education

The Board shall enforce the regular attendance of students. The Board recognizes that the students' presence in the classroom enables them to participate in instruction, class discussions, and related learning activities. As such, regular attendance and classroom participation are integral to instilling incentives for students to excel.

Attendance shall be required of all students during the days and hours the Academy is in session.

A student may be considered a full-time equivalent student provided the student is enrolled in units of instruction (courses), as defined by State law, per school year.

A student enrolled in the Academy's alternative education program may be considered a full-time student provided the student is enrolled in units of instruction (courses), as defined by State law, per school year in the alternative education environment.

The Academy shall require a written statement, explaining the cause for any absence, from the parent/guardian of each student or from an adult student who has been absent. The School Leader is authorized to verify such statements and to investigate the cause of each absence.

The Board considers the following factors to be reasonable excuses for time missed:

A. illness;
B. recovery from accident;
C. required court attendance;
D. professional appointments;
E. death in the immediate family;
F. observation or celebration of a bona fide religious holiday; or
G. such other good cause acceptable to the School Leader.

Attendance need not always be within the Academy facilities, but a student will be considered in attendance if present at any place where school is in session, by authority of the Board.

The Board authorizes, but does not encourage the School Leader to suspend a student from a particular class (or from the Academy) if sincere efforts by the staff and parents cannot rectify the pattern of absence. In keeping with its philosophy, the Board supports efforts to provide for out-of-school alternative educational opportunities for truant students rather than to heighten the effects of absence through suspension.

The School Leader shall develop Administrative Procedures for the attendance of students to which:

A. ensure a school session in conformity with the requirements of the law;
B. ensure the student absent for any excusable reason has an opportunity to make up the work missed;

C. ensure the student is not given a failing grade or his/her credit unconditionally revoked where lack of attendance is the sole or primary determining factor, but allow reduction in grade or denial of credit, if the student does not make appropriate use of make-up sessions provided by the instructor or administrator;

D. govern the keeping of attendance records in accordance with the rules of the State Board of Education and the Michigan Department of Education Pupil Accounting Manual, including a written electronic attendance procedure, if applicable;

E. identify the habitual truant, investigate the cause(s) of his/her behavior, and consider modification of his/her educational program to meet particular needs and interests; and;

F. ensure any student with a specifically identifiable physical or mental impairment, who exceeds (or may exceed) the Academy's limit on excused absence, is referred for evaluation for eligibility either under the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1973.

Such procedures should provide that a student's grade in any course is based on his/her performance in the instructional setting and is not reduced for reasons of conduct. If a student violates the attendance or other rules of the Academy, s/he should be disciplined appropriately for the misconduct, but his/her grades should be based upon what the student can demonstrate s/he has learned.

MISSING AND ABSENT CHILDREN

Reference: MCL 380.1134, 1135

It is the intent of this Board to cooperate with local, state, and national efforts to decrease the number of missing children.

The School Leader (employed by the Board) is instructed to promulgate Administrative Procedures regarding admittance to the Academy of a student(s) who lacks records. This procedure should provide for notification of the police upon application of the student to the Academy.

ABSENCES FOR RELIGIOUS INSTRUCTION

Reference:  MCL 380.1561(3c)
AC Rule R340.71, R340.74

The Board desires to cooperate with those parents who wish to provide for religious instruction for their children. However, the Board recognizes its responsibility to enforce the attendance requirements of the State.

Given a signed request from a student's parent, the Board will allow exceptions to the student's continuous attendance for religious instruction outside the Academy building for no more than two (2) class hours per week and for attendance at confirmation classes, provided the child is twelve (12) or thirteen (13) years of age and the instructional period is no longer than five (5) months in either of those years.

A student must be properly registered for religious instruction, and a copy of such registration must be filed with the School Leader.

The time of release for religious instruction shall be arranged by the School Leader, in keeping with the regulations of the State Board of Education. The School Leader will also assure the appropriate continuance of the instructional program in the Academy during such release times.

No solicitation for attendance at religious instruction shall be permitted on Academy premises. Members of the staff shall neither encourage nor discourage participation in any program of religious instruction.

The School Leader shall develop Administrative Procedures regarding absences for Religious Instruction.

Adopted 6/10/15
LATE ARRIVAL AND EARLY DISMISSAL

It is necessary that a student be in attendance throughout the school day to benefit fully from the educational program of the Academy.

However, the Board recognizes that compelling circumstances occasionally require that a student be late to school or dismissed before the end of the school day.

As agent responsible for the education of the children of the Academy, the School Leader shall require that the Academy be notified in advance of such absences by written or personal request of the student's parent stating the reason for the tardiness or early dismissal. Justifiable reasons shall be determined by the School Leader.

If one parent has been awarded custody of the student by the courts, the custodial parent shall provide the Academy with a copy of the custody order and inform the Academy in writing of any limitations in the rights of the non-custodial parent. Absent such notice, the Academy will presume that the student may be released into the care of either parent.

No student who has a medical disability that may be incapacitating will be released without a person to accompany him/her. No student shall be released to anyone who has not been authorized such custody in writing by the parents.

Presentation of photo identification is required of anyone authorized such custody. (See Form 5230 F1)

The School Leader shall develop Administrative Procedures to ensure the proper implementation of this policy.

HEALTH SERVICES

Reference: 20 USC 1232(h)

In compliance with law, the Board may require students to submit to periodic health examinations for the following purposes:

A. to protect the Academy community from the spread of communicable disease;

B. to determine that each student's participation in health, safety, and physical education courses meets his/her individual needs;

C. to ensure that the learning potential of each child is not lessened by a remediable, physical disability.

The Academy shall specify the need for services which may include, but not be limited to the following:

A. student physical examinations.

Any health services program shall also include instruction to staff members on the observance of students for conditions that indicate physical defect or disability.

The School Leader (employed by the Board) shall directly notify the parents of students, at least annually, at the beginning of the school year, of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening is scheduled or expected to be scheduled for students - if the examination or screening is required as a condition of attendance, administered by the Academy and scheduled by the Academy in advance, and not necessary to protect the immediate health and safety of a specific student or other students.

The term "invasive physical examination" means any medical examination that involves the exposure of private body parts or any act during such examination that includes incision, insertion, or injection into the body, but does not include a hearing, vision or scoliosis screening.

The School Leader shall develop Administrative Procedures to ensure the proper implementation of this policy.

Adopted 6/10/15
USE OF MEDICATIONS

Neither the Board nor the School Leader shall be responsible for the diagnosis and treatment of student illness. The administration of prescribed medication and/or medically prescribed treatments to a student during school hours will be permitted only when failure to do so would jeopardize the health of the student, the student would not be able to attend school if the medication or treatment were not made available during school hours, or the child is disabled and requires medication to benefit from his/her educational program.

For purposes of this policy, medication shall include all medicines including those prescribed by a physician and any non-prescribed (over the counter) drugs, preparations, and/or remedies and performance-enhancing drugs as defined in AG 2431C. Treatment refers both to the manner in which a medication is administered and to health care procedures that require special training, such as catheterization.

Before any prescribed medication or treatment may be administered to any student during school hours, the Board shall require the written prescription from the child's physician and the written authorization of the parent. Both must also authorize any self-medication by the student.

Before any non-prescribed medication or treatment may be administered, the Board shall require the prior written consent of the parent who must also authorize any self-medication by his/her child.

A. Medications will be administered by the Academy in accordance with the School Leader’s procedures.

B. Only medication in its original container that is labeled with the date (if a prescription), the student's name, and exact dosage may be administered. Parents, or students authorized in writing by their physician and parents, may administer medication or treatment.

Staff members are to administer medication or treatment only in the presence of another adult, except in the case of an emergency that threatens the life or health of the student. Staff licensed as professional registered nurses are exempt from this requirement.

All staff authorized to administer medication or treatment will receive training on appropriate procedures for administering the medication or treatment. This training shall be provided by qualified individuals with knowledge of the Academy’s policy and procedures and knowledge of the administration of medications or treatment.

All medication shall be kept in a locked storage case in the Academy’s office.

The Board shall permit only trained staff to administer any medication requiring intravenous or intramuscular injection or the insertion of a device into the body when both the medication and the procedure are prescribed by a physician.
Students who may require the administration of an emergency medication may have such medication in accord with the School Leader's Procedures.

Students may possess and self-administer a metered dose or dry powder inhaler for relief of asthma (or before exercise to prevent onset of asthma symptoms), while at the Academy, on academy-sponsored transportation, or at any academy-sponsored activity in accordance with the Administrative Procedures, if all of the following conditions are met:

A. There is written approval from the student's physician or other health care provider and the student's parent/guardian (if student is under eighteen (18) to possess and use the inhaler (Form 5330 F1c);

And

B. The School Leader has received a copy of the written approvals from the physician and the parent/guardian;

And

C. There is on file at the student's Academy a written emergency care plan prepared by a licensed physician in collaboration with the student and his/her parent/legal guardian. The plan shall contain specific instructions on the student's needs including what to do in the event of an emergency.

Students with a need for emergency medication may also be allowed to self-possess and self-administer such medication, provided that they meet the same conditions established above. Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self-possess and administer the medication if they meet the conditions stated above.

Students shall be permitted to possess and self-administer U.S. Food and Drug Administration (FDA) approved, over-the-counter topical products while on academy property or at an academy-sponsored event provided the student has submitted prior written approval of his/her parent/guardian to the School Leader.

This policy and the Administrative Procedures developed to establish appropriate procedures shall be implemented in such a manner to comply with Academy's obligations and the student's needs under any Individualized Education Plan, Section 504 Plan, or other legally required accommodation for individuals with disabilities.

The School Leader shall prepare Administrative Procedures to ensure the proper implementation of this policy.

EPINEPHRINE AUTO-INJECTORS

Reference: M.C.L. 380.1178, 380.1179, 380.1179A
Michigan Department of Education, Model Policy and Guidelines for Administering Medications to Pupils at School

Students who are prescribed epinephrine to treat anaphylaxis shall be allowed to self-possess and self-administer the medication if they meet the conditions as stated in Policy 5330.

Commencing with the 2014-15 school year, the Academy shall have at least two (2) epinephrine auto-injectors (Epi-Pens) available at the school site. It shall be the responsibility of Principal to be sure that the supply of Epi-Pens is maintained at the appropriate level and they have not expired. Principal shall also be responsible for coordinating the training of employees to administer Epi-Pen injections and to maintain the list of employees authorized to administer such injections.

Individually Qualified to Administer

Only a licensed, registered professional nurse employed or contracted by the Academy or a school employee who has successfully passed the required training shall be allowed to possess and administer Epi-Pen injections to students. The persons authorized to use the Academy maintained Epi-Pens will be maintained in each school by the School Leader, and shall be available on an electronically accessible site for employees’ reference.

Each school shall have at least one person trained in the appropriate use and administration of an Epi-Pen injection. In each school with ten (10) or more combined instructional and administrative staff, at least two (2) employees at that site shall be appropriately trained in the use of an Epi-Pen.

Training of employees on the appropriate use and administration of an Epi-Pen injection shall be done in accordance with any guidelines provided by the Michigan Department of Education, and shall be conducted under the supervision of a licensed registered professional nurse. The training shall include an evaluation by the nurse of the employees’ understanding of the protocols for administering an Epi Pen injection.

Students to Whom Injections May Be Administered

A licensed, registered, professional nurse or trained and authorized employees under this policy may administer Epi-Pen injections to 1) any student who has a prescription on file with the Academy, in accordance with the directives in such prescription, and 2) any individual on school grounds who is believed to be having an anaphylactic reaction.

Reporting of Injections

Any person who administers an Epi-Pen injection to a student shall promptly notify the student's parent/guardian, call 911, and notify Principal, who shall be responsible for promptly notifying the student's parent/guardian that an injection has been administered.

All Epi-Pen injections by employees to students shall be reported in writing to School Leader. The report shall include whether the school's or student's Epi-Pen was used, and whether the student was previously known to be subject to severe allergic reaction (anaphylaxis).
School Leader shall at least annually report to the Department of Education, in the form and manner determined by the Department, information on the number of injections provided to students, the number of injections with Academy Epi-Pens and the number of incidents where students were not known to be subject to severe allergic reactions.

OPIOID ANTAGONISTS

Reference: M.C.L. 380.1179b
Administration of Opioid Antagonists Act

The Board has determined that it is in the best interests of its students and employees to have opioid antagonists available to be administered, if necessary, by appropriately trained personnel. Therefore, the Board adopts this policy to govern the handling and administration of opioid antagonists consistent with the following processes, procedures and limitations.

The Academy shall purchase opioid antagonists and distribute the opioid antagonists to an employee or agent of the Academy who has been trained in the administration of that opioid antagonist. An opioid antagonist is naloxone hydrochloride or any other similarly acting and equally safe drug approved by the U.S. Food and Drug Administration for the treatment of drug overdose.

An Academy employee or agent may possess an opioid antagonist distributed to that employee or agent and may administer that opioid antagonist to an individual only if both of the following apply:

A. The employee or agent has been trained in the proper administration of that opioid antagonist.

B. The employee or agent has reason to believe that the individual is experiencing an opioid-related overdose.

Each Academy shall have at least two (2) employees who have been trained in the appropriate use and administration of an opioid antagonist. The training shall be done in a manner that has been approved by the Grand Rapids Red Project. Only an appropriately trained Academy employee or agent may possess and administer an opioid antagonist.

Each Academy shall possess at least one package of an opioid antagonist on site. The opioid antagonist may be administered by a trained Academy employee or agent to a student or other individual on Academy grounds who is believed to be having an opioid-related overdose.

An opioid-related overdose is a condition, including, but not limited to, extreme physical illness, decreased level of consciousness, respiratory depression, coma, or death, that results from the consumption or use of an opioid or another substance with which an opioid was combined or that a reasonable person would believe to be an opioid-related overdose that requires medical assistance.

Any Academy personnel who have reason to believe that a student is having an opioid-related overdose must call 911.

Any person who administers an opioid antagonist to a student shall promptly notify the School Administrator who shall be responsible for promptly notifying the student’s parents/guardian that an injection has been administered.
The person who notifies the student's parent/guardian must encourage the parent or guardian to seek treatment for the student from a substance use disorder services program.

It shall be the responsibility of the School Administrator to be sure that the supply of opioid antagonists is maintained at the appropriate level and they have not expired. The School Administrator shall also be responsible for coordinating the training of Academy employees to administer the opioid antagonists and to maintain the list of employees authorized to administer the antagonists.

STUDENTS WITH SPECIAL DIETARY NEEDS

The Board believes all students shall have the opportunity to participate fully in all Academy programs and activities, although necessary accommodations may be required.

In some cases, a student's disability may prevent him/her from eating meals prepared for the general school population.

Substitutions to the regular meal will be made for students unable to eat meals at school because of their disabilities, when that need is certified in writing by a physician. Meal service shall be provided in the most integrated setting appropriate to the needs of the student with this disability.

The licensed physician's statement shall specifically describe the following:

A. the nature of the student's disability;
B. the reason the disability prevents the student from eating the regular school meals;
C. foods to be omitted from the student's diet; and
D. the specific diet prescription along with the substitution(s) needed.

In compliance with USDA Child Nutrition Division guidelines, the Academy will provide substitute meals to food allergic students based upon the physician's signed statement.

The Board recognizes students with documented life-threatening food allergies are considered disabled and are covered by The Disabilities Act and Public Law 93 112 and Section 504 of The Rehabilitation Act of 1973. A clearly-defined "504 Accommodation Plan" shall be developed and implemented for all such identified students making necessary accommodations are made to ensure full participation of the identified student in student activities. This plan shall be signed by the appropriate staff, the parent/guardian of the student, and the student's physician.

The School Leader (employed by the Board) shall prepare Administrative Procedures for the care of food allergic students. Such procedures shall include, but not be limited to, strategies for identifying students at risk for life-threatening allergic reactions; means to manage the student's allergy including avoidance measures; designation of typical symptoms; and dosing instructions for medications.

Adopted 6/10/15
STUDENT ACCIDENTS

The Board believes that Academy personnel have certain responsibilities in case of accidents that occur in school. Such responsibilities include administering first aid by persons trained to do so, summoning medical assistance, notifying administrative personnel, notifying parents, and filing accident reports.

Staff members should administer first aid within the limits of their knowledge of recommended practices. All staff should make an effort to increase their understanding of the proper steps to be taken in the event of an accident. The staff member in charge must submit an accident report on any student accident.

The School Leader (employed by the Board) shall prepare Administrative Procedures to assure the prompt reporting of all student accidents.

Adopted 6/10/15
EMERGENCY MEDICAL AUTHORIZATION

The School Leader will distribute the Emergency Medical Authorization Form annually to parents or guardians of all students. If an emergency medical treatment for a student is necessary, the Academy will adhere to the instructions on the authorization form.

The Emergency Medical Authorization Form will be kept in a separate, easily accessible file in the Academy office during the year.

Any time a student or a group of students is taken out of the Academy to participate in an academy event, the staff in charge of the event must take the Emergency Medical Forms for those students. This includes, and is not limited to, students involved in music trips, athletic trips, field trips, and academic contests. This does not include student spectators at events.

The School Leader shall develop Administrative Procedures to ensure the prompt return of said form by parents or guardians and the implementation of other provisions of this policy. Whenever it is necessary for staff members to use emergency procedures in order to care properly for a student, they are to follow the procedures described in this policy and in Policy 5342 related to Do Not Resuscitate Orders.

Reference: M.C.L. 333.1051, et. seq.
M.C.L. 380.1180

After April 4, 2021, if a parent or legal guardian who is legally authorized to execute a “Do Not Resuscitate” order (“DNR Order”) for a student provides Academy administration with a copy of a duly executed DNR Order compliant with the law and in substantially the same form as dictated by statute, Academy administration shall proceed as follows.

If the administrator who receives a copy of a DNR Order from a parent or legal guardian of a student is not the School Leader, the administrator shall immediately provide the School Leader with the DNR Order.

The School Leader shall ensure that all of the following conditions are met:

B. If the Academy received a copy of a DNR Order for a student during the immediately preceding school year, the School Leader, or his/her designee, must inquire of the student's parent or legal guardian at the beginning of each school year subsequent to which the DNR Order was in effect to determine if the order is still in effect.

C. The School Leader, or his/her designee, must provide actual notice of the DNR Order to each teacher or other academy employee who provides instructional or noninstructional services directly to the student.

If an administrator received actual notice of a revocation of a DNR Order, s/he shall immediately provide the revocation to the School Leader and the School Leader, or his/her designee shall immediately place the revocation in the file created per the instruction and provide actual notice of the revocation to each teacher or other academy employee who provides instructional or noninstructional service directly to the student.

The Board shall ensure that timely and appropriate training regarding compliance with the DNR Order is provided to each teacher or other academy employee who provides services to a student with a DNR Order, according to his/her level of responsibility.

An individual who determines that a minor student, while located at academy, is wearing a do-not-resuscitate identification bracelet or an individual who has actual notice of valid DNR Order related to the minor student shall not attempt to resuscitate the minor student before an appropriate health professional arrives to assist.

STUDENT SUICIDE

Reference: MCL 380.1171 (Chase Edwards Law)
Kelson v City of Springfield, 767 F2d 651 (9th Cir. 1985)

The Board of Directors recognizes that depression and self-destruction are problems of increasing severity among children and adolescents. A student who suffers the psychological disability of depression cannot benefit fully from the educational program of the Academy, and a student who has attempted self-destruction poses a danger both to himself/herself and to other students.

All Academy personnel should be alert to the student who exhibits signs of unusual depression or who threatens or attempts suicide. Any such signs or the report of such signs from another student or staff member should be taken with the utmost seriousness.

Academy staff shall receive professional development training in the risk factors, warning signs for suicide and depression and about the protective factors that help prevent suicide, as well as the available resources regarding youth suicide awareness and prevention.

Additional professional development training in suicide risk assessment and intervention shall be provided to counselors, psychologists, and school nurses.

The School Leader shall develop and implement Administrative Procedures whereby members of the professional staff understand how to use an intervention procedure which includes the following:

   Step 1 – Stabilization
   Step 2 – Assessment of the Risk
   Step 3 – Use of Appropriate Risk Procedures
   Step 4 – Communication with Appropriate Parties
   Step 5 – Follow-Up

The School Leader shall implement instruction for students on the dangers of depression and suicide through age appropriate programs. Such instruction shall focus on:

   A. awareness of the risks and warning signs;
   B. access to appropriate prevention services; and
   C. prevention of suicidal behaviors among students.

Parents/Guardians shall be notified of any suicide prevention instruction provided their children using the communication method used for regular communication with parents in that particular building.
Throughout any intervention, it is essential that Board policies and Administrative Procedures regarding confidentiality be observed at all times.

PROMOTION, PLACEMENT, AND RETENTION

The Board recognizes the personal, social, physical, and educational growth of children vary, so they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

It shall be the policy of the Board for each student to be moved forward through the grades in a continuous pattern of achievement and growth in harmony with his/her own development. A student will be promoted to the next grade level when s/he has:

A. achieved the instructional objectives set for the present grade, in the opinion of the professional staff; and

B. demonstrated the degree of social, emotional, and physical maturation necessary for successful learning in the next grade.

The School Leader (employed by the Board) shall develop Administrative Procedures for promotion, placement, and retention of students that accomplish the following:

A. ensure students who are falling seriously behind their peers, or who may not be promoted, receive the special assistance needed to achieve the academic outcomes of the Academy's core curriculum;

B. require the recommendation of the relevant staff members for promotion, placement, or retention;

C. require Academy staff to inform parents, well in advance, regarding the possibility of retention of a student at the present grade level;

D. ensure efforts are made to remediate the student's difficulties before s/he is retained;

E. assign to the School Leader the final responsibility for determining the promotion, placement, or retention of each student.

REPORTING STUDENT PROGRESS

The Board believes that the cooperation of the Academy and home is a vital ingredient to the growth and education of the whole child. The Board recognizes its responsibility to keep parents informed of student welfare and progress in school.

The Board directs the establishment of a system of reporting student progress that includes written reports and parent conferences with teachers and requires all appropriate staff members to comply with such a system as part of their professional responsibility.

The School Leader (employed by the Board) shall develop Administrative Procedures for reporting student progress to parents to achieve the following:

A. ensure both student and parent receive ample warning of a pending grade of "failure" (F) or a grade that would adversely affect the student's status;

B. require parent-teacher conferences to be scheduled at times and in places that ensure the greatest degree of convenience to and participation by parents;

C. specify the time period for report cards to be issued (e.g., every six (6) weeks).

Adopted 6/10/15
GRADING

The Board recognizes its responsibility for providing a system of grading student achievement to help the student, teachers, and parents judge properly how well the student is achieving the expected learning outcomes for his/her grade and the goals of the Academy's program.

The Board believes the Academy's grading system should be a reliable system that ensures each student's grades signify accurately his/her degree of accomplishment of those expected learning outcomes stated for each program at every grade level, kindergarten through twelfth.

The Board directs the School Leader (employed by the Board) to develop Administrative Procedures for grading that includes the following:

A. develop clear, consistent criteria and standards;

B. in each course of program, help each student understand what behavior and/or achievement is needed to earn each grade and what will result in a failing grade;

C. provide frequent opportunities for each student to obtain information regarding his/her progress toward the expected learning outcomes of his/her courses or programs;

D. provide for a pass/fail grade in appropriate programs;

E. allow and encourage students to assess both their own achievements and their areas of difficulty.

The grading system should be subject to continual review by staff, students, and parents. Revisions should be made only when such changes will assure a clearer, more valid, and/or more reliable system of grading.

The teacher responsible for a student's instruction in a particular course or program shall determine the student's grade. That grade may not be changed without the permission of the School Leader.

Adopted 6/10/15
STUDENT RECOGNITION

The Board values excellence and wishes to instill in students the desire to do their best in all things. It is the policy of this Board, therefore, to recognize outstanding accomplishment in the curricular, co-curricular, and extra-curricular areas.

The Board authorizes the School Leader to develop a plan for recognizing outstanding student achievement based on well defined, consistent criteria and standards.

Adopted 6/10/15
GRADUATION REQUIREMENTS

It shall be the policy of the Board to acknowledge each student's successful completion of the instructional program or a personal curriculum appropriate to the achievement of Academy goals and objectives as well as personal proficiency, by the awarding of a diploma at graduation ceremonies.

The Board shall award a regular high school diploma to every student enrolled in the Academy who meets the requirements of graduation established by this Board (see AG 5460), the Michigan Department of Education (MDE), and as provided by State law.

The Board shall annually notify each of its students and a parent or legal guardian of each of its high school students that all students are entitled to a personal curriculum. The annual notice shall include an explanation of what a personal curriculum is and state that if a personal curriculum is requested, the Academy will grant that request. The Academy shall provide this annual notice to parent and legal guardians by sending a written notice to each high school student's home or by including the notice in a newsletter, student handbook, or similar communication that is sent to a student's home, and also shall post the notice on the Academy's website.

Credit towards a high school diploma may be earned by:

A. traditional course work;
B. demonstrating mastery of subject area content expectations or guidelines for the credit;
C. related course work in which content standards are embedded;
D. non-traditional course work;
E. independent teacher-guided study;
F. testing out;
G. dual enrollment;
H. advanced placement courses;
I. international baccalaureate or other "early college" programs; or
J. Michigan Department of Education (MDE)-approved formal career and technical (CTE) program or curriculum; or
K. online class.
High school special education students who properly complete the programs specified in their I.E.P., or in a personal curriculum, and meet the requirements for a high school diploma, and have received the recommendation of the I.E.P.C. may participate in graduation activities as recommended by the student’s I.E.P.C. Reasonable accommodation shall be made for students with disabilities, as defined under State or Federal law, to assist them in taking any required tests or assessments for graduation.

For State-mandated curriculum requirements, a high school student shall be granted credit toward graduation if s/he successfully completes the subject area content expectations or guidelines developed by the department that apply to the credit. A high school student may also receive credit if s/he earns a qualifying score, as determined by the State on the assessments developed or selected for the subject area by the State or the student earns a qualifying score, as determined by the Academy on one or more assessments developed or selected by the Academy that measure a student’s understanding of the subject area content expectations or guidelines that apply to the credit. For subject areas and courses in which a final examination is used as the assessment for successful attainment of the subject area content, a grade of C+ or better is required.

The Board shall grant credit toward high school graduation for any student who successfully completes, prior to entering high school, a State-mandated curriculum requirement, provided s/he completes the same content requirements as the high school subject area, and the student has demonstrated the same level of proficiency on the material as required of the high school students.

Such credit shall be counted toward the required number of credits needed for high school graduation. Mastery credits shall be counted toward any subject area requirement and any course sequence requirement. Once mastery credit is earned in a subject area, a student may not receive further credit for a lower sequence course in the same subject area.

A high school student shall be granted credit in any foreign language not offered by the Academy providing the student meets the competency criteria established by the School Leader.

A high school student shall be granted credit for completion of an internship or work experience that meets all of the requirements of MCL 380.1279h, subject to the Board’s right to deny credit for the reasons and in the manner set out in MCL 380.1279h. The appeal rights set out in this statute apply in the event of a denial.

A student engaging in an internship or work experience under M.C.L. 380.1279h must complete a reflection projection. The reflection project shall include:

A. A copy of the student's time card from the internship or work experience.

B. A written summary of the internship or work experience.

Many high school credit requirements may be fulfilled through state approved career and technical education programs (see AG 5460.01). The career and technical education credits may include work-based learning by a student working at a business or other work setting with appropriate oversight by the Academy over the student's experience and learning in the work setting in which the work-based learning occurs.

Commencement exercises will include only those students who have successfully completed requirements as certified by the School Leader No student who has completed the
requirements for graduation shall be denied a diploma as a disciplinary measure. A student may be denied participation in the ceremony of graduation, however, when personal conduct so warrants.

CREDITS FROM NONPUBLIC SCHOOLS

In recognizing its responsibility to uphold the minimum educational standards of the State of Michigan, the Board establishes the following policy and criteria regarding the acceptance of credits from nonpublic schools whether they are State-approved, non-approved, or home schools.

For credit or course-work to be accepted for courses taken in such schools, assurance of compliance with minimum requirements established by the State must be provided.

Recognition of credits or course-work shall be granted when the proper assurance and the student's transcript has been received. The Academy reserves the right to assess such transfer students in order to determine proper placement and to be assured the student can demonstrate the learnings which are prerequisite to a placement.

Although credits from nonpublic schools may be granted and placed on a student's transcript, no grades will be entered on the transcript or considered for class ranking. Only grades awarded for courses taken at the Academy or at a school approved by a State education agency shall be considered in class ranking and for entering on the transcript.

The School Leader (employed by the Board) shall develop Administrative Procedures to ensure proper implementation of this policy.

CARE OF ACADEMY PROPERTY

Reference: MCL 600.2913

Basic to the philosophy of the Board is a respect for the rights of others. Students are urged to respect the belongings of others, including school property. Each student should realize that vandalism to school property is costly to repair and is directly related to increased costs at the Academy.

Attempts should be made to teach students respect for property through the care of textbooks and the use of Academy materials and equipment.

In accordance with law, students who cause damage to school property shall be subject to disciplinary measures, and their parents shall be financially liable for such damage to the extent of the law, except that students over eighteen (18) years of age or older shall also be liable for damage they cause.

The Board authorizes the imposition of fines for the loss, damage, or destruction of Academy equipment, apparatus, musical instruments, library materials, or textbooks and for damage to the building.

The School Leader may report to the appropriate authorities any student whose damage of school property has been serious or chronic in nature.

The Board will permit the use of bicycles by students in grade 6 and above in accordance with the rules of the Academy.

The School Leader (employed by the Board) shall develop Administrative Procedures to ensure the proper implementation of this policy.

B. physical punishment or infliction of pain;
C. intentional humiliation or embarrassment;
D. dangerous activity;

All hazing incidents shall be reported immediately to the School Leader. Students, administrators, faculty members, and other employees who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties.

This policy applies to unlawful conduct occurring on Academy property, or at another location if such conduct occurs during an activity sponsored by the Board.

The Board will vigorously enforce its prohibition against discriminatory harassment based on race, color, national origin, sex (including sexual orientation and gender identity), disability, age (except as authorized by law), religion, height, weight, marital or family status, military status ancestry, or genetic information (collectively, "Protected Classes") that are protected by Federal civil rights laws (hereinafter referred to as unlawful harassment), and encourages those within the Academy community as well as Third Parties, who feel aggrieved to seek assistance to rectify such problems. B. Filing a malicious or knowingly false report or complaint of unlawful harassment.

C. Disregarding, failing to investigate adequately, or delaying investigation of allegations of unlawful harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one’s supervisory duties.

Bullying

Bullying rises to the level of unlawful harassment when one or more persons systematically and chronically inflict physical hurt or psychological distress on one (1) or more students or employees and that bullying is based upon one (1) or more Protected Classes, that is, characteristics that are protected by Federal civil rights laws. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or student, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational or work environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school or work performance or participation; and may involve:

A. teasing;

B. threats;

C. intimidation;
D. stalking;
E. cyberstalking
F. cyberbullying;
G. physical violence;
H. theft;
I. sexual, religious, or racial harassment;
J. public humiliation; or
K. destruction of property.

Harassment

"Harassment" means any threatening, insulting, or dehumanizing gesture, use of technology, or written, verbal or physical conduct directed against a student or Academy employee that:

A. places a student or Academy employee in reasonable fear of harm to his/her person or damage to his/her property;
B. has the effect of substantially interfering with a student's educational performance, opportunities, or benefits, or an employee's work performance; or
C. has the effect of substantially disrupting the orderly operation of the Academy.

Sexual Harassment

For purposes of this policy and consistent with Title VII of the Civil Rights Act of 1964 "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

A. Submission to such conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program, or activity;
B. Submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
C. Such conduct has the purpose or effect of interfering with the individual's work or educational performance; of creating an intimidating, hostile, or offensive working, and/or learning environment; or of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Sexual harassment may involve the behavior of a person of any gender against a person of the same or another gender.
Sexual Harassment covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities is not included in this policy. Allegations of such conduct shall be addressed solely by Policy 2266.

A. Unwelcome sexual propositions, invitations, solicitations, and flirtations.

B. Unwanted physical and/or sexual contact.

C. Threats or insinuations that a person's employment, wages, academic grade, promotion, classroom work or assignments, academic status, participation in athletics or extra-curricular programs, activities, or events, or other conditions of employment or education may be adversely affected by not submitting to sexual advances.

I. Giving unwelcome personal gifts such as lingerie that suggest the desire for a romantic relationship;

J. Leering or staring at someone in a sexual way, such as staring at a person's breasts, buttocks, or groin;

K. A pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another.

L. Inappropriate boundary invasions by an Academy employee or other adult member of the Academy community into a student's personal space and personal life.

M. Verbal, nonverbal or physical aggression, intimidation, or hostility based on sex or sex-stereotyping that does not involve conduct of a sexual nature.
Not all behavior with sexual connotations constitutes unlawful sexual harassment. Sex-based or gender-based conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects, limits, or denies an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment, or such that it is intended to, or has the effect of, denying or limiting a student’s ability to participate in or benefit from the educational program or activities.

The Compliance Officer(s) will be available during regular school/work hours to discuss concerns related to unlawful harassment, to assist students, other members of the Academy community, and third parties who seek support or advice when informing another individual about "unwelcome" conduct, or to intercede informally on behalf of the individual in those instances where concerns have not resulted in the filing of a formal complaint and where all parties are in agreement to participate in an informal process.

Compliance Officers shall accept reports of unlawful harassment directly from any member of the Academy community or a Third Party or receive reports that are initially filed with an administrator, supervisor, or other Academy official. Upon receipt of a report of alleged harassment, the Compliance Officer(s) will contact the Complainant and begin either an informal or formal complaint process (depending on the request of the Complainant or the nature of the alleged harassment), or the Compliance Officer(s) will designate a specific individual to conduct such a process. The Compliance Officer(s) will provide a copy of this policy to the Complainant and Respondent. Thereafter, the Compliance Officer(s) or designee must contact the Complainant, if age eighteen (18) or
older, or Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Reports and Complaints of Harassing Conduct

Members of the Academy community along with Third Parties are encouraged to promptly report incidents of harassing conduct to the Academy's Anti-Harassment Compliance Officer so that the Academy's Anti-Harassment Compliance Officer may address the conduct before it becomes severe, pervasive, or persistent. Any administrator, supervisor, or other Academy official who receives such a report shall file it with the Compliance Officer within two (2) days of receiving the report of harassment.

Members of the Academy community and Third Parties who believe they have been unlawfully harassed by another member of the Academy community or a Third Party are entitled to utilize the Board's complaint process that is set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 – Bullying and Other Forms of Aggressive Behavior, the School Leader believes that the reported misconduct may have created a hostile work environment and may have constituted unlawful discriminatory harassment based on a Protected Class, the School Leader will report the act of bullying, aggressive behavior and/or harassment to the Compliance Officer(s) who shall investigate the allegation in accordance with this policy. If the alleged harassment involves Sexual Harassment as defined by Policy 2266, the matter will be handled in accordance with the grievance process and procedures outlined in Policy 2266. While the Compliance Officer investigates the allegation, or the matter is being addressed pursuant to Policy 2266, the School Leader shall suspend the Policy 5517.01 investigation to await the Compliance Officer's written report or the determination of responsibility pursuant to Policy 2266. The Compliance Officer shall keep the School Leader informed of the status of the 5517 investigation and provide the School Leader with a copy of the resulting written report. Likewise, the Title IX Coordinator will provide the School Leader with the determination of responsibility that results from the Policy 2266 grievance process.

Investigation and Complaint Procedure

Except for Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Program or Activities, any student who believes that they have been subjected to unlawful harassment may seek resolution of the complaint through either the procedures described below. The formal complaint process involves an investigation of the Complainant's claims of harassment or retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful harassment or retaliation, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).
The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful harassment or retaliation with the United States Department of Education Office for Civil Rights.

**Informal Complaint Procedure**

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and to facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student, who believes s/he has been unlawfully harassed or retaliated against. This informal procedure is not required as a precursor to the filing of a formal complaint. The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

Students who believe that they have been unlawfully harassed may initiate their complaint through this informal complaint process, but are not required to do so. The informal process is only available in those circumstances where the parties (alleged target of harassment and alleged harasser(s)) agree to participate in the informal process.

The Complainant may proceed immediately to the formal complaint process and individuals who seek resolution through the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a Board employee, any other adult member of the Academy community, or a Third Party and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe in doing so, the individual should tell or otherwise inform the Respondent that the allegedly harassing conduct is unwelcome and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment, the Compliance Officer may advise against the use of the informal complaint process.

A Complainant may make an informal complaint, either orally or in writing: (1) to a teacher, other employee, or building administrator in the school the student attends; (2) to the School Leader; and/or (3) directly to one of the Compliance Officers.

All informal complaints must be reported to one of the Compliance Officers who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The Board’s informal complaint procedure is designed to provide students who believe they are being unlawfully harassed with a range of options designed to bring about a resolution of their concerns. Depending upon the nature of the complaint and the wishes of the Complainant, informal resolution may involve, but not be limited to, one or more of the following:

A. Advising the Complainant about how to communicate the unwelcome nature of the behavior to the Respondent.
B. Distributing a copy of this anti-harassment policy as a reminder to the individuals in the school building or office where the Respondent works or attends.

C. If both parties agree, the Compliance Officer may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the Compliance Officer/designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint, the Complainant process may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties has requested that the informal complaint process be terminated to move to the formal complaint process, or the Complainant, from the outset, elects to file a formal complaint, or the CO determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, principal, or other Academy official at the student’s school, the Compliance Officer, School Leader, or another Academy employee who works at another school. Due to the sensitivity surrounding complaints of unlawful harassment and retaliation, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. If a Complainant informs a teacher, principal, School Leader, or other Academy official, either orally or in writing, about any complaint of harassment or retaliation, that employee must report such information to the Compliance Officer/designee within two (2) business days.

Throughout the course of the process, the Compliance Officer should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the Compliance Officer shall ask for such details in an oral interview. Thereafter, the Compliance Officer will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the Compliance Officer will consider whether any action should be taken in the investigatory phase to protect the Complainant from further harassment or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the Compliance Officer should consult the Complainant to assess whether the individual agrees.
with the proposed action. If the Complainant is unwilling to consent to the proposed change, the Compliance Officer may still take whatever actions deemed appropriate in consultation with the School Leader.

Within two (2) business days of receiving the complaint, the Compliance Officer or a designee will initiate a formal investigation to determine whether the Complainant has been subjected to offensive conduct/harassment/retaliation. The School Leader will not conduct an investigation unless directed to do so by the Compliance Officer.

Simultaneously, the Compliance Officer will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including the Board's Anti-Harassment policy. The Respondent must also be informed of the opportunity to submit a written response to the formal complaint within five (5) days.

Although certain cases may require additional time, the Compliance Officer/designee will attempt to complete an investigation into the allegations of harassment/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

A. interviews with the Complainant;

B. interviews with the Respondent;

C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;

D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the Compliance Officer/designee shall prepare and deliver a written report to the School Leader that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful harassment as provided in Board policy and State and Federal law as to whether the Respondent engaged in unlawful harassment/retaliation of the Complainant. The Compliance Officer's recommendations must be based upon the totality of the circumstances. In determining if discriminatory harassment or retaliation occurred, a preponderance of evidence standard will be used. The Compliance Officer may consult with the Board's legal counsel before finalizing the report to the School Leader.

Absent extenuating circumstances, within ten (10) days of receiving the report of the Compliance Officer/designee, the School Leader must either issue a written decision regarding whether the complaint of harassment has been substantiated or request further investigation. A copy of the School Leader's final decision will be delivered to both the Complainant and the Respondent.

If the School Leader requests additional investigation, the School Leader must specify the additional information that is to be gathered, and such additional investigation must be completed within ten (10) school days. At the conclusion of the additional investigation, the School Leader shall issue a written decision as described above.
A Complainant or Respondent who is dissatisfied with the final decision of the School Leader may appeal through a signed written statement to the Board within five (5) business days of the party’s receipt of the School Leader’s decision.

In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board’s disposition of the appeal shall be sent to each party within ten (10) business days of this meeting. The decision of the Board will be final.

The Board reserves the right to investigate and resolve a complaint or report of unlawful harassment/retaliation regardless of whether the student alleging the unlawful harassment/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

**Privacy/Confidentiality**

The Academy will employ all reasonable efforts to protect the rights of the complainant, the Respondent, and the witnesses as much as possible, consistent with the Board’s legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy and its related Administrative Procedures shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant’s identity.

During the course of a formal investigation, the Compliance Officer/designee will instruct all members of the Academy community and third parties who are interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of a harassment investigation is expected not to disclose any information that is learned or provided during the course of the investigation.

**Sanctions and Monitoring**

The Board shall vigorously enforce its prohibitions against unlawful harassment/retaliation by taking appropriate action reasonably calculated to stop the harassment and prevent further such harassment. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the School Leader shall consider the totality of the circumstances involved in the matter, including the ages and maturity levels of those involved. In those cases where unlawful harassment is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the Academy community, all subsequent sanctions imposed by the Board and/or
School Leader, shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person from making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanction/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Allegations Constituting Criminal Conduct: Child Abuse/Sexual Misconduct

State law requires any Academy teacher or Academy employee who knows or suspects that a student under the age of eighteen (18) or that a person with a disability receiving services as a student from the academy regardless of age has suffered or faces a threat of suffering a physical or mental wound, disability or condition of a nature that reasonably indicates abuse or neglect of a child to immediately report that knowledge or suspicion to the county children’s services agency. If, during the course of a harassment investigation, the Compliance Officer or a designee has reason to believe or suspect that the alleged conduct reasonably indicates abuse or neglect of the Complainant, a report of such knowledge must be made in accordance with State law and Board Policy.

Any reports made to a county children’s services agency or to local law enforcement shall not terminate the Compliance Officer or a designee's obligation and responsibility to continue to investigate a complaint of harassment. While the Compliance Officer or a designee may work cooperatively with outside agencies to conduct concurrent investigations, in no event shall the harassment investigation be inhibited by the involvement of outside agencies without good cause after consultation with the School Leader.

Education and Training

In support of this Anti-Harassment Policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The School Leader, shall provide appropriate information to all members of the Academy community related to the implementation of this policy and shall provide training for Academy students and staff where appropriate. All training, as well as information provided regarding the Board’s policy and harassment in general, will be age and content appropriate.
Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315) created and/or received as part of an investigation, which may include but not be limited to:

I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

L. copies of the Board policy and/or procedures/guidelines used by the Academy to conduct the investigation, and any documents used by the Academy at the time of the alleged violation to communicate the Board’s expectations to students and staff with respect to the subject of this policy (e.g., Student Code of Conduct and/or Employee Handbooks);

M. copies of any documentation that memorializes any formal or informal resolutions to the alleged discrimination or harassment;

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

BULLYING

The Board believes that a safe and nurturing educational environment in school is necessary for students to learn and achieve high academic standards. Therefore, it is the policy of the Academy to provide a safe and nurturing environment for all of its students. Appropriate behavior, treating others with civility and respect, and refusing to tolerate harassment or bullying is expected of students, as well as administrators, faculty, staff, visitors, and volunteers.

BULLYING AND CYBERBULLYING ARE PROHIBITED

Bullying and cyberbullying of a student, whether by other students, staff, visitors, Board members, parents, guests, contractors, vendors and volunteers, is prohibited. All pupils are protected under this policy, and bullying and cyberbullying are prohibited without regard to its subject matter or motivating animus.

DEFINITION OF BULLYING

“Bullying” means any written, verbal, or physical act, or any electronic communication, including, but not limited to, cyberbullying, that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.

B. Adversely affecting the ability of a pupil to participate in or benefit from the school district’s or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.

C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.

D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

“Cyberbullying” means any electronic communication that is intended or that a reasonable person would know is likely to harm one (1) or more pupils either directly or indirectly by doing any of the following:

A. Substantially interfering with the educational opportunities, benefits, or programs of one (1) or more pupils.

B. Adversely affecting the ability of a pupil to participate in or benefit from the school district’s or public school’s educational programs or activities by placing the pupil in reasonable fear of physical harm or by causing substantial emotional distress.

C. Having an actual and substantial detrimental effect on a pupil’s physical or mental health.
D. Causing substantial disruption in, or substantial interference with, the orderly operation of the school.

Since “bullying” also includes “cyberbullying,” any reference in this policy to “bullying” shall also be deemed to refer to “cyberbullying.”

Bullying and cyberbullying are prohibited at school. “At school” is defined as on school premises, at school-sponsored activities or events, in a school-related vehicle, or using telecommunications access device or a telecommunications service provider if the telecommunications access device or telecommunications service provider is owned by or under the control of the school district. “Telecommunications access device” and “telecommunications service provider” mean those terms as defined in Section 219a of the Michigan Penal Code (MCL § 750.219a).

Bullying and cyberbullying that does not occur “at school,” as defined above, but that causes a substantial disruption to the educational environment may be subject to disciplinary action in accordance with this policy and applicable law.

REPORTING AND INVESTIGATING REPORTS OF BULLYING

Every student is encouraged to report any situation that he or she believes to be bullying behavior directed toward a student to a teacher, a counselor, administrator, or other staff member. Staff members shall report any reports made by students or situations that they believe to be bullying behavior directed toward a student to the School Leader. Complaints against the School Leader shall be reported to the Board.

Under state law, a school employee, school volunteer, student, or parent or guardian who promptly reports in good faith an act of bullying to the appropriate school official designated in this policy and who makes this report in compliance with the procedures set forth in this policy is immune from a cause of action for damages arising out of the reporting itself or any failure to remedy the reported incident. This immunity does not apply to a school official responsible for implementing this policy or for remedying the bullying, when acting in that capacity.

Retaliation or false accusation against a target of bullying, a witness, or another person with information about an act of bullying is prohibited. Suspected retaliation should be reported in the same manner as suspected bullying behavior. Making intentionally false accusations of bullying is likewise prohibited. Retaliation and making intentionally false accusations of bullying may result in disciplinary action up to and including expulsion.

All complaints about bullying that may violate this policy shall be promptly investigated and documented. The School Leader or designee is responsible for the investigation. If the investigation results in a finding that bullying has occurred, it shall result in prompt and appropriate disciplinary action, up to and including expulsion for students, up to and including discharge for employees, and up to and including exclusion from school property for parents, guests, volunteers, and contractors. Individuals may also be referred to law enforcement officials.

Where the investigation results in a finding that bullying has occurred, both the parent or legal guardian of a victim of bullying and the parent or legal guardian of a perpetrator of the bullying shall be notified promptly in writing. In addition, administrators investigating alleged bullying may notify parents of the victim or perpetrator of bullying sooner than the conclusion of the investigation if circumstances dictate such earlier notification.
The Academy shall document any prohibited incident that is reported and shall document all verified incidents of bullying and the resulting consequences, including the required notification of parents or guardians and any discipline and referrals.

The School Leader is the school official responsible for ensuring that this policy is implemented.

CONFIDENTIALITY

The Academy will comply with all applicable laws regarding confidentiality of personally identifiable information within education records. In addition, the identity of an individual who reports an act of bullying or cyberbullying shall be and remain confidential. The School Leader, or the School Leader’s designee, shall ensure that the name of an individual who reports an act of bullying or cyberbullying is withheld from the alleged perpetrator and the perpetrator’s parent(s), legal guardian(s) and representative(s), and is redacted from any report of bullying or cyberbullying that is publicly disclosed.

NOTIFICATION

This policy will be annually circulated to parents and students, and shall be posted on the Academy website.

REPORTING

As required by state statute, the Academy shall provide a report of all verified incidents of bullying and other required information to the Michigan Department of Education on an annual basis, according to the form and procedures established by the Department.

As required by state statute, the Academy’s procedures with respect to bullying are contained within this policy, and thus no administrative guidelines accompany this policy.

DISORDERLY CONDUCT

It is the purpose of the Board of Directors, acting within the intent and letter of the laws of the State of Michigan, to provide instruction for students at public expense. Any act of any person(s) that interfere with or thwart this purpose is unlawful or is in violation of Board policy. Therefore, actions by a student(s) to interfere materially or substantially with the operations of the Academy by defacing or destroying school property, by rioting, breaking-in, sitting-in, lying-in, smashing-in, or by picketing to force students not to cross picket lines are illegal. Students who engage in such activities may be punished to the full extent of the law and Board policy.

For the purposes of this policy, the term *disorderly conduct* includes any unlawful student assemblage; group acts of violence, disruption, vandalism, or building seizure; or interference with the functioning of school personnel, any student, or group of students.

DRUG FREE ENVIRONMENT

Reference:  MCL 37.1211(a); 20 USC §§ 5812, 7114; 41 USC § 702; 42 USC §§ 12114, 12210; 28 CFR § 35.131; 29 CFR §§ 825.112, 1630.3; 49 CFR §§ 382.121, 382.401, 382.601

The use, manufacture, possession, distribution, or dispensation of alcoholic liquor or the illegal use, manufacture, possession, distribution or dispensation of drugs or drug paraphernalia is strictly prohibited on school property, on school provided transportation, or at school-sponsored events. The Academy shall maintain a drug-free environment at all times.

Students found in possession of alcohol or illegal drugs (including drug paraphernalia), or found to be under the influence of such substances, shall be subject to discipline pursuant to the Academy Code of Conduct.

The School Leader shall establish a drug-free awareness program consistent with this policy and all applicable law. Such a program may include reasonable guidelines and procedures designed to ensure that an individual who has formerly engaged in the illegal use of drugs is no longer engaging in the illegal use of drugs.

Students of the Academy shall be provided with a copy of the standards regarding alcoholic liquor and illegal drugs, including drug paraphernalia, and shall be informed that compliance with these standards is mandatory.

PERFORMANCE-ENHANCING DRUGS/COMPOUNDS

Reference: MCL 333.26301 et seq., 380.1318

The Board of Directors recognizes the use of dietary supplements containing performance-enhancing compounds and/or performance-enhancing drugs poses a serious health risk to students.

Accordingly, no staff member, volunteer, or contractor shall knowingly sell, market, distribute, or promote the use of any dietary supplement containing a performance-enhancing compound or a performance-enhancing drug (e.g., anabolic steroids), to a student with whom the staff member, volunteer, or contractor has contact as a part of his/her duties. Furthermore, the staff member, volunteer, or contractor shall not endorse or suggest the ingestion, intranasal application, or inhalation of such a dietary supplement by a student with whom he/she has contact as part of his/her duties.

Use of a performance-enhancing substance regardless of source by a student is a violation that will affect a pupil's athletic eligibility and extra-curricular participation, as determined by the Board. A list of performance-enhancing substances developed by the State Department of Community Health shall be updated annually and included in AG 2431. This notice and list shall also be published in the Parent/Student Handbook provided annually.

INTERROGATION OF STUDENTS

Reference: MCL 722.627
Attorney General's Opinion No 6869, September 6, 1995

The Board is committed to protecting students from harm that may or may not be directly associated with the academy environment but also recognizes its responsibility to cooperate with law enforcement State's child protection agency.

Whenever it has been determined that an agency has a legitimate purpose in interrogating a student within the confines of the Academy, the School Leader or representative shall be present throughout the proceedings. S/He should also verify that the student(s) has been informed of his/her rights to refuse to answer questions, to be informed that anything s/he says may be used against him/her in court, and to consult with and be advised by legal counsel.

Such agencies should be encouraged to investigate alleged violations of the law off academy property if at all possible. An investigation can take place immediately on academy property at the request of the School Leader if the alleged violation of law took place on academy property or in emergency situations.

When police or other authorities arrive at the Academy and wish to interview a student or investigate an alleged violation of law, they must contact the School Leader indicating the nature of their investigation and their desire to question a student or students.

The School Leader shall ask the investigator whether s/he may contact the parents prior to the interview and document the response. Unless the investigator specifically requests that s/he not contact the parents, the School Leader shall attempt to contact the parents prior to questioning.

Before the student(s) is (are) questioned as a witness to or suspect in an alleged violation of law, the building administrator shall attempt to contact the parent prior to questioning and shall request to remain in the room during the questioning.

In those circumstances when an interrogation may expose a student to criminal charges, the School Leader should also verify that the student(s) has been informed of his/her right to refuse to answer questions, to be informed that anything s/he says may be used against him/her in court, and to consult with and be advised by legal counsel.

If the student is the subject of a child abuse/neglect investigation, the School Leader shall attempt to contact the parent prior to questioning, and s/he or a designated guidance counselor will make every effort to remain in the room during questioning. If an agency investigating child abuse/neglect indicates that the parent or a family member is believed to be the perpetrator, the School Leader will not contact either parent prior to the interview if so requested by the investigator. All attempts to notify the parents should be documented.

When an authorized law enforcement officer or child protection agency removes a student, the School Leader will record the name of the investigator, the public agency involved and the destination of the student if possible. S/he shall also notify the parent and the School Leader.

No Academy official may release personally identifiable student information in education records to the police or children's services agency without prior written permission of the parent, a lawfully-issued subpoena, or a court order, unless it is an emergency situation involving the
health or safety of the involved student or other students. Proper directory information may be disclosed upon request. (See Board Policy 8330).

Revised 1/18/19
STUDENT DISCIPLINE

The Board acknowledges conduct is closely related to learning and an effective instructional program requires an orderly school environment, as reflected in the behavior of students.

The Board believes the best discipline is self-imposed, with students assuming responsibility for their own behavior and the resulting consequences.

The Board shall require each student of the Academy to adhere to the Code of Conduct established by the administration and submit to such disciplinary measures, appropriately assigned for infraction of those rules. Such rules shall require students to do the following:

A. conform to reasonable standards of socially acceptable behavior;
B. respect other persons and their property;
C. preserve the degree of order necessary for the educational program in which they are engaged;
D. respect the rights of others;
E. obey the constituted authority and respond with respect to those who hold that authority.

The School Leader (employed by the Board) shall develop Administrative Procedures for student conduct (Code of Conduct) that carry out the purposes of this policy and have the following characteristics:

A. focus on the need to maintain a school environment conducive to learning;
B. do not discriminate among students;
C. do not demean students;
D. do not violate any individual rights constitutionally guaranteed to students.

The School Leader (employed by the Board) shall also designate sanctions, excluding corporal punishment, for the infractions of rules in the Code of Conduct. The sanctions shall accomplish the following:

A. relate in kind and degree to the infraction;
B. require the student to take responsibility for his/her actions;
C. reduce the effects of any harm caused by the student's misconduct.

The Academy shall publish to all students and their parents the rules of this Academy regarding student conduct, the sanctions which may be imposed, and the due process procedures to be followed in administering the Code of Conduct.
The School Leader shall have the authority to assign discipline to students, subject to Administrative Procedures (Code of Conduct) and the student's due process right to notice, hearing, and appeal.

Staff members with authority over students shall have the authority to take the necessary means to control any disorderly conduct of students in all situations and in all places where such students are within the jurisdiction of this Board and when such conduct interferes with the educational program of the Academy or threatens the health and safety of others.

EMERGENCY REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS

Reference: M.C.L. 380.1301, 380.1309, 380.1310d, 380.1311

State Board of Education, Resolution to Address School Discipline Issues
Impacting Student Outcomes, Adopted June 12, 2012

The Board of Directors is continually concerned about the safety and welfare of Academy students and staff and, therefore, will not tolerate behavior that creates an unsafe environment, a threat to safety or undue disruption of the educational environment.

Factors to be Considered Before Suspending or Expelling a Student

The Board of Directors also recognizes that exclusion from the educational program of the academy's is a severe sanction that should only be imposed after careful and appropriate consideration. Except as otherwise noted below with respect to possession of a firearm in a weapon free school zone, if suspension or expulsion of a student is considered, the Board and/or School Leader shall consider the following factors prior to making a determination of whether to suspend or expel:

A. the student's age

B. the student's disciplinary history

C. whether the student has a disability

D. the seriousness of the violation or behavior

E. whether the violation or behavior committed by the student threatened the safety of any student or staff member

F. whether restorative practices will be used to address the violation or behavior

G. whether a lesser intervention would properly address the violation or behavior

The Board and/or School Leader will exercise discretion over whether or not to suspend or expel a student. In exercising that discretion for a suspension of more than ten (10) days or expulsion, there is a rebuttable presumption that a suspension or expulsion is not justified unless the Board and/or School Leader can demonstrate that it considered each of the factors listed above. For a suspension of ten (10) days or fewer, there is no rebuttable presumption, but the Board and/or School Leader will still consider these factors in making the determination.

Restorative Practices

The Board and/or School Leader shall consider using restorative practices as an alternative to or in addition to suspension or expulsion. If the Academy determines that it will utilize restorative practices in addition to or as an alternative to suspension or expulsion of a student, it will engage in restorative practices which emphasize repairing the harm to the victim and academy community caused by the student's misconduct.
Restorative practices should be the first consideration to remediate offenses such as interpersonal conflicts, bullying, verbal and physical conflicts, theft, damage to property, class disruption and harassment and cyberbullying.

If the Board and/or School Leader decides to utilize restorative practices as an alternative to or in addition to suspension or expulsion, the restorative practices may include victim-offender conferences that:

- are initiated by the victim;
- are approved by the victim’s parent or legal guardian or, if the victim is at least fifteen (15), by the victim;
- are attended voluntarily by the victim, a victim advocate, the offender, members of the academy community, and supporters of the victim and the offender (the “restorative practices team”);
- would provide an opportunity for the offender to accept responsibility for the harm caused to those affected, and to participate in setting consequences to repair the harm, such as requiring the student to apologize; participate in community service, restoration of emotional or material losses, or counseling; pay restitution; or any combination of these.

The selected consequences and time limits for their completion will be incorporated into an agreement to be signed by all participants.

Due Process

The Board recognizes exclusion from the educational programs of the Academy, whether by suspension or expulsion, is the most severe sanction that can be imposed on a student and is one that cannot be imposed without appropriate due process, since exclusion deprives a child of the right to an education. The Board also recognizes that it may be necessary for a teacher to remove a student from class for conduct disruptive to the learning environment, and that such removals are not subject to a prior hearing, provided the removal is for a period of less than twenty-four (24) hours. However, if an emergency removal may result in a suspension, then due process must be ensured.

In all cases resulting in short-term suspension, long-term suspension or expulsion, appropriate due process rights described in Policy 5611 and AG 5610 must be observed. The School Leader shall check to make sure the student is not classified as disabled under Section 504. Students with disabilities under IDEA or Section 504 shall be expelled only in accordance with their rights under Federal law.

For purposes of this policy, suspension shall be either short-term (not more than ten (10) days) or long-term (for more than ten (10) days but less than permanent expulsion) removal of a student from a regular Academy program. The School Leader may suspend a student for a period not to exceed 10 school days.

For purposes of this policy, unless otherwise defined in Federal and/or State law, expulsion is defined as the permanent exclusion of a student from the Academy. Students who are expelled may petition for reinstatement as provided below.
Emergency Removal or Short-Term Suspension

A student may be removed from a class, subject, or activity for one (1) day by his/her teacher for certain conduct as specified in the Code of Conduct, or he/she may be given a short-term suspension by the School Leader. A student so removed may not be allowed to attend other classes taught by other teachers during the term of the one (1) day removal. A student removed from the same class for ten (10) days will be entitled to the process for short-term suspensions outlined in AG 5610. A student removed from the same class for more than ten (10) days will be entitled to the process for long-term suspensions outlined in AG 5610. The Board designates the School Leader as its representative at any hearings regarding the appeal of a suspension.

Long-Term Suspension or Expulsion

Due process set out in Policy 5611 and AG 5610 shall be followed in all circumstances in which a student may be expelled or suspended for a period of more than ten (10) days.

The School Leader may recommend to the Board a long-term suspension or that a student be expelled.

In all cases resulting in short-term suspension, long-term suspension, or expulsion, appropriate due process rights must be observed. In determining whether a student is to be suspended or expelled, the School Leader shall use a preponderance of evidence standard.

The School Leader shall develop procedures to implement this policy that shall include the following:

A. strategies for providing special assistance to students in danger of being expelled and not achieving the academic outcomes of the Academy's core curriculum;

B. standards of behavior for all students in accordance with Academy Board policy on student discipline;

C. procedures that ensure due process; and

D. provision for make-up work at home, when appropriate.

When making a determination whether or not a student will be expelled or permanently excluded under this policy, the School Leader shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy's records retention schedule.

Persistent Disobedience or Gross Misconduct/CSC Against Another Academy Student

Any student may be removed from the classroom, and/or, after consideration of the factors identified above, suspended or expelled for persistent disobedience or gross misconduct or if the student commits criminal sexual conduct against another student enrolled in the Academy regardless of the location of the conduct. A student may not be expelled or excluded from the regular academy program based on pregnancy status.

In recognition of the negative impact on a student's education, the Board encourages the Academy's administrators to view suspensions, particularly those over ten (10) days, and permanent expulsions as discipline of last resort, except where these disciplines are required by law. Alternatives to avoid or to improve undesirable behaviors should be explored when possible prior to implementing or requesting a suspension or expulsion.

Physical and Verbal Assault

Unless a different determination is made after consideration of the factors identified above, the Academy shall permanently expel a student in grade six or above if that student commits physical assault at the Academy against a staff member, a volunteer, or a contractor.

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above for up to 180 school days if the student commits physical assault at the Academy against another student.

Physical assault is defined as "intentionally causing or attempting to cause physical harm to another through force or violence."

Unless a different determination is made after consideration of the factors identified above, the Academy shall suspend or expel a student in grade six or above and may discipline, suspend or expel at student in grade five and below for a period of time as determined at the Board's discretion if the student commits verbal assault at the Academy against a Academy employee, volunteer, or contractor or makes a bomb threat or similar threat directed at an academy building, property, or at an academy-related activity.

Verbal assault is a communicated intent to inflict physical or other harm on another person, with a present intent and ability to act on the threat.

"At the Academy" means in a classroom, elsewhere on academy premises, on an academy bus or other academy-related vehicle, or at an academy-sponsored activity or event whether or not it is held on academy premises.

Weapons, Arson, Criminal Sexual Conduct

In compliance with State and Federal law, and unless a different determination is made after consideration of the factors identified above, the Academy shall expel any student who possesses a dangerous weapon, other than a firearm, in the Academy's weapon-free school zone (except as noted below), commits either arson or criminal sexual conduct in an academy building or on academy property, including academy buses and other Academy transportation, or pleads to, is convicted of or is adjudicated of criminal sexual conduct against another student enrolled in the Academy.

In compliance with State and Federal law, the Academy shall expel any student who possesses a firearm in the Academy's weapon-free school zone in violation of State law, unless the student
can establish the mitigating factors relating to possession of a dangerous weapon set out below, by clear and convincing evidence.

For purposes of this policy, a “dangerous weapon” is defined by law as a firearm, dagger, dirk, stiletto, knife with a blade over three (3) inches in length, pocket knife opened by a mechanical device, iron bar, or brass knuckles. This definition also includes other devices designed to (or likely to) inflict bodily harm, including, but not limited to, air guns and explosive devices. The term “firearm” is defined as any weapon (including a starter gun) that will, is designed to, or may readily be converted to expel a projectile by the action of the explosive, the frame, or the bearer of any such weapon, as well as a firearm muffler, firearm silencer, or any such destructive device.

The Academy need not expel a student for possession of a dangerous weapon, including a firearm, if the student can establish in a clear and convincing manner the following mitigating factor(s) to the satisfaction of the Board the:

A. object or instrument was not possessed for use as a weapon, or for direct (or indirect) delivery to another person for use as a weapon; or
B. weapon was not knowingly possessed; or
C. student did not know (or have reason to know) that the object or instrument in his/her possession constituted a dangerous weapon; or
D. weapon was possessed at the suggestion, request, direction of, or with the express permission of the School Leader or the police.

There is a rebuttable presumption that expulsion for possessing the weapon is not justified if the Board and/or School Leader determines in writing that the student has established that he or she fits under one of the exceptions above by clear and convincing evidence, and that the student has no previous history of suspension or expulsion.

For expulsions for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor, the School Leader shall provide that the expulsion is duly noted in the student's record, the student is referred to the Department of Human Services or Department of Community Health within three (3) school days after the expulsion, and the parents are informed of the referral. Furthermore, if a student who is expelled is below the age of sixteen (16), the School Leader shall ensure notification of the expulsion is given to the Juvenile Division of the Probate Court. In compliance with Federal law, the School Leader shall also refer any student (regardless of age) expelled for possession of a dangerous weapon to the criminal justice or juvenile delinquency system serving the Academy. In addition, the School Leader shall send a copy of this policy to the State Department of Education and shall include a description of the circumstances surrounding the expulsion of the student for possessing a firearm or weapon in the Academy's weapon-free school zone, together with the name of the Academy, the number of students so expelled, and the types of firearms or weapons brought into the weapon-free school zone.

A student expelled under this policy for dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may apply for reinstatement in accordance with the following guidelines:

A. If the student is in grade five (5) or below at the time of the expulsion and was expelled for possessing a firearm or threatening another person with a
dangerous weapon, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after sixty (60) school days from the date of expulsion, but the student may not be reinstated before ninety (90) school days from the expulsion date.

B. If the student is in grade five (5) or below at the time of the expulsion and was expelled for a reason other than possessing a firearm or threatening another person with a dangerous weapon, the parents, legal guardian, or emancipated minor may submit a request for reinstatement at any time, but the student may not be reinstated before ten (10) school days from the expulsion date.

C. If the student is in grade six (6) or above at the time of the expulsion, the parents, legal guardian, adult student, or emancipated minor may submit a request for reinstatement after one hundred and fifty (150) school days from the date of the expulsion, but the student may not be reinstated before one hundred eighty (180) school days from the expulsion date.

D. The parent, adult student, or emancipated minor shall submit the request for reinstatement to the School Leader.

E. Within ten (10) school days after receiving the petition, the Board shall appoint a committee consisting of two (2) Board members, an academy administrator, a teacher, and an academy-parent representative. During this time period, the School Leader shall prepare and submit for consideration by the committee information concerning the circumstances of the expulsion and any factors mitigating for or against reinstatement.

F. Within ten (10) school days after being appointed, the committee shall review all pertinent information and submit its recommendation to the Board. The recommendation may be for unconditional reinstatement, conditional reinstatement, or non-reinstatement, based on the committee's consideration of the following:

1. extent to which reinstatement would create a risk of harm to students or academy staff;
2. extent to which reinstatement would create a risk of academy or individual liability for the Board or academy staff;
3. age and maturity of the student;
4. student's academy record before the expulsion incident;
5. student's attitude concerning the expulsion incident;
6. student's behavior since the expulsion and the prospects for remediation;
7. The degree of cooperation and support the parent has provided and will provide if the student is reinstated (if the request was filed by a parent), including, but not limited to the parent's receptiveness toward any conditions placed on the reinstatement. Such conditions, for
example, might include a written agreement by the student and/or a parent who filed the reinstatement request to accomplish the following:

a. abide by a behavior contract involving the student, his/her parents, and an outside agency;

b. participate in an anger management program or other counseling activities;

c. cooperate in processing and discussing periodic progress reviews;

d. meet other conditions deemed appropriate by the committee;

e. accept the consequences for not fulfilling the agreed upon conditions.

8. student's behavior since the expulsion and the prospects for remediation.

The Board shall make its decision no later than the next regular Board meeting following the committee's submission of its recommendations. The Board's decision shall be final and is not subject to appeal.

In the event a student who has been permanently expelled from another academy requests admission to this Academy, in making its decision, the Board shall follow the same procedure it has established in paragraphs A-F, above, for the reinstatement of a student.

Students expelled for reasons other than dangerous weapons, arson, criminal sexual conduct or assault upon an employee, volunteer or contractor may also petition the Board for reinstatement. The Board may, at its discretion, consider the petition in accordance with the procedures set forth above.

The School Leader shall ensure Board policies and procedures regarding a student's rights to due process are followed when dealing with a possible suspension or expulsion under this policy.

**In-School Discipline**

The purpose of this policy is to provide an alternative to out of school suspension. The availability of in-school discipline options is dependent upon the financial ability of the Board to support such a program.

In-school discipline will only be offered at the discretion of the School Leader for offenses found in the Student Code of Conduct.

The School Leader is to establish procedures for the proper operation of such a program and to ensure appropriate due-process procedures are followed as applicable. (See Policy 5630.01)
Due Process Rights

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following:

A. Students Subject to Short-Term Suspension

Except when emergency removal is warranted, a student must be given at least oral notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

B. Students Subject to Long-Term Suspension and Expulsion

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and must also be given an opportunity to appear before the Board with a representative to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and the hearing procedure, a list of the witnesses who will provide testimony to the Board, and a summary of the facts to which the witnesses will testify. At the student/parent's request, the hearing shall be held in closed session, but the Board must act publicly. The Board shall act by providing a written decision on any appeal of an expulsion, a request for reinstatement, or a request for admission after permanent expulsion from another academy.

The School Leader shall develop procedures to ensure all members of the staff use the above guidelines when dealing with students. In addition, this statement of due process rights shall be placed in all student handbooks, in a manner that facilitates understanding by students and their parents.

Corporal Punishment

While recognizing that students may require disciplinary action in various forms, the Board does not condone the use of unreasonable force and fear as an appropriate procedure in student discipline.

Staff shall not use physical force or violence to compel obedience. If all other means fail, staff members may always resort to the removal of the student from the classroom or Academy through suspension or expulsion procedures.

Within the scope of their employment, all staff may use reasonable force and apply restraint to accomplish the following:

A. restrain or remove a student who refuses to comply with a request to behave or report to the office;
B. quell a disturbance threatening physical injury to self or others;

C. obtain possession of weapons or other dangerous objects within the control of the student, for either self-defense; or

D. the protection of persons or property.

In accordance with State law, corporal punishment shall not be permitted. If any staff member (full-time, part-time, or substitute) deliberately inflicts, or causes to be inflicted, physical pain upon the student (by hitting, paddling, spanking, slapping or any other kind of physical force) as a means of discipline, the staff member may be subject to discipline and possibly criminal assault charges. This prohibition also applies to volunteers and those with whom the Academy contracts for services.

The School Leader shall provide guidelines, including a list of alternatives to corporal punishment.

Removal, Suspension, and Expulsion of Students with Disabilities

The Academy shall abide by Federal and State laws in matters relating to discipline, suspension, and expulsion of disabled students.

DUE PROCESS RIGHTS

The Board of Directors recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the Academy's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines which the School Leader shall use when dealing with students:

A. Students subject to short-term suspension:

Except when emergency removal is warranted, a student must be given oral or written notice of the charges against him/her and the opportunity to respond prior to the implementation of a suspension. When emergency removal has been implemented, notice and opportunity to respond shall occur as soon as reasonably possible. The School Leader or other designated administrator shall provide the opportunity to be heard and shall be responsible for making the suspension decision. An appeal may be addressed to the School Leader whose decision will be final.

B. Students subject to long-term suspension and expulsion:

A student and his/her parent or guardian must be given written notice of the intention to suspend or expel and the reasons therefore, and an opportunity to appear with a representative before the Board and/or School Leader to answer the charges. The student and/or his/her guardian must also be provided a brief description of the student's rights and of the hearing procedure, a list of the witnesses who will provide testimony to the Board and/or School Leader, and a summary of the facts to which the witnesses will testify. At the student's request, the hearing may be private, but the Board and/or School Leader must act publicly. The Board shall act on any appeal, which must be submitted in writing, to an expulsion, to a request for reinstatement, or to a request for admission after being permanently expelled from another district (Policy 5610).

In determining whether disciplinary action set forth in this policy is to be implemented, the School Leader shall use a preponderance of evidence standard. Further, any individual charged with making a disciplinary determination under this policy shall retain all documents, electronically stored information ("ESI"), and electronic media (as defined in Policy 8315 - Information Management (i.e. "Litigation Hold")) created and/or received as part of an investigation.

The documents, ESI, and electronic media (as defined in Policy 8315) retained may include public records and records exempt from disclosure under Federal (e.g., FERPA, ADA) and/or State law (e.g., R.C. 3319.321) – e.g., student records and confidential medical records.

The documents, ESI, and electronic media (as defined in Policy 8315) shall be retained in accordance with Policy 8310, Policy 8315, Policy 8320, and Policy 8330 for not less than three (3) years, but longer if required by the Academy’s records retention schedule.

STUDENT SECLUSION AND RESTRAINT

This policy is intended to provide the framework for organizational supports that result in effective interventions based on team-based leadership, data-based decision-making, continuous monitoring of student behavior, regular universal screening and effective on-going professional development. The Academy is committed to investing in prevention efforts and to teach, practice and reinforce behaviors that result in positive academic and social outcomes for students.

In the event that staff members need to restrain and/or seclude students, it must be done in accordance with this policy, which is intended to:

A. promote the care, safety, welfare and security of the academy community and the dignity of each student;

B. encourage the use of proactive, effective, evidence and research based strategies and best practices to reduce the occurrence of challenging behaviors, eliminate the use of seclusion and restraint, and increase meaningful instructional time for all students; and

C. ensure that seclusion and restraint are used only as a last resort in an emergency situation and are subject to diligent assessment, monitoring, documentation and reporting by trained personnel.

In furtherance of these objectives, the Academy will utilize Positive Behavioral Interventions and Supports (PBIS) to enhance academic and social behavior outcomes for all students. PBIS implemented by the Academy will include socially valued and measurable outcomes, empirically validated and practical practices, systems that efficiently and effectively support implementation of these practices, and continuous collection and use of data for decision-making.

EMERGENCY SECLUSION

A. Prohibited Practices and Limitations on Use

The following practices are prohibited under all circumstances, including emergency situations:

1. confinement of students who are severely self-injurious or suicidal

2. corporal punishment, as defined in M.C.L. 380.1312(1) of the revised school code, 1976 PA 451

3. the deprivation of basic needs

4. anything constituting child abuse

5. seclusion of pre-school children

6. seclusion that is used for the convenience of academy personnel

7. seclusion as a substitute for an educational program
8. seclusion as a form of discipline or punishment

9. seclusion as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS

10. when contraindicated based on (as documented in a record or records made available to the academy) a student's disability, health care needs, or medical or psychiatric condition

B. Definition of Emergency Seclusion

Seclusion means the confinement of a student in a room or other space from which the student is physically prevented from leaving. Seclusion does not include the general confinement of students if that confinement is an integral part of an emergency lockdown drill required under Section 19(5) of the Fire Prevention Code, 1941 PA 207, M.C.L. 29.19, or of another emergency security procedure that is necessary to protect the safety of students.

Emergency seclusion is a last resort emergency safety intervention involving seclusion that is necessitated by an ongoing emergency situation and that provides an opportunity for the student to regain self-control while maintaining the safety of the student and others.

To qualify as emergency seclusion, there must be continuous observation by academy personnel of the student and the room or area used for confinement:

1. must not be locked

2. must not prevent the student from exiting the area should staff become incapacitated or leave that area

3. must provide for adequate space, lighting, ventilation, viewing, and the safety of the student

4. must comply with State and local fire and building codes

C. Time and Duration Emergency seclusion should not be used any longer than necessary, based on research and evidence, to allow a student to regain control of his/her behavior to the point that the emergency situation necessitating the use of emergency seclusion is ended, but generally no longer than:

1. fifteen (15) minutes for an elementary school student;

2. twenty (20) minutes for a middle school or high school student

If an emergency seclusion lasts longer than the suggested maximum times above, the following are required:

a. additional support (which may include change of staff, introducing a nurse or specialist, or additional key identified personnel)
b. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

A. Prohibited Practices

The following procedures are prohibited under all circumstances, including emergency situations:

1. mechanical restraint
2. chemical restraint
3. corporal punishment as defined in 380.1312(1) of the revised school code, 1976 PA 451, otherwise known as the Corporal Punishment Act
4. the deprivation of basic needs
5. anything constituting child abuse
6. restraint that is used for the convenience of academy personnel
7. restraint as a substitute for an educational program
8. restraint as a form of discipline or punishment
9. restraint as a substitute for less restrictive alternatives, adequate staffing or academy personnel training in PBIS
10. when contraindicated based on (as documented in a record or records made available to the academy) a student’s disability, health care needs, or medical or psychiatric condition
11. any restraint that negatively impacts breathing, including any positions, whether on the floor, facedown, seated or kneeling, in which the student’s physical position (e.g., bent over) is such that it is difficult to breathe, including situations that involve sitting or lying across an individual’s back or stomach
12. prone restraint (the restraint of a person face down)

NOTE: Academy personnel who find themselves involved in the use of a prone restraint as the result of responding to an emergency must take immediate steps to end the prone restraint.

13. the intentional application of any noxious substance(s) or stimuli that results in physical pain or extreme discomfort

A noxious substance or stimuli can either be generally acknowledged or specific to the student.

14. physical restraint, other than emergency physical restraint
15. any other type of restraint not expressly allowed

B. Definition of Restraint

Restraint means an action that prevents or significantly restricts a student's movement. Physical restraint is intended for the purposes of emergency situations only, in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

Emergency physical restraint is a last resort emergency safety intervention involving physical restraint that is necessitated by an ongoing emergency situation and that provide an opportunity for the student to retain self-control while maintaining the safety of the student and others. An emergency situation requires an immediate intervention. Emergency physical restraint may not be used in place of appropriate less restrictive interventions.

There are three (3) types of restraint: physical, chemical, and mechanical.

1. Physical restraint involves direct physical contact.

   Restraint does not include actions undertaken for the following reasons:

   a. to break up a fight
   b. to take a weapon away from a student
   c. to briefly hold the student (by an adult) in order to calm or comfort him/her
   d. to have the minimum contact necessary to physically escort a student from one area to another
   e. to assist a student in completing a task/response if the student does not resist or if resistance is minimal in intensity or duration
   f. to hold a student for a brief time in order to prevent an impulsive behavior that threatens the student's immediate safety (e.g., running in front of a car)
   g. to stop a physical assault as defined in M.C.L. 380.1310
   h. actions that are an integral part of a sporting event, such as a referee pulling football players off from a pile or similar action

2. Chemical Restraint is the administration of medication for the purpose of restraint.

   Restraint does not include administration of medication prescribed by and administered in accordance with the directions of a physician.
3. Mechanical Restraint means the use of any device, article, garment, or material attached to or adjacent to a student's body to perform restraint.

Restraint does not include the following:

a. an adaptive or protective device recommended by a physician or therapist (when it is used as recommended)

b. safety equipment used by the general student population as intended (e.g., seat belts, safety harness on academy transportation)

C. Time and Duration

Restraint should not be used:

1. any longer than necessary, based on research and evidence, to allow students to regain control of their behavior to the point that the emergency situation necessitating the use of emergency physical restraint is ended; and

2. generally no longer than ten (10) minutes.

If an emergency restraint lasts longer than ten (10) minutes, all of the following are required:

1. additional support, which may include a change of staff, or introducing a nurse, specialist, or additional key identified personnel

2. documentation to explain the extension beyond the time limit

Additional procedures and requirements applicable to both seclusion and restraint are set out below.

USE OF EMERGENCY SECLUSION/RESTRAINT

A. When to Use Emergency Seclusion/Restraint

Seclusion/restraint must be used only under emergency situations and if essential. Emergency situation means a situation in which a student's behavior poses imminent risk to the safety of the individual student or to the safety of others. An emergency situation requires an immediate intervention.

B. General Procedures for Emergency Seclusion/Restraint:

1. An emergency seclusion/restraint may not be used in place of appropriate, less restrictive interventions.

2. Emergency seclusion/restraint shall be performed in a manner that is:

   a. safe;
b. appropriate; and

c. proportionate to and sensitive to the student's:
   1) severity of behavior;
   2) chronological and developmental age;
   3) physical size;
   4) gender;
   5) physical condition;
   6) medical condition;
   7) psychiatric condition; and
   8) personal history, including any history of physical or sexual abuse or other trauma.

3. Academy personnel shall call key identified personnel for help from within the academy building either immediately at the onset of an emergency situation or, if it is reasonable under the particular circumstances for academy personnel to believe that diverting their attention to calling for help would increase the risk to the safety of the student or to the safety of others, as soon as possible once the circumstances no longer support such a belief.

4. While using emergency seclusion/restraint, staff must do all of the following:

   a. involve key identified personnel to protect the care, welfare, dignity, and safety of the student

   b. continually observe the student in emergency seclusion for indications of physical distress and seek medical assistance if there is a concern

   c. document observations

   e. ensure that at all times during the use of emergency seclusion/restraint there are academy personnel present who can communicate with the student using the student's primary mode of communication

© National Charter Schools Institute
5. Each use of an emergency seclusion/restraint and the reason for each use shall be documented and reported according to the following procedures:

a. document in writing and report in writing or orally to the building administration immediately

b. report in writing or orally to the parent or guardian immediately

c. a report shall be written for each use of seclusion/restraint (including multiple uses within a given day) and the written report(s) provided to the parent or guardian within the earlier of one (1) school day or seven (7) calendar days

C. Students Exhibiting a Pattern of Behavior

1. If a student exhibits a pattern of behavior that poses a substantial risk of creating an emergency situation in the future that could result in the use of emergency seclusion/restraint, academy personnel should do the following:

a. conduct a functional behavioral assessment

b. develop or revise a PBIS plan to facilitate the reduction or elimination of the use of seclusion/restraint

c. develop an assessment and planning process conducted by a team knowledgeable about the student, including at least:

1) the parent or guardian

2) the student (if appropriate)

3) people who are responsible for implementation of the PBIS plan

4) people who are knowledgeable in PBIS

d. develop a written emergency intervention plan ("EIP") to protect the health, safety, and dignity of the student. An EIP may not expand the legally permissible use of emergency seclusion/restraint.

The EIP should be developed by a team in partnership with the parent or guardian. The team shall include:

1) a teacher,
2) an individual knowledgeable about legally permissibly use of seclusion/restraint; and

3) an individual knowledgeable about the use of PBIS to eliminate the use of seclusion/restraint.

e. provide the parent or guardian with all of the following, in writing and orally:

   1) A detailed explanation of the PBIS strategies that will reduce the risk of the student's behavior creating an emergency situation.

   2) An explanation of what constitutes an emergency, including examples of situations that would fall within and outside of the definition.

   3) A detailed explanation of the intervention procedures to be followed in an emergency situation, including the potential use of emergency seclusion/restraint.

   4) A description of possible discomforts or risks.

   5) A detailed explanation of the legal limits on the use of emergency seclusion/restraint, including examples of legally permissible and prohibited uses.

   6) Answers to any questions.

A student who is the subject of an EIP should be told or shown the circumstances under which emergency intervention could be used.

D. Data Collection and Reporting

1. The building administrator shall develop a system of data collection, collect the data and forward all incident reports and data regarding the use of seclusion/restraint to the School Leader.

© National Charter Schools Institute
The data must:

a. be analyzed to determine the efficacy of the academy’s academy-wide system of behavioral support;

b. be analyzed in the context of suspension, expulsion, and dropout data;

c. be analyzed for the purposes of continuous improvement of training and technical assistance toward the reduction or elimination of seclusion/restraint;

d. be analyzed on a schedule determined by the Michigan Department of Education (MDE);

e. be reported to the MDE, if and as required;

f. include a list of appropriately trained, identified personnel and their levels of:
   1) education;

   3) knowledge.

NOTE: The Academy must report to the MDE on the use of seclusion and restraint periodically. MDE will develop guidelines that outline the process for reporting redacted, aggregated data regarding the emergency use of seclusion and restraint.

Training Framework

A comprehensive training framework will be implemented which includes the following:

A. awareness training for all academy personnel who have regular contact with students; and

B. comprehensive training for key identified personnel.

All substitute teachers must be informed of and understand the procedures regarding the use of emergency seclusion and emergency restraint. This requirement may be satisfied using online training developed or approved by MDE and online acknowledgement of understanding and completion of the training by the substitute teacher.

Comprehensive Training for Identified Personnel

Each building administrator will identify sufficient key personnel to ensure that trained personnel are generally available for an emergency situation. Before using emergency seclusion or emergency physical restraint with students, key identified personnel who may have to respond to an emergency safety situation must be trained in all of the following:

A. proactive practices and strategies that ensure the dignity of students
B. conflict resolution
C. mediation
D. social skills training

STUDENT GRIEVANCE

The Board recognizes students, as citizens, have the right to request redress of grievances. Further, the Board believes fostering respect for lawful procedures is an important part of the educational process. Accordingly, provisions for individual and group grievances should be provided for and appropriate appeal procedures shall be implemented.

For purposes of this policy, a student complaint or grievance shall be defined as those that arise out of actions, procedures, and/or policies of this Board or the lack of such policies or procedures.

The Board or its staff will hear the complaints and grievances of students, provided such complaints and grievances are made according to procedures established by the Administrative Procedures developed by the School Leader (employed by the Board).

Adopted 6/10/15
SEARCH AND SEIZURE

Reference: MCL 380.1306
US Constitution, 4th Amendment

The Board of Directors has charged Academy authorities with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, Academy authorities may search school property such as lockers and computers used by students and/or the students' personal property, including vehicles, in accordance with the following policy:

**Academy Property**

The Board acknowledges the need for in-school storage of students’ possessions and shall provide storage places, including desks and lockers, for that purpose. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have an expectation of privacy to prevent examination by a Academy official. The Board directs the School Leader to conduct a routine inspection, at least annually, of all such storage places. In the course of any search, student's privacy rights will be respected regarding any items that are not against Board policy.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the School Leader has reasonable suspicion that illegal drugs or devices may be present in the Academy. This means of detection shall be used only to determine the presence of drugs in locker areas and other places in where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or other certified organizations and is not to be used to search students, unless either a warrant or parental permission has been obtained prior to the search.

**Student Person and Possessions**

The Board recognizes that the privacy of a student and his/her belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner. The extent of the search will be governed by the seriousness of the alleged infraction, the student's age, and the student's disciplinary history.

This authorization to search shall also apply to all situations in which the student is under the jurisdiction of the Board.

Reasonable suspicion that a communication device has been used to violate Academy policies or Administrative Procedures shall be subject to disciplinary action and may result in the communication device being confiscated.

Administrators are authorized to arrange for a breath-test instrument, according to the School Leader's Administrative Procedures, for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.
Except as provided below, a request for the search of a student or a student's possessions will be directed to the School Leader. He/she shall attempt to obtain the freely-offered consent of the student to the inspection; however, provided there is reasonable suspicion, s/he may conduct the search without such consent. Whenever possible, a search will be conducted by the School Leader in the presence of the student and another staff member. A search, prompted by the reasonable belief that health and safety are immediately threatened, will be conducted with as much speed and dispatch as may be required to protect persons and property.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances, when the health or safety of the student or of others is immediately threatened.

The School Leader shall be responsible for the prompt recording, in writing, of each student search, including the following information: reasons for the search; information received that established the need for the search; the name of informant, if any; the persons present when the search was conducted; any substances or objects found and the disposition made of them; and any subsequent action taken. The School Leader shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

The School Leader (employed by the Board) shall prepare Administrative Procedures to implement this policy.

Adopted 6/10/15
POSSESSION OF WEAPONS

Reference: MCL 380.1311, 380.1312(1), 380.1313
20 USC 7151

The Board prohibits students from possessing, storing, making, or using a weapon in any setting under the control and supervision of the Academy for the purpose of school activities approved and authorized by the Academy, including, but not limited to, property leased, owned, or contracted for by the Academy, a school-sponsored event, including athletic events, or in a school vehicle.

The term weapon means any object capable of inflicting serious bodily harm or property damage or endangering the health and safety of persons. Weapons include, but are not limited to, firearms, guns of any type whatsoever, including air and gas-powered guns (whether loaded or unloaded), that will expel a BB, pellet, or paintballs, knives, razors, clubs, electric weapons, metallic knuckles, martial arts weapons, ammunition, and explosives.

This policy shall also encompass such actions as look-alike items, false fire alarms, bomb threats, or intentional calls to falsely report a dangerous condition.

The School Leader (employed by the Board) will refer any student who violates this policy to the student's parents or guardians and to the criminal justice or juvenile delinquency system. The student may also be subject to disciplinary action up to, and including, expulsion.

This policy will be published annually in all Academy student and staff handbooks. Publication is not a precondition to enforcement of this policy.

Revised 3/9/16
STUDENT/PARENT RIGHTS

Reference: 20 USC 1232(h)

The Board of Directors recognizes that students possess both the right to an education and the rights of citizenship.

Attendant to the rights guaranteed to each student, however, are certain responsibilities, including respect for the rights of others, obedience to properly constituted Academy authority, and compliance with the procedures and rules of the Academy.

The Board realizes as students differ in age and maturity, so they differ in ability to handle both the rights of citizens and the concomitant responsibilities. The exercise of each right shall be granted, therefore, with due regard for the degree of responsibility possessed by the student and the student's need for the continuing guidance and control of those responsible for his/her education.

Since a student who has reached the age of majority possesses the full rights of an adult, he/she may authorize those Academy matters previously handled by his/her parents, but, as an adult, he/she also assumes the responsibility for his/her performance in the Academy, attendance, and compliance with Academy rules.

Administrators, counselors, and teachers shall not provide a supporting affidavit for students who have petitioned the court to grant them the status of emancipated minors unless prior approval has been obtained from the School Leader.

Parents also have the right to know about their student’s educational experience, emancipated or not. Specific rights are listed in topic areas of these policies.

In addition, parents have the right to inspect any instructional materials used as part of the educational curriculum for their student. Instructional materials means instructional content, regardless of format, provided to the student, including printed or representational materials, audio-visual materials, and materials available in electronic or digital formats (such as materials accessible through the Internet). Instructional material does not include academic tests or academic assessments.

The School Leader (employed by the Board), in consultation with parents, shall develop a procedure addressing the rights of parents and procedures, assuring timely response to parental requests to review instructional material. The procedure shall also address reasonable notification to parents and students of their rights to review these materials.

This policy shall not supersede any rights under the Family Education Rights and Privacy Act.

Adopted 6/10/15
STUDENT GOVERNMENT

The Board acknowledges the importance of offering students the opportunity to participate in self-government within the Academy.

Students shall have the right to organize, conduct meetings, elect officers and representatives, and petition the Board.

The Board will recognize the Student Council as the official voice of the student body and for the purpose of:

A. giving students practical experience in organizing, planning, and affecting outcomes;

B. developing student leadership;

C. providing a learning experience in democratic decision making;

D. offering another avenue toward the realization of the goals of the Academy.

The School Leader (employed by the Board) shall establish Administrative Procedures to implement this policy.

Adopted 6/10/15
The Board of Directors acknowledges the solicitation of funds from students must be limited, because a student is a “captive donor” due to compulsory attendance laws and because solicitations disrupt the program of the Academy.

For purposes of this policy student fundraising shall include the solicitation and collection of money from students for any purpose and the collection of money in exchange for tickets, papers, or any other goods or services for approved student activities. Student fundraising also includes giving away goods or services, but suggesting a monetary donation.

The Board will permit student fundraising by students in the Academy, on school property, or at any school sponsored event only when the profit is to be used for school purposes or for an activity connected with the Academy.

Fundraising by approved Academy organizations (with funds managed by the Academy) may be permitted in the Academy by the School Leader (employed by the Board). Such fundraising that occurs off school grounds may also be permitted by the School Leader (employed by the Board).

For any fundraisers, including those operated by student clubs and organizations, parent groups, or boosters clubs, that involve the sale of food items and/or beverages to students that will be consumed on the Academy campus (any area of property under the jurisdiction of the Academy that is accessible to students during the school day) during the school day (the period from the midnight before, to thirty (30) minutes after the end of the official school day), the food items and/or beverages to be sold shall comply with the current USDA Dietary Guidelines for Americans and the USDA Smart Snacks in Schools nutrition standards, and also be consistent with requirements set forth in Policy 8500 – Food Services. Further, there shall be no exemptions from the standards for competitive foods in the Academy.

Use of the name, logo, or any assets of the Academy, including, but not limited to facilities, technology, or communication networks, is prohibited without the specific permission of the School Leader (employed by the Board).

The Board of Directors does not permit or sanction the use of crowdfunding for Academy or specific school programs or activities, including co-curricular or extracurricular activities.

Fundraising by students on behalf of those school-related organizations and Academy support organizations (with funds not managed by the Academy) may be permitted on or off school grounds by the School Leader (employed by the Board). All fundraising by Academy-related organizations and Academy support organizations shall be done in accordance with Policy 9211 and Policy 9700.

The School Leader (employed by the Board) shall establish Administrative Procedures for the solicitation of funds that shall accomplish the following:

A. specify the times and places in which funds may be collected;
B. describe permitted methods of solicitation, without placing undue pressure on students;

C. limit the kind and amount of advertising for solicitation;

D. require that the Board approve the distribution or liquidation of monies remaining in a student activity account when the organization is defunct or disbanded; and

E. limit the number of fundraising events.

Advisors for approved Academy organizations shall not accept any form of compensation from vendors that might influence their selection or a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser. Furthermore, advisors for approved Academy organizations shall not accept any compensation from a vendor after a decision has been made regarding a fundraising activity or a product that will be sold as a fundraiser. In addition, advisors for approved Academy organizations who make the selection of a vendor that will provide a fundraising activity or a product that will be sold as a fundraiser shall not enter into a contractual arrangement whereby an advisor receives compensation in any form from the vendor that provides a fundraising activity or a product that will be sold as a fundraiser.

Such compensation includes, but is not limited to, cash, checks, stocks, or any other form of securities, and gifts such as televisions, microwave ovens, computers, discount certificates, travel vouchers, tickets, passes, and other such things of value. In the event that an advisor of an approved Academy organization receives such compensation, albeit unsolicited, from a vendor, the individual shall notify the Board President, in writing, that s/he received such compensation and shall thereafter properly transmit said compensation to the Board President at his/her earliest opportunity.

The School Leader (employed by the Board) shall distribute this policy and the procedures that implement it to each organization granted permission to solicit funds.

Adopted 2/15/17
STUDENT EMPLOYMENT

The Board believes that attendance at Academy should occupy a student's full attention and should take precedence over non-school related employment.

If a student must work while attending the Academy, s/he should receive counseling and assistance in seeking appropriate job opportunities and in correlating work schedules with studies and activities.

The School Leader (employed by the Board) shall prepare Administrative Procedures that will ensure all students employed in out-of-school jobs are closely monitored by staff regarding school attendance and achievement to determine the effects on school performance of the student's out-of-school work commitments.

AUTHORIZATION TO ACCEPT AND DISTRIBUTE ELECTRONIC RECORDS AND TO USE ELECTRONIC SIGNATURES

M.C.L. 450.831-450.849

Unless a provision of law specifically prohibits the use of an electronic record for the specified purpose, the Board authorizes the acceptance and distribution/transmission of electronic records and electronic signatures to and from Academy staff and other persons, as well as between Academy staff members. The Board further authorizes Academy staff to create, generate, send, communicate, receive, store, process, use, and rely upon electronic records and electronic signatures. The School Leader shall put in place measures to protect the integrity, security, and accessibility of electronic signatures and electronic records to comply with mandates of State and Federal agencies or programs, including Medicaid.

All Academy staff shall comply with all provisions of the Uniform Electronic Transaction Act when creating, generating, sending, communicating, receiving, storing, processing, using, and relying upon electronic records. Further, all Academy staff and other persons who use electronic signatures when completing transactions with the Board shall do so in compliance with State law.

The School Leader is authorized to develop administrative guidelines concerning the acceptance and distribution/transmission of electronic records and electronic signatures. After giving due consideration to security, the School Leader (employed by the Board) may specify the following:

A. The manner and format in which the electronic records must be created, generated, sent, communicated, received, and stored, and the systems established for those purposes.

B. If electronic records must be signed by electronic means, the type of electronic signature that is required, the manner and format in which the electronic signature must be affixed to the electronic record, and the identity of, or criteria that must be met by any third party used by a person filing a document to facilitate the process.

C. Control processes and procedures as appropriate to provide for adequate preservation, disposition, integrity, security, confidentiality, and auditability of electronic records.

D. Any other required attributes for electronic records that are specified for nonelectronic records or reasonably necessary under the circumstances.

Adopted 6/10/15
Revised 6/11/20
It is the objective of the Board to provide equal educational opportunities for all students at the Academy. Government agencies, as well as foundations, businesses, and individuals, periodically offer both human and material resources to the Academy that would benefit students and the educational program. Therefore, it is the intent of the Board to consider grant proposals and applications for their potential to enhance educational opportunities, the educational environment, and the physical and mental growth for each student.

The School Leader (employed by the Board) shall review new Federal education legislation and prepare proposals for programs deemed to be of aid to the students of the Academy. The Board shall approve all grants resulting from such proposals.

The Board regards available Federal funds of aid to local school districts, public school academies, and communities as a public trust. It forbids the use of Federal monies for partisan political activities and for any use that would not be in accordance with Federal regulations and guidelines.

No Federal funds received by the Academy shall be used (1) to develop or distribute materials, or operate programs or courses of instruction directed at youth, that are designed to promote or encourage sexual activity, whether homosexual or heterosexual; (2) to distribute or to aid in the distribution by any organization of legally obscene materials to minors on school grounds; (3) to provide sex education or HIV-prevention education in schools unless that instruction is age appropriate and includes the health benefits of abstinence; or (4) to operate a program of contraceptive distribution in schools.

Grant Proposal Development

A. All grant proposals must support at least one (1) Academy goal or priority.

B. For projects where grant funds will not cover the entire cost of project implementation, additional fund sources must be identified, documented, and approved during the internal review process.

C. Each grant proposal shall be reviewed and approved by the School Leader (employed by the Board) prior to submission to the funding source.

Grant Administration

A. The administration of grants will adhere to all applicable Federal, State, local, and grantor rules and regulations, including the terms and conditions of the Federal awards, as well as Academy policies and administrative procedures/guidelines.
B. The School Leader (employed by the Board) is responsible for the efficient and effective administration of grant awards through the application of sound management practices.

C. The School Leader (employed by the Board) is responsible for administering grant funds in a manner consistent with underlying agreements, applicable statutes, regulations, and program objectives, and the terms and conditions of the grant award.

D. The Academy, in recognition of its unique combination of staff, facilities, and experience, shall employ internal controls and the organizational and management strategies necessary to assure proper and efficient administration of grant awards.

E. All Federal funds received by the Academy will be used in accordance with the applicable Federal law and regulations and the terms and conditions of the Federal award. The School Leader (employed by the Board) shall require that each draw of Federal monies be aligned with the Academy’s payment process (whether reimbursement, cash advance or a combination). If funds are permitted to be drawn in advance, all draws will be as close as administratively feasible to the related program expenditures and that, when restricted, such monies are used to supplement programs and funding and not to supplant or replace existing programming or current funding.

Financial Management

The financial management of grant funds shall be in compliance with all applicable Federal, State, local, and grantor rules, regulations, and assurances as well as Academy policies and administrative procedures/guidelines.

At a minimum, the Academy shall provide for the following:

A. Identification, in Academy accounts, of all grant awards received and expended and the programs under which they were received. For Federal programs and awards, identification shall include the Catalog of Federal Domestic Assistance (CFDA) title and number, Federal award identification number and year, name of the Federal agency and name of the pass-through entity, as applicable.

B. The Academy shall develop a procurement policy (or revise its current procurement policy) to comply with all grants which it is awarded. Further, to the extent applicable, the Academy shall adhere to the requirements of the Education Department General Administrative Regulations.

C. Accurate, current, and complete disclosure of the financial results of each Federal award or program in accordance with the reporting requirements of the grant.

D. Records that adequately identify the source and application of funds provided for Federally-funded activities. These records must contain information pertaining to Federal awards, authorizations, obligations, unobligated
balances, assets, expenditures, income and interest and be supported by
source documentation.

E. Effective control over, and accountability for, all funds, property, and other
assets. The Academy must adequately safeguard all assets and assure that
they are used solely for authorized purposes.

Further, the Academy must:

1. establish and maintain effective internal control over the Federal
   award that provides reasonable assurance that the Academy is
   managing the Federal award in compliance with Federal statutes,
   regulations, and the terms and conditions of the Federal award;

2. comply with Federal statutes, regulations and the terms and
   conditions of the Federal award;

3. evaluate and monitor the Academy’s compliance with statutes,
   regulations and the terms and conditions of the Federal award;

4. take prompt action when instances of noncompliance are identified
   including noncompliance identified in audit findings;

5. take reasonable measures to safeguard protected personally
   identifiable information and other information the Federal awarding
   agency or pass-through entity designates as sensitive consistent with
   applicable Federal, State, local, and tribal laws regarding privacy and
   obligations of confidentiality.

F. Comparison of expenditures with budget amounts for each Federal award.

G. Recordkeeping and written procedures to the extent required by Federal,
   State, local, and grantor rules and regulations pertaining to the grant award
   and accountability, including but not limited to, the following areas:

1. cash management

2. allowability

3. conflict of interest

4. procurement

5. equipment management

6. conducting technical evaluations of proposals and selecting recipients

7. compensation and fringe benefits

8. travel
H. Disclosure of any potential conflict of interest and all mandatory violation disclosures potentially affecting the Federal award/grant to the Federal awarding agency or pass-through agency in accordance with applicable Federal policy.

I. Insurance coverage for real property and equipment, if applicable, equivalent to such property owned by the Academy.

Unless it has received prior approval to use a different method or the terms and conditions of the grant authorize a different method, the Academy uses the deduction method of accounting for program income. Under the deduction method, program income is deducted from total allowable costs to determine the net allowable costs. Program income will only be used for current costs unless the Academy is otherwise directed by the Federal awarding agency or pass-through entity.

INTERNAL CONTROLS

The School Leader (employed by the Board) shall establish and maintain effective internal control over financial grants and awards that provide reasonable assurance that the program and funds are managed in compliance with applicable statutes, regulations and the terms and conditions of the awards.

The internal controls must provide reasonable assurance that transactions are properly recorded and accounted for in order to permit the preparation of reliable financial statements and Federal reports; maintain accountability over assets; and demonstrate compliance with Federal statutes, regulations, and the terms and conditions of the Federal award. The internal controls must also provide reasonable assurance that these transactions are executed in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award that could have a direct and material effect on a Federal award, as well as any other Federal statutes and regulations that are identified in the Compliance Supplement. Finally, the internal controls must provide reasonable assurance that all Federal funds, property, and other assets are safeguarded against loss from unauthorized use or disposition.

The Academy shall:

A. comply with Federal statutes, regulations, and the terms and conditions of the Federal awards;

B. evaluate and monitor its compliance with statutes, regulations, and the terms and conditions of the award;

C. take prompt action when instances of noncompliance are identified including noncompliance identified in audit findings; and

D. take reasonable measures to safeguard protected personally identifiable information and other information the awarding agency or pass-through entity designates as sensitive or the Academy considers sensitive information consistent with applicable Federal, state, local, and tribal laws and Academy policies regarding privacy and obligations of confidentiality.

Adopted 3/9/16
Revised 8/10/16
The School Leader is responsible for the efficient and effective administration of grant funds through the application of sound management practices. Such funds shall be administered in a manner consistent with all applicable Federal, State and local laws, the associated agreements/assurances, program objectives and the specific terms and conditions of the grant award.

Cost Principles

Except where otherwise authorized by statute, costs shall meet the following general criteria in order to be allowable under Federal awards:

A. Be necessary and reasonable for proper and efficient performance and administration of the Federal award and be allocable thereto under these principles.

To determine whether a cost is reasonable, consideration shall be given to:

1. whether a cost is a type generally recognized as ordinary and necessary for the operation of the Academy or the proper and efficient performance of the Federal award;
2. the restraints or requirements imposed by such factors as sound business practices, arm’s length bargaining, Federal, State, local, tribal and other laws and regulations;
3. market prices for comparable goods or services for the geographic area;
4. whether the individuals concerned acted with prudence in the circumstances considering their responsibilities; and
5. whether the cost represents any significant deviation from the established practices or Board policy which may unjustifiably increase the expense.

While Federal regulations do not provide specific descriptions of what satisfies the “necessary” element beyond its inclusion in the reasonableness analysis above, whether a cost is necessary is determined based on the needs of the program. Specifically, the expenditure must be necessary to achieve an important program objective. A key aspect in determining whether a cost is necessary is whether the Academy can demonstrate that the cost addresses an existing need, and can prove it.

When determining whether a cost is necessary, consideration may be given to whether:
1. the cost is needed for the proper and efficient performance of the grant program;
2. whether the cost is identified in the approved budget or application;
3. whether there is an educational benefit associated with the cost;
4. whether the cost aligns with identified needs based on results and findings from a needs assessment;
5. whether the cost addresses program goals and objectives and is based on program data.

A cost is allocable to the Federal award if the goods or services involved are chargeable or assignable to the Federal award in accordance with the relative benefit received. This standard is met if the cost: is incurred specifically for the Federal award; benefits both the Federal award and other work of the Academy and can be distributed in proportions that may be approximated using reasonable methods; and is necessary to the overall operation of the Academy and is assignable to the Federal award in accordance with cost principles mentioned here.

B. Conform to any limitations or exclusions set forth in the cost principles in Part 200 or in the terms and conditions of the Federal award.

C. Be consistent with policies and procedures that apply uniformly to both Federally-financed and other activities of the Academy.

D. Be accorded consistent treatment. A cost cannot be assigned to a Federal award as a direct cost if any other cost incurred for the same purpose in like circumstances has been allocated to a Federal award as an indirect cost under another award.

E. Be determined in accordance with generally accepted accounting principles.

F. Be representative of actual cost, net of all applicable credits or offsets.

The term “applicable credits” refers to those receipts or reductions of expenditures that operate to offset or reduce expense items allocable to the Federal award. Typical examples of such transactions are: purchase discounts; rebates or allowances; recoveries or indemnities on losses; and adjustments of overpayments or erroneous charges. To the extent that such credits accruing to or received by the State relate to the Federal award, they shall be credited to the Federal award, either as a cost reduction or a cash refund, as appropriate.

G. Be not included as a match or cost-share, unless the specific Federal program authorizes Federal costs to be treated as such.

H. Be adequately documented:

1. In the case of personal services, the School Leader shall implement a system for Academy personnel to account for time and efforts expended on grant funded programs to assure that only permissible
personnel expenses are allocated;

2. in the case of other costs, all receipts and other invoice materials shall be retained, along with any documentation identifying the need and purpose for such expenditure if not otherwise clear.

I. Be incurred during the approved budget period.

The budget period means the time interval from the start date of a funded portion of an award to the end date of that funded portion during which recipients are authorized to carry out authorized work and expend the funds awarded, including any funds carried forward or other revisions pursuant to the law. Prior written approval from the Federal awarding agency or State pass through entity may be required to carry forward unobligated balances to subsequent budget periods, unless waived.

Selected Items of Cost

The Academy shall follow the rules for selected items of cost at 2 C.F.R. Part 200, Subpart E when charging these specific expenditures to a Federal grant. When applicable, Academy staff shall check costs against the selected items of cost requirements to ensure the cost is allowable. In addition, State, Academy and program-specific rules, including the terms and conditions of the award, may deem a cost as unallowable and Academy personnel shall follow those rules as well.

The following rules of allowability must apply to equipment and other capital expenditures:

A. Capital expenditures for general purpose equipment, buildings, and land are unallowable as direct charges, except with the prior written approval of the Federal awarding agency or pass-through entity.

B. Capital expenditures for special purpose equipment are allowable as direct costs, provided that items with a unit cost of $5,000 or more have the prior written approval of the Federal awarding agency or pass-through entity.

C. Capital expenditures for improvements to land, buildings, or equipment that materially increase their value or useful life are unallowable as a direct cost except with the prior written approval of the Federal awarding agency, or pass-through entity.

E. When approved as a direct cost by the Federal awarding agency or pass-through entity under Sections A-C, capital expenditures will be charged in the period in which the expenditure is incurred, or as otherwise determined appropriate and negotiated with the Federal awarding agency.

F. If the Academy is instructed by the Federal awarding agency to otherwise dispose of or transfer the equipment, the costs of such disposal or transfer are allowable.
Cost Compliance

The School Leader shall require that grant program funds are expended and are accounted for consistent with the requirements of the specific program and as identified in the grant application. Compliance monitoring includes accounting for direct or indirect costs and reporting them as permitted or required by each grant. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs, but may not be double charged or inconsistently charged as both.

Determining Whether a Cost is Direct or Indirect:

A. Direct costs are those costs that can be identified specifically with a particular final cost objective, such as a Federal award, or other internally or externally funded activity, or that can be directly assigned to such activities relatively easily with a high degree of accuracy.

These costs may include: salaries and fringe benefits of employees working directly on a grant-funded project; purchased services contracted for performance under the grant; travel of employees working directly on a grant-funded project; materials, supplies, and equipment purchased for use on a specific grant; program evaluation costs or other institutional service operations; and infrastructure costs directly attributable to the program (such as long distance telephone calls specific to the program, etc.). Direct costs may also include capital expenditures if approved by the Federal awarding agency or pass-through entity, as well as capital expenditures for special purpose equipment with a unit cost of less than $5,000.

B. Indirect costs are those that have been incurred for a common or joint purpose benefitting more than one cost objective, and not readily assignable to the cost objectives specifically benefitted, without effort disproportionate to the results achieved. Costs incurred for the same purpose in like circumstances shall be treated consistently as either direct or indirect costs.

These costs may include: general data processing, human resources, utility costs, maintenance, accounting, etc.

Federal education programs with supplement not supplant provisions must use a restricted indirect cost rate. In a restricted rate, indirect costs are limited to general management costs. General management costs do not include divisional administration that is limited to one component of the Academy, the Board, compensation of the School Leader, compensation of the chief executive officer of any component of the Academy, and operation of the immediate offices of these officers.

The salaries of administrative and clerical staff should normally be treated as indirect costs. Direct charging of these costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are integral to a project or activity.
2. Individuals involved can be specifically identified with the project or activity.
3. Such costs are explicitly included in the budget or have the prior written approval of the Federal awarding agency.

4. The costs are not also recovered as indirect costs.

Where a Federal program has a specific cap on the percentage of administrative costs that may be charged to a grant, that cap shall include all direct administrative charges as well as any recovered indirect charges.

Effort should be given to identify costs as direct costs whenever practical, but allocation of indirect costs may be used where not prohibited and where indirect cost allocation is approved ahead of time by the Michigan Department of Education (MDE) or the pass-through entity (Federal funds subject to 2 C.F.R. Part 200 pertaining to determining indirect cost allocation).

Equipment and other capital expenditures are unallowable as indirect costs.

**Timely Obligation of Funds**

Financial obligations are orders placed for property and services, contracts and subawards made, and similar transactions that require payment. This term is used when referencing a recipient's or subrecipient's use of funds under a Federal award.

The following list illustrates when funds are determined to be obligated under the U.S. Department of Education ("USDOE") regulations:

If the obligation is for:

A. Acquisition of property - on the date which the Academy makes a binding written commitment to acquire the property.

B. Personal services by an employee of the Academy or Educational Service Provider - when the services are performed.

C. Personal services by a contractor who is not an employee of the Academy on the date which the Academy makes a binding written commitment to obtain the services.

D. Performance of work other than personal services - on the date when the Academy makes a binding written commitment to obtain the work.

E. Public utility services - when the Academy receives the services.

F. Travel - when the travel is taken.

G. Rental of property - when the Academy uses the property.

H. A pre-agreement cost that was properly approved by the Secretary (USDOE) under the cost principles in 2 C.F.R. Part 200, Subpart E - Cost Principles - on the first day of the project period.
Period of Performance

All financial obligations must occur during the period of performance. Period of performance means the total estimated time interval between the start of an initial Federal award when the Academy is permitted to carry out the work authorized by the grant and the planned end date. The period of performance may include one or more funded portions or budget periods. The period of performance is dictated by statute and will be indicated in the grant award notification ("GAN"). As a general rule, State-administered Federal funds are available for obligation within the year that Congress appropriates the funds for. However, given the unique nature of educational institutions, for many Federal education grants, the period of performance is twenty-seven (27) months. This maximum period includes a fifteen (15) month period of initial availability, plus a twelve (12) month period for carryover. For direct grants, the period of performance is generally identified in the GAN.

In the case of a State-administered grant, financial obligations under a grant may not be made until the application is approved or is in substantially approvable form, whichever is later. In the case of a direct grant, a grantee may use grant funds only for obligations it makes during the grant period, unless an agreement exists with the awarding agency or the pass-through entity (e.g., MDE) to reimburse for pre-approval expenses.

If a Federal awarding agency or pass-through entity approves an extension, or if the Academy extends under C.F.R. 200.308(e)(2), the Period of Performance will be amended to end at the completion of the extension. If a termination occurs, the Period of Performance will be amended to end upon the effective date of termination. If a renewal is issued, a distinct Period of Performance will begin.

For both State-administered and direct grants, regardless of the period of availability, the Academy shall liquidate all financial obligations incurred under the award not later than ninety (90) days after the end of the funding period unless an extension is authorized. Any funds not obligated within the period of performance or liquidated within the appropriate timeframe are said to lapse and shall be returned to the awarding agency. Consequently, the Academy shall closely monitor grant spending throughout the grant cycle.

TIME AND EFFORT REPORTING

Reference: 2 C.F.R. 200.430, 200.431

As a recipient of Federal funds, the Academy shall comply with the Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards. The Code of Federal Regulations requires certification of effort to document salary expenses charged directly or indirectly against Federally-sponsored projects. This process is intended to verify that compensation for employment services, including salaries and wages, is allocable and properly expended, and that any variances from the budget are reconciled.

Compensation for employment services includes all remuneration, paid currently or accrued, for services of employees, whether employed by the Board or an Educational Service Provider, rendered during the period of performance under the Federal award, including but not necessarily limited to wages and salaries. Compensation for personal services may also include fringe benefits, which are addressed in 2 C.F.R. 200.431 Compensation—fringe benefits. Costs of compensation are allowable to the extent that they satisfy the specific requirements of these regulations, and that the total compensation for individual employees:

A. is reasonable for the services rendered, conforms to the Academy’s established written policy where applicable, and is consistently applied to both Federal and non-Federal activities; and

B. follows an appointment made in accordance with the Academy’s written policies and meets the requirements of Federal statute, where applicable.

Time and Effort Reports

The reports:

A. are supported by a system of internal controls which provide reasonable assurance that the charges are accurate, allowable, and properly allocated;

B. Are incorporated into the official records of the Academy;

C. Reasonably reflect the total activity for which the employee is compensated by the Academy, not exceeding 100% of the compensated activities;

D. Encompass both Federally assisted and other activities compensated by the Academy on an integrated basis;

E. comply with the Academy’s established accounting policies and practices;

F. support the distribution of the employee’s salary or wages among specific activities or cost objectives if the employee works on more than one (1) Federal award, a Federal award and non-Federal award, an indirect cost activity and a direct cost activity, two or more indirect activities which are allocated using different allocation bases, or an unallowable activity and a direct or indirect cost activity.

The Academy will also follow any time and effort requirements imposed by the pass through entity to the extent that they are more restrictive than the Federal requirements. The School
Leader (employed by the Board) or designee is responsible for the distribution, collection, and retention of all employee effort reports. Individually reported data will be made available only to authorized auditors.

**Reconciliations**

Budget estimates are not used as support for charges to Federal awards. However, the Academy may use budget estimates for interim accounting purposes. The system used by the Academy to establish budget estimates produces reasonable approximations of the activity actually performed. Any significant changes in the corresponding work activity are identified by the Academy and entered into the Academy’s records in a timely manner.

The Academy’s internal controls require the Academy to review after-the-fact interim charges made to a Federal award based on budget estimates and ensure that all necessary adjustments are made so that the final amount charged to the Federal award is accurate, allowable, and properly allocated.

POST-ISSUANCE COMPLIANCE FOR TAX-EXEMPT AND TAX-ADVANTAGED OBLIGATIONS

Reference: Internal Revenue Code of 1986, as amended
Treasury Regulations
SEC Rule 15c2-12

The Board of Directors may, from time to time, finance its capital improvements and operations through the issuance of debt obligations that are eligible for tax benefits under the Internal Revenue Code of 1986, as amended (the "Code"), and regulations promulgated thereunder ("Treasury Regulations"). Such obligations may include tax exempt obligations and/or obligations eligible for tax credits (direct subsidies to the Academy or tax credits to bond owners). All such tax-exempt obligations or tax advantaged obligations are referred to herein as "Obligations," whether in the form of general obligation bonds, revenue bonds, bond anticipation notes, tax anticipation notes, lease-purchase obligations, installment-purchase obligations or otherwise.

This policy and related AG 6146 document practices and describes various procedures and systems designed to identify on a timely basis facts relevant to demonstrating compliance with the requirements that must be satisfied subsequent to the issuance of Obligations in order that the interest on such Obligations continue to be eligible to the excluded from gross income for federal income tax purposes or that the Obligations continue to receive tax-advantaged treatment. The Federal tax law requirements applicable to each issue of obligations will be detailed in the non-arbitrage or tax-compliance certificate prepared by bond counsel (the "Tax Certificate") and signed by officials of the Academy and the post-closing compliance checklist provided by bond counsel with respect to such issue. This policy and related AG 6146 establish a permanent, ongoing structure of practices and procedures that will facilitate compliance with the Code, Treasury Regulations and SEC Rule 15c2-12 (the “Rule”).

The Board recognizes that compliance with applicable provisions of the Code and Treasury Regulations is an on-going process, necessary during the entire term of the Obligations, and is an integral component of the Academy’s debt management. Accordingly, the analysis of those facts and implementation of this Policy and Administrative Procedures will require on-going monitoring and consultation with an attorney experienced in legal work relating to the issuance of tax-exempt obligations or tax advantaged obligations ("Bond Counsel") and the Academy's accountants. The tasks enumerated hereunder may be delegated to an Educational Service Provider, and shall be deemed to be delegated, if the Educational Service Provider provides financial, business or accounting services to the Academy.

This policy and the related AG 6146 do not address any post-issuance compliance requirements under State law. Nor is this Policy and related AG 6146 a substitute, or a replacement, for any Tax Certificate or a post-issuance compliance checklist relating to specific Obligations. The Academy is responsible for compliance with any such Tax Certificate or post-issuance compliance checklist.

This policy may be modified, expanded, abridged, or otherwise amended only by the Board of Directors upon consultation with the Academy’s attorney and Bond Counsel, but without any notice to or consent from any trustee, bondholder or any other person.

A. Investment and Expenditure of Proceeds

The Academy’s system of internal controls and accounting will be capable of tracking the investment and expenditure of proceeds of Obligations and other
amounts subject to special requirements, and the allocation of such proceeds and other amounts to Academy facilities. Appropriate coding will be developed to identify Academy facilities (or portions thereof) financed or refinanced by Obligations. Such Administrative Procedures will ensure that such proceeds are expended only for the purposes authorized by the resolution and, as applicable, referendum, pursuant to which such Obligations were issued and in compliance with the Tax Certificate relating to the Obligations or other instructions of Bond Counsel.

B. Financed Facilities

The Academy will track the use of facilities (or portions thereof) financed or refinanced by Obligations ("Financed Facilities") in the private trades or businesses of non-governmental persons. Arrangements for the sale, disposition, lease, sublease, management or other use of more than 1% of facilities financed or refinanced by Obligations with a term of (i) less than 200 days will be subject to prior review and approval by the Board, and (ii) equal to or greater than 200 days will be subject to prior review and approval by the Board and Bond Counsel. The School Leader (employed by the Board) will track the aggregate annual private use (if any) of facilities financed or refinanced by Obligations.

C. Periodic Review

The Academy will periodically review compliance with the requirements of the Code and Treasury Regulations necessary to preserve the tax advantages of such Obligations. Such reviews will include final allocations of proceeds not later than 150 days after completion of facilities financed or refinanced with proceeds of Obligations and annual reviews to ensure private business use of such facilities does not exceed allowable levels. Such annual review will be conducted in connection with the preparation of the Academy’s audited financial statements.

D. Potential Non-Compliance

If the Board, upon any annual review or otherwise, discovers non-compliance with any requirements of the Code or Treasury Regulations necessary to preserve the tax advantages of such Obligations, the Board will, after consultation with the Academy’s attorney and Bond Counsel, take necessary actions to remedy any such non-compliance.

E. Retention of Professionals; Rebate Analyst

The Academy will engage such professionals or consultants as are necessary, in the judgment of the School Leader (employed by the Board), to ensure that the requirements of the Code and Treasury Regulations necessary to preserve the tax advantages of such Obligations are timely met, including, without limitation, the requirement to compute and pay rebatable arbitrage to the United States government or to confirm an exception thereto. The School Leader (employed by the Board) will ensure that all information reports or other returns or filings with the United States Department of Treasury, Internal Revenue Service, or the State of Michigan will be timely filed on behalf of the Academy.
F. Purchase of Investments

All investments of the proceeds of Obligations will be purchased at fair market value, as defined in the Code and Treasury Regulations, and will comply with the requirements of the Code and Treasury Regulations relating to yield restriction as advised by Bond Counsel.

G. Credit Enhancement Transactions

The School Leader (employed by the Board) will consult with Bond Counsel prior to engaging in any post-issuance credit enhancement transactions (i.e., bond insurance or letters of credit) or hedging transactions (i.e., interest rate swaps, caps, etc.) relating to any Obligation.

H. Subsidy Payments

The School Leader (employed by the Board) will implement proper Administrative Procedures to ensure that any federal subsidy payable in respect of any direct-pay tax credit bonds is timely transmitted to the appropriate account of the Academy including the timely filing of any required return or other documentation.

I. Post-Issuance Modifications

The School Leader (employed by the Board) will consult with Bond Counsel prior to any modification of the interest rate, maturity date, or other material terms of any Obligation.

J. Records Retention

The Academy will retain records sufficient to demonstrate compliance with the requirements of the Code and Treasury Regulations necessary to preserve the tax advantages of such Obligations for the period required by law, presently understood to be the life of the Obligations or any succeeding refunding Obligation plus three (3) years.

K. Continuing Disclosure

The School Leader (employed by the Board) will implement proper Administrative Procedures to ensure that the Academy complies with any undertakings to provide continuing disclosure in accordance with the Rule, including annual filing of operating and financial information and notices of listed "material events." School Leader (employed by the Board) may enter into a contract with a third party to assist the Academy in complying with its continuing disclosure obligations.

L. Training and Education

The Board authorizes the School Leader (employed by the Board) and any other person assigned responsibilities under this Policy and the Administrative Procedures/Guidelines to attend educational seminars and conferences providing training and education on post-issuance compliance
issues at least once a year and will pay the authorized expenses of such person.

STUDENT FEES, FINES, AND SUPPLIES

Reference: MCL 388.1904 [Suggested/Referred to, but not required]

Fees

The Board of Directors may assess certain fees to pay the costs for extra-curricular and noncredit activities. Such fees might be made for expendable items such as magazines, workbook materials, paperback selections, laboratory supplies, materials for clubs, independent study or special projects, transportation costs, and admission/participation fees for school-sponsored trips and activities.

If an eligible student enrolled in an eligible course offered by a career and technical preparation program does not complete the course, other than for reasons related to a family or medical emergency, the student shall repay to the Academy any funds expended by the Academy for the course that are not refunded by the career and technical preparation program, and may also be subject to such sanctions as are provided for in procedures prepared by the Academy administration.

No student, however, shall be deprived of participation in any mandatory school activity or required curriculum activity due to a lack of financial ability to pay. Fees will not be charged for such activities. Extra-curricular activities for which fees will be charged may not be used in determining credit or grades in any course.

A fee shall not exceed the combined cost of the service(s) provided and/or materials used. An accurate accounting of all fees collected and all fees expended shall be provided to the School Leader (or his/her designee) for each fee-based activity, at the conclusion of the activity, along with a record of the remission of any fees not expended.

Fines

When Academy property, equipment, or supplies are damaged, lost, or taken by a student, whether in a regular course or extra-curricular offering, a fine will be assessed. The fine will be reasonable, seeking only to compensate the Academy for the expense or loss incurred.

The late return of borrowed books or materials from the Academy libraries will be subject to appropriate fines. Failure to pay the fines may result in loss of privileges.

Any fees or fines collected by members of the staff are to be given to the Building Secretary within twenty-four (24) hours after collection.

In the event the above course of action does not result in the collection of the fee or fine, the Board authorizes the School Leader (employed by the Board) to take the student and/or his/her parents to Small Claims Court for collection.

Supplies

The Academy will provide all basic supplies needed by the student to complete the required course curriculum. The student and/or his/her family may choose to purchase their own supplies if they desire to have a greater quantity or quality of supplies, or to conserve the limited
resources for use by others. The teacher or appropriate administrator may recommend useful supplies.

FISCAL PLANNING

The Board shall collect and assemble the information necessary to discharge its responsibility for the fiscal management of the Academy and shall plan for the financial needs of the educational program. The Board will strive to maintain both short and long range projections of the Academy's financial requirements.

Accordingly, the Board directs the School Leader (employed by the Board) to accomplish the following:

A. report to the Board any serious financial implications that emerge from the Academy’s ongoing fiscal planning.

In addition, the Board directs the School Leader (employed by the Board) to maintain annually a detailed two (2) year forecast of estimated expenditures and revenues.

Adopted 6/10/15
BUDGET PREPARATION

Reference: MCL 141.434 et. seq.

The Academy's operational and educational plans are reflected in its budgets. Each year, the Board of Directors will have prepared, then review and approve the following Fund budgets:

A. General Fund

Each budget shall be designed to carry out Academy operations in a thorough and efficient manner, to maintain Academy facilities properly, and to honor the continuing obligations of the Board.

The Board shall ensure that adequate funds are reserved for the General Fund to maintain a secure financial position whereby the fund equity shall not fall below 5.00% of the preceding year's expenditures.

A proposed budget requires the critical analysis of every member of the Board prior to approval. Once adopted, the budget deserves the support of all members of the Board, regardless of their position before its adoption.

The Board directs the School Leader (employed by the Board) to present the budgets to the Board, along with all available information associated with each budget, in sufficient time to allow for proper analysis and discussion prior to the budget hearing.

When presented to the Board for review and/or adoption, the information shall include the following items, as appropriate:

A. the number and category of staff members for the current and the ensuing year;
B. the proposed expenditure and revenue in each financial category for the ensuing year;
C. the anticipated expenditure and revenue in each financial category for the current year;
D. the actual expenditure, the approved budget, and the revenue in each financial category for the previous year;
E. an estimate of the student enrollment by grades for the ensuing year;
F. the amount of fund equity anticipated at the end of the current year;
G. an appropriations resolution.

Adopted 6/10/15
The annual budget adopted by the Board represents the Board's position on the allocation of resources required to operate an appropriate system of education. All reasonable means shall be employed by the Board to present and explain that position to all interested parties. The public budget hearing will be conducted in accordance with law.

Each member of the School Leader (employed by the Board) shall be sufficiently acquainted with the budget and its underlying purposes to answer questions from members of the public.

The budget approved by this Board will be made available to the public in the form and places required by law. A simplified form of the budget may also be prepared annually and may be sent to appropriate parties and/or distributed to persons attending the annual budget hearing.

A simplified budget may include the expenditures and the anticipated receipts in each major category for the current and the coming years. Such a budget may also provide a brief explanation of significant increases and decreases from the previous year.

The final adoption of the proposed annual budget shall be made by the Board after completion of the public hearing, but in no case later than June 30th.

Adopted 6/10/15
BUDGET IMPLEMENTATION

Reference: MCL 141.436 et. seq.

The Board places the responsibility of administering the budget, once adopted, with the School Leader. As the budget is being implemented, the School Leader shall keep the Board informed regarding budgetary problems or concerns.

The School Leader (employed by the Board) shall be authorized to proceed with financial commitments, purchases, and other expenditures, within the limits provided in the budget, stated in Board policies, and expressed in State statutes.

Lists of expenditures, appropriate financial reports, and budget comparison reports shall be submitted monthly to the Board to keep members informed as to the status of the budget and overall financial condition of the Academy.

During the fiscal year, if the School Leader (employed by the Board) deems that actual revenues are less than estimated revenues (including the available equity upon which the appropriations from the fund were based), the School Leader (employed by the Board) shall recommend to the Board amendments to the General Appropriations Act in order to prevent expenditures from exceeding revenues.

PURCHASING

Reference: MCL 380.1267, 380.1274 et seq.

Procurement of all supplies, materials, equipment, and services paid for from Academy funds shall be made in accordance with all applicable federal and State statutes, Board policies, and administrative procedures. Standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts are established in Policy 1130, Policy 3110, and Policy 4110 (as applicable) – Conflict of Interest.

All procurement transactions shall be conducted in a manner that encourages full and open competition and in accordance with good administrative practice and sound business judgment. Each year the State of Michigan informs the School of the legal amount for purchases which require a formal bidding process of a single item.

It is the policy of the Board that the School Leader (employed by the Board) adhere to the following:

A. Seek informal price quotations on purchases in excess of $5,000.00.

B. When the purchase of, and contract for, single items of supplies, materials, or equipment is in excess of 50 percent but less than the amount allowed by State statute, the School Leader (employed by the Board) shall whenever possible, have at least three (3) competitive bids.

Purchases in a single transaction that are in excess of the dollar amount permitted by State statute shall require competitive bids and, whenever possible, have at least three (3) such bids for substantiation of purchase and shall require approval of the Board prior to purchase.

Competitive Bids

Competitive bids are not required for items purchased through the cooperative bulk purchasing program operated by the Michigan Department of Management and Budget pursuant to MCL 18.1263.

Competitive bids are not required for food purchases, unless food purchased in a single transaction costs $100,000 or more.

Bids shall be sealed and shall be opened by the Business Manager in the presence of at least one (1) witness. All orders or contracts should be awarded to the lowest responsible bidder; however, consideration can be given to:

A. the quality of the item(s) to be supplied;

B. its conformity with specifications;

C. suitability to the requirements of the Academy;

D. delivery terms;

E. past performance of vendor.
In addition to the factors above, the Board may consider and provide a preference to bidders which use a Michigan-based business as the primary contractor or which use one (1) or more Michigan-based business as subcontractors.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under MCL 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

A. have filed a Michigan business tax return showing an allocation of income tax base to Michigan;

B. have filed a Michigan income tax return showing income generated in or attributed to Michigan; or

C. withheld Michigan income tax from compensation paid to the bidder’s owners and remitted the tax to the Michigan Department of Treasury.

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

The Board reserves the right to reject any and all bids.

Bid Protest

A bidder who wishes to file a bid protest must file such notice and follow procedures prescribed by the Request For Proposals (RFP) or the individual bid specifications package, for resolution. Bid protests must be filed in writing with the School Leader (employed by the Board) within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the School Leader (employed by the Board) shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

General Provisions

The School Leader (employed by the Board) is authorized to purchase all items within budget allocations.

The Board should be advised, for prior approval, of all purchases of equipment, materials, and services when the purchase was not contemplated during the budgeting process.

The School Leader (employed by the Board) is authorized to make emergency purchases, without prior approval, of those goods and/or services needed to keep the school in operation. Such purchases shall be brought to the Board’s attention at the next regular meeting.

In order to promote efficiency and economy in the operation of the school, the Board requires that the School Leader (employed by the Board) periodically estimate requirements for standard
items or classes of items and make quantity purchases on a bid basis to procure the lowest cost consistent with good quality.

Whenever storage facilities or other conditions make it impractical to receive total delivery at any one time, the total quantity to be shipped but with staggered delivery dates, shall be made a part of the bid specifications.

Before placing a purchase order, the School Leader (employed by the Board) shall check as to whether the proposed purchase is subject to bid, whether sufficient funds exist in the budget, and whether the material might be available elsewhere in the school. All purchase orders shall be numbered consecutively.

The School Leader (employed by the Board) shall determine the amount of purchase which shall be allowed without a properly signed purchase order. Employees may be held personally responsible for anything purchased without a properly signed purchase order or authorization.

The Board may acquire office equipment as defined in law by lease, by installment payments, by entering into lease-purchase agreements, or by lease with an option to purchase, provided the contract sets forth the terms of such a purchase.

Procurement – Federal Grants

The School Leader (employed by the Board) shall maintain a procurement and contract administration system in accordance with the USDOE requirements (34 CFR 80.36) for the administration and management of Federal grants and federally-funded programs. The Academy shall maintain a compliance system that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of this policy and administrative guidelines (AG 6320).

NEW SCHOOL CONSTRUCTION, RENOVATION

Source: MCL 380.1267
M.C.L. 380.1264

Before commencing construction of any new academy building or the major renovation of an existing academy building, the Board shall consult on the plans for construction or major renovation regarding academy safety issues with the law enforcement agency that is the first responder for the academy building at issue. For purposes of this paragraph, academy building means any building intended to be used to provide instruction to students and any recreational or athletic structure or field intended to be used by students.

Before beginning construction of a new academy building, or an addition, repair or renovation of an existing academy building, except emergency repairs, the Board of Education, shall obtain competitive bids on all the material and labor required for the complete construction of a proposed new building or addition to or repair or renovation of an existing academy building which exceeds the State statutory limit.

This policy does not apply to buildings, renovations, or repairs costing less than the statutory limit or to repair work normally performed by Academy employees.

The Board shall advertise for the bids required under subsection:

A. By placing an advertisement for bids at least once in a newspaper of general circulation in the area where the building or addition is to be constructed or where the repair or renovation of an existing building is to take place and by posting an advertisement for bids for at least two (2) weeks on the Department of Management and Budget website on a page on the website maintained for this purpose or on a website maintained by an academy organization and designated by the Department of Management and Budget for this purpose.

B. By submitting the request for bids for placement on the Michigan Department of Management and Budget’s website for academy organizations, including a link to the Academy’s website.

C. The advertisement for bids shall do all of the following:

1. specify the date and time by which all bids must be received by the Board at a designated location;

2. state that the Board will not consider or accept a bid received after the date and time specified for bid submission;

3. identify the time, date, and place of a public meeting at which the Board or its designee will open and read aloud each bid received by the Board by the date and time specified in advertisement;

4. state that the bid shall be accompanied by a sworn and notarized statement disclosing any familial relationship that exists between the owner or any employee of the bidder and any member of the Board or the Administrator of the School. A Board shall not accept a bid that does not include this sworn and notarized disclosure statement.
D. The Board shall require each bidder for a contract under this policy, to file with the Board security in an amount not less than 1/20 of the amount of the bid conditioned to secure the Academy from loss or damage by reason of the withdrawal of the bid or by the failure of the bidder to enter a contract for performance, if the bid is accepted by the Board.

E. The Board shall not open, consider, or accept a bid that the Board receives after the date and time specified for bid submission in the advertisement for bids as described in subsection C of this policy.

F. At a public meeting identified in the advertisement for bids described in subsection C of this policy, the Board or its designee shall open and read aloud each bid that the Board received at or before the time and date for bid submission specified in the advertisement for bids. The Board may reject any or all bids, and if all bids are rejected, shall re-advertise in the manner required by this policy.

The Board may consider and provide a preference to bidders:

1. which use a Michigan-based business as the primary contractor.

For purposes of this preference a Michigan-based business means a business that would qualify for a Michigan preference for procurement contracts under M.C.L.A. 18.1268, which requires that the businesses certify that since inception or during the last twelve (12) months it has done one of the following:

1. have filed a Michigan business tax return showing an allocation of income tax base to Michigan

2. have filed a Michigan income tax return showing income generated in or attributed to Michigan

3. withheld Michigan income tax from compensation paid to the bidder’s owners and remitted the tax to the Michigan Department of Treasury

This preference shall not apply to any procurement or project using Federal funds, nor shall it be used if it would violate any Federal law or requirements.

G. The competitive bid threshold amount specified in this policy ($24,459 for 2019) is adjusted each year by multiplying the amount for the immediately preceding year by the percentage by which the average consumer price index for all items for the twelve (12) months ending August 31st of the year in which the adjustment is made differs from that index’s average for the twelve (12) months ending on August 31st of the immediately preceding year and adding that product to the maximum amount that applied in the immediately preceding year, rounding to the nearest whole dollar. The current exempt amount must be confirmed with the Michigan Department of Education prior
to issuing contracts for construction, renovation, or repairs which exceed the amount listed in this policy.

PROCUREMENT – FEDERAL GRANTS/FUNDS

Reference: 2 C.F.R. 200.317 -.326, Appendix II to Part 200
2 C.F.R. 200.520

Procurement of all supplies, materials, equipment, and services paid for from Federal funds or Academy matching funds shall be made in accordance with all applicable Federal, State, and local statutes and/or regulations, the terms and conditions of the Federal grant, Board policies, and administrative procedures.

The School Leader shall have and use a procurement and contract administration system in accordance with the USDOE requirements (2 CFR 200.317-.326), including affirmative steps for small and minority businesses and women’s business enterprises, for the administration and management of Federal grants and Federally-funded programs. The Academy shall maintain oversight that requires contractors to perform in accordance with the terms, conditions, and specifications of their contracts or purchase orders. Except as otherwise noted, procurement transactions shall conform to the provisions of the Academy’s documented general purchasing Policy 6320 and AG 6320.

All Academy employees, whether employed by the Board or by an Educational Service Provider, all officers of the Academy, and all agents of the Academy who have purchasing authority shall abide by the standards of conduct covering conflicts of interest and governing the actions of its employees, whether employed by the Board or by an Educational Service Provider, officers, and agents engaged in the selection, award, and administration of contracts as established in Policy 1130 and Policy 3110– Conflict of Interest.

The Academy will avoid acquisition of unnecessary or duplicative items. Additionally, consideration shall be given to consolidating or breaking out procurements to obtain a more economical purchase. And, where appropriate, an analysis shall be made of lease versus purchase alternatives, and any other appropriate analysis to determine the most economical approach. These considerations are given as part of the process to determine the allowability of each purchase made with Federal funds.

To foster greater economy and efficiency, the Academy may enter into State and local intergovernmental agreements where appropriate for procurement or use of common or shared goods and services.

Competition

All procurement transactions for the acquisition of property or services required under a Federal award paid for from Federal funds or Academy matching funds shall be conducted in a manner that encourages full and open competition and that is in accordance with good administrative practice and sound business judgement. In order to promote objective contractor performance and eliminate unfair competitive advantage, the Academy shall exclude any contractor that has developed or drafted specifications, requirements, statements of work, or invitations for bids or requests for proposals from competition for such procurements.

Some of the situations considered to be restrictive of competition include, but are not limited to, the following:

A. unreasonable requirements on firms in order for them to qualify to do business;

© National Charter Schools Institute
B. unnecessary experience and excessive bonding requirements;
C. noncompetitive pricing practices between firms or between affiliated companies;
D. noncompetitive contracts to consultants that are on retainer contracts;
E. organizational conflicts of interest;
F. specification of only a “brand name” product instead of allowing for an “or equal” product to be offered and describing the performance or other relevant requirements of the procurement; and
G. any arbitrary action in the procurement process.

Further, the Academy does not use statutorily or administratively imposed State, local, or tribal geographical preferences in the evaluation of bids or proposals, unless (1) an applicable Federal statute expressly mandates or encourages a geographic preference; or (2) the Academy is contracting for architectural and engineering services, in which case geographic location may be a selection criterion provided its application leaves an appropriate number of qualified firms, given the nature and size of the project, to compete for the contract.

To the extent that the Academy uses a pre-qualified list of persons, firms or products to acquire goods and services that are subject to this policy, the pre-qualified list includes enough qualified sources as to ensure maximum open and free competition. The Academy allows vendors to apply for consideration to be placed on the list continuously.

The Academy shall require that all prequalified lists of persons, firms, or products which are used in acquiring goods and services are current and include enough qualified sources to provide maximum open and free competition. The Academy shall not preclude potential bidders from qualifying during the solicitation period.

**Solicitation Language (Purchasing Procedures)**

The Academy shall have written procurement procedures that require that all solicitations made pursuant to this policy incorporate a clear and accurate description of the technical requirements for the material, product, or service to be procured. Such description shall not, in competitive procurements, contain features which unduly restrict competition. The description may include a statement of the qualitative nature of the material, product or service to be procured and, when necessary, shall set forth those minimum essential characteristics and standards to which it shall conform if it is to satisfy its intended use. Detailed product specifications should be avoided if at all possible.

When it is impractical or uneconomical to make a clear and accurate description of the technical requirements, a “brand name or equivalent” description may be used as a means to define the performance or other salient requirements of procurement. The specific features of the named brand which shall be met by offers shall be clearly stated; and identify all requirements which the offerors shall fulfill and all other factors to be used in evaluating bids or proposals.

The Academy will not approve any expenditure for an unauthorized purchase or contract.
**Procurement Methods**

The Academy shall have and use documented procedures, consistent with the standards described above for the following methods of procurement:

**A. Informal Procurement Methods**

When the value of the procurement for property or services under a Federal award does not exceed the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are not required. The Academy may use informal procurement methods to expedite the completion of its transactions and minimize the associated administrative burden and cost. The informal methods used for procurement of property or services at or below the simplified acquisition threshold include:

1. **Micro-purchases**

   Procurement by micro-purchase is the acquisition of supplies or services, the aggregate dollar amount of which does not exceed $10,000. To the maximum extent practicable, the Academy should distribute micro-purchases equitably among qualified suppliers. Micro-purchases may be made without soliciting competitive quotations if School Leader considers the price to be reasonable based on research, experience, purchase history or other relevant information and documents are filed accordingly. The Academy shall maintain evidence of this reasonableness in the records of all purchases made by this method.

2. **Small Purchases**

   Small purchases include the acquisition of property or services, the aggregate dollar amount of which is higher than the micro-purchase threshold but does not exceed the simplified acquisition threshold of $250,000. Small purchase procedures require that price or rate quotations shall be obtained from an adequate number of qualified sources.

   Academies are responsible for determining an appropriate simplified acquisition threshold based on internal controls, an evaluation of risk, and its documented procurement procedures which must not exceed the threshold established in the Federal Acquisition Regulations (FAR). When applicable, a lower simplified acquisition threshold used by the non-Federal entity must be authorized or not prohibited under State, local, or tribal laws or regulations.

**B. Formal Procurement Methods**

When the value of the procurement for property or services under a Federal award exceeds the simplified acquisition threshold, or a lower threshold established by the State, formal procurement methods are required. Formal procurement methods require following documented procedures. Formal procurement methods also require public advertising unless a non-competitive procurement method can be used in accordance with the standards on
Sealed, competitive bids shall be obtained when the purchase of, and contract for, single items of supplies, materials, or equipment which amounts more than to the amount allowed by Michigan statute and when the Board determines to build, repair, enlarge, improve, or demolish an academy building/facility the cost of which will exceed the amount allowed by Michigan statute.

In order for sealed bidding to be feasible, the following conditions shall be present:

a. a complete, adequate, and realistic specification or purchase description is available;

b. two (2) or more responsible bidders are willing and able to compete effectively for the business; and

c. the procurement lends itself to a firm fixed price contract and the selection of the successful bidder can be made principally on the basis of price.

When sealed bids are used, the following requirements apply:

a. Bids shall be solicited in accordance with the provisions of State law and Policy 6320. Bids shall be solicited from an adequate number of qualified suppliers, providing sufficient response time prior to the date set for the opening of bids. The invitation to bid shall be publicly advertised.

b. The invitation for bids will include product/contract specifications and pertinent attachments and shall define the items and/or services required in order for the bidder to properly respond.

c. All bids will be opened at the time and place prescribed in the invitation for bids; bids will be opened publicly.

d. A firm fixed price contract award will be made in writing to the lowest responsible bidder. Where specified in bidding documents, factors such as discounts, transportation cost, and life cycle costs shall be considered in determining which bid is lowest. Payment discounts may only be used to determine the low bid when prior experience indicates that such discounts are usually taken.

e. The Board reserves the right to reject any or all bids for sound documented reason.
2. Proposals

Procurement by proposals is a method in which either a fixed price or cost-reimbursement type contract is awarded. Proposals are generally used when conditions are not appropriate for the use of sealed bids or in the case of a recognized exception to the sealed bid method. (See Policy 6320 for competitive bid procedures.)

If this method is used, the following requirements apply:

a. Requests for proposals shall be publicized and identify all evaluation factors and their relative importance. Any response to the publicized requests for proposals shall be considered to the maximum extent practical.

b. Proposals shall be solicited from an adequate number of sources.

c. The Academy shall use its written method for conducting technical evaluations of the proposals received and for selecting recipients.

d. Contracts shall be awarded to the responsible firm whose proposal is most advantageous to the program, with price and other factors considered.

The Academy may use competitive proposal procedures for qualifications-based procurement of architectural/engineering (A/E) professional services whereby competitors' qualifications are evaluated and the most qualified competitor is selected, subject to negotiation of fair and reasonable compensation. The method, where price is not used as a selection factor, can only be used in procurement of A/E professional services. It cannot be used to purchase other types of services though A/E that firms are a potential source to perform the proposed effort.

3. Noncompetitive Procurement

Procurement by noncompetitive proposals allows for solicitation of a proposal from only one source and may be used only when one or more of the following circumstances apply:

a. micro-purchases

b. the item is available only from a single source

c. the public exigency or emergency for the requirement will not permit a delay resulting from publicizing a competitive solicitation

d. the Federal awarding agency or pass-through entity expressly authorizes noncompetitive proposals in response to a written request from the Academy

e. after solicitation of a number of sources, competition is determined to be inadequate.
**Domestic Preference for Procurement**

As appropriate and to the extent consistent with law, the Academy shall, to the extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States. Such requirements shall be included in all subawards including all contracts and purchase orders for work or products under the Federal award.

**Contract/Price Analysis**

The Academy shall perform a cost or price analysis in connection with every procurement action in excess of $250,000, including contract modifications. A cost analysis generally means evaluating the separate cost elements that make up the total price, while a price analysis means evaluating the total price, without looking at the individual cost elements.

The method and degree of analysis is dependent on the facts surrounding the particular procurement situation; however, the Academy shall come to an independent estimate prior to receiving bids or proposals.

When performing a cost analysis, the Academy shall negotiate profit as a separate element of the price. To establish a fair and reasonable profit, consideration is given to the complexity of the work to be performed, the risk borne by the contractor, the contractor's investment, the amount of subcontracting, the quality of its record of past performance, and industry profit rates in the surrounding geographical area for similar work.

**Time and Materials Contracts**

The Academy uses a time and materials type contract only (1) after a determination that no other contract is suitable; and (2) if the contract includes a ceiling price that the contractor exceeds at its own risk. Time and materials type contract means a contract whose cost to the Academy is the sum of the actual costs of materials, and direct labor hours charged at fixed hourly rates that reflect wages, general and administrative expenses, and profit.

Since this formula generates an open-ended contract price, a time-and-materials contract provides no positive profit incentive to the contractor for cost control or labor efficiency. Therefore, the Academy sets a ceiling price for each contract that the contractor exceeds at its own risk. Further, the Academy shall assert a high degree of oversight in order to obtain reasonable assurance that the contractor is using efficient methods and effective cost controls.

**Suspension and Debarment**

The Academy will award contracts only to responsible contractors possessing the ability to perform successfully under the terms and conditions of the proposed procurement. All purchasing decisions shall be made in the best interests of the Academy and shall seek to obtain the maximum value for each dollar expended. When making a purchasing decision, the Academy shall consider such factors as (1) contractor integrity; (2) compliance with public policy; (3) record of past performance; and (4) financial and technical resources.

The School Leader shall have the authority to suspend or debar a person/corporation, for cause, from consideration or award of further contracts. The Academy is subject to and shall abide by the nonprocurement debarment and suspension regulations implementing Executive Orders 12549 and 12689, 2 CFR Part 180.
Suspension is an action taken by the Academy that immediately prohibits a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1) for a temporary period, pending completion of an agency investigation and any judicial or administrative proceedings that may ensue. A person so excluded is suspended. (2 CFR Part 180 Subpart G)

Debarment is an action taken by the School Leader to exclude a person from participating in covered transactions and transactions covered under the Federal Acquisition Regulation (48 CFR chapter 1). A person so excluded is debarred. (2 CFR Part 180 Subpart H).

The Academy shall not subcontract with or award subgrants to any person or company who is debarred or suspended. For contracts over $25,000, the Academy shall confirm that the vendor is not debarred or suspended by either checking the Federal government’s System for Award Management, which maintains a list of such debarred or suspended vendors at www.sam.gov; collecting a certification from the vendor; or adding a clause or condition to the covered transaction with that vendor. (2 CFR Part 180 Subpart C)

Bid Protest

The Academy maintains the following protest procedures to handle and resolve disputes relating to procurements and, in all instances, discloses information regarding the protest to the awarding agency.

A bidder who wishes to file a bid protest shall file such notice and follow procedures prescribed by the Request For Proposals (RFPs) or the individual bid specifications package, for resolution. Bid protests shall be filed in writing with the School Leader within seventy-two (72) hours of the opening of the bids in protest.

Within five (5) days of receipt of a protest, the School Leader shall review the protest as submitted and render a decision regarding the merits of the protest and any impact on the acceptance and rejection of bids submitted. Notice of the filing of a bid protest shall be communicated to the Board and shall be so noted in any subsequent recommendation for the acceptance of bids and awarding of contracts.

Failure to file a notice of intent to protest, or failure to file a formal written protest within the time prescribed, shall constitute a waiver of proceedings.

Maintenance of Procurement Records

The Academy shall maintain records sufficient to detail the history of all procurements. These records will include, but are not necessarily limited to the following: rationale for the method of procurement, selection of contract type, contractor selection or rejection, and the basis for the contract price (including a cost or price analysis).

CONFLICT OF INTEREST - LEGAL COUNSEL, ADVISORS, OR CONSULTANTS

Reference: M.C.L. 380.1203

A person serving as the legal counsel to the Academy or otherwise acting as an advisor or consultant to the Board of Directors, who believes or has reason to believe that the s/he has a conflict of interest with regard to a contract or other financial transaction that requires the approval of the Board shall disclose the conflict of interest to the Board before the vote on the contract or other financial transaction.

Such a person is presumed to have conflict of interest if the person or his/her family member has financial interest, or a competing financial interest in the contract or other financial transaction under consideration by the Board.

"Family member" means a person's spouse or spouse's sibling or child; a person's sibling or sibling's spouse or child; a person's child or child's spouse; or a person's parent or parent's spouse; and includes these relationships as created by adoption or marriage.

Having a child in the Academy does not alone constitute a conflict of interest or financial interest in a contract or other financial transaction of the Academy.

See Bylaw 0144.3

Adopted 6/10/15
USE OF CREDIT/DEBIT CARDS

The Board recognizes the value of an efficient method of payment and recordkeeping for certain expenses.

The Board, therefore, authorizes the use of Academy credit/debit cards. The authorization, handling, and use of credit/debit cards have been established to provide a convenient and efficient means to purchase goods and services. Credit/Debit cards, however, shall not be used in order to circumvent the general purchasing procedures established by State law and Board policy. The Board affirms credit/debit cards shall be used only for those expenditures incurred for Board-approved or Academy-related activities or for those expenditures that serve the benefit of the Academy and a valid public purpose. Under no circumstances shall credit/debit cards be used for personal purchases or the purchase of alcoholic beverages, even if the purchase of such beverages is made in connection with a meal.

The School Leader (employed by the Board) shall develop Administrative Procedures that specify persons authorized to use Academy credit/debit cards, the types of expenses that can be paid by credit/debit cards, and the proper supervision and use of such cards. Inappropriate or illegal use of the credit/debit card and/or failure to strictly comply with the limitations and requirements set forth in the Administrative Procedures may result in a loss of credit/debit card privileges; disciplinary action, up to, and including, termination; personal responsibility to reimburse any and all inappropriate charges (including finance charges and interest) assessed in connection with the purchase; and/or possible referral to law enforcement authorities for prosecution.

The School Leader (employed by the Board) shall annually request the Board to approve the position titles authorized to use Academy credit/debit cards in the conduct of Academy business.

The School Leader (employed by the Board) shall be responsible for supervising and giving direction to employees authorized to use Academy credit/debit cards.

Adopted 6/10/15
COOPERATIVE PURCHASING

Reference: MCL 124.1 et. seq.

The Board recognizes the advantages of centralized purchasing since buying in volume tends to maximize value for each dollar spent. The Board, therefore, encourages the School Leader (employed by the Board) to seek advantages in savings that may accrue to the Academy through joint agreements with the governing body of other governmental units for the purchase of supplies, equipment, or services.

The Board authorizes the School Leader (employed by the Board) to negotiate joint purchase agreements with governmental contracting units for services, supplies, and equipment required from time to time by the Board, which the Board may otherwise lawfully purchase for itself. Such purchase agreements must be in accordance with State law, the policies of this Board, and the dictates of sound purchasing procedures.

Cooperative or joint purchases require an agreement, approved by the Board and the participating contracting body, that specifies the categories of equipment and supplies to be purchased; the manner of advertising for bids and of awarding contracts; the method of payment by each participating party; and such other matters as may be deemed necessary to carry out the purposes of the agreement. Such agreements are subject to all legal bidding requirements.

Adopted 6/10/15
VENDOR RELATIONS

Reference: MCL 15.321 et. seq.

Neither the Board nor the School Leader (employed by the Board) shall knowingly enter a contract with any supplier of goods or services with which any Board member or officer, staff member, or agent of the Academy has any financial or beneficial interest (direct or indirect), unless that person has neither solicited the contract nor participated in the negotiations leading up to the contract. This prohibition shall not prevent any person from receiving royalties upon the sale of any Prior-Approval textbook that s/he has authored and/or that has been approved for use in the Academy.

For the purpose of this policy beneficial interest shall be determined in accordance with MCL 15.321 et seq.

Board members and personnel shall not accept any gifts or favors from vendors that might influence the eventual purchase of equipment, supplies, or services.

All sales persons, regardless of product, shall register with the School Leader's office before contacting any teachers, students, or other personnel of the Academy. Purchasing personnel shall not show any favoritism to any vendor. In accordance with the policies of the Board, each order shall be placed on the basis of quality, price, and delivery (with past service a factor if all other considerations are equal).

Adopted 6/10/15
PAYMENT OF CLAIMS

Reference: MCL 380.1274

The Board directs the prompt payment of legitimate claims by suppliers of goods and services to the Academy.

Each bill or obligation of this Board must be fully itemized and verified before a warrant can be drawn for its payment.

When an invoice is received, the School Leader (employed by the Board) shall verify the following: a voucher is submitted properly; acceptable goods were received or satisfactory services rendered; the expenditure is included in the Board's budget and funds are available for its payment; and the amount of the invoice is correct.

The School Leader (employed by the Board) is authorized to approve electronic funds transfers (EFTs) in the completion of prompt payment of legitimate claims. Such payments shall comply with the provisions of Policy 6107 and Michigan Statute.

All payments shall be submitted for Board review in the form of a list, including the vendor's name; the number and amount of the payment check; and a description of the item.

Adopted 6/10/15
PAYROLL AUTHORIZATION

Reference: M.C.L. 408.476

The most substantial payment of public funds for the operation of the Academy is that which is made to the employees for services rendered. To ensure that each person so compensated is validly employed by the Academy and that the compensation remitted fairly represents the services rendered, this policy is promulgated.

Employment of all personnel whether by the year, term, month, week, day, or hour in contract, temporary, or substitute form must be approved by the Board except where authority to appoint certain personnel of the Academy has been delegated to the School Leader.

Each motion of the School Leader presented to the Board to employ or reemploy a staff member shall include the name of the individual, the position title, and the compensation to be paid.

Direct Deposit - Payroll Debit Card

Payment of wages shall be by use of direct deposit or payroll debit card, except as provided otherwise.

Employees’ selection between payment by direct deposit or electronic transfer and any subsequent change in election shall be done freely, without intimidation, coercion, or fear of discharge or reprisal for the choice.

The Board shall pay any fees or costs incurred in connection with paying wages or establishing a process for paying wages by direct deposit and payroll debit card.

The Educational Service Provider shall be responsible for all payroll functions.

Adopted 6/10/15
PAYROLL DEDUCTIONS

The Board of Directors authorizes, in accordance with the provisions of law or upon proper authorization on the appropriate form that deductions be made from an employee’s paycheck for the following purposes:

A. Federal and State income tax;
B. Social Security;
C. Municipal income tax;
D. Public School Employees Retirement System;
E. Michigan Public School Employment Retirement System (MPSERS) Tax Deferred Payment (TDP) plan;
F. Direct deposit in a chartered credit union and/or bank;
G. Contributions to charitable corporations, not-for-profit, and community fund organizations;
H. Payment of group insurance premiums for a plan in which at least ten percent (10%) of the Academy’s employees participate;

Deductions are not allowed for dues or service fees for a labor organization or for contributions to political action committees. [Note: The prohibition on deduction of union dues or services fees is effective as of March 16, 2012, unless a collective bargaining agreement was in effect as of that date, then it becomes effective with the date of expiration, renewal or extension of that bargaining agreement.]

To the extent permitted by law and in accordance with procedures set forth below, the Board declares its willingness to enter into an agreement with any of its employees whereby the employee agrees to take a reduction in salary with respect to amounts earned after the effective date of such agreement in return for the Board's agreement to use a corresponding amount to purchase an annuity for such employee (or group of employees desiring the same annuity company) from any company authorized to transact the business as specified in law in accordance with Section 403(b) of the Internal Revenue Code, and in accordance with the Academy's Administrative Procedures. However, it shall be clearly understood that the Board's only function shall be the deduction and remittance of employee funds.

In any case where the employee designates the agent, broker or company through whom the Board shall arrange for the placement or purchase of the tax-sheltered annuity, the agent, broker or company must execute a reasonable service agreement, an information sharing
agreement, and/or other similar agreements as determined at the discretion of the Academy. The service agreement shall include a provision that protects, indemnifies, and holds the Academy harmless from any liability attendant to procuring the annuity in accordance with provisions of the Internal Revenue Code and other applicable Federal or State law.

The agent, broker or company must be designated by a number of employees equal to at least one percent (1%) of the Board's full-time employees or at least five (5) employees, whichever is greater (except under no circumstances shall the agent, broker or company need to be designated by more than fifty (50) employees).

The Board may limit the number of participating providers and select approved providers.

The Board, by providing employees with payroll deduction services for annuities, is not providing any financial advice to employees, and is not vouching for the suitability of any investment or any annuity provider. The Academy assumes no responsibility or liability for any investment decisions or losses with respect to employee annuity purchases.

Said agreement shall comply with all of the provisions of law and may be terminated as said law provides upon notice in writing by either party. Employees shall notify the School Leader's office in writing if they wish to participate in such a program.

TRAVEL PAYMENT & REIMBURSEMENT

Reference: 2 CFR 200.474

Travel expenses incurred for official business travel on behalf of the Board shall be limited to those expenses reasonably and necessarily incurred by the employee in the performance of a public purpose authorized, in advance, in accordance with any applicable administrative guidelines.

Payment and reimbursement rates for per diem meals, lodging, and mileage shall be approved by the Board annually. The Board shall utilize the Federal IRS prescribed mileage rate.

Employees are expected to exercise the same care incurring travel expenses that a prudent person would exercise if traveling on personal business and expending personal funds. Unauthorized costs and additional expenses incurred for personal preference or convenience will not be reimbursed.

Unauthorized expenses include but are not limited to alcohol, movies, fines for traffic violations, and the entertainment/meals/lodging of spouses or guests.

Travel payment and reimbursement provided from Federal funds must be authorized in advance by the Federal awarding agency or pass-through entity and must be reasonable and consistent with the Academy’s travel policy and administrative guidelines. For travel authorized by and paid for with Federal funds, the travel authorization must include documentation that demonstrates that (1) the participation in the event by the individual traveling is necessary to the Federal award; and (2) the costs are reasonable and consistent with the Academy’s travel policy.

All costs incurred with Federal funds must meet the Academy’s cost allowability standards.

To the extent that the Academy’s policy does not establish the allowability of a particular type of travel cost, the rates and amounts established under 5 U.S.C. 5701-11, (“Travel and Subsistence Expenses; Mileage Allowances”), or by the Administrator of General Services, or by the President (or his/her designee), must apply to travel under Federal awards.

PETTY CASH

The Board recognizes the convenience afforded the day-by-day operation of the Academy by the establishment of a petty cash fund. The Board shall require the imposition of such controls necessary to prevent possible abuse of this fund.

The School Leader (employed by the Board) as custodian of the petty cash fund shall ensure that the funds in his/her care shall be disbursed only for minor expenditures not readily deferred. The petty cash fund may not be used to circumvent the purchasing procedures required by law and by the policies of this Board. A request for petty cash funds must be made in writing, must be signed by the person making the request, and must include appropriate supporting documentation. The petty cash box must be secured daily.

The custodian of the petty cash fund shall prepare a schedule of disbursements, when the funds available in petty cash have declined to less than twenty-five percent (25%) of the full amount authorized, and shall show the disbursements by line account numbers. The custodian of the fund shall submit the schedule to the School Leader, with a voucher requesting replenishment of the same amount.

The petty cash fund will be closed out for audit at the end of each school year, and unused funds will be returned to the depository.

The School Leader (employed by the Board) shall develop Administrative Procedures to ensure the proper implementation of this policy.

RECOGNITION

Reference: MCL 380.634

The purpose of this policy is to permit the Board to honor the school staff, former Board members, and other persons, with plaques, pins, token retirement gifts and awards, and other amenities.

Upon recommendation of the School Leader (employed by the Board), the Board may consider the presentation of token gifts to individuals and/or groups who have rendered service to the Academy. The use of public funds for the purchase of a plaque, medal, trophy, or other award for the recognition of any employee, volunteer, or student may not exceed $100 per recipient.

Public funds under the control of the Academy may NOT be used to purchase alcoholic beverages, jewelry, gifts, fees for golf, or any item whose purchase or possession is illegal. Any such expenditure violates this policy.

Beginning January 1, 2005, the monetary amount for recognition awards will be adjusted annually by the State. On or before December 15th of each year, the State will, upon request, provide the adjusted limit or, if the index is unavailable, the State will provide a reasonable approximation.

The Board authorizes expenses incurred as listed above only when they serve a public purpose. Public purposes include, but are not limited to, the following: the promotion of education; rapport with the business community; community relations; and the encouragement of non-employees to serve as volunteers.

The funds shall be made available from General Fund.

FAIR LABOR STANDARDS ACT (FLSA)

Reference: 29 USC 201 et seq.
29 CFR Part 541

Non-exempt employees who work more than forty (40) hours in a given work week will receive overtime pay, in accordance with the FLSA, for all hours worked in excess of forty (40).

Non-exempt employees who work overtime without prior approval from the School Leader or a supervisor may be subject to disciplinary action up to, and including, termination.

The work week is established as Sunday at midnight to Saturday at 11:59 pm.

To the extent that an employee's individual contract provides for greater benefits than those mandated by the FLSA, the contract agreement will be honored.

Notwithstanding the fact that exempt school employees continue to meet the salary basis requirements and are not disqualified from exemption, even if the employee's pay is reduced or the employee is placed on a leave without pay, for absences for personal reasons or because of illness or injury of less than one (1) work-day (because accrued leave is not used for specific reasons), the Board reserves the right to make deductions from the pay of otherwise exempt employees under the following circumstances:

A. the employee is absent from work for one (1) or more full days for personal reasons other than sickness or disability;
B. the employee is absent from work for one (1) or more full days due to sickness or disability, if the deduction is made in accordance with a bona fide plan, policy, or practice of providing compensation for salary lost due to illness.
C. to offset amounts, which employees receive as jury or witness fees or for military pay;
D. for unpaid disciplinary suspensions of one (1) or more full days, imposed in good faith for workplace conduct rule infractions;
E. for penalties, imposed in good faith, for infractions of safety rules of major significance.

The Board shall not be required to pay the full salary in the initial or terminal week of employment or for weeks in which an exempt employee takes unpaid leave under the Family & Medical Leave Act.

The Board recognizes that, with limited legally permissible exceptions, no deductions should be taken from the salaries of exempt employees. If an exempt employee believes an improper deduction has been made to his/her salary, the employee should immediately report this information to the Business Manager, or his/her immediate supervisor. Reports of improper deductions will be promptly investigated. If it is determined that an improper deduction has occurred, the employee will be promptly reimbursed for any improper deduction made, and the Board will make a good faith commitment to avoid any recurrence of the error.
Information regarding the Fair Labor Standards Act may be found on the U.S. Department of Labor’s Web site <www.dol.gov>.

This policy is intended to comply with and explain the employees’ rights under the Fair Labor Standards Act. If the policy results in any conflict or exceeds the statutory requirements, the statute and its implementing regulations prevail.

The Board directs the School Leader or his/her designee to distribute this policy to all employees upon initial hire and on an annual basis.

The School Leader is directed to prepare Administrative Procedures to implement this policy.

SYSTEM OF ACCOUNTING

Reference: M.C.L.A. 41.422 et seq., 141.421 et seq.
A.C. Rule R340.351 et seq.
GASB #34
GASB #54

It is the policy of the Board that a chart of accounts be established in accordance with the requirements of the State Department of Education for the accounting of all Academy funds. The School Leader is responsible for an accounting of all capital assets to protect the financial investment of the Academy against catastrophic loss. Further, the School Leader will establish procedures and regulations necessary to properly account for capital assets and comply with generally accepted accounting principles (GAAP) and ensure that the Academy's capital assets are properly insured.

GASB 84

The Academy's system of accounting shall comply with all applicable requirements of the Governmental Accounting Standards Board, Statement No. 84 (GASB 84). In accordance with GASB 84, the Academy will report applicable fiduciary activities as identified in either the private purpose trust fund or the custodial fund. Typically, these activities include recognized student and academy-related activity funds held in a bank account maintained by the Academy. These funds shall be subject to the accounting and requirements specified in the Michigan Public Schools Accounting Manual. An activity not identified as a fiduciary activity under GASB 84 will be deemed a governmental activity and will be reported in a governmental fund.

GASB 54

The Academy's system of accounting shall comply with all requirements of the Governmental Accounting Standards Board, Statement No. 54 (GASB 54). In accordance with GASB 54, the Academy will report its fund balances in the following categories:

A. Nonspendable fund balance—amounts that are not in a spendable form (such as inventory) or are required to be maintained intact (such as the corpus of an endowment fund)

B. Restricted fund balance—amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation

C. Committed fund balance—amounts constrained to specific purposes by the Board; to be reported as committed, amounts cannot be used for any other purpose unless the Board takes action to remove or change the constraint

D. Assigned fund balance—amounts the Board intends to use for a specific purpose; intent can be expressed by the Board or by an official or committee to which the Board delegates the authority

E. Unassigned fund balance—amounts that are available for any purpose; these amounts are reported only in the general fund.

The Board authorizes the auditors and directs its School Leader to take all steps necessary to comply with the requirements of GASB 54. All revenue and funds will be designated to one of the above categories.
The School Leader shall be responsible for the proper accounting of all Academy funds. The School Leader shall ensure that expenditures are budgeted under and charged against those accounts which most accurately describe the purpose for which such monies are to be or have been spent. Wherever appropriate and practicable, salaries of individual employees, expenditures for single pieces of equipment, and the like shall be prorated under the several accounts which most accurately describe the purposes for which such monies are to be or have been spent.

The Business Manager is responsible to implement procedures and practices that will determine:

A. Capitalization policies for Academy assets (i.e., which assets will be capitalized and depreciated over their estimated useful life versus which assets will be expensed in year of purchase);

B. Methods for calculating annual and accumulated depreciation expense for assets including estimates for asset lives, residual asset values, and depreciation methodology;

C. Procedures for recording gain or loss on sale of capital assets and proceeds from the sale of capital assets in compliance with GAAP Reporting of estimated cash values or replacement values to Academy insurance providers.

A report of the revenues and expenditures in the fund reporting categories established above shall be made to the Board on a monthly basis by the School Leader.

The Board's annual financial statements will include information such as: 1) beginning and ending balances of capital assets; 2) beginning and ending balances of accumulated depreciation, 3) total depreciation expense for the fiscal year.

Such reporting shall include description of significant capital asset activity during the fiscal year including: acquisitions through purchase or donation, sales or dispositions including the proceeds and gains or losses on the sale, changes in methods of calculating depreciation expense or accumulated depreciation, such as, estimates of useful life, residual values, depreciation methodology (e.g. straight line or other method).

Before implementing procedures or changing procedures, the School Leader will review the proposed procedure with the CPA appointed by the Board to conduct the Board's financial audit. The procedures established shall comply with all statutorily required standards and generally accepted accounting procedures.

The School Leader shall promulgate Administrative Procedures to ensure the proper implementation of this policy in accordance with law.

            USDOE. Memorandum, 1995
            MDE Board Policy on 24/7 Tobacco-Free Schools

The Board of Directors believes that the right of persons to use tobacco must be balanced against the right of those who do not use tobacco to breathe air untainted by tobacco.

The use of tobacco products of any kind, including but not limited to cigarettes, cigars, pipes, and chewing tobacco, and by any person, is prohibited on Academy property (including grounds, buildings, and vehicles) and during any Academy-sponsored activity or event.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them and potentially damaging to their health, the Board prohibits the use of tobacco products on Academy premises (owned or leased), in academy vehicles, at all academy sponsored events and in all academy buildings owned and/or operated by the Academy.

For purposes of this policy,

A. "tobacco product" means a preparation of tobacco to be inhaled, chewed, or placed in a person's mouth.

B. "use of a tobacco product" means any of the following:
   1. the carrying by a person of a lighted cigar, cigarette, pipe, or other lighted smoking device
   2. the inhaling or chewing of a tobacco product
   3. the placing of a tobacco product within a person's mouth
   4. and/or the smoking of electronic, "vapor," or other substitute forms of cigarettes, clove cigarettes or other lighted smoking devices for burning tobacco or any other substance.

In order to protect students and staff who choose not to use tobacco from an environment noxious to them, and because the Board does not condone smoking and/or the use of tobacco, the Board prohibits the use of tobacco or tobacco substitute products at all times within any enclosed facility owned or leased or contracted for by the Board, and in the areas directly or indirectly under the control of the Board immediately adjacent to locations of ingress or egress to such facilities. This prohibition extends to any Board-owned and/or operated vehicles used to transport students and to all other Board-owned and/or operated vehicles.

Tobacco advertising or promotion is prohibited on signs, clothing (including hats or bags), or sponsorship of Academy events.

The School Leader shall:

A. Communicate the Academy’s Tobacco-Free Policy to students, staff, family members, and visitors, at Academy events, through signage, and in the student code of conduct;

B. Develop and implement procedures for consistent and fair enforcement;

Notification of the local fire department and law enforcement agency and required inspection in accordance with M.C.L. 388.851d shall be provided before use of the device or system. Training of staff working in the building on the use of the device or system shall be provided and documented.

The School Leader shall report to the Board, no later than the next Board meeting, any significant incident involving vandalism, theft, personal safety or other security risk and the measures being taken to address the situation.

PROPERTY INVENTORY

As steward of the Academy's property, the Board recognizes that efficient management and full replacement upon loss require accurate inventory and properly maintained property records.

The Board shall maintain a continuous inventory of all Academy-owned equipment.

For purposes of this policy, equipment shall mean a unit of furniture or furnishings; an instrument; a machine; an apparatus; or a set of articles that retains its shape and appearance with use, is nonexpendable, and costs at least $500 to replace.

The duty of the Business Manager shall be to ensure that inventories are recorded systematically and accurately and that property records of equipment are updated and adjusted annually by reference to purchase orders and withdrawal reports.

Major items of equipment shall be subject to annual spot check inventory to determine loss, misallocation, or depreciation; any major loss shall be reported to the Board.

Equipment acquired under a Federal award will vest upon acquisition to the Academy, subject to the following conditions:

A. The equipment shall be used for the authorized purposes of the award project during the period of performance or until the equipment is no longer needed for the purposes of the project.

B. The equipment shall not be encumbered without the approval of the Federal awarding agency or the pass-through entity.

C. The equipment may only be used and disposed of in accordance with the provisions of the Federal awarding agency or the pass-through entity and Board Policy and guidelines.

D. Property records shall be maintained that include a description of the equipment, a serial number or other identification number, the source of funding for the equipment (including the Federal Award Identification Number (FAIN), title entity, acquisition date, cost of the equipment, percentage of Federal participation in the project costs for the award under which the equipment was acquired, the location, use, and condition of the equipment, and ultimate disposition data, including date of disposal and sale price of the equipment.

E. A physical inventory of the property must be taken and results reconciled with property records at least once every two (2) years.

F. A control system shall be developed to provide adequate safeguards to prevent loss, damage, or theft of the property. Any such loss, damage, or theft shall be investigated.

G. Adequate maintenance procedures shall be implemented to keep the property in good condition.
H. Proper sales procedures shall be established to ensure the highest possible return, in the event the Academy is authorized or required to sell the equipment/property.

I. When original or replacement equipment acquired under a Federal award is no longer needed for the original project/program or for activities currently or previously supported by a Federal awarding agency, and except as otherwise provided by Federal statutes, regulations, or Federal awarding agency disposition instructions, the Academy shall request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award. Disposition of the equipment shall be made in accordance with the provisions of C.F.R. 200.313.

A. the preparation of year-end financial statements in accordance with generally-accepted accounting principles;

B. adequate insurance coverage;

C. control and accountability.

The Business Manager shall be responsible for the development and maintenance of the capital-asset accounting system. The Business Manager shall develop procedures to ensure compliance with all capital-asset policies.

If a single item does not meet the threshold amount, but is typically purchased in aggregate by the Academy, the Educational Service Provider shall verify which items shall be classified as capital-assets and recorded at the time of purchase or acquisition. Further some items may be identified as "controlled" assets that are to be recorded on the capital-asset system to maintain control, although they may not meet all capital-asset criteria.

An asset to be disposed of by sale with a current value in excess of $50,000 shall be sold at auction. An auction shall be held at the discretion of the Business Manager when sufficient assets have accumulated to warrant the cost. The Business Manager shall establish minimum acceptable prices for assets sold at auction.

CONSERVATION OF NATURAL AND MATERIAL RESOURCES

The increasing costs and scarcity of natural energy resources coupled with the mandate to inhibit pollution, necessitates that the Academy implement strategies to conserve all forms of energy used and ensure proper recycling of reusable materials.

The Board directs the School Leader (employed by the Board) to develop and implement both immediate and long range plans to meet these concerns. It expects that the administrative guidelines and procedures established will be properly observed by all members of the staff and strongly supported, both in the educational program and in staff interactions with students.

 Adopted 6/10/15
LENDING OF BOARD-OWNED EQUIPMENT

The Board believes that Academy-owned equipment is a valuable resource that will not be loaned for community use under any conditions.

No item of Board-owned equipment shall be loaned for non-school use off Academy property. If equipment is required for the use of those granted permission to use Academy facilities, it may be loaned in accordance with Board of Directors policy on the use of academy facilities.

Individuals authorized to use Board-owned equipment off Academy property are prohibited from allowing anyone else to use the equipment (e.g., spouses, children, relatives, friends, etc. may not use Board-owned equipment, which is approved for use by a specific person).

CELL PHONE ALLOWANCE

Eligibility for Cell Phone Allowance

Mobile/cellular telephones, smartphones (e.g., BlackBerry, iPhone, Android devices, Windows Mobile devices, etc.), (collectively, "cell phones") enable communication whenever a situation arises necessitating immediate contact, regardless of the person's location at the time. The School leader and the administrators who meet one or more of the following criteria are required as a condition of employment to personally own a cell phone and obtain an appropriate service plan so that the cell phone is available for use for business-related communications:

A. their jobs require them to spend a considerable amount of time outside of their assigned office or work area during regular work hours and have regular access to telephone and/or Internet/data connections while outside their office or assigned work area;

B. their jobs require them to be accessible outside of scheduled or regular work hours or to be contacted and respond in the event of an emergency;

C. their jobs consistently require timely and business critical two (2) way communication for which there is no reasonable alternative technology;

   (This is not intended to include occasional, incidental access or purely voluntary access such as checking e-mail from home.)

D. safety requirements indicate having a cell phone is an integral part of meeting the requirements of the employee’s job description;

E. the employee is required to be contacted on a regular basis outside regular work hours;

Administrators who are required to have a personally-owned cell phone as a condition of their employment shall receive a monthly cell phone allowance ("allowance"), up to an amount approved annually by the Board to reimburse them for the costs associated with maintaining and using the personally-owned cell phone for business purposes. Additionally, other staff members who believe that they meet the above-identified criteria may apply for an allowance.

Amount of the Allowance

The allowance shall not reimburse the employee's dollar-for-dollar costs for the cellular telephone service, and shall not exceed the expenses the employee actually incurs in maintaining his/her personally-owned cell phone.

The allowance shall not serve as a substitute for a portion of the staff member's regular wages, and does not constitute an increase to base pay and will not be included in the calculation of percentage increases to base pay due to annual raises, job upgrades or benefits based on a percentage of salary, etc. The Board will pay only the Board-approved allowance even if actual monthly costs exceed the allowance. If the amount of the allowance needs to be changed because of documented business purposes, the employee should notify the School Leader by submitting a new Cell Phone Allowance Request Form (Form 7530.01 F1).
No allowance will be paid when the employee is on an unpaid leave status, or is on an extended paid leave during which timely, essential business communications are not likely to be necessary.

To be eligible to receive the allowance, the employee must maintain the type of cellular telephone coverage. Beginning no later than June annually, each covered administrator and staff member making application for the allowance, must submit to the School Leader a Cell Phone Allowance Request Form (Form 7530.01 F1), including a copy of his/her most recent monthly invoices for his/her cellular telephone service plan to substantiate the amount of the allowance and a document identifying his/her cell phone number (including any pin number associated with a BlackBerry device) so that the employee may be contacted as the need arises. The employee must maintain an active cellular telephone service contract while the allowance is being provided.

The School Leader should use knowledge of each employee's duties (e.g., the projected number of minutes of monthly business-related calls, and whether the employee requires wireless Internet/data service) and budget considerations to determine the amount of monthly allowance to recommend to the Board for each employee. In determining the amount of the allowance to recommend to the Board, the School Leader may take into consideration the cost of the basic equipment, whether wireless Internet/data service is needed, and the cost of the employee's monthly cellular telephone service plan.

In order to continue to receive the allowance, administrators are required to answer all business-related calls on his/her cell phone and promptly respond to any messages.

Allowance Is Not Considered Taxable Income

Provided the employee maintains and uses his/her personally-owned cell phone for business purposes as described herein, the allowance should not be considered additional income to the employee (i.e., the allowance will be treated as a non payroll reimbursement of a business expense – similar to mileage reimbursements – and no payroll taxes will be withheld from the employee's paycheck for the amount of the allowance and the amount of the allowance will not be reported as wages on the employee's year-end W-2 statement). Additionally, staff members who receive an allowance are not required to submit a log documenting their business-related use of the cell phone; non-exempt employees, however, must comply with the timekeeping requirements set forth above. For determination of individual taxability, employees should check with their tax advisor.

Employee's Responsibilities

The employee is responsible for choosing his/her cell phone, the voice and/or wireless data plan, and the service provider. Since the cell phone is the employee's personal property, the cell phone may be used for personal calls (see below concerning the making of personal calls during work time) and be combined or enhanced with other personal plans (i.e., the employee may also, at his/her own expense, add extra services or equipment features, as desired). The employee is responsible for paying all monthly service charges in full and on time. The Board does not accept any liability for claims, charges, or disputes between the service provider and the staff member. Because the employee is personally responsible for the cell phone, any replacement for loss or damage will be at the expense of the employee. Such replacement or repair must be completed promptly and the School Leader must be notified if the employee will not be available by his/her cell phone for a period of time.
Employees should contact the vendor/carrier through which they purchased their cell phone and their cellular telephone service (including wireless Internet/data service, if applicable) for support.

Employees may contact the Academy’s IT Department/Support Staff for consultation on the type of equipment to purchase if they are obtaining wireless Internet/data service in order to enable e-mail and calendar support through the Academy’s servers (e.g., through Microsoft Exchange, Novell GroupWise, etc.) and to obtain assistance in setting up their device to connect to the Academy’s servers. The Academy’s IT Department/Support Staff will assist employees who have wireless Internet/data service with e-mail and calendar functionality.

**Changing or Ending a Cellular Telephone Service Contract Early**

If prior to the end of a cellular telephone and/or wireless Internet/data service contract, a personal decision by the employee results in the need to end or change the contract, the employee will bear the costs of any fees associated with the change or cancellation.

If prior to the end of a cellular telephone and/or wireless Internet/data service contract, the employee’s misconduct, or misuse of the cell phone, results in the need to end or change the contract, the employee will bear the costs of any fees associated with the change or cancellation.

If prior to the end of a cellular telephone and/or wireless Internet/data service contract, the Board determines to reduce or cancel (unrelated to employee misconduct) the employee’s monthly allowance, the Board will bear the cost of any fees associated with the change or cancellation. For example, if the employee is reassigned and/or his/her duties are changed, and the cell phone is no longer needed for business purposes, if the employee does not want to retain the current contract, changes or cancellation fees will be reimbursed by the Board.

When selecting the duration of his/her cellular telephone and/or wireless Internet/data service contract, the employee should take into consideration the length of his/her Board-approved employment contract and not select a duration of the service contract that exceeds the employment contract. If the employee is non-renewed or voluntarily resigns while the service contract is still in effect, the Board will not be responsible for any fees associated with the employee’s decision to subsequently change or cancel the contract.

Once the allowance is given to the employee to purchase a device, the cell phone remains the employee's personal property. However, upon termination, nonrenewal or resignation, the Board will immediately discontinue the monthly allowance.

**Safe and Appropriate Use of Cell Phones**

Employee safety is a priority of the Board, and responsible use of cell phones, requires safe use. See Policy 7530.02 - Staff Use of Personal Communication Devices.

Employees may not use a cell phone in a way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated.
Duty to Maintain Confidentiality of Student Personally Identifiable Information – Public and Student Record Requirements

Employees are subject to all applicable policies and guidelines pertaining to protection of the security, integrity and availability of the data stored on their cell phones. See Policy 7530.02 - Staff Use of Personal Communication Devices.

Potential Disciplinary Action/Termination of the Cell Phone Allowance

Violation of this policy may constitute just cause for disciplinary action up to and including termination. Use of a cell phone in any manner contrary to local, State or Federal laws will constitute misuse, and will result in immediate termination of the allowance.

The Board reserves the right to switch an employee to the cell phone allowance program if excessive calls are made or if required documentation is not submitted in a timely manner.

I.R.S. Notice 2011-72 (effective December 31, 2009)

Adopted 6/10/15
STAFF USE OF PERSONAL COMMUNICATION DEVICES

Use of personal communication devices ("PCDs") (as defined in Bylaw 0100) has become pervasive in the workplace. For purposes of this policy, "personal communication device" includes computers, tablets (e.g., iPads like devices), electronic readers ("e-readers"; e.g., Kindles like devices), cell phones, smartphones (e.g., iPhones, Android devices, Windows Mobile devices, etc.), and/or other web-enabled devices of any type. Whether the PCD is Board-owned and assigned to a specific employee, or personally-owned by the employee (regardless of whether the Board pays the employee an allowance for his/her use of the device, the Board reimburses the employee on a per use basis for their business-related use of his/her PCD, or the employee receives no remuneration for his/her use of a personally-owned PCD), the employee is responsible for using the device in a safe and appropriate manner.

Safe and Appropriate Use of Personal Communication Devices, Including Cell Phones/Smartphones

Employees whose job responsibilities include regular or occasional driving and who use a PCD for business use are expected to refrain from using their device while driving. Safety must come before all other concerns. Regardless of the circumstances, including slow or stopped traffic, employees are strongly encouraged to pull off to the side of the road and safely stop the vehicle before placing or accepting a call. Reading or sending a text message, instant message or e-mail, or browsing the Internet using a PCD while driving is strictly prohibited. If acceptance of a call is unavoidable and pulling over is not an option, employees are expected to keep the call short, use hands-free options (e.g., headsets or voice activation) if available, refrain from the discussion of complicated or emotional topics, and keep their eyes on the road. Special care should be taken in situations where there is traffic, inclement weather, or the employee is driving in an unfamiliar area. In the interest of safety for both Board employees and other drivers, employees are required to comply with all applicable laws while driving (including any laws that prohibit texting or using a cell phone or other PCD while driving).

In situations where job responsibilities include regular driving and accepting of business calls, the employee should consider the use of hands-free equipment to facilitate the provisions of this policy.

Employees may not use a PCD in a way that might reasonably create in the mind of another person an impression of being threatened, humiliated, harassed, embarrassed or intimidated.

Duty to Maintain Confidentiality of Student Personally Identifiable Information - Public and Student Record Requirements

Employees are subject to all applicable policies and guidelines pertaining to protection of the security, integrity and availability of the data stored on their PCDs.

Cellular and wireless communications, including calls, text messages, instant messages, and e-mails sent from PCDs, may not be secure. Therefore, employees should use discretion in relaying confidential information, particularly as it relates to students.

Additionally, cellular/wireless communications, including text messages, instant messages and e-mails sent and/or received by a public employee or school official using his/her PCD may constitute public records if the content of the message concerns Academy business, or an education record if the content includes personally identifiable information about a student. Cellular/wireless communications that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. Cellular/wireless communications may also constitute an education record, and should be treated accordingly.
communications that are student records should be maintained pursuant to Policy 8330 – Students Records. Finally, cellular/wireless communications and other electronically stored information (ESI) stored on the staff member’s PCD may be subject to a Litigation Hold pursuant to Policy 8315 – Information Management. Staff are required to comply with Academy requests to produce copies of cellular/wireless communications in their possession that are either public records or education records, or that constitute ESI that is subject to a Litigation Hold.

At the conclusion of an individual’s employment (whether through resignation, nonrenewal, or termination), the employee is responsible for verifying all public records, student records and ESI subject to a Litigation Hold that are maintained on the employee’s PCD are transferred to the Academy’s custody (e.g., server, alternative storage device). The Academy’s IT department/staff is available to assist in this process. Once all public records, student records and ESI subject to a Litigation Hold are transferred to the Academy’s custody, the employee is required to delete the records/ESI from his/her PCD. The employee will be required to sign a document confirming that all such records/information has been transferred to the Academy’s custody and deleted from his/her PCD before the Board will issue any final compensation that is owed to the employee.

Similarly, if an employee intends to dispose of, or otherwise stop using, a personally-owned PCD on which s/he has maintained public records, student records and/or ESI that is subject to a Litigation Hold, the employee must transfer the records/ESI to the Academy’s custody before disposing of, or otherwise ceasing to use, the personally-owned PCD. The employee is responsible for securely deleting such records/ESI before disposing of, or ceasing to use, the personally-owned PCD. Failure to comply with these requirements may result in disciplinary action.

If a PCD is lost, stolen hacked or otherwise subjected to unauthorized access, the employee must immediately notify the School Leader so a determination can be made as to whether any public records, students records and/or ESI subject to a Litigation Hold has been compromised and/or lost. The School Leader shall determine whether any security breach notification laws may have application to the situation. Appropriate notifications will be sent unless the records/information stored on the PCD was encrypted.

The Board prohibits employees from maintaining the following types of records and/or information on their PCDs and cell phones:

A. social security numbers
B. driver’s license numbers
C. credit and debit card information
D. financial account numbers
E. student personally identifiable information
F. information required to be kept confidential pursuant to the Americans with Disabilities Act (ADA)
G. personal health information as defined by the Health Insurance Portability and Accountability Act (HIPAA)
It is required/suggested that employees lock and password protect their PCDs when not in use.

Employees are responsible for making sure no third parties (including family members) have access to records and/or information, which is maintained on a PCD in their possession, that is confidential, privileged or otherwise protected by state and/or federal law.

Privacy Issues

Except in emergency situations or as otherwise authorized by the School Leader or as necessary to fulfill their job responsibilities, employees are prohibited from using PCDs to capture, record and/or transmit the words or sounds (i.e., audio) and/or images (i.e., pictures/video) of any student, staff member or other person in the school or while attending a school-related activity. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted.

The use of PCDs that contain built-in cameras (i.e., devices that take still or motion pictures, whether in a digital or other format) is prohibited in gymnasiums, locker rooms, shower facilities, rest/bathrooms, and/or the swimming pool.

Personal Use of PCDs While at Work

During work hours personal communications made or received, regardless of whether on a PCD or a regular telephone or network computer, can interfere with employee productivity and distract others. Employees are expected to use discretion in using PCDs while at work for personal business. Employees are asked to limit personal communications to breaks and lunch periods, and to inform friends and family members of the Board’s policy in this regard.

Potential Disciplinary Action

Violation of this policy may constitute just cause for disciplinary action up to and including termination. Use of a PCD in any manner contrary to local, State or Federal laws may also result in disciplinary action up to and including termination.

Revised 8/6/18
TECHNOLOGY

The Board is committed to the effective use of technology to both enhance the quality of student learning and the efficiency of operations within the school system.

Students’ use of the Academy Technology Resources (see definitions in Bylaw 0100) is a privilege, not a right. Students and their parents must sign and submit a Student Technology Acceptable Use and Safety form annually. (See also, Policy 7540.03)

The School Leader (employed by the Board), shall develop and implement a written Academy Technology Plan (ATP). One (1) of the primary purposes of the ATP is to evaluate new and emerging technologies and how they will play a role in student achievement and success and/or efficient and effective Academy operations. The Board will financially support, as the budget permits, the ATP, including recommendations to provide new and developing technology for students and staff.

The ATP shall set forth procedures for the proper acquisition of technology. The ATP shall also provide guidance to staff and students about making safe, appropriate and ethical use of Academy Technology Resources, as well as inform both staff and students about disciplinary actions that will be taken if its Technology Resources are abused in any way or used in an inappropriate, illegal, or unethical manner. See Policy 7540.03 and AG 7540.03 - Student Technology Acceptable Use and Safety, and Policy 7540.04 and AG 7540.04 – Staff Technology Acceptable Use and Safety.

The School Leader (employed by the Board), in conjunction with the technology shall review the ATP and recommend the approval of any changes, amendments, or revisions to the Board annually.

This policy, along with the Student and Staff Technology Acceptable Use and Safety policies, and the Student Code of Conduct, further govern students’ and staff members’ use of their personal communication devices (see Policy 5136 and Policy 7530.02). Users have no right or expectation of privacy when using Academy technology resources (including, but not limited to, privacy in the content of their personal files, e-mails and records of their online activity when using the Academy’s computer network and/or Internet connection).

Further safeguards shall be established so that the Board’s investment in both hardware and software achieves the benefits of technology and inhibits negative side effects. Accordingly, students shall be educated about appropriate online behavior including, but not limited to, using social media, which is defined in Bylaw 0100, to interact with others online; interacting with other individuals in chat rooms or on blogs; and, recognizing what constitutes cyberbullying, understanding cyberbullying is a violation of Board policy, and learning appropriate responses if they experience cyberbullying.

The Board prohibits students from using Academy Technology Resources to access and/or use social media for other than instructional purposes.

Staff may use Academy-approved social media platforms/sites in accordance with Policy 7544 and, pursuant to Policy 7540.02, may use web content, apps, and services for one-way communication with the Academy's constituents. Authorized staff may use Academy Technology Resources to access and use Academy-approved social media platforms/sites to increase awareness of Academy programs and activities, as well as to promote achievements of staff and students, provided the School Leader (employed by the Board) approves, in

advance, such access and use. Use of Academy-approved social media platforms/sites for business-related purposes is subject to Michigan's public records laws and, as set forth in Policy 7544, staff members are responsible for archiving their social media and complying with the Academy’s record retention schedule. See Policy 8310 – Public Records, AG 8310A - Public Records, and AG 8310D – Records Retention and Disposal.

The Board authorizes the access and use of social media from the Academy's network to increase awareness of Academy programs and activities, as well as to promote achievements of staff and students, provided such access and use is approved in advance by the School Leader.

The School Leader (employed by the Board) shall review the STP and recommend the approval of any changes, amendments or revisions to the Board annually.

TECHNOLOGY PRIVACY

The Board recognizes the right to privacy of staff members in their personal lives. This policy serves to inform staff members of the Board's position regarding staff members' privacy in the educational workplace setting. The policy also serves to protect the Board's interests.

All Academy Technology Resources (as defined in Bylaw 0100) are the Board's property and are intended to be used primarily for business purposes. The Board retains the right to access and review all Information Resources (as defined in Bylaw 0100), including but not limited to electronic and voice mail, computer files, data bases, and any other electronic transmissions contained within, or used in conjunction with, the Board's computer system/network, telephone system, electronic mail system, and voice mail system. Staff members shall be notified that they have should have no expectation that any personal information/data maintained, stored, or transmitted contained on or through such systems is confidential or private.

Review of such information may be done by the Board with or without the staff member's knowledge. The use of passwords does not guarantee confidentiality, and the Board retains the right to access information in spite of a password. All passwords or security codes must be registered with the Board. A staff member's refusal to permit such access may be grounds for discipline up to, and including, discharge.

Academy Technology Resources are to be used only for the Academy's business and educational purposes.

Personal messages via Board-owned technology should be limited in accordance with the School Leaders (employed by the Board) guidelines. Staff members are encouraged to keep their personal records and personal business at home. Because Academy Technology Resources are to be used primarily for business and educational purposes, staff members are prohibited from sending offensive, discriminatory, or harassing computer, electronic, or voice mail messages.

Academy Technology Resources must be used properly. Review of computer files, electronic mail, and voice mail will be conducted only in the ordinary course of business and will be motivated by a legitimate business reason. If a staff member's personal information is discovered, the contents of such discovery will be limited to those who have a specific need to know that information. The discovered contents will not be reviewed by the Board, except to the extent necessary to determine if the files/e-mail/voice mail constitute a public record or if the Board's interests have been compromised. Further, staff members shall not communicate any such information to unauthorized individuals. In addition, staff members may not copy software from or onto any Academy Technology Resources and may not bring software from outside sources for use on Academy Technology Resources.

WEB ACCESSIBILITY, CONTENT, APPS AND SERVICES

A. Creation of Content for Web Pages/Sites, Apps and Services

The Board of Directors authorizes staff members to create content, apps and services (see Bylaw 0100 Definitions) that will be hosted by the Board on its servers or Academy-affiliated servers and/or published on the Internet.

The content, apps and services must comply with applicable State and Federal laws (e.g., copyright laws, Children's Internet Protection Act (CIPA), Section 504 of the Rehabilitation Act of 1973 (Section 504), Americans with Disabilities Act (ADA), Student Online Personal Protection Act (SOPPA) and Children's Online Privacy Protection Act (COPPA)), and reflect the professional image/brand of the Academy, its employees, and students. Content, apps and services must be consistent with the Board's Mission Statement and staff-created web content, services and apps are subject to prior review and approval of the School Leader (employed by the Board) before being published on the Internet and/or used with students.

B. Purpose of Content of Academy Web Pages/Sites, Apps and Services

The purpose of content, apps and services hosted by the Board on its servers or Academy-affiliated servers is to educate, inform, and communicate. The following criteria shall be used to guide the development of such content, apps and services:

1. Educate

   Content should be suitable for and usable by students and teachers to support the curriculum and the Board's Objectives as listed in the Board's Strategic Plan.

2. Inform

   Content may inform the community about the school, teachers, students, or departments, including information about curriculum, events, class projects, student activities, and departmental policies.

3. Communicate

   Content may communicate information about the plans, policies and operations of the Academy to members of the public and other persons who may be affected by Academy matters.

The information contained on the Board's website(s) should reflect and support the Board's Mission Statement, Educational Philosophy, and the School Improvement Process.

When the content includes a photograph or personally identifiable information relating to a student, the Board will abide by the provisions of Policy 8330 - Student Records.

© National Charter Schools Institute
Under no circumstances is Academy-created content, apps and services, to be used for commercial purposes, advertising, political lobbying or to provide financial gains for any individual. Included in this prohibition is the fact no web content contained on the Academy’s website may:

1. include statements or other items that support or oppose a candidate for public office, the investigation, prosecution or recall of a public official, or passage of a tax levy or bond issue;

2. link to a website of another organization if the other website includes such a message; or

3. communicate information that supports or opposes any labor organization or any action by, on behalf of, or against any labor organization.

4. Under no circumstances is staff member-created content, apps and services, including personal web pages/sites, to be used to post student progress reports, grades, class assignments, or any other similar class-related material. Employees are required to use the Board-specified website, app or service (e.g., [Progressbook]) for the purpose of conveying information to students and/or parents.

5. Staff members are prohibited from requiring students to go to the staff member’s personal web pages/sites (including, but not limited to, their Facebook, Instagram, Pinterest pages) to check grades, obtain class assignments and/or class-related materials, and/or to turn in assignments.

6. If a staff member creates content, apps and services, related to his/her class, it must be hosted on the Board's server or an Academy-affiliated server.

Web content, apps and web services should reflect an understanding that both internal and external audiences will be viewing the information.

School web pages/sites, apps and web services must be located on Board-owned or Academy-affiliated servers.

The School Leader (employed by the Board) shall prepare administrative guidelines defining the rules and standards applicable to the use of the Board's website and the creation of web content, apps and web services by staff.

The Board retains all proprietary rights related to the design of web content, apps and web services that are hosted on Board-owned or Academy-affiliated servers, absent written agreement to the contrary.

Students who want their class work to be displayed on the Board's website must have written parent permission and expressly license its display without cost to the Board.
Prior written parent permission is necessary for a student to be identified by name on the Board’s website.

C. Website Accessibility

The Academy is committed to providing persons with disabilities an opportunity equal to that of persons without disabilities to participate in the Academy’s programs, benefits, and services, including those delivered through electronic and information technology, except where doing so would impose an undue burden or create a fundamental alteration. The Academy is further committed to ensuring persons with disabilities are able to acquire the same information, engage in the same interactions, and enjoy the same benefits and services within the same timeframe as persons without a disability, with substantially equivalent ease of use; that they are not excluded from participation in, denied the benefits of, or otherwise subjected to discrimination in any Academy programs, services, and activities delivered online, as required by Section 504 and Title II of the ADA and their implementing regulations; and that they receive effective communication of the Academy’s programs, services, and activities delivered online.

1. Technical Standards

   The Academy will adhere to the technical standards of compliance identified at www.alleganaesa.org/outlook. The Academy measures the accessibility of online content and functionality according to the World Wide Web Consortium’s Web Content Accessibility Guidelines (WCAG) 2.0 Level AA, and the Web Accessibility Initiative - Accessible Rich Internet Applications Suite (WAI-ARIA 1.1) for web content.

2. Web Accessibility Coordinator

   The Board designates its Section 504/ADA Compliance Coordinator(s) as the Academy’s Web Accessibility Coordinator(s). That individual(s) is responsible for coordinating and implementing this policy.

   See Board Policy 2260.01 for the Section 504/ADA Compliance Coordinator(s)’ contact information.

3. Third Party Content

   Links included on the Board’s website(s) or web services and apps that pertain to its programs, benefits and/or services must also meet the above criteria and comply with State and Federal law (e.g. copyright laws, CIPA, Section 504, ADA, SOPPA and COPPA). While the Academy strives to provide access through its website to online
content provided or developed by third parties (including vendors, video-sharing websites, and other sources of online content) that is in an accessible format, that is not always feasible. The Academy's administrators and staff, however, are aware of this requirement with respect to the selection of online content provided to students. The Academy's Web Accessibility Coordinator or his/her designees will vet online content available on its website that is related to the Academy's programs, benefits and/or services for compliance with this criteria for all new content placed on the Academy’s website after adoption of this policy.

Nothing in the preceding paragraph, however, shall prevent the Academy from including links on the Board’s website(s) to:

a. recognized news/media outlets (e.g., local newspapers’ websites, local television stations’ websites), or

b. websites, services and/or apps that are developed and hosted by outside vendors or organizations that are not part of the Academy’s program, benefits, or services.

The Board recognizes that such third party websites may not contain age-appropriate advertisements that are consistent with the requirements of Policy 9700.01, AG 9700B, and State and Federal law.

4. Regular Audits

The Academy, under the direction of the Web Accessibility Coordinator(s) or his/her/their designees, will, at regular intervals, audit the Academy’s online content and measure this content against the technical standards adopted above.

If problems are identified through the audit, such problems will be documented, evaluated, and, if necessary, remediated within a reasonable period of time.

5. Reporting Concerns or Possible Violations

If any student, prospective student, employee, guest, or visitor believes that the Academy has violated the technical standards in its online content, s/he may contact the Web Accessibility Coordinator with any accessibility concerns. S/he may also file a formal complaint utilizing the procedures set out in Board Policies 2260 and 2260.01 relating to Section 504 and Title II.

D. Instructional Use of Apps and Web Services

The Board authorizes the use of apps and web services to supplement and enhance learning opportunities for students either in the classroom or for extended learning outside the classroom.
A teacher who elects to supplement and enhance student learning through the use of apps and/or web services is responsible for verifying/certifying to the School Leader (employed by the Board) that the app and/or web service has a FERPA-compliant privacy policy, and it complies with all requirements of the Children’s Online Privacy Protection Act (COPPA), Student Online Personal Protection Act (SOPPA) and the Children’s Internet Protection Act (CIPA).

The Board further requires the use of a Board-issued e-mail address in the login process.

E. Training

The Academy will provide periodic training for its employees who are responsible for creating or distributing information with online content so that these employees are aware of this Policy and understand their roles and responsibilities with respect to web design, documents and multimedia content.

F. One-Way Communication Using Academy Web Content, Apps and Services

The Academy is authorized to use web pages/sites, apps and services to promote school activities and inform stakeholders and the general public about Academy news and operations.

Such communications constitute public records that will be archived.

When the Board or School Leader (employed by the Board) designates communications distributed via Academy web pages/sites, apps and web services to be one-way communication, public comments are not solicited or desired, and the web site, app or web service is to be considered a nonpublic forum.

If the Academy uses an apps and web service that does not allow the Academy to block or deactivate public comments (e.g., Facebook, which does not allow comments to be turned-off, or Twitter, which does not permit users to disable private messages or mentions/replies), the Academy’s use of that apps and web service will be subject to Policy 7544 – Use of Social Media, unless the Academy is able to automatically withhold all public comments.

If unsolicited public comments can be automatically withheld, the Academy will retain the comments in accordance with its adopted record retention schedule (see AG 8310A – Public Records, and AG 8310E – Record Retention and Disposal), but it will not review or consider those comments.

STUDENT TECHNOLOGY ACCEPTABLE USE AND SAFETY

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Directors provides Technology Resources (as defined by Bylaw 0100) to support the educational and professional needs of its students and staff. With respect to students, Academy Technology Resources afford them the opportunity to acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board of Directors provides students with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students. The Academy's computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology Resources by principles consistent with applicable local, State, and Federal laws, the Academy’s educational mission, and articulated expectations of student conduct as delineated in the Student Code of Conduct. This policy and its related administrative guidelines and the Student Code of Conduct govern students’ use of Academy Technology Resources and students’ personal communication devices when they are connected to the Academy computer network, Internet connection, and/or online educational services/apps, or when used while the student is on Board-owned property or a Board-sponsored activity (see Policy 5136).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy Technology Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy’s computer network and/or Internet connection).

First, the Board may not be able to technologically limit access through its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.
Pursuant to Federal law, the Board has implemented technology protection measures that protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the School Leader, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Academy also utilizes software and/or hardware to monitor online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on students to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the Principal. The technology protection measures may not be disabled at any time that students may be using Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. Any student who attempts to disable the technology protection measures will be subject to discipline.

The School Leader (employed by the Board) may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

The School Leader (employed by the Board) is directed to prepare procedures which address students’ safety and security while using e-mail, chat rooms and other forms of direct electronic communications, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online.

Pursuant to Federal law, students shall receive education about the following:

A. safety and security while using e-mail, chat rooms, social media, and other forms of direct electronic communications;

B. the dangers inherent with the online disclosure of personally identifiable information;

C. the consequences of unauthorized access (e.g., "hacking", “harvesting”, “digital piracy”, “data mining”, etc.), cyberbullying and other unlawful or inappropriate activities by students online, and

D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

The Board directs staff members to provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above. Furthermore, staff members will monitor the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.
The School Leader (employed by the Board) is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that staff members will provide guidance and instruction to students in the appropriate use of Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media, including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources (and their parents if they are minors) are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Students are responsible for good behavior when using Academy Technology Resources – i.e., behavior comparable to that expected of students when they are in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not approve any use of its Technology Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying procedures.

Users who disregard this policy and its accompanying procedures may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Academy Technology Resources that are not authorized by this policy and its accompanying procedures.

The Board designates the School Leader (employed by the Board) and Principal as the persons responsible for initiating, implementing, and enforcing this policy and its accompanying procedures as they apply to students use of Academy Technology Resources.

Revised 2/14/18
Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction, and the way they approach student learning, to incorporate the vast, diverse, and unique resources available through the Internet. The Board of Directors provides Technology and Information Resources (as defined by Bylaw 0100) to support the educational and professional needs of its staff and students. The Board provides staff with access to the Internet for limited educational purposes only and utilizes online educational services/apps to enhance the instruction delivered to its students and to facilitate the staff’s work. The Academy’s computer network and Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

The Board regulates the use of Academy Technology and Information Resources by principles consistent with applicable local, State, and Federal laws, and the Academy’s educational mission. This policy and its related administrative guidelines, Policy 7544 and AG 7544 and any applicable employment contracts and collective bargaining agreements govern the staffs’ use of the Academy’s Technology and Information Resources and staff’s personal communication devices when they are connected to the Academy’s computer network, Internet connection and/or online educational services/apps, or when used while the staff member is on Board-owned property or at a Board-sponsored activity (see Policy 7530.02).

Users are required to refrain from actions that are illegal (such as libel, slander, vandalism, harassment, theft, plagiarism, inappropriate access, and the like) or unkind (such as personal attacks, invasion of privacy, injurious comment, and the like). Because its Technology Resources are not unlimited, the Board has also instituted restrictions aimed at preserving these resources, such as placing limits on use of bandwidth, storage space, and printers.

Users have no right or expectation to privacy when using Academy’s Technology and Information Resources (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity when using the Academy’s computer network and/or Internet connection).

Staff are expected to utilize Academy Technology and Information Resources to promote educational excellence in our schools by providing students with the opportunity to develop the resource sharing, innovation, and communication skills and tools that are essential to both life and work. The Board encourages the faculty to develop the appropriate skills necessary to effectively access, analyze, evaluate, and utilize these resources in enriching educational activities. The instructional use of the Internet and online educational services will be guided by Board Policy 2521 – Selection of Instructional Materials and Equipment.

The Internet is a global information and communication network that brings incredible education and information resources to our students. The Internet connects computers and users in the Academy with computers and users worldwide. Through the Internet, students and staff can
access relevant information that will enhance their learning and the education process. Further, Academy Technology Resources provide students and staff with the opportunity to communicate with other people from throughout the world. Access to such an incredible quantity of information and resources brings with it, however, certain unique challenges and responsibilities.

The Board may not be able to technologically limit access over its Technology Resources, to only those services and resources that have been authorized for the purpose of instruction, study and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted procedures and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available file server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, that, protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children’s Internet Protection Act. At the discretion of the Board or School Leader (employed by the Board), the technology protection measures may also be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor online activity of staff members to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors. However, the Board is cognizant of the fact that such software and/or hardware is not perfect and relies on Staff members to self-police (and immediately cease viewing) online activity that would otherwise be in conflict with these policies and to immediately report such to the Principal. The technology protection measures may not be disabled at any time that students may be using the Academy Technology Resources, if such disabling will cease to protect against access to materials that are prohibited under the Children’s Internet Protection Act. Any staff member who attempts to disable the technology protection measures without express written consent of an appropriate administrator will be subject to disciplinary action, up to and including termination.

The School Leader (employed by the Board) or Principal may temporarily or permanently unblock access to websites or online educational services/apps containing appropriate material, if access to such sites has been inappropriately blocked by the technology protection measures. The determination of whether material is appropriate or inappropriate shall be based on the content of the material and the intended use of the material, not on the protection actions of the technology protection measures.

The School Leader (employed by the Board) is directed to prepare procedures which address students’ safety and security while using e-mail, chat rooms and other forms of direct electronic communication, and prohibit disclosure of personal identification information of minors and unauthorized access (e.g., "hacking"), cyberbullying and other unlawful or inappropriate activities by minors online. Staff members are reminded that personally identifiable student information is confidential and may not be disclosed without prior written parental permission.

The Board directs staff members to participate in professional development programs in accordance with the provisions of law and this policy. Training shall include:
A. the safety and security of students while using e-mail, chat rooms, social media and other forms of direct electronic communications;

B. the inherent danger of students disclosing personally identifiable information online;

C. the consequences of unauthorized access (e.g., "hacking", “harvesting”, “digital piracy”, “data mining”, etc.), cyberbullying and other unlawful or inappropriate activities by students or staff online; and

D. unauthorized disclosure, use, and dissemination of personally-identifiable information regarding minors.

Furthermore, the Board directs staff members to provide instruction for their students regarding the appropriate use of technology and online safety and security as specified above, and staff members will monitor the online activities while students are at school.

Monitoring may include, but is not necessarily limited to, visual observations of online activities during class sessions; or use of specific monitoring tools to review browser history and network, server, and computer logs.

The disclosure of personally identifiable information about students online is prohibited.

The School Leader (employed by the Board) is responsible for providing training so that Internet users under their supervision are knowledgeable about this policy and its accompanying procedures. The Board expects that guidance will be provided and instruction offered to students in the appropriate use of the Academy Technology Resources. Such training shall include, but not be limited to, education concerning appropriate online behavior, including interacting with other individuals on social media including in chat rooms, and cyberbullying awareness and response. All users of Academy Technology Resources are required to sign a written agreement to abide by the terms and conditions of this policy and its accompanying procedures.

Staff will be assigned an Academy email address that they are required to utilize for all Academy-related electronic communications, including those to students, parents and other staff members.

The Board expects all Academy personnel to be responsible for good behavior on when using Academy Technology and Information Resources – i.e., behavior comparable to that expected when in classrooms, school hallways, and other school premises and school sponsored events. Communications on the Internet are often public in nature. The Board does not approve any use of its Technology and Information Resources that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Staff members may only use Academy Technology Resources to access or use social media if it is done for educational or business-related purposes.

General Academy rules for behavior and communication apply.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked, and disciplinary action taken against them. Users are personally responsible and liable, both civilly and criminally, for uses of Academy Technology and Information Resources that are not authorized by this policy and its accompanying guidelines.
The Board designates the School Leader (employed by the Board) as the administrators responsible for initiating, implementing, and enforcing this policy and its accompanying guidelines as they apply to staff members’ use of Academy Technology and Information Resources.

In addition, Federal and State confidentiality laws forbid schools and Academy employees from using or disclosing student education records without parental consent. See Policy 8330. Education records include a wide variety of information; posting personally identifiable information about students is not permitted. Academy personnel who violate State and Federal confidentiality laws or privacy laws related to the disclosure of confidential employee information may be disciplined.

ACADEMY-ISSUED STAFF E-MAIL ACCOUNT

Staff

The Board of Directors is committed to the effective use of electronic mail ("e-mail") by all school staff and Board members in the conduct of their official duties. This policy and any corresponding procedures are intended to establish a framework for the proper use of e-mail for conducting official business and communicating with colleagues, students, parents and community members.

When available, the Academy's e-mail system must be used by Board employees for any official Academy e-mail communications. Personal e-mail accounts on providers other than the Academy's e-mail system may be blocked at any time due to concerns for network security, SPAM, or virus protection arise. Furthermore, school staff are expected to exercise reasonable judgment and prudence and take appropriate precautions to prevent viruses from entering the Academy's network when opening or forwarding any e-mails or attachments to e-mails that originate from unknown sources.

School staff shall not send or forward mass e-mails, even if the e-mails concern Academy business, without prior approval of the School Leader.

School staff may join list servs or other e-mail services (e.g. RSS feeds) that pertain to their responsibilities in the Academy, provided these list servs or other e-mail services do not exceed the staff member's e-mail storage allotment. The School Leader is authorized to block e-mail from list servs or e-mail services if the e-mails received by the staff member(s) become excessive.

Staff members are encouraged to keep their inbox and folders organized by regularly reviewing e-mail messages, appropriately saving e-mails that constitute a public record or student record and e-mails that are subject to a litigation hold (see Policy 8315 – Information Management), and purging all other e-mails that have been read. If the staff member is concerned that his/her e-mail storage allotment is not sufficient, s/he should contact the Academy’s School Leader.

Public Records

The Academy complies with all Federal and State laws pertaining to electronic mail. Accordingly, e-mails written by or sent to school staff and Board members may be public records if their content concerns Academy business, or education records if their content includes personally identifiable information about a student. E-mails that are public records are subject to retention and disclosure, upon request, in accordance with Policy 8310 – Public Records. E-mails that are student records must be maintained pursuant to Policy 8330 – Student Records. Finally e-mails may constitute electronically stored information ("ESI") that may be subject to a litigation hold pursuant to Policy 8315 – Information Management.

State and Federal law exempt certain documents and information within documents from disclosure, no matter what their form. Therefore, certain e-mails may be exempt from disclosure or it may be necessary to redact certain content in the e-mails before the e–malls are released pursuant to a public records request, the request of a parent or eligible student to review education records, or a duly served discovery request involving ESI.

E-mails written by or sent to school staff and Board members by means of their private e-mail account may be public records if the content of the e-mails concerns Academy business, or
education records if their content includes personally identifiable information about a student. Consequently, staff shall comply with an Academy request to produce copies of e-mail in their possession that are either public records or education records, or that constitute ESI that is subject to a litigation hold, even if such records reside on a computer owned by an individual staff member, or are accessed through an e-mail account not controlled by the Academy.

Retention

Pursuant to State and Federal law, e-mails that are public records or education records, and e-mails that are subject to a litigation hold shall be retained.

E-mail retention is the responsibility of the individual e-mail user. Users must comply with Academy guidelines for properly saving/archiving e-mails that are public records, student education records, and/or subject to a litigation hold. E-mails sent or received using the Academy's e-mail service are automatically retained on the server. This retention is for disaster recovery and not to provide for future retrieval. The Academy does not maintain a central or distributed e-mail archive of e-mail sent and/or received. Any questions concerning e-mail retention should be directed to the School Leader.

Unauthorized E-mail

The Board does not authorize the use of its Technology Resources, including its computer network ("network") to accept, transmit, or distribute unsolicited bulk e-mail sent through the Internet to network e-mail accounts. In addition, Internet e-mail sent, or caused to be sent, to or through the network that makes use of or contains invalid or forged headers, invalid or non-existent domain names, or other means of deceptive addressing will be deemed to be counterfeit. Any attempt to send or cause such counterfeit e-mail to be sent to or through the network is unauthorized. Similarly, e-mail that is relayed from any third party's e-mail servers without the permission of that third party, or which employs similar techniques to hide or obscure the source of the e-mail, is also an unauthorized use of the network. The Board does not authorize the harvesting or collection of network e-mail addresses for the purposes of sending unsolicited e-mail. The Board reserves the right to take all legal and technical steps available to prevent unsolicited bulk e-mail or other unauthorized e-mail from entering, utilizing, or remaining within the network. Nothing in this policy is intended to grant any right to transmit or send e-mail to, or through, the network. The Board's failure to enforce this policy in every instance in which it might have application does not amount to a waiver of its rights.

Unauthorized use of the network in connection with the transmission of unsolicited bulk e-mail, including the transmission of counterfeit e-mail, may result in civil and criminal penalties against the sender and/or possible disciplinary action.

Authorized Use and Training

ELECTRONIC DATA PROCESSING/INFORMATION SYSTEM
DISASTER RECOVERY PLAN

The Board is committed to maintaining and protecting the Academy's Information System. The Board believes that a complete and accurate Information System, including educational, student, fiscal and personnel information, is vital to the Board's ability to deliver uninterrupted educational service to the community it represents. To that end, the School Leader (employed by the Board) is directed to develop, test, and maintain an Electronic Data Processing/Information System Disaster Recovery Plan for use in the event a disaster should disable the Academy's electronic data processing equipment.

The Disaster Recovery Plan may include the following:

A. a reciprocal agreement with a neighboring school or data acquisition site that outlines the scope and costs of reciprocal services (e.g., access to the computer facility of the other site, computer time, personnel assistance, etc.);

B. equipment insurance;

C. a list of the applications used by the Academy;

D. procedures and personnel used to backup all programs and data on a daily, monthly, quarterly, and year-end basis;

E. backup storage off-site;

F. maintenance agreements for hardware and software (including, but not limited to the operating system);

G. a list of vendor contacts to be called for immediate replacement of disabled equipment or corrupted software;

H. as a last resort, the emergency procedures to be used to manually create the Academy's payroll checks and budgetary checks and to manually perform other necessary accounting functions.

Adopted 6/10/15
ACCESS TO ACADEMY TECHNOLOGY RESOURCES FROM PERSONAL COMMUNICATION DEVICES

For purposes of this policy, “personal communication device” (PCD) includes computers, tablets (e.g., iPad-like devices), electronic readers (“e-readers”; e.g., Kindle-like devices), cell phones, smartphones (e.g., iPhones, Android devices, Windows Mobile devices, etc.), and/or other web-enabled devices of any type.

The Board permits employees, Board members, guests, contractors, vendors, and agents to use their “PCDs” to wirelessly access the Academy’s Technology and/or Information Resources (as defined in Bylaw 0100) while they are on-site at any Academy facility. Access to the business/guest network shall require authentication.

The Director of Technology is charged with developing (or, is directed to develop) the necessary standards for connecting PCDs to the Academy's technology resources. The standards shall be available upon request.

The standards shall be designed and enforced to minimize the Board's exposure to damages, including, but not limited to, the loss of Confidential Data/Information, illegal access to Confidential Data/Information, damage to the Academy's intellectual property, damage to the Academy’s public image/reputation, and damage to the Academy's critical internal systems, from unauthorized use.

The use of PCDs must be consistent with the established standards for appropriate use as defined in Policy 7540.03 and AG 7540.03 – Student Technology Acceptable Use and Safety, Policy 7540.04 and AG 7540.04 – Staff Technology Acceptable Use and Safety, Policy 5136 and AG 5136 - Personal Communication Device, Policy 7530.02 – Staff Use of Communication Devices. When an individual connects to and uses the Academy’s Technology and/or Information Resources, s/he must agree to abide by all applicable policies, administrative procedures and laws (e.g., the user will be presented with a “splash screen” that will set forth the terms and conditions under which s/he will be able to access the Academy's Technology and/or Information Resource(s); the user will need to accept the stated terms and conditions before being provided with access to the specified technology resource(s)).

In order to comply with the Children’s Internet Protection Act (“CIPA”), the Board has implemented technology protection measures that protect against (e.g., filter or block”) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors. The Board also utilizes software and/or hardware to monitor online activity to restrict access to child pornography and other material that is obscene, objectionable, inappropriate and/or harmful to minors.

Any user who violates the established standards and/or the Board’s Acceptable Use policy, or who accesses the Academy's technology resources without authorization may be prospectively denied access to the Academy's technology resources. If the violation is committed by a contractor, vendor or agent of the Academy, the contract may be subject to cancellation. Further disciplinary action may be taken if the violation is committed by a student or employee.
The owner of a PCD bears all responsibility and assumes all risk of theft, loss, or damage to, or misuse or unauthorized use of the device while it is on Board property. This provision applies to everyone, regardless of their affiliation or connection to the Academy.

UTILIZATION OF THE ACADEMY’S WEBSITE AND REMOTE ACCESS TO THE ACADEMY’S NETWORK

Parents, students, staff/employees and community members are encouraged to access the Academy’s website (www.alleganaesa.org).

The following resources are available on the Academy’s website:

A. Links to academy websites
B. Academy Departments
C. the Academy’s calendar
D. State Transparency Reporting
E. Board agendas and minutes

Parents, students, staff/employees and community members should check the Academy’s website regularly for changes to these resources and for the addition of other resources. Some resources may require a user name and password, or a login procedure due to the personally identifiable nature of the information provided through that resource (e.g., the grade book program and e-mail system). If a user name and password, or login procedure, is necessary to access a resource, the user should contact the applicable school or department for access.

Access to the Academy Network through Server

Board members and staff members of the Academy, are permitted to use their personally-owned or Academy-owned computer or workstation and/or web-enabled devices of any type to remotely (i.e. away from Academy property and facilities) access the Academy's server and thereby connect to the Academy’s network. This policy is limited to remote access connections that are used to do work on behalf of or for the benefit of the Academy, including, but not limited to, reading or sending e-mail and reviewing Academy-provided intranet web resources.

Each individual granted remote access privileges pursuant to this policy must adhere to the following standards and regulations:

A. his/her computer/device must have active on it, an anti-virus program with the latest updates from the manufacturer
B. the individual may only access the network using his/her assigned user name and password
   The individual is prohibited from allowing other persons, including friends and family members, to use his/her user name and password to login into the network. The user may not go beyond his/her authorized access.
C. his/her device may not be connected to any other network at the same time s/he is connected to the Network, with the exception of personal networks that are under the complete control of the user
D. his/her device may not, at any time while the individual is using remote access to connect to the network, be reconfigured for the purpose of connecting to another (an additional) network
F. use of the network, whether connected directly or remotely, is contingent upon the individual abiding by the terms and conditions of the Board’s Technology
Acceptable Use and Safety policies and procedures

Any user who violates this policy may be denied remote access and connection privileges.

Any staff member who violates this policy may be disciplined, up to and including termination; any contractor, vendor or agent who violates this policy may have his/her contract with the Academy terminated; and any student who violates this policy may be disciplined up to and including suspension or expulsion.

Revised 8/6/18
ELECTRONIC COMMUNICATIONS

The advancement of technology has provided many new ways for individuals to communicate with one another. These electronic communications include social networking sites, instant messaging, text messaging, e-mailing and photo-sharing, among others. Additional methods of electronic communication can be anticipated as the technology continues to evolve.

However, use of such technology must be approached with caution by Board employees. Given the nature of the communications, there is a significant potential both for inappropriate use and for alleged inappropriate use. To protect staff and students, the following restrictions are established:

A. Electronic communications with students should be appropriate in tone, content, and quantity. Stalking, harassment, or other unwelcome behaviors are prohibited, including any type of sexually suggestive comments, photos, or graphics.

B. Electronic communications with other employees should be appropriate in tone, content, and quantity. Stalking, harassment, or other unwelcome behaviors are prohibited.

C. Electronic communications during work time shall only be allowed for work-related matters or personal emergencies. Work time is defined as all paid work time that is not a designated break or meal period.

D. Communications with students are not to occur through electronic methods. This does not apply to students to whom you are related or over whom you have guardianship.

E. Electronic communications with students are only to occur through Academy maintained e-mail accounts or websites.

The Board may require the employee to produce records for review when there is reason to believe that this policy has been violated. Records within the Academy's control may be reviewed periodically to assure that this policy is being complied with. These may include Internet logs, cell phone records, or other similar documentation.

Questions regarding acceptable electronic communications or unwelcomed electronic communications from someone associated with the Academy should be submitted to School Leader (employed by the Board).

IRAN ECONOMIC SANCTIONS ACT COMPLIANCE

Reference: M.C.L. 329.311 – 329.316

The Academy will not enter into or renew a contract with any Iran linked business while Iran is a State sponsor of terror as defined under Section 2 of the Divestment From Terror Act, 2008 PA 234, MCL 129.292. To this end, and in accordance with the Iran Economic Sanctions Act of Michigan, the Academy shall require a person that submits a bid on a request for proposal with the Academy to certify that it is not an Iran linked business.

If the Academy determines, using credible information available to the public, that a person has submitted a false certification, the Academy shall provide the person with written notice of its determination and of the intent not to enter into or renew a contract with the person. The notice shall include information on how to contest the determination and specify that the person may become eligible for a future contract with the Academy if the person ceases the activities that cause it to be an Iran linked business. The person shall have ninety (90) days following receipt of the notice to respond in writing and to demonstrate that the determination of false certification was made in error. If a person does not make that demonstration within ninety (90) days after receipt of the notice, the Academy may terminate any existing contract and shall report the name of the person to the attorney general together with information supporting the determination.

C. Any successor, subunit, parent company, or subsidiary of, or company under common ownership or control with, any entity described in subparagraph A. or B.

"Iran Linked Business" means either of the following:

B. A financial institution that extends credit to another person, if that person will use the credit to engage in investment activities in the energy sector of Iran.

"Iran" means any agency or instrumentality of Iran.

"Energy Sector of Iran" means activities to develop petroleum or natural gas resources or nuclear power in Iran.
"Investment" means one (1) or more of the following:

CRIMINAL HISTORY RECORD CHECK

Reference: M.C.L. 380.1230 et. seq., 380.1535, 380.1535a, 380.1809, 28.722

Before the Academy hires any employee (full or part-time) or allows any individual under contract to continuously and regularly work in the schools, a criminal history records check shall be conducted in accordance with State law.

"Under contract" shall apply to individuals, as well as owners and employees of entities, who contract directly with the Academy or with a third-party vendor, management company, or similar contracting entity, to provide food, custodial, transportation, counseling or administrative services on more than an intermittent or sporadic basis. It shall also apply to individuals or entities providing instructional services to students or related auxiliary services to special education students.

Prior to allowing an individual, who is subject to the criminal history record check requirement, to work in the Academy, the Academy shall submit a fingerprint-based check on the individual, using Michigan State Police (MSP) Form RI-030 (7/2012), regardless of whether the individual will work directly for the Academy or be contracted through a third-party vendor, management company or similar contracting entity ("Private Contractors"). Except as provided below, the report from the MSP must be received, reviewed and approved by the Academy prior to the individual commencing work.

Such Private Contractors cannot receive or retain criminal history record information ("CHRI"). Where the Academy will contract with a Private Contractor for the services of an individual, the Academy will notify the Private Contractor(s), after review of the MSP report, whether the individual has been approved to work within the Academy. The Academy may not give any details, including the fact that a criminal history check was run. Notice for approval to work in the Academy should use the Affidavit of Assignment or similar "red light/green light" procedure.

Should it be necessary to employ a person or contract for a person to maintain continuity of the program prior to receipt of the criminal history report, the School Leader may contract on a provisional basis until the report is received. Any such provisional hire requires that:

A. the record check has been requested;
B. the applicant has signed a disclosure of all convictions and acknowledges that employment may be terminated if there are discrepancies; and
C. the hiring occurs during the school year or not more than thirty (30) days before the beginning of the school year.

For substitute teachers or substitute bus drivers currently working in another district, public school academy or non-public school in the State, the School Leader may use a report received from the State Police by such school to confirm the individual has no criminal history. Absent such confirmation, a criminal history record check shall be performed.

1 Individuals who submit and receive such criminal history record checks on behalf of the Academy must be direct employees of the Academy or, if such access is approved by the Board, ESP personnel who are provided view only access by the Local Agency Security Officer. Notwithstanding this, Information Technology contractors and vendors may be granted access to CHRI subject to successful completion of a national fingerprint-based criminal history record check as detailed in Policy 8321.
Individuals working in multiple districts or Academies may authorize the release of a prior criminal history records check with another district or Academy in lieu of an additional check for either direct employment or working regularly and consistently under contract in the schools.

Individuals who previously received a statutorily required criminal background check and who have been continuously employed by a school district, intermediate school district, public school academy or non-public school within the State, with no separation, may have their previous record check sent to the Academy in lieu of submitting to a new criminal background check. If this method is used, the School Leader must confirm that the record belongs to that individual and whether there have been any additional convictions by processing the individual's name, sex and date of birth through the Internet Criminal History Access Tool (ICHAT).

"No separation," for purposes of the preceding paragraph, means a lay-off or leave of absence of less than twelve (12) months with the same employer; or the employee transfers without a break in service to another school district, intermediate school district, public school academy or non-public school within the State.

All criminal history record check reports received from the State Police or produced by the State Police and received by the Academy from another proper source will be maintained in the individual's personnel record.

When the Academy receives a report that shows an individual has been convicted of a listed offense under state statutes or any felony, the School Leader shall take steps to verify that information using public records, in accordance with the procedures provided by the State Department of Education.

Verified convictions may result in termination of employment or rejection of an application. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of a "listed" offense as defined in M.C.L. 28.722. The Academy will not hire or continue to employ any individual, either directly or as a contracted employee to work regularly and continuously in the schools, who has been convicted of any felony unless both the School Leader and the Board provide written approval.

The Academy must report as directed by and to the State Department of Education the verified information regarding conviction for any listed offense or conviction for any felony and the action taken by the Academy with regard to such conviction. Such report shall be filed within sixty (60) days or receipt of the original report of the conviction.

The School Leader shall establish the necessary procedures for obtaining from the Criminal Records Division of the State Police any criminal history on the applicant maintained by the State Police. In addition, they shall request the State Police to obtain a criminal history records check from the Federal Bureau of Investigation.

An applicant must provide, at the Academy's expense, a set of fingerprints, prepared by an entity approved by the Michigan State Police, upon receiving an offer of employment, or as required by State law for continued employment.

Confidentiality

All information and records obtained from such criminal background inquiries and disclosures are to be considered confidential and shall not be released or disseminated to those who have
not been given access to the CHRI by the School Leader or the Board. Records involving misdemeanor convictions for sexual or physical abuse or any felony are not subject to these restrictions. Violation of confidentiality is considered a misdemeanor punishable by a fine up to $10,000.

Any notification received from the Michigan Department of Education or Michigan State Police regarding Academy employees with criminal convictions shall be exempt from disclosure under the Freedom of Information Act (FOIA) for the first fifteen (15) days until the accuracy of the information can be verified. Thereafter, only information about felony convictions or misdemeanor convictions involving physical or sexual abuse may be disclosed in reference to a FOIA request.

Criminal history reports may be released with the written authorization of the individual.

Records may also be released, in accordance with statute, upon the request of a school district, intermediate school district, public school academy or non-public school when the individual is an applicant for employment at such school and there has been no separation from service, as defined in this policy and by statute.

Revised 2/14/18
The Board of Directors, shall ensure that its school calendar complies with the common calendar adopted by the AAESA, unless the Academy is statutorily exempt from this requirement or receives a waiver from the Superintendent of Public Instruction in compliance with State law. The common calendar will identify the specific dates for each school year when the Academy will not be in session for at least a winter holiday break, and a spring break for at least the next five (5) school years, and may further describe them more generally for subsequent school years as long as the dates can be readily determined. This calendar shall be posted on the Academy’s web site and distributed to the Academy’s constituents. The calendar shall provide for the instructional program of the academies, for orderly educational planning, and for the efficient operation of the Academy.

The Board shall determine annually the total number of days the Academy will be in session for instructional purposes. To avoid withholding of State school aid payments, the number of days and hours will be in accordance with Michigan law. The Board shall ensure the Academy is not in session for students before Labor Day, unless the Academy is statutorily exempt from this requirement or receives a waiver from the Superintendent of Public Instruction in compliance with State law.

If the Academy receives services from the Intermediate School District and is located within the ISD, the board shall ensure that the Academy calendar complies with the common school calendar adopted by the ISD. The School Leader is authorized to work with the ISD on the development of a common calendar for all of the public schools in the Intermediate School District.

A school session shall not be held on the following public holidays in Michigan Public Schools:
- January 1 (New Year's Day);
- the last Monday of May (Memorial or Decoration Day);
- July 4th, Independence Day;
- the first Monday in September (Labor Day);
- the fourth Thursday of November (Thanksgiving Day); and
- December 25 (Christmas Day).

If any of these days falls on Sunday, the Monday following shall be a public holiday in the public schools.

The Academy shall provide at least 1,098 hours during 180 days of pupil instruction per school year, unless it obtains a waiver from this requirement.

If the Academy’s school year is scheduled to begin before Labor Day the ISD may provide programs or services according to the Academy’s calendar;

A. If the ISD contracted with the Academy to provide programs or services for pupils of the Academy; or

B. If the ISD operated a program or service within a building owned by the Academy; and

C. If the building/program/service is within the ISD’s boundaries, or otherwise provided instructional programs or services for pupils of the Academy.
No more than six (6) days of student instruction lost due to conditions not within the control of the Academy such as severe storms, fires, epidemics, and health conditions can be counted as a part of the required minimum hours of instruction. With the approval of the Superintendent of Public Instruction, not more than three (3) additional days or the equivalent number of additional hours for which instruction is not provided due to unusual and extenuating occurrences resulting from conditions not within the control of academy authorities (such as those conditions described above) shall be counted. Hours lost due to strikes by academy staff or to teacher conferences, unless approved as qualifying professional development in accordance with State law, shall not be counted as hours of instruction.

The School Leader shall certify to the Department of Education by no later than August 1st of each year, the number of hours of student instruction during the previous school year.

The School Leader (employed by the Board) may close the school, delay the opening of school, or dismiss school early when such alteration in the regular session is required for the protection of the health and safety of students and staff members. The School Leader (employed by the Board) shall prepare rules for the proper and timely notification of concerned persons and parents in the event of any emergency closing of the Academy.

The School Leader (employed by the Board) shall have the authority to determine which school-related activities may be conducted if the Academy is closed for a period of time. The School Leader (employed by the Board) shall prepare appropriate guidelines for communication to students, parents, and others regarding the scheduling and conduct of such activities.

CONTINUITY OF ORGANIZATIONAL OPERATIONS PLAN

The Continuity of Organizational Operations Plan (COOP) provides the Academy with the capability of conducting its essential operations under all threats and conditions with or without warning. Having a plan to recover from any type of disaster regardless of the severity and consequences of the emergency is critical to recovery of operations and can minimize the impact on the Academy’s teaching and learning, personnel, facilities, technology, transportation, food service, and other functional resources.

Scope of the Continuity Plan

The primary objective of the COOP is to restore the Academy’s critical operational functions and the learning environment as quickly as possible after a crisis or threat event has occurred. A COOP contains critical and sensitive information that is confidential and exempt from public disclosure.

Planning for the continuity of operations of a school system in the aftermath of a disaster is a complex task. The current changing threat environment and recent emergencies, including acts of nature, accidents, technological emergencies, and terrorist attacks and threats, have increased the need for viable continuity capabilities and plans that enable the Academy to resume and continue the essential functions in an all-hazards environment across a full spectrum of emergencies. Such conditions have increased the importance of having continuity plans in place that provide stability of essential functions across the various levels of public government and private enterprises.

The planning and development of continuity of an organizational operations plan, as well as the ongoing review and revision of such a plan, is important for the overall Academy and also for each Academy.

The Academy-wide plan describes how the Academy will respond as a total organization to a given emergency and describes the centralized resources and how they will be organized to implement command and control necessary to function during the life cycle of the event. Individual school and departmental plans contain the details related to the continuity plan for those specific sites and functional areas to prepare for an event, communicate throughout the duration of an event, assess the impact of an event on essential functions in the unit, respond to the event, and detail what will be done to recover from the event.

Preparation for, response to, and recovery from a disaster affecting administrative, educational, and support functions of the Academy’s operations requires the cooperative efforts of external organizations, in partnership with the functional areas supporting the business of the Academy. This includes local government agencies, law enforcement, emergency management, medical services, and vendors necessary to Academy operations. The COOP outlines and coordinates all efforts by the Academy in cooperation with other local and State agencies and businesses to restore the essential functions of the Academy to the larger local community post-disaster.

The School Leader (employed by the Board) shall recommend the COOP for Board of Directors review and approval; however, the COOP shall be considered a confidential document not subject to release under State public records laws and accordingly no copies shall be provided for public review during the adoption process.
The School Leader (employed by the Board) shall conduct a periodic review of the COOP.

INFORMATION SECURITY

The Academy collects, classifies, and retains data/information from and about students, staff, vendors/contractors, and other individuals, about programs and initiatives undertaken by the school system, and about and related to the business of the Academy. This information may be in hard copy or digital format, and may be stored in the Academy or offsite with a third party provider.

Data/information collected by the Academy shall be classified as Confidential, Controlled, or Published. Data/information will be considered Controlled until identified otherwise.

Protecting Academy Information Resources (as defined in Bylaw 0100) is of paramount importance. Information security requires everyone’s active participation to keep the Academy’s data/information secure. This includes Board of Education members, staff members/employees, students, parents, contractors/vendors, and visitors who use Academy Technology Resources (as defined in Bylaw 0100) and Information Resources.

Individuals who are granted access to data/information collected and retained by the Academy must follow established procedures so that the information is protected and preserved. Board members, administrators, and all Academy staff members, as well as contractors, vendors, and their employees, granted access to data/information retained by the Academy are required to certify annually that they shall comply with the established information security protocols pertaining to Academy data/information. Further, all individuals granted access to Confidential Data/Information retained by the Academy must certify annually that they will comply with the information security protocols pertaining to Confidential Data/Information. Completing the appropriate section of the Staff Technology Acceptable Use and Safety form (Form 7540.04F1) shall provide this certification.

All Board members, staff members/employees, students, contractors/vendors, and visitors who have access to Board-owned or managed data/information must maintain the security of that data/information and the Academy Technology Resources on which it is stored.

If an individual has any questions concerning whether this Policy and/or its related administrative guidelines apply to him/her or how they apply to him/her, the individual should contact the Academy’s Technology Director or Information Technology Department/Office.

The School Leader (employed by the Board) shall develop administrative guidelines that set forth the internal controls necessary to provide for the collection, classification, retention, access, and security of Academy Data/Information.

Further, the School Leader (employed by the Board) is authorized to develop procedures that would be implemented in the event of an unauthorized release or breach of data/information. These procedures shall comply with the Academy’s legal requirements if such a breach of personally-identifiable information occurs.

The School Leader (employed by the Board) shall require the participation of staff members in appropriate training related to the internal controls pertaining to the data/information that they collect, to which they have access, and for which they would be responsible for the security protocols.
Third-party contractors/vendors who require access to Confidential Data/Information collected and retained by the Academy will be informed of relevant Board policies that govern access to and use of Information Resources, including the duty to safeguard the confidentiality of such data/information.

Failure to adhere to this Policy and its related administrative guidelines may put data/information collected and retain by the Academy at risk. Employees who violate this policy and/or the administrative guidelines promulgated consistent with this policy may have disciplinary consequences imposed, up to and including termination of employment, and/or referral to law enforcement. Students who violate this Policy and/or AGs will be subject to disciplinary action, up to and including expulsion, and/or referral to law enforcement. Contractors/vendors who violate this Policy and/or AGs may face termination of their business relationships with and/or legal action by the Academy. Parents and visitors who violate this Policy and/or AGs may be denied access to the Academy’s Technology Resources.

The School Leader (employed by the Board) shall conduct a periodic assessment of risk related to the access to and security of the data/information collected and retained by the Academy.

Adopted 8/9/17
The Board of Directors recognizes its responsibility to maintain the public records of this Academy and to make such records available to residents of Michigan for inspection and reproduction.

The public records of the Academy include any writing or other means of recording or retaining meaningful content prepared, owned, used, in the possession of, or retained by the Academy, its Board, officers, or Board employees, subject to certain exemptions according to the Michigan Freedom of Information Act (FOIA). The Academy shall not disclose the confidential address of a student or of an employee who has provided proper notice of a participation card issued by the department of the attorney general under the Address Confidentiality Program Act.

Any person may make a written request for any public records of the Academy. The person may inspect, copy, or receive copies of the public record requested. The Academy shall respond to such requests within five (5) working days after receipt unless otherwise agreed to in accordance with the Freedom of Information Act.

An individual may purchase copies of the Academy's public records upon payment of a fee. No original public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties. Neither the Board nor its employees shall permit the release of the social security number of an employee, student, or other individual except as authorized by law (see Policy 8350 and AG 8350).

The Board authorizes the School Leader (employed by the Board) to provide, upon written request, enhanced i.e. immediate access to any public record which the Academy has stored in an electronic database and is not confidential or exempt from disclosure by State or Federal statute. Such a record may be provided by means of a computer disk provided by the requestor, electronic mail, or a modem providing the requestor has paid the fee established for such transmission.

The Board has determined that personal and confidential information provided to and retained by the Academy on parents, students, staff and others will be considered exempt from disclosure pursuant to a Freedom of Information Act request, unless advised specifically by the Academy's legal counsel that the particular information must be released. Such personal and confidential information shall include home addresses, telephone numbers, e-mail addresses or website pages (e.g. My Space, Facebook), except as they are specifically related to the operation of the schools, or specifically authorized for release by the individual, or the parent/guardian if the individual is a minor.

Nothing in this policy shall be construed as preventing a Board member from inspecting in the performance of his/her official duties any record of the Academy, except student records and certain portions of personnel records.

The School Leader (employed by the Board) is authorized to dispose of correspondence on a daily basis including those transmitted by means of voice mail or E-mail, providing the message does not alter existing Academy records.
The School Leader (employed by the Board) is responsible for transmission of data contained in the single record student data base established by the Michigan Department of Education. Such transmission shall be in accordance with procedures established by the Allegan Area Educational Service Agency Intermediate School District and the Center for Educational Performance and Information (CEPI).

The School Leader (employed by the Board) shall establish Administrative Procedures to ensure proper compliance with the intent of this policy and the Freedom of Information Act.

INFORMATION MANAGEMENT

Reference: Federal Rules of Civil Procedure 34, 37(f)

The Board recognizes its responsibility, in certain circumstances, to maintain information created, maintained or otherwise stored by the Academy outside the "Records Retention Schedule". In such situations, a "Litigation Hold" procedure will be utilized to identify and preserve information relevant to a specific matter. "Information" includes both paper documents and electronically stored information ("ESI"). When implementing the "Litigation Hold," the Academy will identify individuals in possession or custody of paper documents, ESI and electronic media containing ESI, and inform them of their obligation to preserve the documents and ESI outside the "Records Retention Schedule". The Academy will also identify third parties with custody or control over paper documents, ESI, or electronic media storing ESI, and request them to preserve that information. All information falling within a "Litigation Hold," which is under the control of the Academy, must be preserved in a readily accessible form and cannot be disposed of under the "Records Retention and Disposal" requirements. Failure to comply with a Litigation Hold notice ***P 8315 Disciplinary Action*** result in disciplinary action, up to and including possible termination.

Instances where the Board must maintain information outside the "Records Retention Schedule" include:

A. when the Board has specific information and/or written notice from an individual, parent or student of an intent to file an appeal of student discipline to State court;

B. when the Board has specific information and/or written notice that litigation is imminent even though the litigation has not yet been filed in Federal or State court;

C. when the Board is served with litigation, including, but not limited to, notice of a lawsuit in Federal or State court, or notice of a student disciplinary appeal to State court;

D. when the Board receives specific information and/or written notification from an employee, labor union, or other person of an intent to file a claim against the Board, its members, employees or agents at an administrative agency such as the Equal Employment Opportunity Commission, Michigan Employment Relations Commission, U.S. Department of Education Office for Civil Rights, State Personnel Board of Review, or a Civil Service Commission regarding a claim against the Board, its members, employees or agents;

E. when the Board receives specific information and/or written notification from an administrative agency such as the Equal Employment Opportunity Commission, Michigan Employment Relations Commission, U.S. Department of Education Office for Civil Rights, State Personnel Board of Review, or a Civil Service Commission regarding a claim against the Board, its members, employees or agents;
F. when the Board receives written notification from a third party requesting that the Board maintain information that could be at issue in litigation or potential litigation against that third party;

G. when the School Leader (employed by the Board) recommends the termination of an employee to the Board pursuant to a labor contract;

H. when the Board explores, contemplates or initiates litigation.

Electronic media shall also include any item containing or maintaining ESI that is obtained by the Academy for Board member or employee usage or that an employee uses for such purpose (even if privately owned by the Board member or employee) from the date this policy is adopted into the future.

Initiation and Removal of a "Litigation Hold"

The Board or the School Leader (employed by the Board) may initiate a "Litigation Hold" under this policy. If the School Leader (employed by the Board) initiates a "Litigation Hold," s/he or the Board's legal counsel will notify the Board of the reason the Litigation Hold was instituted and its scope. When implementing a Litigation Hold, the Board or School Leader (employed by the Board) ***P 8315 ESI Team*** utilize an Electronically Stored Information Team ("ESI Team"). The Board's legal counsel shall be involved in implementation of the "Litigation Hold Procedure" outlined in AG 8315.
A "Litigation Hold" shall remain in place until removed by the Board after being so advised by the Educational Service Provider. A "Litigation Hold" may be removed when the litigation or administrative agency matter has been resolved or can no longer be initiated. Any information maintained under this policy shall fall back under the "Records Retention Schedule" once the "Litigation Hold" is removed.

The School Leader (employed by the Board) shall develop Administrative Procedures outlining the procedures to be followed by Board members and employees when initiating and implementing a "Litigation Hold." PERSONNEL FILES

The School Leader (employed by the Board), as the employer of record for all staff, shall be responsible for establishing and maintaining appropriate personnel files.

Adopted 6/10/15
The Academy is required by State law to have the Michigan State Police (MSP) obtain both a State and a Federal Bureau of Investigation (FBI) criminal history record information (CHRI) background check report for all employees of the Academy and contractors, vendors and their employees who work on a regular and continuous basis in the Academy. To assure the security, confidentiality, and integrity of the CHRI background check information received from the MSP/FBI the following standards are established.

**Agency User Agreements**

The Academy shall enter into any User Agreement required, and future amendments, by the MSP necessary to access the required CHRI on applicants, volunteers, and all other statutorily required individuals, such as contractors and vendors and their employees assigned to the Academy. The LASO shall be responsible for the Academy's compliance with the terms of any such User Agreement.

**Personnel Security**

Authorized users/personnel shall be individuals who have been appropriately vetted through a national fingerprint-based background check, as required by school safety legislation, and have been granted access to CHRI data, wherein access is only for the purpose of evaluating an individual's qualifications for employment or assignment.

A. **Subsequent Arrest/Conviction** - If an individual granted access to criminal justice information is subsequently arrested and/or convicted, access shall be suspended immediately until the matter is reviewed by the LASO to determine if continued access is appropriate. Such determination shall be recorded in writing, signed, dated and maintained with the individual's file. In the event that the LASO has the arrest/conviction, the School Leader (if not the designated LASO) shall make the determination. If the School Leader (employed by the Board) is also the designated LASO, the determination shall be made by the Board President or designee. Except that, as noted in (D)(1)(a), individuals with a felony conviction of any kind will have their access permanently suspended.

B. **Public Interest Denial** - If the LASO determines that access to criminal justice information by any individual would not be in the public interest, access shall be denied whether that person is seeking access or has previously been granted access. Such decision and reasons shall be in writing, signed, dated and maintained in the individual's file.

C. **Approval for Access** - All requests for access to criminal justice information shall be as specified and approved by the LASO. Any such designee must be a direct employee of the Academy; however, if approved by the Board and
an appropriate waiver obtained from the prospective employee, ESP personnel may be given view only access to the information by the LASO if needed to review the results for determining an individual's qualifications for employment. The Academy must maintain a readily accessible list that includes the names of all LASO-approved personnel with access to criminal justice information, as well as the reason for providing each individual access.

D. Termination of Employment/Access – Within twenty-four (24) hours of the termination of employment, all access to criminal justice information shall be terminated immediately for that individual, such as requiring the individual to return any keys or access cards to buildings, offices, and/or files, or closing the individual’s account and/or blocking access to any systems containing such information at the Academy.

E. Transfer/Re-assignment - When an individual who has been granted access to criminal justice information has been transferred or re-assigned to other duties, the LASO shall determine whether continued access is necessary and appropriate. If not, s/he shall take such steps as necessary to block further access to such information within the twenty-four (24) hour period immediately following the transfer or reassignment.

Media Protection

Access to digital and physical media in all forms, which contains criminal history background information provided by the MSP through the statutory record check process, is restricted to authorized individuals only. Only individuals involved in the hiring determination of both Academy employees and volunteers shall be authorized to access digital and physical media containing CHRI; provided, however, if approved by the Board and an appropriate waiver obtained from the prospective employee, ESP personnel may be given view only access to the information by the LASO if needed to review the results for determining an individual's qualifications for employment.

A. Media Storage and Access – All digital and physical media shall be stored in a physically secure location or controlled area, such as locked office, locked cabinet or other similarly secure area(s) which can only be accessed by authorized individuals. If such security cannot be reasonably provided, then all digital CHRI background data shall be encrypted. Digital media shall be stored on an Academy server. Storage on a third party server, such as cloud service, is not permitted. Storage of digital media must conform to the requirements in AG 8321.

B. Media Transport – Digital and physical media shall be protected when being transported outside of a controlled area. Only authorized individuals shall transport the media. It shall be directly delivered to the intended person or destination and shall remain in the physical control and custody of the authorized individual at all times during transport. Access shall only be allowed to an authorized individual.

To the extent possible, digital media (e.g., hard drives and removable storage devices such as disks, tapes, flash drives and memory cards) shall be either encrypted and/or be password protected during the transport process.
C. Media Disposal/Sanitization – When the CHRI background check is no longer needed, the media upon which it is stored shall either be destroyed or sanitized. The LASO and the School Leader (employed by the Board) shall approve in writing the media to be affected. This record shall be maintained by the LASO during the individual’s active employment plus an additional six (6) years. [Note: the regulations do not specify a specific period for maintaining this information. This time period is suggested based on the State of Michigan’s background information retention schedule and will likely cover most statutes of limitation and can be retained in digital format.]

1. Digital Media - Sanitization of the media and deletion of the data shall be accomplished by either overwriting at least three (3) times or by degaussing, prior to disposal or reuse of the media. If the media is inoperable or will not be reused, it shall be destroyed by shredding, cutting, or other suitable method to assure that any data will not be retrievable.

2. Physical Media – Disposal of documents, images or other type of physical record of the criminal history information shall be cross-cut shredded or incinerated. Physical security of the documents and their information shall be maintained during the process by authorized individuals. Documents may not be placed in a waste basket or burn bag for unauthorized individuals to later collect and dispose of.

All disposal/sanitization shall be either conducted or witnessed by authorized personnel to assure that there is no misappropriation of or unauthorized access to the data to be deleted. Written documentation of the steps taken to sanitize or destroy the media shall be maintained for ten (10) years, and must include the date as well as the signatures of the person(s) performing and/or witnessing the process. (See also, AG 8321.)

D. Personal Mobile Devices – A personally-owned mobile device (mobile phone, tablet, laptop, etc.) shall not be authorized to access, process, store or transmit criminal justice information unless the Academy has established and documented the specific terms and conditions for personally-owned mobile devices through a Mobile Device Management (MDM) system. An MDM is not required when receiving CHRI from an indirect access information system (i.e., the system provides no capability to conduct transactional activities on State and national repositories, applications, or services).

CHRI Background Check Consent and Documentation

All individuals requested to complete a fingerprint-based CHRI background check must execute Michigan State Police Form RI-088A at time of application and be notified fingerprints will be used to check the criminal history records of the FBI, prior to completing a fingerprint-based CHRI background check. The most current and unaltered Livescan form (RI-030) will satisfy this requirement and must be retained. Individuals subject to a fingerprint-based CHRI background check shall be provided the opportunity to complete or challenge the accuracy of the individual’s criminal history record. Additionally, if the Board approves ESP personnel receiving view only access to the information if needed to review the results for determining an individual’s qualifications for employment, an appropriate waiver allowing the results to be shared with the ESP must be obtained from the prospective employee.
Some type of documentation identifying the position for which a fingerprint-based CHRI background check has been obtained must be retained for every CHRI background check conducted, such as the “Agency User Agreement” (RI-087), an offer letter, employment agreement, new hire checklist, employment contract, volunteer background check form, etc.

The Academy shall retain the red light / green light letter received from an Authorized Recipient on site as documentation that a CHRI background check has been completed.

The Educational Service Provider shall retain the red light / green light letter received from an Authorized Recipient on site as documentation that a CHRI background check has been completed.

**Controlled Area/Physical Protection**

All CHRI obtained from the Michigan State Police pursuant to the statutorily required background checks shall be maintained in the Human Resources which is a physically secure and controlled area. The following security precautions will apply to the controlled area:

A. Limited unauthorized personnel access to the area during times that criminal justice information is being processed or viewed.

B. The controlled area shall be locked at all times when not in use or attended by an authorized individual.

C. Information systems devices (e.g., computer screens) and physical documents, when in use, shall be positioned to prevent unauthorized individuals from being able to access or view them.

D. Encryption shall be used for digital storage of criminal justice information. (See AG 8321.)

**Passwords (Standard Authentication)**

All authorized individuals with access to computer or systems where processing is conducted or containing criminal justice information must have a unique password to gain access. This password shall not be used for any other account to which the individual has access and shall comply with the following attributes and standards.

A. at least eight (8) characters long on all systems

B. not be a proper name or a word found in the dictionary

C. not be the same as the user identification

D. not be displayed when entered into the system (must use feature to hide password as typed)

E. not be transmitted in the clear outside of the secure location used for criminal justice information storage and retrieval

---

1 Applicable to Academies that maintain CHRI within a digital system of records, such as a digital database, filing system, record keeping software, spreadsheets, etc. Not applicable if CHRI kept solely via e-mail and/or paper copies.
F. must expire and be changed every ninety (90) days

G. renewed password cannot be the same as any prior ten (10) passwords used
(See also, AG 8321.)

Security Awareness Training

All individuals who are authorized by the Academy to have access to criminal justice information or to systems which store criminal justice information shall have basic security awareness training within six (6) months of initial assignment/authorization and every two (2) years thereafter. The training shall, to the extent possible, be received through a program approved by the MSP. A template of the training is provided on the MSP's website. At a minimum, the training shall comply with the standards established by U.S. Department of Justice and FBI for Criminal Justice Information Services. (See AG 8321.)

Secondary Dissemination of Information

If criminal history background information received from the Michigan State Police is released to another authorized agency under the sharing provision designated by The Revised School Code, a log of such releases shall be maintained and kept current indicating:

A. the date of release;

B. record disseminated;

C. method of sharing;

D. agency personnel that shared the CHRI;

E. the agency to which the information was released;

F. the name of the individual recipient at the agency; and

G. whether authorization was obtained.

A log entry need not be kept if the receiving agency/entity is part of the primary information exchange agreements between the Academy and the Michigan State Police. A release form consenting to the sharing of CHRI shall be maintained at all relevant times.

If CHRI is received from another Academy, district or outside agency, an Internet Criminal History Access Tool (ICHAT) background check shall be performed to ensure the CHRI is based on personal identifying information, including the individual's name, sex, and date of birth, at a minimum.

Incident Handling and Responses

Information system security incidents shall be tracked using Form CJIS-016 and documented on an ongoing basis. Incident-related information may be obtained from audit monitoring, network monitoring, physical access monitoring, and user/administrator reports. The LASO shall maintain completed security incident reporting forms for three (3) years or until legal action (if warranted) is complete, whichever timeframe is greater. The Academy shall implement steps
for incident handling capabilities, for both digital and physical CHRI media. At a minimum, the following will be implemented:

RECEIPT LEGAL DOCUMENTS

Service of Process on the Board of Directors

In suits against the Board, only the Board President or School Leader (employed by the Board) accepts service on behalf of the Board.

Service of Legal Documents on Board Employees

Board employees may be served with legal documents (1) requesting not only public records (such as employees’ personnel files), but also student education records and other documents and electronically stored information maintained by the Academy, or (2) directing them to testify at a deposition or hearing concerning issues that fall within the employees’ employment responsibilities.

An employee served with legal documents in his/her official capacity as a Board employee shall immediately provide copies of those legal documents to his/her Principal or site administrator.

The Principal or site administrator shall immediately furnish copies to the School Leader (employed by the Board) and shall follow his/her directives.

Generally, confidential personnel records, student records, or personal observations or opinions about student behavior/academic performance do not have to be disclosed. The law makes an exception for a subpoena or court order.

Board policy requires the Principal or a site administrator to release only the documents specifically identified in the subpoena or order. In circumstances where, in responding to a subpoena or order, information is developed or summarized from the student’s education records, a copy of that information and a statement of the purpose for which it was prepared shall be filed in the student’s cumulative folder.

If doing so is in the Board’s best interest, the Principal or site administrator or Board attorney shall accompany the employee to the deposition or hearing.

Actions Against the Board

In actions against the Board, it is not unusual for Board employees to be served with subpoenas and/or called as witnesses. Board legal counsel and the School Leader (employed by the Board) will assist Board employees in these matters.

Independent Legal Counsel

This policy does not prohibit Board employees from consulting with their own independent legal counsel, but they are prohibited from discussing or releasing student personally identifiable information to a third party except as expressly authorized by Board Policy (Policy 8330).

Adopted 6/10/15
STUDENT RECORDS

In order to provide appropriate educational services and programming, the Board must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information.

If the parent or legal guardian of a student provides the Academy with notice that s/he/they have received a participation card issued by the attorney general under the address confidentiality program act, the Academy shall not disclose the confidential address of the student, regardless of any other provision of this policy. The School Leader, or his or her designee, shall develop a process to ensure that a student's participation in the address confidentiality program act is appropriately noted to avoid disclosure of this information to any person or entity.

Student "personally identifiable information" ("PII") includes, but is not limited to: the student's name; the name of the student's parent or other family members; the address of the student or student's family; a personal identifier, such as the student's social security number, student number, or biometric record; other indirect identifiers, such as the student's date of birth, place of birth, and mother's maiden name; other information that, alone or in combination, is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the Academy reasonably believes knows the identity of the student to whom the education record relates.

The Board is responsible for maintaining records of all students attending the Academy. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the Academy or specifically permitted by this Board will be compiled by employees. The Board hereby authorizes collection of the following student records, in addition to the membership record required by law:

A. observations and ratings of individual students by professional staff members acting within their sphere of competency.

B. samples of student work.

C. information obtained from professionally acceptable standard instruments of measurement such as:
   1. interest inventories and aptitude tests
   2. vocational preference inventories
3. achievement tests

D. authenticated information provided by a parent or eligible student concerning achievements and other school activities which the parent or student wants to make a part of the record

1. verified reports of serious or recurrent behavior patterns
2. attendance records
3. custodial arrangements

In all cases, permitted, narrative information in student records shall be objectively-based on the personal observation or knowledge of the originator.

Student records shall be available only to students and their parents, eligible students, and designated Academy officials who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. The term “parents” includes legal guardians or other persons standing in loco parentis (such as a grandparent or stepparent with whom the child lives, or a person who is legally responsible for the welfare of the child). The term “eligible student” refers to a student who is eighteen (18) years of age or older or a student of any age who is enrolled in a postsecondary institution.

In situations in which a student has both a custodial and a noncustodial parent, both shall have access to the student’s educational records unless stipulated otherwise by court order. In the case of eligible students, parents will be allowed access to the records without the student’s consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code.

An Academy official is a person employed by the School Leader as an administrator, supervisor, teacher/instructor (including substitutes), or support staff member (including health or medical staff and law enforcement unit personnel); and a person serving on the Board. The Board further designates the following individuals and entities as "school officials" for the purpose of FERPA:

A. persons or companies with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, or medical consultant);

B. contractors, consultants, volunteers or other parties to whom the Board has outsourced a service or function otherwise performed by the Board employees (e.g. a therapist, authorized information technology (IT) staff, and approved online Educational Service Providers).

The above-identified outside parties must (a) perform institutional services or functions for which the Board would otherwise use its employees, (b) be under the direct control of the Board with respect to the use and maintenance of education records, and (c) be subject to the requirements of 34 CFR 99.33(a) governing the use and re-disclosure of PII from education records.

Finally, a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his/her tasks (including volunteers) is also considered an “Academy official” for purposes of FERPA provided s/he meets the above-referenced criteria applicable to other outside parties.
“Legitimate educational interest” shall be defined as a “direct or delegated responsibility for helping the student achieve one (1) or more of the educational goals of the Academy” or if the record is necessary in order for the Academy official to perform an administrative, supervisory or instructional task or to perform a service or benefit for the student or the student’s family. The Board directs that reasonable and appropriate methods (including but not limited to physical and/or technological access controls) are utilized to control access to student records and to make certain that Academy officials obtain access to only those education records in which they have legitimate educational interest.

The Board authorizes the administration to:

A. forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this Academy seeks or intends to enroll upon condition that the student’s parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record;

B. forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school Board in which a student in foster care is enrolled. Such records shall be transferred within one (1) school day of the enrolling school’s request;

C. provide “personally-identifiable” information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health or safety of the student or other individuals, if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances;

D. report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student’s special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and Academy officials for their consideration;

E. release de-identified records and information in accordance with Federal regulations;

F. disclose personally identifiable information from education records, without consent, to organizations conducting studies “for, or on behalf of” the Academy for purposes of developing, validating or administering predictive tests, administering student aid programs, or improving instructions;

Information disclosed under this exception must be protected so that students and parents cannot be personally identified by anyone other than representative of the organization conducting the study, and must be destroyed when no longer needed for the study. In order to release information under this provision, the Academy will enter into a written agreement with the recipient organization that specifies the purpose of the study. (See Form 8330 F14.) Further, the following personally identifiable information will not be disclosed to any entity: a student or his/her family member’s social security number(s); religion; political party affiliation; voting history; or biometric information.
While the disclosure of personally identifiable information (other than social security numbers, religion, political party affiliation, voting record, or biometric information) is allowed under this exception, it is recommended that de-identifiable information be used whenever possible. This reduces the risk of unauthorized disclosure.

G. disclose personally identifiable information from education records without consent, to authorized representatives of the Comptroller General, the Attorney General, and the Secretary of Education, as well as state and local educational authorities. The disclosed records must be used to audit or evaluate a federal or state supported education program, or to enforce or comply with Federal requirements related to those education programs. A written agreement between the parties is required under this exception. (See Form 8330 F16)

The Board will comply with a legitimate request for access to a student’s records within a reasonable period of time but not more than forty-five (45) days after receiving the request or within such shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction. Based upon reasonable requests, viewers of education records will receive explanation and interpretation of the records.

The Board shall maintain a record of those persons to whom information about a student has been disclosed. Such disclosure records will indicate the student, person viewing the record, information disclosed, date of disclosure, and date parental/eligible student consent was obtained (if required).

Upon written request by a student’s parent or legal guardian, the Academy shall disclose to the parent or legal guardian any personally identifiable information concerning the student that is collected or created by the Academy as part of the student’s education records.

If the Academy provides any personally identifiable information concerning the student that is collected or created by the Academy as part of the student’s education records to any person, agency, or organization, then the Academy shall disclose to the student’s parent or legal guardian upon his or her written request:

A. The specific information that was disclosed.

B. The name and contact information of each person, agency, or organization to which the information has been disclosed.

C. The legitimate reason that the person, agency, or organization had in obtaining the information.

This information shall be provided without charge within 30 days after the Academy receives the written request and without charge to the parent or legal guardian.

The Academy is not required to disclose to the parent or legal guardian, even upon written request, any personally identifiable information concerning the student that is collected or created by the Academy as part of the student’s education records and is provided to any person, agency, or organization in any of the following situations:
A. Provision of such information to the Michigan Department of Education or CEPI.
B. Provision of such information to the student’s parent or legal guardian.
C. Provision of such information to its authorizing body or to an educational management organization with which it has a management agreement.
D. Provision of such information to or from its intermediate school board or to another intermediate school board providing services to the Academy or its students pursuant to a written agreement.
E. Provision of such information to a person, agency, or organization with written consent from the student’s parent or legal guardian or, if the student is at least age 18, the student.
F. Provision of such information to a person, agency, or organization seeking or receiving records in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction.
G. Provision of such information as necessary for standardized testing that measures the student’s academic progress and achievement.
H. Provision of such information that is covered by the opt-out form described above, unless the student’s parent or legal guardian or, if the student is at least age 18 or is an emancipated minor, the student has signed and submitted the opt-out form referenced below.

Only “directory information” regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board policy and Administrative Procedures and/or those specified in the law.

The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marking, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

Directory Information

Each year the School Leader shall provide public notice to students and their parents of the Academy's intent to make available, upon request, certain information known as "directory information." The Board designates as student "directory information":

A. a student’s name.

The School Leader will also develop a list of uses for which the Academy commonly would disclose a student’s directory information and develop an opt-out form that lists all of the uses or
instances and allows a parent or legal guardian to elect not to have his or her child’s directory information disclosed for 1 or more of these uses.

Each student’s parent or legal guardian will be provided with the opt-out form within the first 30 days of the school year. The form shall also be provided to a parent or legal guardian at other times upon request.

If an opt-out form is signed and submitted to the Academy by a student’s parent or legal guardian, the Academy shall not include the student’s directory information in any of the uses that have been opted out of in the opt-out form. A student who is at least age 18 or is an emancipated minor may act on his or her own behalf with respect to the opt-out form.

Parents and eligible students may also refuse to allow the Academy to disclose any or all of such “directory information” upon written notification to the Academy within ten (10) days after receipt of the Academy’s public notice.

**Armed Forces Recruiting**

The Board shall provide United States Armed Forces recruiters with at least the same access to the high school campus and to student directory information (names, addresses, Academy-assigned email addresses (if available) (except for students participating in the address confidentiality program act), and telephone listings of secondary students) as is provided to other entities offering educational or employment opportunities to those students. “Armed forces of the United States” means the armed forces of the United States and their reserve components and the United States Coast Guard.

If a student or the parent or legal guardian of a student submits a signed, written request to the Board that indicates that the student or the parent or legal guardian does not want the student’s directory information to be accessible to official recruiting representatives, then the officials of the school shall not allow that access to the student’s directory information. The Board shall ensure that students and parents and guardians are notified of the provisions of the opportunity to deny release of directory information.

Public notice shall be given regarding the right to refuse disclosure of any or all “directory information” including to the armed forces of the United States and the service academies of the armed forces of the United States.

A fee, not to exceed the actual costs incurred by the high school, for copying and mailing student directory information under this section, may be charged an official recruiting representative.

Directory information received under armed services authorization request shall be used only to provide information to students concerning educational and career opportunities available in the armed forces of the United States or the service academies of the armed forces of the United States. An official recruiting representative who receives student directory information under this section shall not release that information to a person who is not involved in recruiting students for the armed forces of the United States or the service academies of the armed forces of the United States.

Annually, the Board will notify male students age eighteen (18) or older that they are required to register for the selective service.
Requests to the Academy Records Officer shall be presented on a standardized form developed by the armed forces of the United States requesting access to a high school campus and a time for the access. Requests should bear the signature of the ranking recruiting officer of the armed service making the request.

Whenever consent of the parent(s)/eligible student is required for the inspection and/or release of a student’s education records or for the release of “directory information”, either parent may provide such consent unless stipulated otherwise by court order. If the student is under the guardianship of an institution, the School Leader shall appoint a person who has no conflicting interest to provide such written consent.

The Board may disclose “directory information” on former students without student or parental consent, unless the parent or eligible student previously submitted a request that such information not be disclosed without their prior written consent.

The Academy shall not sell or otherwise provide to a for-profit business entity any personally identifiable information that is part of a student’s education records. This does not apply to any of the following situations:

A. Providing the information to an educational management organization with which the Academy has a management agreement.

B. Providing the information as necessary for standardized testing that measures the student’s academic progress and achievement.

C. Providing the information as necessary to a person that is providing educational or educational support services to the student under a contract with the Academy.

The parent of a student or an eligible student has the right to inspect upon request any instrument used in the collection of personal information before the instrument is administered or distributed to a student. Personal information for this section is defined as individually identifiable information including a student or parent’s first and last name, a home or other physical address (including street name and the name of the city or town, unless a parent is prohibited from doing so due to a student's participation in the address confidentiality program act), a telephone number, or a Social Security identification number. In order to review the instrument, the parent or eligible students, must submit a written request to the building principal at least ten (10) work days before the scheduled date of the activity. The instrument will be provided to the parent within ten (10) business days of the principal receiving the request.

The School Leader (employed by the Board) shall directly notify the parent(s) of a student and eligible students, at least annually at the beginning of the school year, of the specific or approximate dates during the school year when such activities are scheduled or expected to be scheduled.

This section does not apply to the collection, disclosure or use of personal information collected from students from the exclusive purpose of developing, evaluating, or providing educational products or service for, or to, students or educational institutions, such as the following:

A. college or other postsecondary education recruitment, or military recruitment;
B. book clubs, magazines, and programs providing access to low-cost literary products;

C. curriculum and instructional materials used by elementary and secondary schools;

D. tests and assessments used by elementary and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students (or to generate other statistically useful data for the purpose of securing such tests and assessments) and the subsequent analysis and public release of the aggregate data from such tests and assessments;

E. the sale by students of products or services to raise funds for school-related or education-related activities; and

F. student recognition programs.

The School Leader shall prepare Administrative Procedures to ensure that students and parents are adequately informed each year regarding their rights to:

A. inspect and review the student’s education records;

B. request amendments if the record is inaccurate, misleading, or otherwise in violation of the student’s rights;

C. consent to disclosures of personally-identifiable information contained in the student’s education records, except to unauthorized disclosures allowed by the law;

D. challenge the Board’s noncompliance with a parent’s request to amend the records through a hearing;

E. file a complaint with the United States Department of Education;

F. obtain a copy of the Board’s policy and Administrative Procedures on student records;

The School Leader shall also develop procedural guidelines for:

A. the proper storage and retention of records including a list of the type and location of records;

B. informing employees of the Federal and State laws concerning student records.

The Board authorizes the use of the microfilm process or electromagnetic processes of reproduction for the recording, filing, maintaining, and preserving of records.

No liability shall attach to any member, officer, or employees of the Academy specifically as a consequence of permitting access or furnishing student records in accordance with this policy and regulations.
Any entity receiving personally identifiable information pursuant to a study, audit, evaluation or enforcement/compliance activity must comply with all FERPA regulations. Further, such an entity must enter into a written contract with the Board of Directors delineating its responsibilities in safeguarding the disclosed information. Specifically, the entity must demonstrate the existence of a sound data security plan or data stewardship program, and must also provide assurances that the personally identifiable information will not be re-disclosed without prior authorization from the Board. Further, the entity conducting the study, audit, evaluation or enforcement/compliance activity is required to destroy the disclosed information once it is no longer needed or when the timeframe for the activity has ended, as specified in its written agreement with the Board of Directors. See Form 8330 F14 and Form 8330 F16 for additional contract requirements.

LETTERS OF REFERENCE

Reference: MCL 423.452, 380.1230(b)  
Section 8546 of the Every Student Succeeds Act (ESSA)

The Board recognizes any current or former employee's request to an administrator for a letter of reference is an opportunity to share information about the staff member's performance with a prospective employer. The Board, however, does not require such references to be provided. A current or former staff member should not expect a letter of reference will be written upon request. The decision to comply with such a request shall be solely at the discretion of the administrator and School Leader (employed by the Board).

However, if an administrator decides to prepare such a letter, the Board expects that administrator to provide specific and truthful comments concerning the employee's actual performance, which can be substantiated by the individual's personnel file. The letter must be reviewed by the Business Manager and School Leader (employed by the Board) before it may be released.

In accordance with State law, an administrator who provides such a letter of reference is entitled to at least a qualified privilege for statements made in the letter, provided such statements were made in good faith, without malice.

All Academy employees, including but not limited to an administrator who prepares a letter of reference or provides an employment reference pursuant to this policy, are prohibited from assisting an Academy employee, contractor or agent in obtaining a new job if s/he knows or has reasonable cause to believe that such Academy employee, contractor or agent engaged in sexual misconduct regarding a minor or student in violation of State or Federal law. "Assisting" does not include the routine transmission of administrative and personnel files. The only exceptions permitted are those authorized by the Every Student Succeeds Act, such as where the matter has been investigated by law enforcement and the matter was officially closed due to lack of probable cause or where the individual was acquitted or otherwise exonerated of the alleged misconduct.

This policy does not excuse the Academy from providing responses to requests for information about unprofessional conduct, as required by State law.

Revised 8/9/17
CONFIDENTIALITY

Neither the Board nor any of its employees shall divulge confidential information contained in the records and files of this Board, except to employees who may need such information in connection with their duties and to parties authorized in accordance with proper procedures.

When the Academy, in trust from public agency, receives information identified to be confidential or exempt from disclosure under the Freedom of Information Act, Common Law, Privilege Case Law, or Federal Law, the Board will maintain the confidentiality of said information to the maximum extent permitted by the law.

The Board shall not permit the release of the social security number of an employee, student, or other individual, except as authorized by law (see AG 8350). Access to documents containing social security numbers shall be restricted to those employees who have a need to know that information or a need to access those documents. When documents containing social security numbers are no longer needed, they shall be shredded by an employee who has authorized access to such records.

Freedom of Information Act requests shall only be responded to in accordance with the Academy's Policy.

If the School Leader (employed by the Board) is approached to provide information inappropriately, the School Leader (employed by the Board) shall refuse to release the requested information and shall refer the requestor to the Academy's legal counsel.

To prohibit the unauthorized disclosure of information identified as confidential by a sending public agency, the Board may seek to obtain court protection by denying requests for release of such information (absent subpoena or court order) or by pursuing motions to quash or protective orders to prohibit unauthorized disclosure.

When possible, the School Leader (employed by the Board) will attempt to notify the sending public agency about the request for release of such information prior to complying with the request.

The Board shall hold the School Leader (employed by the Board) accountable for any inappropriate release of information or for any uses of confidential information for personal reasons.

Any person who intentionally violate this policy are subject to discipline up to, and including, discharge.

The School Leader (employed by the Board) shall assure that employees receive a copy of, and have readily available access to, this policy and its Administrative Procedures.

BREACH OF CONFIDENTIAL INFORMATION

Reference: MCL 445.61 et. seq.

It is the policy of the Board of Directors that when unauthorized access or acquisition of data occurs, which would compromise the confidentiality or security of personal information maintained by the Academy, the Academy will take appropriate action to assess the risk and notify the affected individuals.

A “breach” means the unauthorized access and acquisition of data that compromises the security or confidentiality of personal information maintained by the Academy. Unauthorized access may be considered incidental access by an employee or other individual if the access meets all of the following:

A. The individual acted in good faith in accessing the data;
B. The access was related to the activities of the agency or person
C. The individual did not misuse any personal information or disclose any personal information to an unauthorized person.

Personal information for purposes of this policy means the person’s last name with either the first name or initial when linked to one of more of the following:

A. Social security number
B. Driver’s license
C. Demand deposit or other financial account numbers (including credit/debit card numbers, when combined with access code, security code or password which would allow access to the financial accounts)

Upon determining that a breach has occurred, the individual shall notify the School Leader (employed by the Board) in writing. The School Leader (employed by the Board) shall promptly determine and implement the steps necessary to correct the unauthorized access and notify those individuals whose personal information may have been compromised.

Individuals who intentionally violate this policy shall be reported to the appropriate law enforcement agency and may be subject to criminal penalties.

ANIMALS ON ACADEMY PROPERTY

Reference: 28 C.F.R. 35.104
Section 504 of the Rehabilitation Act of 1973, as amended (Section 504)
The Americans with Disabilities Act, as amended (ADA)
The Individuals with Disabilities Education Improvement Act (IDEIA)

Introduction

The Board of Directors recognizes that there are many occasions when animals are present on Academy property and many reasons for those animals' presence. Animals are commonly utilized by teachers during classroom presentations and are often housed in classrooms and other locations on campus. Additionally, employees, students, parents, vendors, and other members of the public may be accompanied at the Academy by a service or therapy animal in accordance with Federal and State law and this policy.

This policy applies to all animals on Academy property, including service animals.

Definitions

A. “Animal”: includes every vertebrate other than a human.

B. “Service animal”: pursuant to 28 C.F.R. Section 35.104, “means any dog that is individually trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual, or other mental disability. Other species of animals, whether wild or domestic, trained or untrained, are not service animals for the purposes of this definition. The work or tasks performed by a service animal must be directly related to the individual's disability. Examples of work or tasks include, but are not limited to, assisting individuals who are blind or have low vision with navigation and other tasks, alerting individuals who are deaf or hard of hearing to the presence of people or sounds, providing non-violent protection or rescue work, pulling a wheelchair, assisting an individual during a seizure, alerting individuals to the presence of allergens, retrieving items such as medicine or the telephone, providing physical support and assistance with balance and stability to individuals with mobility disabilities, and helping persons with psychiatric and neurological disabilities by preventing or interrupting impulsive or destructive behaviors. The crime deterrent effects of an animal's presence and the provision of emotional support, well-being, comfort, or companionship do not constitute work or tasks for the purposes of this definition.”

The Americans with Disabilities Act (ADA) also defines a miniature horse as an animal that can serve as a service animal, so long as the miniature horse has been individually trained to do work or perform tasks for the benefit of the individual with a disability. To better determine whether the Board must allow for the use of a miniature horse or make modifications to buildings, the Board should refer to Section 35.136 (c) through (i) of the ADA.
Vaccination, Licensing and/or Veterinary Requirements

Animals housed on or brought on to Academy property for any school purpose, such as to conduct random searches for illegal substances or to support classroom activities, or brought on to Academy property on a regular basis for any purpose, including service animals, must meet every veterinary requirement set forth in State law and County regulation/ordinance, including but not limited to rabies vaccination or other inoculations required to be properly licensed.

Non-Service Animals in the Academy and Elsewhere on Academy Property

Animals permitted in the Academy and elsewhere on Academy property shall be limited to those necessary to support specific curriculum-related projects and activities, those that provide assistance to a student or staff member due to a disability (e.g., seizure disorder), those that provide a reasonable accommodation to a student in accordance with a Section 504 Plan, or those that serve as service animals as required by Federal and State law.

Taking into consideration that some animals can cause or exacerbate allergic reactions, spread bacterial infections, or cause damage and create a hazard if they escape from confinement, the School Leader may permit animals to be present in classrooms to support curriculum-related projects and activities only under the following conditions:

A. the staff member seeking approval to have a non-service animal in his/her classroom shall:
   1. provide a current satisfactory health certificate or report of examination from a veterinarian for the animal;
   2. take precautions deemed necessary to protect the health and safety of students and other staff;
   3. ensure that the animal is treated humanely, keeping it in a healthy and appropriate housing (e.g., a cage or tank) that is properly cleaned and maintained; and,
   4. keep the surrounding areas in a clean and sanitary condition at all times;

B. other staff members and parents of students in areas potentially affected by animals have been notified in writing and adjustments have been made to accommodate verified health-related or other concerns.

Except where required by law, the presence of a non-service animal shall be disallowed if documented health concerns of a student or staff member cannot be accommodated.

Service Animals for Students

A service animal is permitted to accompany a student with a disability to whom the animal is assigned anywhere on the Academy campus where students are permitted to be.

A service animal is the personal property of the student and/or parents. The Board does not assume responsibility for training, daily care, or healthcare or supervision of service animals.
The Board does not assume responsibility for personal injury or property damage arising out of or relating to the presence or use of service animals on Academy property or at Academy-sponsored events.

A service animal that meets the definitions set forth in the ADA and this policy shall be under the control of the student with a disability, or a separate handler if the student is unable to control the animal. A service animal shall have a harness, leash, or other tether, unless either the student with a disability is unable because of a disability to use a harness, leash, or other tether, or the use of a harness, leash, or other tether would interfere with the service animal’s safe, effective performance of work or tasks, in which case the service animal must be otherwise under the student’s control (e.g., voice control, signals, or other effective means), or under the control of a handler other than the student.

If the student with a disability is unable to control the service animal and another person serves as the animal’s handler, that individual shall be treated as a volunteer and, as such, will be subject to Policy 4120.09.

Removing and/or Excluding a Student’s Service Animal

If a service animal demonstrates that it is not under the control of the student or its handler, the School Leader is responsible for documenting such behavior and for determining if and when the service animal is to be removed and/or excluded from the Academy.

Similarly, in instances when the service animal has demonstrated that it is not housebroken, the School Leader shall document such behavior and determine whether the service animal is to be removed and/or excluded from Academy property.

The School Leader shall be notified when a service animal is removed and/or excluded, and, immediately subsequent to such notification, document the reasons for the removal and/or exclusion.

The School Leader decision to remove and/or exclude a service animal from Academy property may be appealed in accordance with the complaint procedure set forth in Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity.

The procedures set forth in Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity do not interfere with the rights of a student and his/her parents or an eligible student to pursue a complaint with the United States Department of Education's Office for Civil Rights or the Department of Justice.

Service Animals for Employees

In accordance with Policy 1623, Policy 3123, and Policy 4123 - Section 504/ADA Prohibition Against Disability Discrimination in Employment, the Board provides qualified individuals with disabilities with reasonable accommodation(s). An employee with a disability may request authorization to use a service animal while on duty as such an accommodation. The request will be handled in accordance with the ADA mandated interactive process.

Service Animals for Parents, Vendors, Visitors, and Others

Individuals with disabilities who are accompanied by their service animals are permitted access to all areas of the Academy's facilities where members of the public, as participants in services,
programs or activities, as vendors, or as invitees, are permitted to go. Individuals who will access any area of the Academy’s facilities with their service animals should notify the School Leader that their service animal will accompany them during their visit.

An individual with a disability who attends an Academy event will be permitted to be accompanied by his/her service animal in accordance with Policy 9160 - Public Attendance at Academy Events.

ACADEMY SAFETY INFORMATION

The Board of Directors is committed to maintaining a safe academy environment. The Board believes crime and violence at the Academy are potential, multifaceted problems that need to be addressed by utilizing the best resources and coordinated efforts of Academy personnel, law enforcement agencies, and families. The Board further believes the Academy and local law enforcement officials must work together to provide for the safety and welfare of students while at the school, at an academy-sponsored activity or while en route to or from the academy or a school-sponsored activity. The Board also believes the first step in addressing academy crime and violence is to assess the extent and nature of the problem(s) or threat, and then plan and implement strategies that promote safety and minimize the likelihood of crime and violence at the Academy.

Federal law establishes a "Student Safety Zone" that extends 1,000 feet from the boundary of any academy property in relation to weapons, drugs and registered sex offenders. Individuals are prohibited from engaging in these activities at any time on academy property, within the Student Safety Zone, or at any academy-related event.

The Academy will work with local officials in arranging signage defining the 1,000 foot boundary.

The School Leader shall hold a meeting for the purpose of conferring regarding the School Safety Information Policy Agreement and making modifications deemed necessary and proper; discussing additional training that might be needed; and, discussing any other such related matters as may be deemed to be necessary by the participants. Participants in this meeting shall include the School Leader, members of the Board, the County Prosecutor or his/her designee, and representatives from the local law enforcement agencies. Others may also be invited to participate in the meeting.

The School Leader shall make a report to the Board about all such reviews and recommend the approval and adoption of any proposed revisions or additions.

Academy Contact Person

Furthermore, in accordance with state law, the Board hereby designates the School Leader as the Academy contact person who shall receive information from law enforcement officials, prosecutors and the court officials, including receipt of information provided from the Michigan State Police relating to the student safety act hotline ("OK2Say"). The current contact information for the School Leader shall be provided to the Michigan State Police in the manner and frequency required by law.

The Academy contact person shall notify the School Leader of the academy of attendance of a student about whom information is received from law enforcement officials, prosecutors, or court officials within twenty-four (24) hours of the receipt of that information. The School Leader shall, in turn, notify the building staff members who s/he determines have a need to know the information that has been received within twenty-four (24) hours of receipt of that information.

The School Leader shall notify the appropriate law enforcement officials when an eligible student commits any offense listed as a reportable incident in the School Safety Information...
Policy Agreement and shall report all information that is required to be reported to State or local law enforcement agencies and prosecutors. Reporting such information is subject to 20 USC 1232g, commonly referred to as the Family Educational Rights and Privacy Act of 1974.

If a student is involved in an incident that is reported to law enforcement officials pursuant to the Academy’s School Safety Information Policy Agreement, then, upon request by academy officials, the student’s parent or legal guardian shall execute any waivers or consents necessary to allow academy officials access to academy, court, or other pertinent records of the student concerning the incident and action taken as a result of the incident.

Required Reporting

The School Leader shall submit a report at least annually to the Superintendent of Public Instruction, in the form prescribed by the Superintendent of Public Instruction, stating the number of students expelled from the Academy during the preceding school year and the reason for the expulsion.

The School Leader shall post a report on the Academy website, at least annually, in the form prescribed by the Superintendent of Public Instruction, stating the incidents of crime occurring at the Academy. At least once annually, a copy of the most recent report of incidents of crime disaggregated by academy building, shall be made available to the parent or legal guardian of each student enrolled in the Academy. This report will minimally include crimes involving any of the following:

A. physical violence;
B. gang related acts;
C. illegal possession of a controlled substance, controlled substance analogue or other intoxicant;
D. trespassing;
E. property crimes, including, but not limited to, theft and vandalism, as well as an estimate of the cost to the Academy that results from the property crime.

The School Leader shall collect weekly and keep current the information required for the report on incidents of crime, and must provide that information, within seven (7) days, upon request.

Each Academy building shall collect and keep current on a weekly basis the information required from the report of incidents of crime, and must provide that information, within seven (7) days, upon request. Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader to request vehicle registration information for suspicious vehicles within 1,000 feet of school property through the Law Enforcement Information Network (LEIN).

Additionally, the Academy shall report all incidents of and attempted commissions of the crimes listed above to the Michigan State Police, in the form and manner prescribed by the Michigan State Police, within twenty-four (24) hours after the incident occurs.
Law Enforcement Information Network (LEIN)

The Board authorizes the School Leader to request vehicle registration information for suspicious vehicles within 1,000 feet of school property through the Law Enforcement Information Network (LEIN).

Threat Assessment

The primary purpose of a threat assessment is to minimize the risk of targeted violence at the academy. This policy is designed to be consistent with the process for identifying, assessing, and managing students who may pose a threat as set forth in the joint U.S. Secret Service and Department of Homeland Security publication, Enhancing School Safety Using a Threat Assessment Model: An Operational Guide for Preventing Targeted School Violence. The goal of the threat assessment process is to take appropriate preventive or corrective measures to maintain a safe school environment, protect and support potential victims, and provide assistance, as appropriate, to the student being assessed.

The threat assessment process is centered upon an analysis of the facts and evidence of behavior in a given situation. The appraisal of risk in a threat assessment focuses on actions, communications, and specific circumstances that might suggest that an individual intends to cause physical harm and is engaged in planning or preparing for that event.

The Board of Directors authorizes the School Leader to create building-level, trained threat assessment teams. Each Team shall be headed by the School Leader and include an academy counselor, academy psychologist, instructional personnel, and, where appropriate, the Academy Resource Officer. At the discretion of the School Leader, a threat assessment team may serve more than one (1) academy when logistics and staff assignments make it feasible.

The Team will meet when the School Leader learns a student has made a threat of violence or engages in concerning communications or behaviors that suggest the likelihood of a threatening situation.

The Team is empowered to gather information, evaluate facts, and make a determination as to whether a given student poses a threat of violence to a target. If an inquiry indicates that there is a risk of violence in a specific situation, the Team may collaborate with others to develop and implement a written plan to manage or reduce the threat posed by the student in that situation.

The Board authorizes the School Leader to create guidelines for the purpose of:

A. identifying team participants by position and role;
B. requiring team participants to undergo appropriate training;
C. defining the nature and extent of behavior or communication that would trigger a threat assessment and/or action pursuant to a threat assessment;
D. defining what types of information may be gathered during the assessment;
E. stating when and how parents/guardians of the student making the threat shall be notified and involved;
F. designating the individuals (by position) who would be responsible for gathering and investigating information;

G. identifying the steps and procedures to be followed from initiation to conclusion of the threat assessment inquiry or investigation.

Board employees, volunteers, and other academy community members, including students and parents, shall immediately report to the School Leader any expression of intent to harm another person or other statements or behaviors that suggest a student may intend to commit an act of violence.

Nothing in this policy overrides or replaces an individual’s responsibility to contact 911 in an emergency.

Regardless of threat assessment activities or protocols, disciplinary action and referral to law enforcement shall occur as required by State law and Board policy.

Threat assessment team members shall maintain student confidentiality at all times as required by Board Policy 8330 – Student Records, and State and Federal law.

**Persistently Dangerous Schools**

The Board recognizes that State and Federal law requires that the Academy report annually incidents which meet the statutory definition of violent criminal offenses that occur in the Academy, on academy grounds, on an academy conveyance, or at an academy-sponsored activity. It is further understood that the State Department of Education will then use this data to determine whether or not an academy is considered “persistently dangerous,” as defined by State policy.

Pursuant to the Board’s stated intent to provide a safe school environment, Academy administrators are expected to respond appropriately to any and all violations of the Student Code of Conduct, especially those of a serious, violent nature. In any year where the number of reportable incidents of violent criminal offenses in the Academy exceed the threshold number established in State policy, the School Leader shall convene a meeting of the building administrator, representative(s) of the local law enforcement agencies, and any other individuals deemed appropriate for the purpose of developing a plan of corrective action that can be implemented in an effort to reduce the number of these incidents in the subsequent year.

The School Leader shall make a report to the Board about this plan of corrective action and shall recommend approval and adoption of it.

I. a plan to train teachers on mental health and pupil and teacher safety
J. a plan to improve academy building security
K. an active violence protocol
L. continuity of operations after an incident
M. a vulnerability assessment

The Academy shall notify the Michigan Department of Education not later than thirty (30) days after it adopts its Plan and after each biennial review in the form and manner prescribed by the Department.

Adopted 6/12/19
ENVIRONMENTAL HEALTH AND SAFETY ISSUES

The Board of Directors recognizes its responsibility relative to student, staff, and visitor health and safety and to the need for the development of a comprehensive program designed to provide a healthy, safe, and secure environment on school property and at school-sponsored activities. To achieve this, the Board intends for the Academy to take advantage of the most current, proven technologies in the fields of health, safety, and environmental sciences.

Student, Employee, and Visitor Health and Safety

The School Leader (employed by the Board) shall develop and implement a positive, proactive environmental health and safety program that integrates responsibilities within the Academy and promotes and incorporates the following:

A. Procedures that describe a hazard identification and abatement program requiring the following: periodic inspection of school facilities; the implementation of immediate and programmed corrective actions, when deemed necessary by such inspections; and the development of a Academy-wide hazard reporting procedure that enables employee/parent/school community participation. This program should also provide procedures for identifying and responding to hazards created by outside entities, inspecting activities of contractors, and inspecting new facilities to determine if appropriate requirements for environmental health and safety have been met.

B. Procedures that promote environmental health and safety awareness among employees, students, parents and community. These procedures shall include, but not be limited to, the establishment of Academy safety committees and the establishment of a program of regular communication with students, employees, and parents about pertinent safety and health issues through available mediums in the Academy.

C. Procedures that address the safety and health of students during transportation to the school, in the school, on school property, and during participation in school-related activities. These procedures shall include, but not be limited to, promoting bus safety for students; assessing the safety of school traffic patterns; operating school clinics; administering medication and medical treatment; promoting laboratory and shop safety; promoting safety in sports and other outdoor activities; inspecting playground equipment and promoting safety on playgrounds; and assessing environmental exposure.

D. Procedures that relate to employees' health and safety issues, including, but not limited to, provision of work areas free from recognized hazards; OSHA-related programs required by Federal and State law (e.g., employee safety and health training and training in hazard recognition); and definition of employer and employee responsibilities and expectations related to health and safety.

E. Procedures that establish a system for reporting and investigating accidents, including identification of root causes, determination of remedial and
programmed corrective actions, and communication about accidents to employees, parents and members of the Academy community.

F. Procedures that detail plans for foreseeable emergencies and fire prevention.

**Phase-out/Banned Products**

The School Leader (employed by the Board) shall immediately ban the use, on Board property, of any chemicals, insecticides, or other materials, which the Federal government is phasing out and/or banning by a certain date.

**Indoor Environmental Quality (IEQ)**

The Board recognizes that excessive moisture levels within the Academy can lead to conditions optimum for the development of biological contaminants (e.g., mold and fungi on building surfaces). The Board further recognizes the presence of these contaminants can be harmful on contact with respiratory tissue.

Contributing factors to excessive moisture levels include the following:

A. roof leaks;

B. structural defects in the building;

C. improperly controlled humidity levels;

D. faulty HVAC systems.

As preventive measures, the Academy shall do the following:

A. address prevention of water intrusion as a priority IEQ issue and implement strategies toward its elimination;

B. maintain environmental conditions in occupied areas in compliance with applicable regulations and strive to conform to industry standards;

C. implement a preventative maintenance program for HVAC systems that includes, but is not be limited to, periodic filter replacement; inspection; cleaning and disinfecting processes; and procedures to eliminate the contribution to indoor air quality problems caused by this equipment;

D. implement a system to ensure materials used (and purchased for use) in the construction, furnishing and maintenance (including cleaning), do not contribute to health hazards for employees and students by degrading the quality of indoor air. In addition, activities that create indoor air quality health hazards shall not be permitted.

In addition, the School Leader (employed by the Board) shall develop Administrative Procedures for properly monitoring factors that contribute to excessive moisture and for developing mitigation plans when, and if, problems with IEQ are identified.
Diesel Exhaust and School Bus Idling

In accordance with the Environment Protection Agency’s initiative to reduce pollution caused by buses on school property, the Board will take the recommended steps to reduce the negative effects of diesel exhaust on indoor and outdoor air quality on school campuses, including, but not limited to, reducing bus idling time and reinforcing smart driving practices.

The School Leader (employed by the Board) shall develop the Administrative Procedures necessary to establish these practices in the Academy (see AG 8615).

Pollution Control and Prevention

In an effort to comply with environmental policy and applicable regulations, the Academy shall develop and implement procedures designed to prevent air and water pollution; minimize or eliminate waste streams, where possible; and identify possible sources of air and water pollution.

INTEGRATED PEST MANAGEMENT

Reference: MCL 324.8316

Purpose

The goal of this integrated pest management policy is to provide a safe and healthy learning environment that is relatively pest-free with the least possible use of pesticides. To achieve this goal, it is the policy of the Academy to develop, implement and maintain an integrated pest management program for the control of pests and minimize pesticide exposure to children, faculty, and staff. This policy is consistent with MCL 324.8316, which encourages schools to adopt an IPM strategy.

Sanitizers, germicides, disinfectants, or antimicrobials are exempt from the IPM notification requirements. This policy adheres to the principles of IPM and is conducted in accordance with all federal and state laws and regulations and local ordinances.

Pests are controlled to protect the health and safety of students and staff, maintain a productive learning environment and maintain the integrity of the school building and grounds. IPM is a pest management system that uses all suitable techniques in a total management system to prevent pests from reaching unacceptable levels or to reduce existing pest populations to acceptable levels while balancing the risk of the pest with the potential risk of the management technique.

Development of IPM program

The Academy’s IPM program written under this policy states the Academy’s goals regarding the management of pests and the use of pesticides. It reflects the Academy’s site-specific needs and includes the following elements as required by law:

A. Site evaluation, including site description, inspection, and monitoring and the concept of threshold levels;

B. Consideration of the relationship between pest biology and pest management methods;

C. Consideration of all available pest management methods, including population reduction techniques, such as mechanical, biological, and chemical techniques and pest prevention techniques, such as habitat modification;

D. Pest controls methods selection, including consideration of the impact on human health, especially for children, and the environment; and

E. Continued evaluation of the integrated pest management program.

The School Leader (employed by the Board), or designee for the Academy shall be responsible for ensuring that an IPM program is developed and is in compliance with MCL 324.8316.
Education /Training

The Academy community will be educated about potential pest problems and IPM methods used to achieve the pest management objectives.

The IPM Coordinator, school staff and pesticide applicators involved with implementation of the Academy IPM program will be trained in appropriate components of IPM as it pertains to the school environment.

Students, parents/guardians will be provided with information on this policy and instructed on how they can contribute to the success of the IPM program.

Record keeping

Records of pesticide use shall be maintained on-site to meet the requirements of the Michigan Department of Agriculture and the Board. Records shall also include, but are not limited to, pest surveillance data sheets and other non-pesticide pest management methods and practices utilized.

Notification/Posting

The School Leader or IPM Coordinator of the Academy is responsible for timely pre-notification to students’ parents or guardians and the school staff of pesticide treatments pursuant to the requirements under the Natural Resources and Environmental Protection Act, MCL 324.8316.

Re-entry

In accordance with the Natural Resources and Environmental Protection Act, Part 83, reentry to a pesticide treated area may not occur less than 4 hours after application unless the product label requires a longer reentry period. Outdoor ornamental and turf applications of liquid spray pesticides shall not be made on school grounds within 100 feet of an occupied classroom during normal school hours or when persons are using the treatment area.

Pesticide applicators

The IPM coordinator shall ensure that pesticide applicators, as well as school staff and volunteers follow state regulations, including licensing requirements, applicator certification or registration, and IPM training, label precautions, and comply with all components of the IPM Program.

Evaluation

Annually, the School Leader (employed by the Board) will report to the Academy Board on the effectiveness of the IPM plan and make recommendations for improvement as needed.

The School Leader (employed by the Board) is responsible to develop Administrative Procedures for the implementation of this policy.

Adopted 6/10/15
CRISIS INTERVENTION

The Board believes the school's personnel, students, and visitors are entitled to function in a safe environment. In this regard, the Board has adopted policies that relate to conduct in the Academy setting and address various crisis situations.

The School Leader (employed by the Board) shall develop Administrative Procedures for responding to a crisis situation, developing a prevention plan, and providing effective intervention for students who may show signs warning of potentially violent or other troubling behaviors.

Asbestos School Hazard Abatement Reauthorization Act of 1990

The Board of Directors is concerned for the safety of the students and staff members and will comply with all Federal and State statutes and regulations concerning hazards resulting from industrial accidents beyond the control of Academy officials and/or from the presence of asbestos materials used in previous construction.

Toxic Hazards

These hazards exist in chemicals, pesticides, and other substances used in school settings such as laboratories, science classrooms, and kitchens. Such toxins are also found in the cleaning supplies for the school's rooms and equipment. The School Leader (employed by the Board) will appoint an employee to serve as Toxic Hazard Preparedness (THP) Officer. The THP Officer will be responsible for the following:

A. Hazard Determination

Identifying potential sources of toxic hazards, in cooperation with material suppliers, who shall supply the Toxic Hazard Preparedness Officer with Material Safety Data Sheets (MSDSs). The School Leader will rely on MSDSs from material suppliers to meet hazard determination requirements.

B. Labeling

Ensuring that all incoming materials are properly labeled with the identity of the chemical, the hazard warning, and the name and address of the manufacturer or responsible party and making certain that any containers to which the materials are transferred are also properly labeled.

C. Material Safety Data Sheets

Maintaining a current file of MSDSs for all hazardous materials present on school property. The MSDS files will be kept at the Academy Main Office, with additional copies for employees' use will be located at Vocational Technology Center Maintenance Office.

MSDSs will be available for review by all employees. Copies will be available upon request of the Toxic Hazard Preparedness Officer. Posters will be displayed, identifying the person responsible for monitoring MSDSs and where MSDSs are located at in the break area. When new MSDSs are received, notification posters for employees will be displayed in the same location.

© National Charter Schools Institute
The Toxic Hazard Preparedness Office shall contact the supplier, in writing, if a required MSDS is not received and shall promptly procure the MSDS before releasing the material for use.

If s/he is unable to obtain an MSDS from a supplier, s/he should contact MIOSHA's Occupational Health Division (OHD) or General Industry Safety Division for assistance in obtaining the MSDS.

**Multi-Employer Work Sites – Informing Contractors**

Informing contractors and their employees of any hazardous substances to which they may be exposed; determining measures to be employed to control or eliminate exposure; labeling system for container and pipes used onsite; and informing staff where applicable MSDSs can be reviewed or obtained. Whenever employees may potentially be exposed to hazards brought on site by contractors, the THP Officer will obtain information from the contractor pertaining to the chemicals brought on-site, and the measures that should be taken to control or eliminate exposure the chemicals.

**Employee Information and Training**

Providing information and conducting a training program for all employees on topics such as detection of hazards, explanation of the health hazards to which they could be exposed in their work environment, and the plan for communication and labeling. Information given to employees shall include the following:

A. regulations of MIOSHA’s hazardous communication standard;

B. all operations in the employee’s work area in which hazardous chemicals are present;

C. location and availability of written hazardous communication policy and program, with the list of hazardous chemicals and the MSDSs in the Academy.

Employee training should include the following:

A. techniques used to detect the presence or release of hazardous chemicals in a work area;

B. physical and health hazards of hazardous chemicals;

C. measures the employees should take to protect themselves from these hazards;

D. details of the hazardous communication program including an explanation of the labeling system and MSDSs and how employees can obtain and use hazard information.

Employees shall be informed of the employer’s anti-discrimination/discharge policy for employees accessing hazard information and how the employee can contact the Michigan Department of Industry and Consumer Services, Bureau of Safety Regulation and Occupational Health for assistance in obtaining an MSDS if he/she is unable to obtain the MSDS from the employer.
Records of each employee’s hazardous communication training should be maintained, and all new employees should receive training regarding any hazardous chemicals with which they may potentially have contact as part of their job.

In fulfilling these responsibilities, the THP Officer may enlist the aid of county and municipal authorities and, if possible, the owners or operators of identified potential sources of toxic hazard.

**Asbestos**

In its efforts to comply with Asbestos Hazard Emergency Response Act (AHERA) and the Michigan Occupational Safety and Health Act (MIOSHA), the Board recognized its responsibility to:

A. inspect the building for the existence of asbestos or materials containing asbestos;
B. take appropriate actions, in accordance with State Law and EPA regulations, based on the inspections;
C. establish a program for dealing with friable asbestos, if found;
D. maintain a program of periodic surveillance and inspection of facilities or equipment containing asbestos;
E. comply with EPA regulations governing the transportation and disposal of asbestos and materials containing asbestos.

The School Leader (employed by the Board) shall appoint a person to develop and implement the Academy's Asbestos-Management Program to ensure proper compliance with Federal and State laws and appropriate instruction of staff and students. Upon completion the Academy's Asbestos Plan must be submitted to the Michigan Department of Consumer and Industry Services, Occupational Health Division, Lansing, Michigan 48909.

When conducting asbestos abatement projects, the School Leader (employed by the Board) shall also ensure each contractor employed by the school is licensed, pursuant to the Michigan Department of Health Regulations.

Nothing in this policy should be construed in any way as an assumption of liability by the Board for any death, injury, or illness that may be a consequence of an accident, an equipment failure, a negligent act, or a deliberate act beyond the control of the Board or its officers.

However, the Board may provide legal representation and indemnification against civil liability regarding claims or actions resulting from, or arising out of, negligence (or alleged negligence) of persons responsible for inspecting, monitoring, removing, treating asbestos or material containing asbestos or supervising these activities -- provided the employee was performing the duties while in the course of his/her employment or while acting within the scope of his/her authority. The Board reserves the right to deny representation and indemnification in those circumstances wherein the employee's actions demonstrate gross negligence or willful and wanton misconduct.

*Adopted 6/10/15*
REPORTING ACCIDENTS

The Board directs all reasonable efforts shall be made to ensure a safe learning and working environment for the students and employees. The Board requires that accidents be reported to the School Leader and evaluated. Any accident resulting in an injury, however slight, to a student, staff member or visitor to the Academy must be reported promptly, in writing, to the School Leader. Injured persons shall be referred immediately to the appropriate personnel for medical attention.

The staff member responsible for an injured student, the injured employee, or the injured visitor shall complete a form that includes the date, time, and place of the incident; names of persons involved; nature of the injury (to the extent known); and description of all relevant circumstances.

Any staff member who suffers a job-related injury must report the injury and its circumstances to the School Leader, following established procedures, as soon as possible following the occurrence of the injury.

Adopted 6/10/15
CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

The Board of Directors recognizes control of communicable diseases spread through casual contact is essential to the well-being of the community and the efficient operation of the Academy.

F. rubella;
G. and others diseases designated by the Michigan Department of Community Health.

To protect the health and safety of students, personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations pertaining to immunization and other means for controlling casual contact communicable diseases spread through normal interaction (casual contact) in the school setting.

If a student exhibits symptoms of a communicable disease, the School Leader will isolate the student in the building and contact the parents/guardians. Protocols established by the County Health Department shall be followed.

The School Leader (employed by the Board) shall develop Administrative Procedures for the control of casual-contact communicable diseases to provide for the following:

A. instruction of professional staff members about the detection of these common diseases and the measures to be taken for their prevention and control;
B. removal of students from school property and into the care of a responsible parent;
C. preparation of standards for the readmission of students who have recovered from casual-contact communicable diseases;
D. submission of reports, as required by statute State Department of Education and the State Department of Community Health.

The necessary treatment is contained in Form 8450A F1 which is to be sent to the parent along with the cover letter (Form A F2).

The other students in the infested student’s classroom and the student’s sibling(s) should be examined for evidence of either lice or lice eggs (nits). The examinations should be done by one or more of the following:

A. each student’s parents;

B. the School Leader.

AUTOMATIC EXTERNAL DEFIBRILLATORS (AED)

Reference: 2014 PA 12 (MCLA § 29.19)

The Board and the School Leader (employed by the Board) has determined that safety may be enhanced at the Academy by having an automatic external defibrillator (AED) placed in building(s) within the Academy.

An AED is a medical device containing a heart monitor and defibrillator, used to administer an electric shock through a person's chest wall to the heart. The built-in computer system of the AED assesses the patient's heart rhythm, determines whether defibrillation is needed, and then administers a shock, if necessary. Audible and/or visual prompts guide the user through the process of using the AED.

The Board directs the School Leader (employed by the Board) to develop, adopt and implement a cardiac emergency response plan that addresses all of the following:

A. The use and regular maintenance of AED's, if available;

B. The activation of a cardiac emergency response team during an identified cardiac emergency;

C. A plan for effective and efficient communication throughout the Academy campus;

D. The incorporation and integration of the local emergency response system and emergency response agencies with the Academy’s plan;

E. An annual review and evaluation of the cardiac emergency plan;

F. If the Academy includes grades 9-12, a training plan for the use of an AED in cardiopulmonary resuscitation (CPR) techniques.

Adopted 6/10/15
DIRECT-CONTACT COMMUNICABLE DISEASES

Reference: MCL 380.1169

The Board directs the School Leader (employed by the Board) to provide a safe, healthy environment for students and staff. This can best be accomplished when all persons within the Academy community understand the method of transmission and prevention of diseases not contracted through air-borne pathogens, but rather through direct contact with body fluids and excretions, especially blood, vomit, feces, or urine. The Board also assures the confidential status of individuals who may be diagnosed with a blood-borne communicable disease.

For purposes of this policy, these *direct-contact communicable diseases* shall include the following: HIV (human immunodeficiency virus); AIDS (acquired immune deficiency syndrome); AIDS-related complex (condition); HAV, HBV, HCV (Hepatitis A, B, C); and other diseases specified by the Michigan Department of Community Health as contact communicable diseases.

The School Leader (employed by the Board) recognizes the fact that individuals who have contracted these diseases may not exhibit symptoms for many years after exposure and may, in fact, not be aware they have the disease. However, these individuals are able to transmit the disease to other individuals.

With this in mind, the Board directs the ESP to develop educational programs for students and staff about the manner in which these diseases may be prevented and the manner in which they are transmitted. These programs should specify risk factors involved and ways to deal with those risks and should emphasize that these diseases are preventable if basic precautions are taken.

The Board directs the School Leader (employed by the Board) to assure that any students or staff members who reveal the fact that they have contracted one of these diseases will have their status safeguarded in accordance with Federal and State statutes dealing with confidentiality, and that their civil rights will be respected. Staff members will have access to leave policies in accordance with Administrative Procedures and opportunities for reasonable accommodation, as described by the Americans with Disabilities Act. Should a student be unable to attend school as a result of illness, an alternative education program shall be provided, in accordance with the Board's policy and Administrative Procedures dealing with Homebound Instruction.

Additionally, the Board directs the School Leader (employed by the Board) to develop an educational program in accordance with Michigan law to ensure proper instruction by guidance counselors, nurses (need not be included if the nurse is licensed), teachers, and/or other school personnel who teach students about HIV and AIDS. Such an educational program shall include information about the following:

A. the nature of the disease;

B. its causes and effects;
C. the means of detecting its presence and preventing its transmission;

D. the availability of appropriate sources of counseling and referral; and

E. any other appropriate information, considering the age and grade levels of students.

The School Leader (employed by the Board) shall develop Administrative Procedures that establish procedures to fulfill the intent of this policy.

CONTROL OF BLOOD-BORNE PATHOGENS

Reference: 29 CRF 1910.1030

The Board directs the School Leader (employed by the Board) to protect staff members who may be exposed to blood-borne pathogens and other potentially infectious materials in their performance of assigned duties.

The School Leader (employed by the Board) shall implement Administrative Procedures that will do the following:

A. identify those categories of employees whose duties create a reasonable anticipation of exposure to blood and other infectious materials;

B. provide for inoculation of the Hepatitis B vaccine at no cost to the staff member and in accordance with Federally-mandated scheduling;

C. ensure proper training in the universal precautions against exposure and/or contamination including the provision of appropriate protective supplies and equipment;

D. establish appropriate procedures for reporting, evaluating, and following-up any and all incidents of exposure;

E. provide for record-keeping of all of the above that complies with both Federal and State laws;

F. develop an exposure control plan.

STUDENT ABUSE AND NEGLECT

Reference: MCL 380.1505, 722.621 et. seq.

The Board is concerned with the physical and mental well-being of the students in the Academy and will cooperate in identifying and reporting cases of child abuse or neglect, in accordance with law.

Any staff and all other persons employed by the Board who are mandatory reporters under the law with reasonable cause to suspect child abuse or neglect shall be responsible for immediately reporting every case, whether ascertained or suspected, of abuse or neglect resulting in physical or mental injury to a student by other than accidental means.

The staff member or other mandatory reporter shall immediately notify the local office of the Central Registry of the Michigan Department of Health and Human Services (MDHHS) Family Independence Agency, by telephone, or, if available, through the online reporting system, of the suspected child abuse or child neglect. If an oral report is made by telephone, the reporting person shall file a written report within seventy-two (72) hours of making the oral report as required by the Child Protection Law.

The identity of the reporting person shall be confidential, subject to disclosure only by consent or court order. A reporting employee shall not be dismissed or otherwise penalized for making a report of child abuse or neglect.

Information concerning alleged child abuse is confidential. Any unauthorized disclosure by an official or employee of the Academy is a violation of law and subjects the disseminator to civil liability for any resulting damages.

The School Leader should be mindful of the possibility of physical or mental abuse inflicted on a student by a staff member. Any such instances, whether real or alleged, should be handled in accordance with the Administrative Procedures established by the School Leader.

The Board authorizes the School Leader to develop a protocol that addresses the prevention of sexual abuse of children. The protocol shall include at least the:

A. training for academy personnel on child sexual abuse, including, but not limited to, training on supportive, appropriate response to disclosure of abuse;

B. a review of the system that is in place in the Academy to education and support personnel who are required to report child abuse or neglect under Section 3 of the Child Protection Law, 1975 PA 238, M.C.L. 722.6223, and the process in place for making those mandatory reports.

This review should include an analysis of the level of compliance with the mandatory reporting requirements and suggestions to improve compliance.

The Board of Directors may provide food service for the purchase and consumption of lunch for all students.

The Board may also provide a breakfast program in accordance with procedures established by the State Department of Education.

The Board’s Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity shall apply to any food service program offered by the Academy.

Any food-service program shall comply with Federal and State regulations pertaining to the selection, preparation, delivery, consumption, and disposal of food and beverages, including but not limited to the current USDA school meal pattern requirements and the USDA Smart Snacks in School nutrition standards, and to the fiscal management of the program. Operation of such a program shall be as follows:

Substitutions

If determined appropriate by a student’s Section 504 team, substitutions to the standard meal requirements shall be made, at no additional charge, for students for whom a healthcare provider who has prescriptive authority in the State of Michigan has provided medical certification that the student has a disability which restricts his/her diet, in accordance with all applicable law.

If determined appropriate by a team of qualified individuals, substitutions to the standard meal requirements may be made, at no additional charge, for a student who is not a “disabled person” but has a signed statement from a qualified medical authority that the student cannot consume certain food items due to medical or other special dietary needs.

For non-disabled students who need a nutritional equivalent milk substitute, only a signed request by a parent or guardian is required.

The operation and supervision of the food-service program shall be the responsibility of the School Leader. Food services shall be operated on a self-supporting, nonprofit basis with revenue from students, staff, Federal reimbursement, and surplus food. The Board shall assist the program by furnishing available space, initial major equipment, and utensils. Maintenance and replacement of equipment is the responsibility of the program. In addition, as required by law, a food safety program based on the principles of the Hazard Analysis and Critical Control Point (HACCP) system shall be implemented with the intent of preventing food-borne illnesses. For added safety and security, access to the facility and the food stored and prepared therein shall be limited to food service staff and other authorized persons.
A periodic review of the food-service accounts shall be made by the School Leader and such accounts shall be audited as part of the Academy’s annual audit.

Bad debt incurred through the inability to collect lunch payment from students is not an allowable cost chargeable to any Federal program. Any related collection cost, including legal cost, arising from such bad debt after they have been determined to be uncollectable are also unallowable.

The School Leader is authorized to develop and implement an administrative guideline regarding meal charge procedures. This guideline will provide consistent directions for students who are eligible for reduced price or paid meals but do not have funds in their account or in hand to cover the cost of their meal at the time of service and shall also address feeding students with unpaid meal balances without stigmatizing them.

This guideline shall be provided in writing to all households at the start of each school year and to households transferring to the Academy during the school year.

With regard to the operation of the Academy food service program, the School Leader shall ensure:

A. the maintenance of sanitary, neat premises, free from fire and health hazards;
B. the preparation of food that complies with Federal food safety regulations;
C. the purchase of foods and supplies, in accordance with State and Federal law, USDA regulations, and Board policy;
D. complying with food holds and recalls in accordance with USDA regulations;
E. the management (accounting and disposition) of food-service funds pursuant to Federal and State law and USDA regulations;
F. the safety and safekeeping and storage of food and food equipment pursuant to State and Federal law and USDA regulations;
G. the planning and execution of menus in compliance with USDA requirements;
H. the regular maintenance and replacement of equipment.

The Academy shall serve only nutritious food as determined by the Food Service Program in compliance with the current USDA Nutrition Standards for the National School Lunch and School Breakfast Programs and the USDA Smart Snacks in School nutrition guidelines. Foods and beverages unassociated with the food-service program must comply with the current USDA Nutrition Standards for the National School Lunch and School Breakfast Programs and the USDA Smart Snacks in School nutrition guidelines, and may be vended, subject to Board Policy 8540.

            42 USC 1751 et seq.
            42 USC 1771 et seq.

The Board recognizes the importance of good nutrition to each student's educational performance. The Board may provide eligible students with breakfast and lunch at a reduced rate or at no charge to the student. A student's eligibility for free or reduced-price meals shall be determined by the criteria established by the Child Nutrition Program. These criteria are issued annually by the Federal government through the MDE.

The Board designates the School Leader (employed by the Board) to determine in accordance with Board standards, the eligibility of students for free and/or reduced-price meals. The Academy shall annually notify all families of the availability, eligibility requirements, and/or application procedure for free and reduced-price meals by distributing an application to the family of each student enrolled in the Academy and [shall/may] seek out and apply for such Federal, State, and local funds as may be applied to the Academy's program of free and reduced-price meals.

TRANSPORTATION FOR FIELD AND OTHER ACADEMY-SPONSORED TRIPS

It shall be the policy of the Board of Directors to use regular or special-purpose Academy vehicles for transportation on field and other Academy-sponsored trips.

The transportation for all field and other Academy-sponsored trips is to be by vehicles owned or approved by the Academy and driven by approved drivers. Exceptions must have the approval of the School Leader.

The Academy shall assume transportation costs for all field trips.

For all other trips including co-curricular, athletic, and other extra-curricular trips, the Academy will assume the transportation costs.

Transportation may be limited by the availability of vehicles, drivers, and scheduling and will not be available when needed for general academy purposes.

All field trips shall be supervised by members of the staff. All other Academy-sponsored trips shall be supervised by either staff members or adults from the sponsoring organization. Any time students are on the vehicle, at least one (1) sponsor, chaperone, or staff member is expected to ride in the vehicle as well as to supervise students upon return to the Academy and while they are waiting for rides home.

All students are expected to ride the approved vehicle to and from each activity. A special request must be made to the staff member or sponsor by the parent, in writing or in person, to allow an exception.

Academy students not affiliated with the trip activity, non-academy students, and/or children of preschool age shall not be permitted to ride on the trip vehicle.

No student is allowed to drive on any trip. An exception may be made by the School Leader on an individual basis provided the student has written parental permission.

The School Leader shall prepare administrative guidelines to ensure that all transportation is in compliance with Board policy on use of Academy vehicles and/or use of private vehicles.

Adopted 6/12/19
TRANSPORTATION BY PRIVATE VEHICLE

Any such transportation must be approved in advance and in writing by the School Leader, in accordance with the School Leader’s (employed by the Board) Administrative Procedures.

On request, the parent of the participating student will be given the name of the driver and the description of the vehicle.

No person shall be approved for the transportation of students in a private vehicle who is not

A. an employee of this Board;

Any private vehicle used for the transportation of students must be owned by the approved driver or the spouse of the approved driver and must conform to registration requirements of the State.

The responsibility of professional staff members for the discipline and control of students will extend to their transportation of students in a private vehicle. Drivers who are not staff members are requested to report student misconduct to the School Leader.

Expenses incurred by drivers of private vehicles in the course of transporting students will be reimbursed by the Board at the approved mileage rate and upon presentation of evidence of costs for tolls and parking fees.

BONDING

The Board recognizes that prudent trusteeship of the resources of the Academy dictates that Board employees be bonded, if they are responsible for the safekeeping of Academy monies.

The Academy shall be indemnified against loss of money by bonding Board employees who hold the responsible positions. The amounts of the bonds shall be determined by the Board, in accordance with State law.

All other Board employees handling money shall be covered under a blanket bond for an amount determined by the Board.

The Board shall bear the cost of bonding each employee required to be bonded by this policy.

STUDENT ACCIDENT INSURANCE

Reference: MCL 1522

The Board recognizes the need for insurance coverage for injuries to students caused by accidents that occur while students are in the educational, athletic, and co-curricular programs of the Academy. Therefore, at the beginning of each school year, the Board shall offer parents the opportunity to participate in group accident insurance for students, at the expense of the parents.

A signed statement of insurance coverage on the part of the student’s parent/guardian shall be a prerequisite for student registration in any school activity having a potential for personal injury.

The School Leader (employed by the Board) may recommend suitable and qualified insurance carriers and notify all parents of their availability.

RELIGIOUS AND PATRIOTIC CEREMONIES AND OBSERVANCES

Reference: 20 USC 4071 et. seq.,
Gregoire vs. Centennial School 907 F2d 1366, (3rd Circuit, 1990)
Lee vs. Weisman, 112 S. Ct 2649, 120 L. Ed. 2d 467 (1992)
M.C.L. 380.1347, 380.1347a, 380.1565

Decisions of the United States Supreme Court have determined that public schools must neither advance nor inhibit religious beliefs or practices. Under the First and Fourteenth Amendments to the Constitution, this remains the inviolate province of the individual and the church of his/her choice. The rights of any minority, no matter how small, must be protected. No matter how well intended, either official or unofficial sponsorship of religiously oriented activities by the Academy are offensive to some and tend to supplant activities that should be the exclusive province of individual religious groups, churches, private organizations, and/or the family.

Staff members shall not use prayer, religious readings, or religious symbols as a devotional exercise or in an act of worship or celebration. The Academy shall not function as a disseminating agent for any person or outside agency for any religious or anti-religious document, book, or article. Distribution of such materials on school property by any party shall be prohibited in accordance with Policy and Administrative Procedures 7510 - Use of School Facilities and 9700 - Relations with Special Interest Groups.

The Board acknowledges that it is prohibited from adopting any policy or rule respecting or promoting the establishment of religion or prohibiting any person from the free, individual, and voluntary exercise or expression of the individual's/person's religious beliefs. However, such exercise or expression may be limited to lunch periods or other non-instructional time periods when individuals are free to associate.

Observance of religious holidays through devotional exercises or acts of worship is also prohibited. However, acknowledgement, explanation, and instruction about the special holidays of various religions are encouraged. Celebration activities, involving nonreligious decorations and use of secular works, are permitted. Nonetheless, faculty members have the responsibility to ensure that such activities are strictly voluntary, do not place an atmosphere of social compulsion or ostracism on minority groups or individuals, and do not interfere with the educational program of the Academy.

The Board shall not conduct or sanction a baccalaureate service in conjunction with graduation ceremonies.

The Board shall not include religious invocations, benedictions, or formal prayer at any school-sponsored event.

The United States Flag and Pledge of Allegiance

The flag of the United States shall be raised above each public school building operated by the Academy at all times during school hours, weather permitting. This flag shall measure at least 4 feet 2 inches by 8 feet. A United States flag shall also be displayed in every classroom or other instructional site in which students recite the Pledge of Allegiance.
All students in attendance at school will be provided an opportunity to recite the Pledge each day that school is in session. However, no student shall be compelled to recite the Pledge of Allegiance. No student shall be penalized for failure to participate in the Pledge and the professional staff shall protect any such students from bullying as a result of their not participating in the Pledge.

The building-level school leader or administrator shall be responsible for determining the appropriate time and manner for reciting the Pledge, with due regard to the need to protect the rights and the privacy of a nonparticipating student.

Adopted 6/10/15
ANTI-FRAUD

This policy is implemented to advise Academy personnel about activities which may be fraudulent, illegal or otherwise unethical. The Board will not tolerate such activities and disciplinary measures will be implemented as appropriate.

Scope

This policy applies to any fraud, or suspected fraud, involving Academy personnel as well as consultants, vendors, contractors, outside agencies doing business with employees of such agencies, and any other parties with a business relationship with the Academy.

Policy

Fraud and fraudulent activity is strictly prohibited.

Academy personnel shall be responsible for reporting any observed or suspected fraud or fraudulent activity to the School Leader or Board President.

All administrators shall be vigilant for any conduct that may appear to constitute fraud within the areas of their responsibility.

All reporting and investigation shall be done in accordance with the Academy’s guidelines on this subject.

Fraud – Definitions

Fraud is defined as the intentional, false representation or concealment of a material fact for the purpose of inducing another to act upon his/her injury.

The following are examples of prohibited acts:

A. Falsification of any record with the intent to conceal information to the Academy’s detriment or the individual’s advantage, particularly financial records;

B. Forgery of a check, bank draft, wire transfer or any other financial document;

C. Unauthorized alteration of a financial document or account belonging to the Academy;

D. Misappropriation of funds, supplies or other assets of the Academy;

E. Impropriety in the handling or reporting of money or financial transactions;

F. Disclosing confidential and proprietary information to outside parties for personal gain (either directly or indirectly);

G. Asking for or accepting anything of material value from contractors, vendors or persons providing services or materials to the Academy, except as provided in gift policies;
H. Unauthorized destruction, removal, or use of records, furniture, fixtures and/or equipment for personal gain (either directly or indirectly);

I. Misuse of State or Federal funds for other than their designated purposes.

This list is meant to illustrate the types of activities that are prohibited. It is not comprehensive. Other misconduct of a similar nature is similarly prohibited.

Confidentiality

The Academy will maintain confidentiality with regard to the reports of suspected misconduct and the investigation, to the extent consistent with the conduct of an appropriate investigation and its obligations under the Freedom of Information Act. However, absolute confidentiality for reporting witnesses and investigation results cannot be guaranteed.

Except as authorized by the School Leader or his/her designee, the reporting witness and others interviewed are not to discuss the allegations or investigation with other Academy personnel or officials, vendors or contractors. Such discussions may interfere with the investigation. Further, because of the nature of the alleged misconduct, unsubstantiated allegations which are not privileged could harm an innocent individual’s reputation and result in potential civil liability.

Non-Retaliation

Those who, in good faith, report suspected fraudulent activity will not be subject to any retaliation as a result of bringing the suspected misconduct forward.

TELEPHONE COMMUNICATIONS

The Board of Directors is vitally interested in maintaining effective communication with parents, members of the community, vendors, and others who have dealings with the School. The Board realizes that, although advances in technology provide the possibility of enhancing communications, some innovations can also inhibit effective contact between the public and School personnel.

The Board directs incoming calls during regular school hours to be answered by a School staff member or volunteer, not by a computer-generated voice to ensure that each caller's concern is handled in an expeditious, personal manner.

Under certain rare circumstances, if it is not possible for a staff member or volunteer to be available to answer a telephone call to a main office number, a computer message may be substituted, provided the message tells the caller how to contact a School staff member who will personally respond to the caller's need.

Telephone calls to extension numbers within the School may be answered by voice mail provided the caller is offered the alternative of dialing “0” and talking to a staff member or volunteer.

Under no circumstances is the telephone system to operate in such a way that a caller is unable to talk directly to someone who can assist the caller. In cases of emergency, lack of effective telephone contact could be critical.

Adopted 6/10/15
ACADEMY INFORMATION PROGRAM

The Board directs the School Leader (employed by the Board) to employ reasonable means to keep parents and other interested parties informed on matters of importance regarding Academy policies, finances, programs, personnel, and operations. The School Leader (employed by the Board) shall develop Administrative Procedures for this purpose.

Adopted 6/10/15
PUBLIC COMPLAINTS

Reference: 20 USC 1232 (h)

Any person or group having a legitimate interest in the operations of the Academy shall have the right to present a request, suggestion, or complaint concerning staff, the curriculum, or operations of the Academy. At the same time, the Board has a duty to protect staff from unnecessary harassment. The purpose of this policy is to provide the means for judging each public complaint in a fair, impartial manner and to seek a remedy, when appropriate.

The Board desires to rectify any misunderstandings between the public and the Academy by direct, informal discussions among the interested parties. More formal procedures shall be employed only when such informal meetings fail to resolve the differences.

Any requests, suggestions, or complaints reaching the Board, Board members, and/or the administration shall be referred to the School Leader (employed by the Board) for consideration, according to the procedures detailed below.

Matters Regarding a Staff Member

First Step

The complainant must first address the matter to the staff member, who shall discuss it promptly with the complainant and shall make every effort to provide a reasoned explanation or take appropriate action within his/her authority and Administrative Procedures.

This level does not apply if the matter involves suspected child abuse, substance abuse, or any other serious allegation which may require investigation or inquiry by Academy officials.

As appropriate, the staff member shall report the complaint to the School Leader and explain whatever action may have been taken.

Second Step

If the complaint cannot be satisfactorily resolved, the complainant shall discuss it with the staff member's supervisor and/or School Leader.

Third Step

If a satisfactory solution is not achieved by discussion with the School Leader, the complainant may submit a written request for a conference to the School Leader (employed by the Board). This request should include the following:

A. the specific nature of the complaint and a brief statement of the factors giving rise to it;

B. the manner in which the complainant (or child of the complainant) alleges he/she has been affected adversely;

C. the reason(s) the matter could not be resolved in discussions with the School Leader;
D. the relief sought by the complainant and the reasons such relief is needed.

Should the matter be resolved in conference with the School Leader (employed by the Board), the Board shall be advised of the matter and its resolution.

*Fourth Step*

If the matter is still unresolved or still requires a Board decision or action, the complainant shall request, in writing, a hearing by the Board.

After reviewing all material relating to the case, the Board may provide the complainant with its written decision.

The complainant shall be advised, in writing, of the Board’s decision no more than five (5) business days following the Board’s decision or action. The Board’s decision will be final on the matter, and the Board will not provide a meeting to other complainants on the same issue.

If the complainant contacts an individual Board member to discuss the matter, the Board member shall inform the complainant that he/she has no authority to act in his/her individual capacity and that the complainant must follow the procedure described in this policy.

*Matters Regarding the School Leader*

*First Step*

The complainant must first address the matter to the School Leader, who shall discuss it promptly with the complainant and shall make every effort to provide a reasoned explanation or take appropriate action within her/his authority and the Academy’s Administrative Procedures.

*Second Step*

If the complaint regarding the School Leader cannot be resolved through discussion, the complainant may submit a written request to the Board for a conference. This request should include the following:

A. the specific nature of the complaint and a brief statement of the facts giving rise to it;

B. the manner in which the complainant (or child of the complainant) alleges he/she has been affected adversely;

C. the reason(s) the matter was not able to be resolved with the School Leader;

D. the relief sought by the complainant and the reasons such relief is needed.

The complainant shall be advised, in writing, of the Board’s decision within ten (10) business days.
Matters Regarding the Educational Service Provider

Should the matter be a concern regarding the Educational Service Provider or the Education Service Provider’s decision regarding a complaint with the School Leader which cannot be resolved through discussion with the Educational Service Provider, the complainant may submit a written request for a conference to the Board. This request should include:

A. the specific nature of the complaint and a brief statement of the facts giving rise to it;

B. the respect in which it is alleged that the complainant (or child of the complainant) has been affected adversely;

ACADEMY VISITORS

The Board welcomes and encourages visits to school by parents, other adult residents of the community and interested educators. But in order for the educational program to continue undisturbed when visitors are present and to prevent the intrusion of disruptive persons into the school, it is necessary to establish visitor procedures.

The School Leader (employed by the Board) has the authority to prohibit the entry of any person to the school or to expel any person when there is reason to believe the presence of such person would be detrimental to the good order of the Academy. If such an individual refuses to leave the school grounds or creates a disturbance, the School Leader is authorized to request from the local law enforcement agency whatever assistance is required to remove the individual.

Parents/Guardians, who are registered sex offenders and wish to participate in their child's school activities, may be allowed on campus at the discretion and under the direction of the School Leader. Nonstaff access to students and classes must be limited and only in accordance with a schedule which has been determined by the School Leader after consultation with the teacher whose classroom is being visited. Classroom visitations must be nonobtrusive to the educative process and learning environment and should not occur on an excessive basis.

Parent concerns about any aspect of his/her child's educational program should be presented through the procedure set forth in Board Policy 9130 - Public Complaints, a copy of which is available at the office.

PARTNERSHIPS WITH BUSINESS

The Board is well aware of the role that education plays in increasing the nation's productivity and future well-being. To ensure success requires the combination of talent and resources within the region between business and education. The Board may establish partnerships between the Academy and individual companies.
